Definition of Funds from Operations

Funds from Operations (“FFO”) and Core Funds from Operations (“Core FFO”) are non-GAAP measures that are commonly used in the real estate industry. The most directly comparable GAAP measure to FFO is net earnings. Furthermore, individual companies, including Prologis, may make modifications in their calculations of FFO and Core FFO, in order to provide financial measures that meaningfully reflect their business. Please refer to page 32 of our Second Quarter 2012 Earnings Release and Supplemental Information package for a full definition and to page 8 for a reconciliation of net loss to Core FFO for the second quarter 2012.
