PROSPECTUS SUMMARY

The following summary is qualified in its entirety by the more detailed information and financial data, including the financial statements and notes thereto, set forth elsewhere in this Prospectus. Unless the context otherwise requires, the "Company" shall include AMB Property Corporation and its subsidiaries, including the Operating Partnership and its subsidiaries, and with respect to the period prior to the Company's initial public offering, the AMB Predecessors (as defined). When used with respect to its Guarantee of the obligations of the Operating Partnership under the Notes, the "Company" shall refer only to AMB Property Corporation. Capitalized terms shall have the meanings set forth herein and in the Glossary beginning on page 119.

THE COMPANY AND THE OPERATING PARTNERSHIP

AMB Property, L.P. was organized in November 1997 and commenced operations in connection with the completion of the initial public offering of AMB Property Corporation, its sole general partner, on November 26, 1997 (the "IPO"), and the consummation of certain transactions by the Company, the Operating Partnership and AMB Investment Management (as defined) and their respective predecessors to enable the Company to continue and grow the real estate operations of the AMB Predecessors (as defined), to facilitate the IPO and to preserve certain tax advantages for the existing owners of the Properties (as defined) (the "Formation Transactions"). AMB Property Corporation is one of the largest publicly-traded real estate companies in the United States. As of May 31, 1998, the Company owned 159 Properties (the "Properties"), comprised of 122 industrial properties (the "Industrial Properties") and 37 retail properties (the "Retail Properties") located in 28 markets throughout the United States (including four Industrial Properties acquired since March 31, 1998). The Industrial Properties, principally warehouse distribution properties, encompass approximately 45.3 million rentable square feet and, as of March 31, 1998, were 94.6% leased to over 1,000 tenants. The Retail Properties, principally grocer-anchored community shopping centers, encompass approximately 6.8 million rentable square feet and, as of the same date, were 94.6% leased to over 900 tenants. See "Business and Properties."

The Operating Partnership conducts substantially all of the Company's activities and owns substantially all of the economic interests in the Properties. As of March 31, 1998, the Company owned an approximate 95.9% general partner interest in the Operating Partnership, with the remaining 4.1% limited partner interest owned by nonaffiliated investors. As the sole general partner of the Operating Partnership, the Company has control over the management of the Operating Partnership and over each of the 116 Properties (comprising approximately 36.9 million rentable square feet) owned directly by the Operating Partnership. The Operating Partnership owns 99% of the economic interests in the remaining 43 Properties (comprising approximately 15.2 million rentable square feet) through its subsidiaries, AMB Property II, L.P. and Long Gate LLC, and the Company (through a wholly owned subsidiary) owns the remaining 1% interest.

The Company is engaged in the business of acquiring and operating industrial properties and community shopping centers in target markets nationwide. The Company is led by Mr. Hamid R. Moghadam, its Chief Executive Officer and one of the three founders of the Company. Messrs. Douglas D. Abbey and T. Robert Burke, the other two founders, also play active roles in the Company's operations as the Chairman of its Investment Committee and the Chairman of its Board of Directors, respectively. The Company's 10 executive officers have an average of 22 years of experience in the real estate industry

and have worked together for an average of eight years building the AMB real estate business. As of May 31, 1998, the Company employed 123 individuals, 99 of whom were located in its San Francisco headquarters and 24 in its Boston office.

The following tables set forth certain summary information with respect to the Properties owned as of March 31, 1998 (the four Industrial Properties acquired since March 31, 1998 are not reflected below).

Acquisitions. From April 1, 1998 to May 31, 1998, the Company acquired four Industrial Properties, comprising 12 buildings and 1.3 million rentable square feet, for an aggregate purchase price of \$56.7 million.

Quarterly Distributions. On March 6, 1998, the Board of Directors of the Company, in its capacity as general partner of the Operating Partnership, declared a distribution of \$0.3425 per partnership unit, payable April 3, 1998 to partners of record as of March 18, 1998. In addition, the Board of Directors declared a distribution of \$0.3425 per share of the Company's common stock, par value \$.01 per share (the "Common Stock"), payable April 3, 1998 to stockholders of record as of March 18, 1998.

Investment-Grade Credit Ratings. The Operating Partnership recently received credit ratings on its senior unsecured debt of Baa1 from Moody's Investors Service, BBB from Standard & Poor's Corporation and BBB+ from Duff & Phelps Credit Rating Co. As a result of receiving these investment-grade credit ratings, the interest rate on the Operating Partnership's \$500 million unsecured revolving credit facility (the "Credit Facility") was reduced by 20 basis points to LIBOR plus 90 basis points.

Alliance with Trammell Crow Company. The Company has formed a strategic alliance with Trammell Crow Company to develop and manage industrial properties in targeted distribution markets nationwide. The alliance will focus on multi-tenant freight forwarding facilities adjacent to major airports and industrial submarkets of targeted metropolitan areas such as Chicago, Seattle and Northern New Jersey.

RISK FACTORS

An investment in the Notes involves various material risks. Prospective investors should carefully consider the following risk factors, in addition to the other information set forth in this Prospectus, before making an investment decision regarding the Notes offered hereby. Each of these matters could have adverse consequences to the Operating Partnership or the Company. Such risks include, among others:

- the need to renew leases or re-lease space upon lease expirations and to pay renovation and re-leasing costs in connection therewith, the effect of economic and other conditions on property cash flows and values, the ability of tenants to make lease payments, the ability of a property to generate revenue sufficient to meet operating expenses (including future debt service), and the illiquidity of real estate investments which could have an adverse effect on the Operating Partnership's and the Company's financial condition, results of operations and cash flow and, consequently, their ability to service debt, including the Notes;

- limited indenture provisions limiting the total indebtedness that the

Operating Partnership may incur and protecting noteholders in the event of a change in control, reorganization, restructuring, merger or similar transaction involving the Operating Partnership, any of which could adversely affect the Operating Partnership's financial condition and results of operations and result in a downgrade of the Operating Partnership's credit ratings, a loss in value of the Notes or an increase in the risk of default on payments of principal of and interest on the Notes;

- the ability of the Board of Directors to change the Operating Partnership's and the Company's growth and investment strategy and their financing, distribution and operating policies without a vote of the Company's stockholders and, with respect to certain matters, the Noteholders, which could result in the Operating Partnership becoming more highly leveraged, resulting in an increase in debt service that could adversely affect the Operating Partnership's financial condition and results of operations, and its ability to make payments of principal of and interest on the Notes, and could increase the risk of default on such indebtedness by the Operating Partnership;
- the possible failure of investments to perform in accordance with the Operating Partnership's and the Company's expectations, inaccuracy of estimates of costs of improvements to bring an acquired property up to standards, competition for attractive investment opportunities and other general risks associated with any real estate investment which could have an adverse effect on the Operating Partnership's and the Company's financial condition, results of operations and cash flow and, consequently, their ability to service debt, including the Notes;
- although the Notes will be direct, senior obligations of the Operating Partnership, the Notes will be effectively subordinated to the mortgages and other secured indebtedness of the Operating Partnership and all outstanding liabilities of the Operating Partnership's subsidiaries. In addition, the Guarantee will be subordinated to all of the mortgages and other secured indebtedness of the Company, and all of the outstanding liabilities of the Company's subsidiaries; on a pro forma basis giving effect to the Offering and the application of the net proceeds therefrom, the total indebtedness of the Operating Partnership and its subsidiaries as of March 31, 1998 would have been

3

approximately \$980.0 million, of which \$610.1 million would have been secured. As of March 31, 1998, the Company had no outstanding indebtedness (excluding the Company's guarantee of the Credit Facility) other than indebtedness of the Operating Partnership and its subsidiaries. Subject to certain limitations, the Operating Partnership, the Company and their subsidiaries may incur additional indebtedness, including, but not limited to, mortgage loans, borrowings under the Credit Facility and other secured indebtedness. Such additional indebtedness could result in the Operating Partnership becoming more highly leveraged, resulting in an increase in debt service that could adversely affect the Operating Partnership's financial condition, results of operations and its ability to make payments of principal of and interest on the Notes, and could increase the risk of default on such indebtedness by the Operating Partnership;

- the possibility of uninsured losses or losses in excess of insured limits relating to certain occurrences, including fire, rental loss and seismic activity which could have an adverse effect on the Operating Partnership's and the Company's financial condition, results of operations and cash flow and, consequently, their ability to service debt, including the Notes;
- in connection with certain of the Operating Partnership's and the Company's partnerships and joint ventures, the possibility that a partner or co-venturer may (i) become bankrupt while the Operating Partnership and the Company and any other remaining partners or joint venturers remain liable for the liabilities of such partnerships or joint ventures, (ii) have economic interests inconsistent with those of the Operating Partnership and the Company or (iii) cause the sale or refinancing of its interest at a disadvantageous time or on disadvantageous terms, which could adversely affect the return realized by the Operating Partnership and the Company on such investments;
- the inability to refinance outstanding indebtedness upon maturity or, in the case of the REPS, upon exercise of the Mandatory Put, or refinance such indebtedness on favorable terms, the risks of rising interest rates in connection with the Operating Partnership's unsecured line of credit and other variable-rate borrowings and the ability of the Company to incur more debt without Noteholder approval, thereby increasing its debt service obligations, which could adversely affect the Company's cash flow and consequently its ability to satisfy its obligation under its

Guaranty; and

- conflicts of interest in connection with the operations of the Operating Partnership and the Company including (i) the influence of certain directors, officers and significant stockholders on the management and operation of the Operating Partnership and the Company, and as stockholders, on the outcome of matters submitted to a vote of the stockholders, (ii) the potential failure to enforce the terms of agreements, including for the indemnification by certain of the Executive Officers and other participants in the Formation Transactions for breaches or representations and warranties relating to the Formation Transactions, each of which could result in the Operating Partnership and the Company taking action which is not in the interest of all holders of the Notes and (iii) the continued involvement of certain of the Executive Officers and directors in other real estate activities and investments, including 11 retail development projects in the U.S., a low income housing apartment, a 75% interest in an office building and less than 1% partnership interests in other office buildings and residential developments, which could divert management's attention from the day-to-day operations of the Operating Partnership and Company; and could therefore adversely affect the Operating Partnership's financial condition, results of operations and its ability to make payments of principal of and interest on the Notes;
- possible conflicts of interest imposed by the fiduciary obligations of the Company to the limited partners of the Operating Partnership, in its capacity as the general partner of the Operating Partnership, the requirement for the limited partners to approve certain amendments affecting their rights and the ability of the limited partners to approve certain transactions that affect all stockholders of the Company, which could result in the Company taking action which is not in the interest of all holders of the Notes;
- the potential liability of the Operating Partnership and the Company for environmental matters and the costs of compliance with certain government regulations which could have an adverse effect on the Operating Partnership's and the Company's financial condition, results of operations and cash flow and, consequently, their ability to service debt, including the Notes;
- possible adverse consequences of a lack of control over the business of AMB Investment Management and the uncertainty of AMB Investment Management operations, which could result in the management of AMB Investment Management implementing business policies that would not have been implemented by persons controlling the Operating Partnership and that are adverse to those of the Operating Partnership or that lead to adverse financial results, any of which could negatively affect the Operating Partnership's financial condition and results of operations and, as a result, its ability to make payments of principal of and interest on the Notes;

4

- for holders of the REPS, the possibility that the Internal Revenue Service could successfully assert a Federal income tax treatment for the REPS different from the manner in which the Operating Partnership intends to treat the REPS, which could result in holders of REPS being required to use the accrual method of accounting for tax purposes, to recognize taxable income in excess of the amount of cash actually received and to recognize ordinary income or loss rather than capital gain or loss upon the sale or other taxable disposition of the REPS; and
- the lack of an established trading market for the Notes which could materially and adversely affect the market price and liquidity of the Notes.

ORGANIZATION

The Company, the Operating Partnership and their subsidiaries were organized in a manner to facilitate the Formation Transactions and the IPO. The Company is the sole general partner of the Operating Partnership. The other holders of Units in the Operating Partnership are limited partners. The following diagram illustrates the structure of the Company, the Operating Partnership and their subsidiaries:

[CHART]

- - - - -

- (1) AMB Investment Management Corporation ("AMB Investment Management") conducts its business through AMB Investment Management Limited Partnership (the "Investment Management Partnership"), of which it is the sole general partner and owns the entire capital interest. Certain Executive Officers own a profits interest in the Investment Management Partnership relating to the allocation of a portion of the incentive fees with respect to assets managed by AMB prior to the IPO.
- (2) Includes properties owned on a joint venture basis through certain limited partnerships and limited liability companies in which the Operating Partnership owns at least a 50% interest. See "Business and Properties -- Properties Held Through Joint Ventures, Limited Liability Companies and Partnerships" for a list of such entities.
- (3) AMB Property II, L.P. and Long Gate LLC hold title to Properties in certain states for local law purposes. The ownership of such Properties through such entities does not materially affect the Operating Partnership's and the Company's overall ownership of the interests in the Properties.

The principal executive offices of the Operating Partnership and the Company are located at 505 Montgomery Street, San Francisco, California 94111, and their telephone number is (415) 394-9000. The Operating Partnership and the Company also maintain a regional office in Boston, Massachusetts.

7

BUSINESS AND OPERATING STRATEGIES

The Company focuses its investment activities in industrial hub distribution markets and retail trade areas throughout the U.S. where opportunities exist to acquire and develop additional properties on an advantageous basis. The Company believes that the industrial property sector is well-positioned to benefit from strong market fundamentals and growth in international trade, and further believes that the retail property sector will benefit from limited new construction in "in-fill" locations and from projected growth in personal income and retail sales levels (in-fill locations are those typified by significant population densities and low availability of land resulting in limited opportunities for new construction of competitive properties). The Company seeks to capitalize on these current conditions in the industrial and retail property sectors by implementing the following business and operating strategies:

- Financing Strategy. The Company intends to operate with a Debt-to-Total Market Capitalization Ratio generally of less than 45% and plans to continue to structure its balance sheet in order to maintain an investment grade debt rating. Upon consummation of the Offering, the Operating Partnership's Debt-to-Total Market Capitalization Ratio as of March 31, 1998 on a pro forma basis would have been approximately 31.2% (29.9% on an historical basis).

- National Property Company. The Company believes that its national strategy enables it to increase or decrease investments in certain regions to take advantage of the relative strengths and attractive investment opportunities in different real estate markets. Through its presence in markets throughout the U.S., the Company has developed expertise in leasing, expense management, tenant retention strategies and property design and configuration.
- Two Complementary Property Types. Management believes that its dual property strategy provides significant opportunities to allocate capital and organizational resources and offers the Company an optimal combination of growth, strong current income and stability through market cycles.
- Select Market Focus. The Company focuses on acquiring, redeveloping and operating properties in in-fill locations. As the strength of these markets continues to grow and the demand for well-located properties increases, the Company believes that it will benefit from the resulting upward pressure on rents.
- Research-Driven Market Selection. The Company's decisions regarding the deployment of capital are experience- and research-driven, with investments based on thorough qualitative and quantitative research and analysis of local markets. The Company employs a dedicated research department using proprietary analyses, databases and systems.
- Property Management. The Company actively manages the Properties through its experienced staff of regional managers, each of whom has broad responsibilities for the Properties they manage. The Company typically outsources property management to a select group of third-party local managers with whom the Company has established strong relationships. Management believes that industrial and retail property types do not typically require on-site property managers and that by utilizing third-party property managers, the Company is better able to service its customers and more efficiently manage its costs.
- Disciplined Investment Process. The Company has established a disciplined approach to the investment decision-making process through operating divisions that are subject to the overall policy direction of its Investment Committee. The Company has also established efficient and effective proprietary systems and procedures to manage and track a high volume of acquisition proposals and transactions.
- Renovation, Expansion and Development. Management believes that value-added renovation and expansion of properties and development of well-located, high-quality industrial properties and community shopping centers should continue to provide the Company with attractive opportunities for increased cash flow and a higher risk-adjusted rate of return than may be obtained from the purchase of stabilized properties.

SUMMARY FINANCIAL AND OTHER DATA

The following table sets forth summary financial and other data on an historical basis for the Operating Partnership for the period from November 26, 1997 to December 31, 1997 and for the three months ended March 31, 1998 and for the Properties contributed to the Operating Partnership in connection with the Formation Transactions (the "AMB Contributed Properties") for the years ended December 31, 1993, 1994, 1995, 1996, the period from January 1, 1997 to November 25, 1997 and the three months ended March 31, 1997, and on an as adjusted basis for the Operating Partnership for the year ended December 31, 1997 (giving effect to the Formation Transactions, the IPO and certain property acquisitions and dispositions in 1997). Additionally, the table sets forth summary financial and other data for the Operating Partnership for the year ended December 31, 1997 and for the three months ended March 31, 1998 on a pro forma basis (giving effect to the Formation Transactions, the IPO, certain property acquisitions and dispositions in 1997, the property acquisitions in 1998 and the Offering and the application of the net proceeds therefrom, as if such transactions had occurred on January 1, 1997). The historical financial information contained in the tables should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations," the Consolidated Financial Statements and accompanying Notes thereto and the financial schedules included elsewhere in this Prospectus.

In the opinion of management, the as adjusted and pro forma condensed financial information provides for all adjustments necessary to reflect the adjustments and transactions described above. The as adjusted and pro forma information is unaudited and is not necessarily indicative of the results that would have occurred if the transactions and adjustments reflected therein had been consummated in the period or on the date presented, or on any particular date in the future, nor does it purport to represent the financial position, results of operations or changes in cash flows for future periods.

(1) Represents the AMB Contributed Properties historical combined financial and other data for the years ended December 31, 1993, 1994, 1995 and 1996, the period from January 1, 1997 through November 25, 1997 and the three months ended March 31, 1997.

(2) For the period from November 26, 1997 to December 31, 1997.

(3) As adjusted financial and other data have been prepared as if the Formation Transactions, the IPO and certain property acquisitions and dispositions in 1997 had occurred on January 1, 1997.

(4) Pro forma financial and other data have been prepared as if the Formation Transactions, the IPO, certain property acquisitions and dispositions in 1997, the property acquisitions in 1998 and the Offering had occurred on January 1, 1997.

- (5) Historical, as adjusted and pro forma net income per basic unit for the year ended December 31, 1997 equals the historical, as adjusted and pro forma net income divided by 88,416,676, 88,416,678 and 89,523,120 units, respectively. Historical and pro forma net income per basic unit for the three months ended March 31, 1998 equals the historical and pro forma net income divided by 88,428,969 and 89,523,120 units, respectively. Historical, as adjusted and pro forma net income per diluted unit for the year ended December 31, 1997 equals the historical, as adjusted and pro forma net income divided by 88,698,719, 88,698,719 and 89,805,163 units, respectively. Historical and pro forma net income per diluted unit for the three months ended March 31, 1998 equals the historical and pro forma net income divided by 88,839,192 units and 89,933,343 units, respectively.
- (6) EBITDA is computed as income from operations before disposal of properties and minority interests plus interest expense, income taxes, depreciation and amortization. Management believes that in addition to cash flows and net income, EBITDA is a useful financial performance measure for assessing operating performance because, together with net income and cash flows, EBITDA provides investors with an additional basis to evaluate the ability to incur and service debt and to fund acquisitions and other capital expenditures.
- (7) The ratio of earnings to fixed charges is computed as income from operations before minority interests plus fixed charges (excluding capitalized interest) divided by fixed charges. Fixed charges consist of interest costs (including amortization of debt premiums and discounts and financing costs), whether capitalized or expensed, and the interest component of rental expense.
- (8) The book debt service coverage ratio is calculated as EBITDA divided by book interest expense (including amortization of debt premiums and discounts and financing costs).
- (9) The cash debt service coverage ratio is calculated as EBITDA divided by cash interest costs. Cash interest costs consist of book interest expense (excluding amortization of debt premiums and discounts and financing costs) plus capitalized interest.
- (10) Secured debt as of December 31, 1997 and March 31, 1998 includes unamortized debt premiums of approximately \$18,286 and \$17,542, respectively. See Notes to Consolidated Financial Statements.

RISK FACTORS

An investment in the Notes involves various material risks. Prospective investors should carefully consider the following risk factors in connection with an investment in the Notes offered hereby.

GENERAL REAL ESTATE RISKS

Uncontrollable Factors Affecting Performance and Value

Real property investments are subject to varying degrees of risk. The yields available from equity investments in real estate depend on the amount of income earned and capital appreciation generated by the related properties as well as the expenses incurred in connection therewith. If the Properties do not generate income sufficient to meet operating expenses, including debt service and capital expenditures, the ability to make payments of principal of and interest on the Notes could be adversely affected. Income from, and the value of, the Properties may be adversely affected by the general economic climate, local conditions such as oversupply of industrial or retail space or a reduction in demand for industrial or retail space in the area, the attractiveness of the Properties to potential tenants, competition from other industrial and retail properties, and the ability of the Company to provide adequate maintenance and insurance and increased operating costs (including insurance premiums, utilities and real estate taxes). In addition, revenues from properties and real estate values are also affected by such factors as the cost of compliance with regulations and the potential for liability under applicable laws, including changes in tax laws, interest rate levels and the availability of financing. The Company's income would be adversely affected if a significant number of tenants were unable to pay rent or if industrial or retail or other space could not be rented on favorable terms. Certain significant expenditures associated with an investment in real estate (such as mortgage payments, real estate taxes and maintenance costs) generally do not decline when circumstances cause a reduction in income from the investment.

Concentration of Properties in California

As of March 31, 1998, the Properties located in California represented approximately 24.0% of aggregate square footage and approximately 30.6% of aggregate Annualized Base Rent. The Company's revenue from, and the value of its Properties in, California may be affected by a number of factors, including the

local economic climate (which may be adversely impacted by business layoffs or downsizing, industry slowdowns, changing demographics and other factors) and local real estate conditions (such as oversupply of or reduced demand for commercial properties). A downturn in either the California economy or in California real estate conditions could adversely affect the Operating Partnership's financial condition and results of operations and, as a result, its ability to make payments of principal of and interest on the Notes. Such Properties are also subject to possible loss from seismic activity. See "-- Uninsured Losses from Seismic Activity."

Concentration of Properties in Industrial and Retail Sectors

The Properties are and are likely to continue to be concentrated predominantly in the industrial and retail commercial real estate sectors, which as of March 31, 1998 represent 86.5% and 13.5%, respectively, of the Properties' aggregate rentable square footage. Such concentration may expose the Company to the risk of downturns in these sectors to a greater extent than if its portfolio also included other property types.

Illiquidity of Real Estate Investments

Because real estate investments are relatively illiquid, the Operating Partnership's ability to vary its portfolio promptly in response to economic or other conditions will be limited. The limitations in the Code and related regulations on a real estate investment trust (a "REIT") holding property for sale may affect the Operating Partnership's ability to sell properties without adversely affecting the Operating Partnership's ability to make payments of principal of and interest on the Notes. Any of the foregoing factors or events will impede the ability of the Operating Partnership to respond to adverse changes in the performance of its investments and could have an adverse effect on the Operating Partnership's financial condition and results of operations and its ability to make payments of principal of and interest on the Notes.

12

Renewal of Leases and Reletting of Space

The Operating Partnership will be subject to the risks that leases may not be renewed, space may not be relet or the terms of renewal or reletting (including the cost of required renovations) may be less favorable than current lease terms. Leases on a total of approximately 42.5% of the leased square footage as of March 31, 1998 in the Properties will expire on or prior to December 31, 2000, with leases on 12.9% of the leased square footage in the Properties expiring during the 12 months ending March 31, 1999. In addition, numerous properties compete with the Properties in attracting tenants to lease space, particularly with respect to retail properties. The number of competitive commercial properties in a particular area could have a material adverse effect on the Operating Partnership's ability to lease space in its Properties or newly-acquired properties and on the rents charged. If the Operating Partnership were unable to promptly relet or renew the leases for all or a substantial portion of this space, if the rental rates upon such renewal or reletting were significantly lower than expected or if its reserves for these purposes proved inadequate, the Operating Partnership's cash flow and ability to make payments of principal of and interest on the Notes could be adversely affected. See "Business and Properties -- Industrial Properties -- Industrial Property Lease Expirations -- Portfolio Total" and "-- Retail Properties -- Retail Property Lease Expirations -- Portfolio Total."

Uninsured Loss

The Operating Partnership carries comprehensive liability, fire, extended coverage and rental loss insurance covering all of its properties, with policy specifications and insured limits which the Operating Partnership believes are adequate and appropriate under the circumstances given relative risk of loss, the cost of such coverage and industry practice. There are, however, certain types and magnitudes of losses that are not generally insured because it is not economically feasible to insure against such losses, such as losses due to riots or acts of war, or may be insured subject to certain limitations including large deductibles or co-payments, such as losses due to floods or seismic activity. See "-- Uninsured Losses from Seismic Activity." Should an uninsured loss or a loss in excess of insured limits occur with respect to one or more of its properties, the Operating Partnership could lose its capital invested in such properties, as well as the anticipated future revenue from such properties and, in the case of debt which is with recourse to the Operating Partnership, the Operating Partnership would remain obligated for any mortgage debt or other financial obligations related to such properties.

Uninsured Losses from Seismic Activity

A number of both the Industrial and Retail Properties are located in areas that are known to be subject to earthquake activity, including in California where, as of March 31, 1998, 27 Industrial Properties aggregating 10.4 million rentable square feet representing 20.4% of the Properties based on aggregate

square footage, and 11 Retail Properties, aggregating 1.8 million rentable square feet representing 3.6% of the Properties based on aggregate square footage, are located. The Operating Partnership carries replacement cost earthquake insurance on all of its Properties located in areas historically subject to seismic activity, subject to coverage limitations and deductibles which the Operating Partnership believes are commercially reasonable. Such insurance coverage also applies to the properties managed by AMB Investment Management, with a single aggregate policy limit and deductible applicable to such properties and the Operating Partnership's properties. Through an annual analysis prepared by outside consultants, the Operating Partnership evaluates its earthquake insurance coverage in light of current industry practice and determines the appropriate amount of earthquake insurance to carry. No assurance can be given, however, that material losses in excess of insurance proceeds will not occur or that such insurance will continue to be available at commercially reasonable rates.

Impact on Control Over and Liabilities With Respect to Properties Owned Through Partnerships and Joint Ventures

The Operating Partnership has ownership interests in six industrial and six retail joint ventures, limited liability companies or partnerships. The Operating Partnership may make investments through such ventures in the future and presently plans to do so with clients of AMB Investment Management, with respect to certain investment opportunities, who may share certain approval rights over major decisions. Under the

13

agreements governing the joint ventures, the Operating Partnership and the joint venture participant may be required to make additional capital contributions, and subject to certain limitations, the joint ventures may incur additional indebtedness. Such additional indebtedness would effectively be senior to the Notes. Partnership or joint venture investments may, under certain circumstances, involve risks such as the possibility that the Operating Partnership's partners or co-venturers might become bankrupt (in which event the Operating Partnership and any other remaining general partners or co-venturers would generally remain liable for the liabilities of such partnership or joint venture), that such partners or co-venturers might at any time have economic or other business interests or goals which are inconsistent with the business interests or goals of the Operating Partnership, or that such partners or co-venturers may be in a position to take action contrary to the instructions or the requests of the Operating Partnership or contrary to the policies or objectives of the Operating Partnership or the Company. In addition, agreements governing joint ventures and partnerships often contain restrictions on the transfer of a joint venturer's or partner's interest or "buy-sell" or similar provisions which may result in a purchase or sale of such an interest at a disadvantageous time or on disadvantageous terms. The Operating Partnership will, however, seek to maintain sufficient control of such partnerships or joint ventures to permit the Operating Partnership's business objectives to be achieved. There is no limitation under the organizational documents of either the Operating Partnership or the Company as to the amount of available funds that may be invested in partnerships or joint ventures. The occurrence of one or more of the events described above could have an adverse effect on the Operating Partnership's financial condition and results of operations, and its ability to make payments of principal of and interest on the Notes.

Possible Inability to Consummate Acquisitions on Advantageous Terms

The Operating Partnership intends to continue to acquire industrial and retail properties. Acquisitions of industrial and retail properties entail risks that investments will fail to perform in accordance with expectations. Estimates of the costs of improvements to bring an acquired property up to standards established for the market position intended for that property may prove inaccurate. In addition, there are general investment risks associated with any new real estate investment. Further, the Operating Partnership expects that there will be significant competition for attractive investment opportunities from other major real estate investors with significant capital including both publicly traded REITs and private institutional investment funds. The Operating Partnership anticipates that future acquisitions will be financed through a combination of borrowings under the Credit Facility, other forms of secured or unsecured financing and proceeds from equity or debt offerings by the Company or the Operating Partnership. No assurance can be given that the Operating Partnership will be able to acquire additional properties. In addition, no assurance can be given that any such acquisitions will be financed on terms favorable to the Operating Partnership, or that such additional properties, if any, will conform with management's expectations or investment criteria. Any one of the foregoing events could have an adverse effect on the Company's financial condition and results of operations, and its ability to make payments of principal of and interest on the Notes.

Possible Inability to Complete Renovation and Development on Advantageous Terms

The real estate development business, including the renovation and rehabilitation of existing properties, involves significant risks in addition to those involved in the ownership and operation of established industrial buildings and community shopping centers, including the risks that financing may not be available on favorable terms for development projects and construction may not be completed on schedule or within budget, resulting in increased debt service expense and construction costs and delays in leasing such properties and generating cash flow. Substantial renovation and new development activities are also subject to risks relating to the inability to obtain, or delays in obtaining, all necessary zoning, land-use, building, occupancy, and other required governmental permits and authorizations. Once completed, such new or renovated properties may perform below anticipated levels, producing cash flow below budgeted amounts. The occurrence of one or more of the foregoing in connection with the Operating Partnership's renovation and development activities could have an adverse effect on the Operating Partnership's financial condition and results of operations, and its ability to make payments of principal of and interest on the Notes. In addition, substantial renovation as well as new development activities, regardless of whether or not they are ultimately successful, typically require a substantial portion of management's time and attention which could take

14

management's time away from the day-to-day operations of the Operating Partnership. The Operating Partnership anticipates that future acquisitions will be financed through a combination of borrowings under the Credit Facility, other forms of secured or unsecured financing and proceeds from equity or debt offerings by the Company or the Operating Partnership. If such activities are financed through construction loans, there is a risk that, upon completion of construction, permanent financing may not be available or may be available only on disadvantageous terms which could have an adverse effect on the Operating Partnership's financial condition and results of operations, and its ability to make payments of principal of and interest on the Notes.

LIMITED RESTRICTIONS ON TOTAL INDEBTEDNESS AND CHANGES OF CONTROL

Other than the covenants restricting the ability of the Operating Partnership and its Subsidiaries to incur additional indebtedness discussed under "Description of Notes -- Certain Covenants," the Indenture does not contain provisions which would limit the total indebtedness that the Operating Partnership may incur, or protect the holders of Notes in the event of a change of control, reorganization, restructuring, merger or similar transaction involving the Operating Partnership. Such transactions could adversely affect the financial condition or results of operations of the Operating Partnership and result in a downgrade of the credit rating of the Notes, a loss in value of the Notes or an increase in the risk of default on payments of principal of or interest on the Notes.

The Operating Partnership operates with a policy of incurring debt, either directly or through its Subsidiaries, only if upon such incurrence the Company's consolidated Debt-to-Total Market Capitalization Ratio would be approximately 45% or less. In addition, the aggregate amount of indebtedness that the Operating Partnership and the Company may incur under such policy varies directly with the valuation of the Company's capital stock and the number of shares of capital stock outstanding. Accordingly, the Operating Partnership and the Company would be able to incur additional indebtedness as a result of increases in the market price per share of the Company's common stock or other outstanding classes of capital stock, and future issuance of shares of capital stock. Notwithstanding the foregoing policy, the organizational documents of the Company and the Operating Partnership do not contain any limitation on the amount of indebtedness that may be incurred. Accordingly, the Board of Directors could alter or eliminate this policy and would do so, for example, if it were necessary for the Company to continue to qualify as a REIT. If this policy were changed, the Operating Partnership could become more highly leveraged, resulting in an increase in debt service that could adversely affect the Operating Partnership's financial condition and results of operations and, consequently, the amount of cash available to the Operating Partnership for payments of principal of and interest on the Notes and could increase the risk of default on the Operating Partnership's indebtedness.

DEBT FINANCING

Debt Financing and Existing Debt Maturities

The Operating Partnership will be subject to risks normally associated with debt financing, including the risk that its cash flow will be insufficient to make required payments of principal of and interest on the Notes, the risk that existing indebtedness on the Properties (which in all cases will not have been fully amortized at maturity) will not be able to be refinanced or that the terms of such refinancing will not be as favorable as the terms of existing indebtedness. See "Business and Properties -- Debt Financing." As of March 31, 1998, the Operating Partnership had an aggregate of \$610.1 million of secured indebtedness with an average maturity of 7 years and a weighted average interest rate of 8.0%, and \$312.0 million of borrowing outstanding under its Credit Facility with a maturity date of November 2000 and a weighted average interest

rate of 6.9%. See "Management's Discussion and Analysis of Financial Condition and Results of Operations -- Liquidity and Capital Resources" and "Business and Properties -- Debt Financing." If principal payments due at maturity cannot be refinanced, extended or paid with proceeds of other capital transactions, such as new equity capital, the Operating Partnership expects that its cash flow will not be sufficient in all years to make payments of principal of and interest on the Notes and to repay all such maturing debt. Furthermore, if prevailing interest rates or other factors at the time of refinancing (such as the reluctance of lenders to make commercial real estate loans) resulted in higher interest rates upon refinancing, the interest expense relating to such refinanced

15

indebtedness would increase, which would adversely affect the Operating Partnership's cash flow and its ability to make payments of principal of and interest on the Notes. If a Property or Properties are mortgaged to secure payment of indebtedness and the Operating Partnership is unable to meet mortgage payments, the Property could be foreclosed upon or otherwise transferred to the mortgagee with a consequent loss of income and asset value to the Company which could have an adverse affect on the Operating Partnership's financial condition and liquidity and its ability to make payments of principal of and interest on the Notes.

Impact of Rising Interest Rates and Variable Rate Debt

As of March 31, 1998, the Operating Partnership had \$312.0 million outstanding under its \$500.0 million variable-rate Credit Facility. In addition, the Operating Partnership may incur other variable rate indebtedness in the future. Increases in interest rates on such indebtedness could increase the Operating Partnership's interest expense, which would adversely affect the Operating Partnership's financial condition and results of operations and, as a result, its ability to make payments of principal of and interest on the Notes. Accordingly, the Operating Partnership may in the future engage in transactions to further limit its exposure to rising interest rates to the extent that it believes such to be appropriate and cost effective. See "Management's Discussion and Analysis of Financial Condition and Results of Operations -- Liquidity and Capital Resources."

Possible Impact of Defaults on Cross-Collateralized and Cross-Defaulted Debt

As of March 31, 1998, the Operating Partnership had 12 non-recourse secured loans which are cross-collateralized by five pools consisting of 19 Properties. As of March 31, 1998, there was \$211.2 million outstanding on such loans. If an event of default were to occur on any such loan, the Operating Partnership would be required to repay the aggregate of all indebtedness, together with applicable prepayment charges, in order to avoid foreclosure on all such Properties within the applicable pool. Foreclosure on such Properties, or the Operating Partnership's inability to refinance any such loan on terms as favorable as existing terms, would adversely impact its financial condition and results of operations and, as a result, its ability to make payments of principal of and interest on the Notes. In addition, the Operating Partnership's Credit Facility contains defaults in the event that other material indebtedness of the Operating Partnership (including its non-recourse secured and joint venture debt) is in default. Such cross-default provision may require the Operating Partnership to repay or restructure the Credit Facility in addition to any mortgage or other debt which is in default, which could have an adverse effect on the Operating Partnership's financial condition, results of operations and liquidity and, as a result, its ability to make payments of principal of and interest on the Notes.

RANKING OF THE NOTES

The Notes will be direct, senior unsecured obligations of the Operating Partnership and will rank equally with all of the other unsecured and unsubordinated indebtedness of the Operating Partnership from time to time outstanding. However, the Notes are effectively subordinated to mortgages and other secured indebtedness of the Operating Partnership, which encumber certain assets of the Operating Partnership, and to all of the indebtedness of its subsidiaries (approximately \$610.1 million as of March 31, 1998 on a pro forma basis). In addition, the Guarantee will be effectively subordinated to all of the mortgages and other secured indebtedness of the Company and all of the outstanding liabilities of the Company's subsidiaries. As of March 31, 1998, on a pro forma basis giving effect to the Offering and the application of the proceeds therefrom, the total outstanding indebtedness of the Operating Partnership and its subsidiaries would have been approximately \$980.0 million, of which \$610.1 million was secured. As of March 31, 1998, the Company had no outstanding indebtedness (excluding the Company's guarantee of the Credit Facility) other than that of the Operating Partnership and its subsidiaries. Subject to certain limitations, each of the Operating Partnership and the Company may incur additional indebtedness. Although the Board of Directors has adopted a policy of limiting the Company's Debt-to-Total Market Capitalization Ratio to approximately 45%, neither the Operating Partnership's nor the

Company's organizational documents limit the amount of indebtedness that each may incur. In addition, the aggregate amount of indebtedness that the Operating Partnership and the Company may incur under such policy varies directly with the valuation of the Company's

capital stock and the number of shares of capital stock outstanding. Accordingly, the Operating Partnership and the Company would be able to incur additional indebtedness as a result of increases in the market price per share of the Company's common stock or other outstanding classes of capital stock, and future issuance of shares of capital stock. See "-- No Limitations on Indebtedness," "Management's Discussion and Analysis of Financial Condition and Results of Operations -- Liquidity and Capital Resources," "Description of Notes -- Certain Covenants -- Aggregate Debt Test," "-- Debt Service Test" and "-- Secured Debt Test."

The Company's obligations under the Guarantee may be subject to review under state or federal transfer laws in the event of the Company's bankruptcy or other financial difficulty. Under those laws, in a lawsuit by an unpaid creditor or representative of creditors of the Company, such as a trustee in bankruptcy, if a court were to find that when the Company entered into the Guarantee, it (a) received less than fair consideration or reasonably equivalent value therefor, and (b) either (i) was insolvent, (ii) was rendered insolvent, (iii) was engaged in a business or transaction for which its remaining unencumbered assets constituted unreasonably small capital, or (iv) intended to incur or believed that it would incur debts beyond its ability to pay as such debts matured, the court could void the Guarantee and the Company's obligations thereunder, and direct the return of any amounts paid thereunder to the Company or to a fund for the benefit of its creditors. Moreover, regardless of the factors identified in the foregoing clauses (i) through (iv), a court could void the Guarantee and direct such repayment if it found that such Guarantee was entered into with actual intent to hinder, delay or defraud the Company's creditors. To the extent that the Company's obligation under the Guarantee of the Notes exceeds the actual benefit that it receives from the issuance of the Notes, the Company may be deemed not to have received fair consideration or reasonably equivalent value for the Guarantee. The measure of insolvency for purposes of the foregoing will vary depending on the law of the jurisdiction being applied. Generally, however, an entity would be considered insolvent if the sum of its debts (including contingent or unliquidated debts) is greater than all of its property at a fair valuation or if the present fair salable value of its assets is less than the amount that will be required to pay its probable liability on its existing debts as they become absolute and matured.

OPTIONAL REDEMPTION OF THE NOTES

The 2008 Notes, the 2018 Notes and the REPS may each be redeemed in whole, or from time to time in part, at the option of the Operating Partnership on any date as provided in "Description of Notes -- Redemption of the Notes at the Option of the Operating Partnership." The price at which the 2008 Notes, the 2018 Notes and the REPS may be redeemed includes a redemption premium designed to compensate the holders for loss of interest rate yield caused by such early redemption. However, no assurance can be given that the redemption premium will fully compensate investors for all costs and expenses (including decreased yields on reinvestments) incurred as a result of the Operating Partnership's exercise of its optional redemption of any of the Notes.

CONTINGENT OR UNKNOWN LIABILITIES

The AMB Predecessors have been in existence for varying lengths of time up to 15 years. In the Formation Transactions, the Company acquired the assets of certain entities previously managed by or affiliated with the AMB Predecessor entities including CIF, VAF, AMB and WPF, and certain assets of the Individual Account Investors, subject to all of the potential existing liabilities of such predecessor entities. There can be no assurances that there are no current liabilities and will not be any future liabilities arising from prior activities that are unknown and therefore not disclosed in this Prospectus. Such liabilities have been assumed by the Company as the surviving entity in the various merger and contribution transactions that comprise the Formation Transactions or as general partner of the Operating Partnership. Existing liabilities for indebtedness generally were taken into account (directly or indirectly) in connection with the allocation of the shares of Common Stock and/or Units in the Formation Transactions, but no other liabilities were taken into account for such purposes. The Company does not have recourse against CIF, VAF, AMB or WPF or any of their respective stockholders or partners or against the Individual Account Investors with respect to any unknown liabilities except to the extent provided by the indemnity escrow entered into in connection with the Formation Transactions. Unknown liabilities might include liabilities for

closed environmental conditions, claims of tenants, vendors or other persons dealing with the entities prior to the Formation Transactions (that had not been asserted prior to the Formation Transactions), accrued but unpaid liabilities incurred in the ordinary course of business, and claims for indemnification by the officers and directors of CIF, VAF and AMB and others indemnified by such entities, including clients of AMB. Certain tenants may claim that the Formation Transactions give rise to a right to purchase such premises occupied by such tenants. The Company does not believe any such claims would be material. See "-- Government Regulations -- Environmental Matters" below as to the possibility of undisclosed environmental conditions potentially affecting the value of the Properties. The existence of undisclosed material liabilities which are not covered by the indemnity escrow could have an adverse effect on the Company's financial condition and results of operations, and its ability to make payments of principal of and interest on the Notes.

CONFLICTS OF INTEREST

Continued Involvement of Executive Officers in Other Real Estate Activities and Investments

Certain Executive Officers own interests in certain real estate-related businesses and investments. Such interests include minority ownership of Institutional Housing Partners, a residential housing finance company (through AMB Institutional Housing Partners); and ownership of AMB Development, Inc. and AMB Development L.P., developers which own property that management believes is not suitable for ownership by the Company. Neither AMB Development, Inc. nor AMB Development L.P. has initiated any new development projects since completion of the IPO, nor will they initiate any new development projects following the Offering, nor will they make any further investments in industrial or retail properties following the Offering other than those currently under development. Such persons are also owners of AMB Corporate Real Estate Advisors, Inc. ("AMBCREA"), which is principally a real estate services company for corporate and professional tenants of real estate. AMBCREA is in the process of winding down its business, and it is presently anticipated that AMBCREA will cease operations by June 30, 1998. However, the continued involvement by the Executive Officers and the Company's directors could divert management's attention from the day-to-day operations of the Operating Partnership. Each person who was an Executive Officer upon completion of the IPO entered into a non-competition agreement with the Operating Partnership pursuant to which, among other things, such individuals agreed not to engage in any activities, directly or indirectly, in respect of commercial real estate, and agreed not make any investment in respect of industrial or retail real estate, other than through ownership of not more than 5% of the outstanding shares of a public company engaged in such activities or through the existing investments referred to herein.

AMBCREA, AMB Institutional Housing Partners, AMB Development, Inc. and AMB Development, L.P. continue to use the name "AMB" pursuant to royalty-free license arrangements with the Company. In addition, until cessation of its operations, AMBCREA will continue to use office space leased by AMBI, an affiliate of the Executive Officers, for a fee equal to such affiliate's allocated cost thereof. The Operating Partnership may continue to provide certain administrative services to AMBCREA at arm's-length charges. See "Certain Relationships and Related Transactions." Such activities could also, in the future, subject to the unanimous approval of the disinterested directors, involve acquisitions of property from such Executive Officers, additional leases between such Executive Officers and the Operating Partnership, and/or other related activities in which the interests pursued by such Executive Officers may not be in the best interests of the holders of the Notes.

Conflicts of Interest in Connection with Properties Owned or Controlled by Executive Officers and Directors

AMB Development L.P. owns interests in 11 retail development projects in the U.S., each of which consists of a single free-standing Walgreens drugstore, and, together with other entities controlled by nine of the Executive Officers, a low income housing apartment building located in the San Francisco Bay Area. In addition, Messrs. Abbey, Moghadam and Burke, each a founder, Executive Officer and director of the Company, own less than 1% interests in two partnerships which own office buildings in various markets; these interests have negligible value. Luis A. Belmonte, an Executive Officer, owns less than a 10% interest, representing an estimated value of \$75,000, in a limited partnership which owns an office building located in

Oakland, California. David S. Fries, an Executive Officer of the Company, owns an approximate 1% interest in a limited partnership that owns an apartment complex in Orange County, California.

In addition, several of the Executive Officers individually own: (i) less than 1% interests in the stocks of certain publicly-traded REITs, including

mortgage REITs, and residential developers; (ii) certain interests in and rights to developed and undeveloped real property located outside the United States; (iii) interests in single-family homes and residential apartments in the San Francisco Bay Area; (iv) certain passive interests, not believed to be material, in real estate businesses in which such persons were previously employed; and (v) certain other de minimis holdings in equity securities. Thomas W. Tusher, a member of the Company's Board of Directors, is a limited partner in a partnership in which Messrs. Abbey, Moghadam and Burke are general partners and which owns a 75% interest in an office building. Mr. Tusher owns a 20% interest in the partnership, valued as of March 31, 1998 at approximately \$939,000. Messrs. Abbey, Moghadam and Burke each have an approximately 26.7% interest in the partnership, each valued as of March 31, 1998 at approximately \$1,252,000.

The Operating Partnership believes that the properties and activities set forth above generally do not directly compete with any of the Properties; however, it is possible that a property in which an Executive Officer or the Company's director, or an affiliate of such person, has an interest may compete with the Operating Partnership in the future if the Operating Partnership were to invest in a property similar and in close proximity to such property. However, the continued involvement by the Operating Partnership's Executive Officers in such properties could divert management's attention from the day-to-day operations of the Operating Partnership. The Operating Partnership is prohibited from acquiring any properties from the Executive Officers or their affiliates without the approval of the Company's disinterested directors. See "Policies With Respect to Certain Activities -- Conflict of Interest Policies."

Conflicts Relating to the Operating Partnership

The Company, as the general partner of the Operating Partnership, has fiduciary obligations to the limited partners in the Operating Partnership, the discharge of which may conflict with the interests of the Company's stockholders. In addition, those persons holding Units, as limited partners, will have the right to vote as a class on certain amendments to the Partnership Agreement of the Operating Partnership (the "Partnership Agreement") and individually to approve certain amendments that would adversely affect their rights, which voting rights may be exercised in a manner that conflicts with the interests of the Company, its stockholders and the holders of Notes. In addition, under the terms of the Partnership Agreement, the holders of Units (including Performance Units issuable to the Executive Officers) will have certain approval rights with respect to certain transactions that affect all holders of Notes but which may not be exercised in a manner which reflects the interests of all holders of Notes. See "Description of Certain Provisions of the Partnership Agreement of the Operating Partnership -- Removal of General Partner; Transferability of the Company's Interests; Treatment of Units in Significant Transactions."

Influence of Directors, Executive Officers and Significant Stockholders

As of April 30, 1998, the Company's three largest stockholders, Ameritech Pension Trust, the City and County of San Francisco Employees' Retirement System and Southern Company System Master Retirement Trust, beneficially owned approximately 28.1% of the outstanding Common Stock (assuming the exchange of all Units into shares of Common Stock). In addition, the Executive Officers and directors own approximately 4.8% of the Common Stock (assuming the exchange of all Units into shares of Common Stock, before issuance of any Performance Units), and will have influence on the management and operation of the Operating Partnership and the Company and, as stockholders, on the outcome of any matters submitted to a vote of the stockholders. Such influence might be exercised in a manner that is inconsistent with the interests of other stockholders and the holders of Notes. Although there is no understanding or arrangement for these directors, officers and stockholders and their affiliates to act in concert, such parties would be in a position to exercise significant influence over the Company's affairs and those of the Operating Partnership should they choose to do so. See "Management" and "Principal Stockholders."

Failure to Enforce Terms of Certain Agreements

As holders of shares of outstanding Common Stock and, potentially, Performance Units, certain of the Company's directors and certain of the Executive Officers will have a conflict of interest with respect to their obligations as directors and Executive Officers to vigorously enforce the terms of the agreements relating to the Formation Transactions. The potential failure to enforce the material terms of those agreements could result in a monetary loss to the Company and the Operating Partnership, which loss could have a material adverse effect on the Operating Partnership's and the Company's financial condition or results of operations and the Operating Partnership's ability to make payments of principal of and interest on the Notes.

Use of Net Offering Proceeds to Repay Indebtedness Owed to an Affiliate of an Underwriter

The Operating Partnership intends to use the net proceeds from the sale of the Notes offered hereby to repay indebtedness outstanding under the Credit Facility. Morgan Guaranty Trust Company of New York, an affiliate of J.P. Morgan Securities Inc., one of the Underwriters, is the agent and a lender under the Credit Facility. As a result of this affiliation, J.P. Morgan Securities Inc. has an indirect interest in the repayment of the amounts outstanding under the Credit Facility in addition to its role as an Underwriter in the Offering. See "Use of Proceeds" and "Underwriters."

AMB INVESTMENT MANAGEMENT

Adverse Consequences of Lack of Control Over the Business of AMB Investment Management

The Operating Partnership owns 100% of the non-voting preferred stock of AMB Investment Management (representing approximately 95% of its economic interest) and certain Executive Officers and certain officers of AMB Investment Management own all of the outstanding voting common stock of AMB Investment Management (representing approximately 5% of its economic interest). Although the Company receives substantially all of the economic benefit of the business carried on by AMB Investment Management through the Company's right to receive dividends through the Operating Partnership, the Company is not able to elect directors or officers of AMB Investment Management and, therefore, the Company does not have the ability to influence the operation of AMB Investment Management or require that AMB Investment Management's board of directors declare and pay a cash dividend on the non-voting stock of AMB Investment Management held by the Operating Partnership. As a result, the board of directors and management of AMB Investment Management might implement business policies or decisions that would not have been implemented by persons controlled by the Company and that are adverse to the interests of the Operating Partnership or that lead to adverse financial results, which could adversely impact the Operating Partnership's net operating income and cash flows and the ability of the Operating Partnership to make payments of principal of and interest on the Notes. In addition, AMB Investment Management will be subject to tax on its income, reducing its cash available for distribution.

Uncertainty of AMB Investment Management Operations

Fees earned by AMB Investment Management are dependent upon various factors, including factors beyond the control of the Company and the Operating Partnership, affecting the ability to attract and retain investment management clients and the overall returns achieved on managed assets. Failure of AMB Investment Management to attract investment management clients or achieve sufficient overall returns on managed assets would reduce its ability to make distributions on the non-voting preferred stock owned by the Operating Partnership. Such failure would also limit co-investment opportunities to the Operating Partnership and, as a result, the Operating Partnership's ability to generate rental revenues from such co-investments and use the co-investment program as a source to finance property acquisitions and leverage acquisition opportunities.

GOVERNMENT REGULATIONS

Many laws and governmental regulations are applicable to the Properties and changes in these laws and regulations, or their interpretation by agencies and the courts, occur frequently.

20

Costs of Compliance with Americans with Disabilities Act

Under the Americans with Disabilities Act of 1990 (the "ADA"), all places of public accommodation are required to meet certain Federal requirements related to access and use by disabled persons. Compliance with the ADA might require removal of structural barriers to handicapped access in certain public areas where such removal is "readily achievable." Noncompliance with the ADA could result in the imposition of fines or an award of damages to private litigants. The impact of application of the ADA to the Properties, including the extent and timing of required renovations, is uncertain. If required changes involve a greater amount of expenditures than the Operating Partnership currently anticipates or if the changes must be made on a more accelerated schedule than the Operating Partnership currently anticipates, its ability to make payments of principal of and interest on the Notes could be adversely affected.

Environmental Matters

Under Federal, state and local laws and regulations relating to the protection of the environment ("Environmental Laws"), a current or previous owner or operator of real estate may be liable for contamination resulting from the presence or discharge of hazardous or toxic substances or petroleum products

at such property, and may be required to investigate and clean up such contamination at such property or such contamination which has migrated from such property. Such laws typically impose liability and clean-up responsibility without regard to whether the owner or operator knew of or caused the presence of the contaminants, and the liability under such laws has been interpreted to be joint and several unless the harm is divisible and there is a reasonable basis for allocation of responsibility. In addition, the owner or operator of a site may be subject to claims by third parties based on personal injury, property damage and/or other costs, including investigation and clean-up costs, resulting from environmental contamination present at or emanating from a site.

Environmental Laws also govern the presence, maintenance and removal of asbestos-containing building materials ("ACBM"). Such laws require that ACBM be properly managed and maintained, that those who may come into contact with ACBM be adequately apprised or trained and that special precautions, including removal or other abatement, be undertaken in the event ACBM is disturbed during renovation or demolition of a building. Such laws may impose fines and penalties on building owners or operators for failure to comply with these requirements and may allow third parties to seek recovery from owners or operators for personal injury associated with exposure to asbestos fibers. Some of the Properties may contain ACBM.

Some of the Properties are leased or have been leased, in part, to owners and operators of dry cleaners that operate on-site dry cleaning plants, to owners and operators of gas stations or to owners or operators of other businesses that use, store or otherwise handle petroleum products or other hazardous or toxic substances. Some of these Properties contain, or may have contained, underground storage tanks for the storage of petroleum products and other hazardous or toxic substances. These operations create a potential for the release of petroleum products or other hazardous or toxic substances. Some of the Properties are adjacent to or near other properties that have contained or currently contain underground storage tanks used to store petroleum products or other hazardous or toxic substances. In addition, certain of the Properties are on, or are adjacent to or near other properties upon which others, including former owners or tenants of the Properties, have engaged or may in the future engage in activities that may release petroleum products or other hazardous or toxic substances.

All of the Properties were subject to a Phase I or similar environmental assessments by independent environmental consultants at the time of acquisition or shortly after acquisition. Phase I assessments are intended to discover and evaluate information regarding the environmental condition of the surveyed property and surrounding properties. Phase I assessments generally include an historical review, a public records review, an investigation of the surveyed site and surrounding properties, and preparation and issuance of a written report, but do not include soil sampling or subsurface investigations and typically do not include an asbestos survey. Some of the Operating Partnership's environmental assessments of the Properties do not contain a comprehensive review of the past uses of the Properties and/or the surrounding properties.

21

None of the Operating Partnership's environmental assessments of the Properties has revealed any environmental liability that the Operating Partnership believes would have a material adverse effect on its financial condition or results of operations taken as a whole, nor is it aware of any such material environmental liability. Nonetheless, it is possible that the Operating Partnership's assessments do not reveal all environmental liabilities or that there are material environmental liabilities of which the Operating Partnership is unaware. In addition, only certain of such assessments were updated for purposes of the IPO, and less than 50% of the Properties have environmental assessments which are more than two years old. Moreover, there can be no assurance that (i) future laws, ordinances or regulations will not impose any material environmental liability or (ii) the current environmental condition of the Properties will not be affected by tenants, by the condition of land or operations in the vicinity of the Properties (such as releases from underground storage tanks), or by third parties unrelated to the Operating Partnership. If the costs of compliance with the various environmental laws and regulations, now existing or hereafter adopted, exceed the Operating Partnership's budgets for such items, the Operating Partnership's ability to make payments of principal of and interest on the Notes could be adversely affected.

Other Regulations

The Properties are also subject to various Federal, state and local regulatory requirements such as state and local fire and life safety requirements. Failure to comply with these requirements could result in the imposition of fines by governmental authorities or awards of damages to private litigants. The Operating Partnership believes that the Properties are currently in substantial compliance with all such regulatory requirements. However, there can be no assurance that these requirements will not be changed or that new requirements will not be imposed which would require significant unanticipated expenditures by the Operating Partnership, which expenditures could have an adverse effect on the Operating Partnership's financial condition and results of operations and its ability to make payments of principal of and interest on the

Notes.

UNITED STATES FEDERAL INCOME TAX RISK

The Operating Partnership intends to treat the REPS in the manner described under the caption "Material Federal Income Tax Considerations Relating To The REPS -- Treatment of REPS." It is possible, however, that the Internal Revenue Service (the "Service") could successfully assert an alternate tax treatment for the REPS, in which event holders of REPS may be required (i) to use an accrual method of tax accounting with respect to the REPS (regardless of their usual method of tax accounting), (ii) to include amounts in taxable income in excess of actual cash payments received with respect to the REPS and (iii) to recognize ordinary income or loss rather than capital gain or loss upon the sale or other taxable disposition of the REPS. See "Material Federal Income Tax Considerations Relating to the REPS -- Treatment of REPS."

ABSENCE OF MARKET FOR THE NOTES

The Notes will be new securities for which there is currently no market. Although the Underwriters have informed the Operating Partnership that they currently intend to make a market in the Notes, they are not obligated to do so and any such market-making may be discontinued at any time without notice. If an active market does not develop, the market price and liquidity of the Notes may be materially and adversely affected. Neither the Company nor the Operating Partnership intends to apply for listing of the Notes on any securities exchange or to seek approval for quotation through any automated quotation system. There can be no assurance that an active market for these securities will develop and no assurance can be given as to the prices at which such securities might trade. In particular, there can be no assurance that the market price for the Notes will be at or above the purchase price of the Notes. The liquidity of, and trading market for, the Notes may also be materially and adversely affected by declines in the market for debt securities generally. Such a decline may materially and adversely affect such liquidity and trading independent of the financial performance of, and prospects for, the Operating Partnership.

THE COMPANY AND THE OPERATING PARTNERSHIP

GENERAL

AMB Property, L.P. was organized in November 1997 and commenced operations in connection with the completion of the IPO and the consummation of the Formation Transactions in November 1997. AMB Property Corporation is one of the largest publicly-traded real estate companies in the United States. As of May 31, 1998, the Company owned 159 Properties, comprised of 122 Industrial Properties and 37 Retail Properties located in 28 markets throughout the United States. The Industrial Properties, principally warehouse distribution properties, encompass approximately 45.3 million rentable square feet and, as of March 31, 1998, were 94.6% leased to over 1,000 tenants. The Retail Properties, principally grocer-anchored community shopping centers, encompass approximately 6.8 million rentable square feet and, as of the same date, were 94.6% leased to over 900 tenants. See "Business and Properties."

The Operating Partnership conducts substantially all of the Company's activities and owns substantially all of the economic interests in the Properties. As of March 31, 1998, the Company owned an approximate 95.9% general partner interest in the Operating Partnership, with the remaining 4.1% limited partner interest owned by nonaffiliated investors. As the sole general partner of the Operating Partnership, the Company has control over the management of the Operating Partnership and over each of the 116 Properties (comprising approximately 36.9 million rentable square feet) owned directly by the Operating Partnership. The Operating Partnership owns 99% of the economic interests in the remaining 43 Properties (comprising approximately 15.2 million rentable square feet) through its subsidiaries, AMB Property II, L.P. and Long Gate LLC, and the Company (through a wholly owned subsidiary) owns the remaining 1% interest.

The Operating Partnership is engaged in the business of acquiring and operating industrial properties and community shopping centers in target markets nationwide. The Operating Partnership and the Company are led by Mr. Moghadam, its Chief Executive Officer and one of the three founders of the Company. Messrs. Abbey and Burke, the other two founders, also play active roles in the operations of the Operating Partnership and the Company as the Chairman of the Operating Partnership's Investment Committee and the Chairman of the Company's Board of Directors, respectively. The Operating Partnership's ten executive officers have an average of 22 years of experience in the real estate industry and have worked together for an average of eight years building the AMB real estate business. As of May 31, 1998, the Operating Partnership and the Company

employed 123 individuals, 99 of whom were located in the San Francisco headquarters and 24 in the Boston office. The Company operates as a self-administered and self-managed real estate company and expects that it has qualified and that it will continue to qualify as a REIT for federal and state income tax purposes beginning with the year ended December 31, 1997.

RECENT DEVELOPMENTS

Acquisitions. From April 1, 1998, to May 31, 1998, the Company acquired four Industrial Properties, comprising 12 buildings and 1.3 million rentable square feet, for an aggregate purchase price of \$56.7 million.

Quarterly Distributions. On March 6, 1998, the Board of Directors of the Company, in its capacity as general partner of the Operating Partnership, declared a distribution of \$0.3425 per partnership unit, payable April 3, 1998 to partners of record on March 18, 1998. In addition, the Board of Directors declared a distribution of \$0.3425 per share of the Common Stock, payable April 3, 1998 to stockholders of record on March 18, 1998.

Investment-Grade Credit Rating. The Operating Partnership recently received credit ratings on its senior unsecured debt of Baal from Moody's Investors Service, BBB from Standard & Poors Corporation and BBB+ from Duff & Phelps Credit Rating Co. As a result of receiving these investment-grade credit ratings, the interest rate on the Operating Partnership's Credit Facility was reduced by 20 basis points to LIBOR plus 90 basis points.

The Company and the Operating Partnership were formed in connection with the Formation Transactions in November, 1997. The principal executive offices of the Company and the Operating Partnership are located at 505 Montgomery Street, San Francisco, California 94111, and their telephone number is (415) 394-9000. The Operating Partnership and the Company also maintain a regional office in Boston, Massachusetts.

23

BUSINESS AND OPERATING STRATEGIES

The Operating Partnership focuses its investment activities in industrial hub distribution markets and retail trade areas throughout the U.S. where management believes opportunities exist to acquire and develop additional properties on an advantageous basis. As of May 31, 1998, the Operating Partnership's operations were conducted through its 123 employees, 99 of whom were located in its San Francisco headquarters and 24 of whom were located in its Boston office. The Operating Partnership is a full-service real estate company with in-house expertise in acquisitions, development and redevelopment, asset management and leasing, finance and accounting and market research. The Operating Partnership has long-standing relationships with most of the real estate management firms across the country which provide local property management and leasing services to the Operating Partnership on a fee basis. See "-- Property Management."

NATIONAL PROPERTY COMPANY

As of May 31, 1998, the Operating Partnership owned 159 Properties located in 28 markets throughout the U.S. The Operating Partnership believes that its national strategy enables it to (i) increase or decrease investments in certain regions to take advantage of the relative strengths in different real estate markets; (ii) retain and accommodate tenants as they consolidate or expand, particularly in its Industrial Properties; and (iii) build brand awareness as well as customer loyalty through the delivery of consistent service and quality product. Through its presence in markets throughout the U.S., the Operating Partnership has also developed operating expertise in leasing, expense management, tenant retention strategies and property design and configuration.

TWO COMPLEMENTARY PROPERTY TYPES

Management believes its strategy of owning and operating both industrial properties and community shopping centers offers the Operating Partnership an optimal combination of growth opportunities, strong current income and increased stability through market cycles. The Operating Partnership has developed the expertise, infrastructure and management information systems to acquire, reposition, develop and operate these two property types. Management believes that its dual property strategy enables the Operating Partnership to allocate capital and organizational resources between property types according to changing market conditions and its investment strategy.

SELECT MARKET FOCUS

The Operating Partnership intends to continue its strategy of investing in industrial hub distribution markets and retail trade areas across the country to capitalize on changes in the relative economic strength of these regions. The Operating Partnership focuses on acquiring, redeveloping and operating properties in in-fill locations which are characterized by limited new construction opportunities. As the strength of these markets continues to grow and the demand for well-located properties increases, the Operating Partnership believes that it will benefit from an upward pressure on rents resulting from the increased demand combined with the relative lack of new available space.

The Operating Partnership intends to continue to focus its industrial property investment activities in six hub markets which dominate national warehouse distribution activities: Atlanta, Chicago, Dallas/Fort Worth, Los Angeles, Northern New Jersey and the San Francisco Bay Area. Among the nation's 53 major industrial markets tracked by CB Commercial/Tortoise Research, the six markets listed above accounted for approximately (i) 36% of the warehouse property inventory as of December 31, 1997 and (ii) for the three-year period ended December 31, 1997, an average of 36% of industrial property net absorption. In addition, such hub markets contain approximately 56% of the Industrial Properties based on aggregate square footage. The Operating Partnership also invests in selected regional distribution markets including Boston, Houston, Miami, Minneapolis, San Diego, Seattle and Baltimore/Washington, D.C. The Operating Partnership focuses on these established industrial markets because management believes they offer large and broadly diversified tenant bases which provide greater demand for properties over market cycles than secondary markets. In-fill locations within these markets also typically have significant barriers to new construction, including

24

geographic or regulatory supply constraints, and benefit from access to large labor supplies and well-developed transportation networks. See "Business and Properties -- Industrial Properties -- Overview of Major Target Markets."

PROPERTY MANAGEMENT

The Operating Partnership actively manages its properties through its experienced staff of 16 regional managers, each of whom specializes in the management of industrial properties or community shopping centers in designated markets. Regional, market and property-type focus provides regional managers with extensive knowledge of real estate trends and supply and demand activity in their markets as well as an effective network of local contacts who provide sources for market data, leads for new tenants and property acquisitions, and opportunities to enhance the value of the Properties. The Operating Partnership typically outsources property management to a select group of third-party local managers with whom the Operating Partnership has developed strong relationships.

The Operating Partnership's regional managers have broad responsibilities that include implementing an annual business plan for each property, formulating leasing strategies, establishing leasing terms and conditions, negotiating leases, approving and monitoring leases and capital expenditures, planning and implementing renovation, expansion and development, establishing annual operating and capital budgets and effecting dispositions. The Operating Partnership's regional managers utilize local leasing agents to identify prospective tenants and document lease transactions. Third-party local property service providers are engaged to oversee custodial property matters such as rent collection, tenant requests, maintenance and repair, and supervision of cleaning and security services. The Operating Partnership monitors the performance of its properties on a daily basis through the use of its proprietary asset information system. This management tool enables the Operating Partnership not only to monitor the operating performance of a property (and the local property manager), but also to review and communicate strategic initiatives to the local property manager on a real-time basis and to compare the property's performance to on-line budgets and objectives. The Operating Partnership also monitors the tenant service performance of its service providers in order to ensure high quality and uniform service to its tenants.

Management believes that its approach to property management and its relationships with third-party property management companies enable the Operating Partnership to more effectively manage fixed operating costs associated with a national portfolio. By employing third-party local property managers which management believes to be among the best in their respective market, the Operating Partnership can enter and exit markets efficiently without the administrative burden of retaining a large staff. Since the Operating Partnership is the customer, rather than the competitor, of third-party management firms, these firms are also a source of new acquisition opportunities in the respective markets, thus providing the Operating Partnership with greater access to transaction flow. Management believes this approach also gives the Operating Partnership a competitive advantage in capitalizing on the increasing trend among corporations to outsource their real estate service requirements to property management companies.

From January 1, 1995 through March 31, 1998, the weighted average tenant retention rate of the Properties managed by AMB, the Company's Predecessor, and owned by the Operating Partnership upon consummation of the Formation Transactions was approximately 72.9% for the Industrial Properties and approximately 83.5% for the Retail Properties, based on aggregate square footage. See "Business and Properties -- Historical Lease Renewals and Retention Rates." Management believes that these tenant retention rates reflect the success of the Operating Partnership's and the Company's operating and tenant service-driven property management strategy.

DISCIPLINED INVESTMENT PROCESS

During its 14-year history prior to the completion of the Formation Transactions and consummation of the IPO, AMB established a disciplined approach to the investment process through operating divisions that are subject to the overall policy direction of management's investment committee (the "Investment

25

Committee"). The stages in the investment process are highly integrated, with Investment Committee review at critical points in the process.

Approval of each investment is the responsibility of the Investment Committee with sponsorship from both the acquisitions officer and regional manager who will be responsible for managing the property. The initial investment recommendation is thoroughly discussed, and approval is required in order to proceed to contract and full due diligence. The approach to offer terms and transaction structure is determined as part of the initial approval and is the responsibility of the acquisitions officer. The regional manager is involved in providing and verifying underwriting assumptions and developing the operating strategy. After the due diligence review and before removing conditions to the contract, a final Investment Committee recommendation is prepared by the acquisition and asset management team. The Investment Committee conducts a complete review of the information developed during the due diligence process and either rejects or gives final approval.

AMB also established proprietary systems and procedures to manage and track a high volume of acquisition proposals, transactions and important market data. This includes an on-line open issues database that provides the Operating Partnership with current information on the status of each transaction, highlighting the issues that must be addressed prior to closing, and a database that includes and compiles data on all transaction proposals and markets reviewed by the Operating Partnership.

RENOVATION, EXPANSION AND DEVELOPMENT

The multidisciplinary background of the Operating Partnership's employees provides it with the skills and experience to capitalize on strategic renovation, expansion and development opportunities. Several of the Operating Partnership's officers have extensive experience in real estate development, both at AMB and with national development firms. The Operating Partnership generally pursues development projects in joint ventures with local developers. In this way, the Operating Partnership leverages the development skill, access to opportunities and capital of such developers, transferring a significant amount of the development risk to them and eliminating the need and expense of an in-house development staff. See "Strategies for Growth -- Growth Through Renovation, Expansion and Development."

FINANCING STRATEGY

In order to maintain financial flexibility and facilitate the rapid deployment of capital over market cycles, the Operating Partnership intends to operate with a Debt-to-Total Market Capitalization Ratio of less than 45%. Additionally, the Operating Partnership intends to continue to structure its balance sheet in order to maintain an investment grade rating on its senior unsecured debt. The Operating Partnership also intends to keep the majority of its assets unencumbered to help facilitate such rating. Upon consummation of the Offering, the Company's consolidated Debt-to-Total Market Capitalization Ratio as of March 31, 1998 on a pro forma basis would have been approximately 31.2% (approximately 29.9% on an historical basis). See "Policies with Respect to Certain Activities -- Financing Policies."

The Operating Partnership anticipates that future acquisitions will be financed through a combination of borrowings under the Credit Facility, other forms of secured or unsecured financing and proceeds from equity or debt offerings by the Company or the Operating Partnership. Additionally, the Operating Partnership's co-investment program will also serve as a source of capital, particularly when more traditional sources of capital may not be available on attractive terms. See "-- AMB Investment Management."

Borrowings under the Credit Facility bear interest at a rate equal to LIBOR plus 90 to 120 basis points (currently LIBOR plus 90 basis points), depending upon the Operating Partnership's debt rating at the time of such borrowings. The Operating Partnership expects to continue to use the Credit Facility for

acquisitions and for general corporate purposes. As of March 31, 1998, \$312.0 million was outstanding under the Credit Facility with \$148.0 million of availability. Of the \$312.0 million outstanding at March 31, 1998, substantially all of such borrowings were used to finance property acquisitions. See "Management's Discussion of Financial Condition and Results of Operations -- Liquidity and Capital Resources" and "Business and Properties -- Debt Financing."

26

AMB INVESTMENT MANAGEMENT

AMB Investment Management provides real estate investment management services on a fee basis to certain clients of AMB, the Company's predecessor, which did not participate in the Formation Transactions. The Operating Partnership presently intends to co-invest with clients of AMB Investment Management, to the extent such clients newly commit investment capital, through partnerships, limited liability companies and joint ventures. The Operating Partnership uses a co-investment formula with each client whereby the Operating Partnership will own at least a 20% interest in all ventures. As of March 31, 1998, the Operating Partnership had consummated two co-investment transactions in one partnership. See "Business and Properties -- Properties Held Through Joint Ventures, Limited Liability Companies and Partnerships." AMB Investment Management is owned by the Operating Partnership, which owns 100% of the non-voting preferred stock (representing a 95% economic interest therein), and certain officers of AMB Investment Management and certain Executive Officers, who collectively own 100% of the voting common stock (representing a 5% economic interest therein).

27

STRATEGIES FOR GROWTH

The Operating Partnership intends to achieve its objectives of long-term sustainable growth in rental revenues and maximization of long-term unitholder value principally by growth through (i) operations, resulting from improved operating margins within the portfolio while maintaining above-average occupancy, (ii) continued property acquisitions, including through the co-investment program of AMB Investment Management and (iii) renovation, expansion and development of selected properties.

GROWTH THROUGH OPERATIONS

As of March 31, 1998, the Industrial Properties owned as of such date were 94.6% leased and the Retail Properties owned as of such date were 94.6% leased. The Operating Partnership will seek to improve operating margins by taking advantage of the economies of owning, operating and growing a large-scale national portfolio. During the 12 months ended March 31, 1998, the Operating Partnership increased average rental rates by 12.3% from the expiring rent for such space, on 263 leases entered into or renewed during the 12 months ended March 31, 1998, representing 5.5 million rentable square feet or 10.9% of the aggregate rentable square footage of the Properties. During the 12 months ended March 31, 1999, leases encompassing an aggregate of 10.3 million rentable square feet (representing 20.3% of the Operating Partnership's aggregate rentable square footage as of March 31, 1998) are subject to contractual rent increases resulting in an average rent increase per rentable square foot of \$1.28, or 5.9%. Based on recent experience and current market trends, management believes it will have an opportunity to increase the average rental rate on Property leases expiring during the nine months ended December 31, 1998 covering an aggregate of 5.2 million rentable square feet. The Operating Partnership will seek to reduce the potential volatility of its operating results by managing lease expirations so that they occur within individual properties and across the entire portfolio in a staggered fashion, and by monitoring the credit and mix of tenants, particularly those in the Retail Properties.

GROWTH THROUGH ACQUISITIONS

Between January 1, 1998 and May 31, 1998, the Company acquired 27 properties comprising 8.6 million square feet. The Operating Partnership believes its significant acquisition experience and its extensive network of property acquisition sources will continue to provide opportunities for external growth. Management believes that there is a growing trend among large private institutional holders of real estate assets to shift a portion of their direct investment in real estate assets to more liquid securities such as common stock and units in publicly-traded REITs. The Operating Partnership has relationships with a number of the nation's leading pension funds and other institutional investors, many of whom have large portfolios of industrial properties and community shopping centers. Management believes that the Operating Partnership's relationship with third-party local property managers also will create acquisition opportunities as such managers market properties on behalf of

unaffiliated sellers. The Operating Partnership also will maintain relationships with institutional owners of property portfolios managed by AMB Investment Management. The Operating Partnership believes that through these relationships it will have opportunities to acquire portfolios in exchange for equity interests in the Operating Partnership, and will be well-positioned to facilitate such investors' shift from private to public real estate ownership. See "Business and Operating Strategies -- AMB Investment Management."

The structure of the Operating Partnership also provides sellers the opportunity to contribute properties to the Operating Partnership on a tax-deferred basis in exchange for Units. The Operating Partnership believes that its ability to offer tax-deferred transactions to sellers will enhance its attractiveness to owners and developers seeking to transfer properties on a tax-deferred basis.

The Company is generally in various stages of negotiations for a number of acquisitions, which may include acquisitions of individual properties, large multi-property portfolios and other real estate companies. Such acquisitions, if consummated, may be material individually or in the aggregate. Sources of capital for acquisitions may include undistributed cash flow, borrowings under the Credit Facility, issuances of debt or equity securities of the Operating Partnership or the Company and assumption of debt related to the assets being acquired.

GROWTH THROUGH RENOVATION, EXPANSION AND DEVELOPMENT

Management believes that renovation and expansion of value-added properties and development of well-located, high-quality industrial properties and community shopping centers should continue to provide the Operating Partnership with attractive opportunities for increased cash flow and a higher rate of return than may be obtained from the purchase of fully leased, renovated properties. Value-added properties are typically characterized as properties with available space or near-term leasing exposure, properties which are well-located but require redevelopment or renovation, and occasionally undeveloped land acquired in connection with another property that provides an opportunity for development. Such properties require significant management attention and/or capital investment to maximize their return.

USE OF PROCEEDS

The net proceeds from the Offering are expected to be approximately \$ million, after deducting Underwriters' discounts and commissions and estimated offering expenses of approximately \$ million. The Operating Partnership intends to use all of the net proceeds to repay borrowings outstanding under the Credit Facility, which was incurred to fund property acquisitions. Pending application of the net proceeds, the Operating Partnership may invest such portion of the net proceeds in interest-bearing accounts and short-term, interest-bearing securities. As of March 31, 1998, the weighted average interest rate on such borrowings expected to be repaid with the net proceeds of the Offering was approximately 6.8% and the maturity was approximately 2.6 years. All of such indebtedness was incurred within the 12-month period ended March 31, 1998.

SELECTED FINANCIAL AND OTHER DATA

OPERATING PARTNERSHIP AND AMB CONTRIBUTED PROPERTIES

The following table sets forth selected financial and other data on an historical basis for the Operating Partnership for the period from November 26, 1997 to December 31, 1997 and for the three months ended March 31, 1998 and for the AMB Contributed Properties for the years ended December 31, 1993, 1994, 1995 and 1996, the period from January 1, 1997 to November 25, 1997 and the three months ended March 31, 1997, and on an as adjusted basis for the Operating Partnership for the year ended December 31, 1997 (giving effect to the Formation Transactions, the IPO and certain property acquisitions and dispositions in 1997). The historical financial information contained in the tables should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations," the Consolidated Financial Statements and accompanying Notes thereto and the financial schedules included elsewhere in this Prospectus.

(1) Represents the AMB Contributed Properties historical combined financial and other data for the years ended December 31, 1993, 1994, 1995 and 1996, the period from January 1, 1997 through November 25, 1997 and for the three months ended March 31, 1997.

(2) For the period from November 26, 1997 to December 31, 1997.

(3) As adjusted financial and other data have been prepared as if the Formation Transactions, the IPO and certain property acquisitions and dispositions in 1997 had occurred on January 1, 1997.

(4) Pro forma financial and other data have been prepared as if the Formation Transactions, the IPO, certain property acquisitions and dispositions in 1997, the property acquisitions in 1998 and the Offering had occurred on January 1, 1997.

(5) Historical, as adjusted and pro forma net income per basic unit for the

year ended December 31, 1997 equals the historical, as adjusted and pro forma net income divided by 88,416,676, 88,416,678 and 89,523,120 units, respectively. Historical and pro forma net income per basic unit for the three months ended March 31, 1998 equals the historical and pro forma net income divided by 88,428,969 and 89,523,120 units respectively. Historical, as adjusted and pro forma net income per diluted unit for the year ended December 31, 1997 equal the historical, as adjusted and pro forma net income divided by 88,698,719, 88,698,719 and 89,805,163 units, respectively. Historical and pro forma net income per diluted unit for the three months ended March 31, 1998 equals the historical and pro forma net income divided by 88,839,192 units and 89,933,343 units, respectively.

- (6) EBITDA is computed as income from operations before disposal of properties and minority interests plus interest expense, income taxes, depreciation and amortization. Management believes that in addition to cash flows and net income, EBITDA is a useful financial performance measure for assessing the operating performance because, together with net income and cash flows, EBITDA provides investors with an additional basis to evaluate the ability of a REIT to incur and service debt and to fund acquisitions and other capital expenditures.
- (7) The ratio of earnings to fixed charges is computed as income from operations before minority interests plus fixed charges (excluding capitalized interest) divided by fixed charges. Fixed charges consist of interest costs (including amortization of debt premiums and financing costs), whether capitalized or expensed, and the interest component of rental expense.
- (8) The book debt service coverage ratio is calculated as EBITDA divided by book interest expense (including amortization of debt premiums and discounts and financing costs).
- (9) The cash debt service coverage ratio is calculated as EBITDA divided by cash interest costs. Cash interest costs consist of book interest expense (excluding amortization of debt premiums and discounts and financing costs) plus capitalized interest.
- (10) Secured debt as of December 31, 1997 and March 31, 1998 includes unamortized debt premiums and discounts of approximately \$18,286 and \$17,542, respectively. See Notes to Consolidated Financial Statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of the consolidated financial condition and results of operations should be read in conjunction with the "Notes to Consolidated Financial Statements" and "Selected Financial and Other Data" of the Operating Partnership and the Company. Statements contained herein which are not historical facts may be forward-looking statements. Such statements are subject to certain risks and uncertainties which could cause actual results to differ materially from those projected. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof.

GENERAL

The discussion below is presented as follows: (i) results of the Company and its Predecessor for the years ended December 31, 1995, 1996 and 1997 and for the three months ended March 31, 1997 and 1998, and (ii) results of the Operating Partnership and the AMB Contributed Properties for the years ended December 31, 1995, 1996 and 1997 and for the three months ended March 31, 1997 and 1998. Because the Operating Partnership commenced its operations in connection with the consummation of the IPO on November 26, 1997 and had no predecessor, the discussion of the Operating Partnership provides a comparison to the AMB Contributed Properties in lieu of a discussion of the historical operations of the Operating Partnership.

The historical results of the Company for the year ended December 31, 1997 include its results, including property operations, for the period from November 26, 1997 to December 31, 1997 and the results of the Company's Predecessor, an investment manager, for the period from January 1, 1997 to November 25, 1997. As an investment manager, the Predecessor's revenues consisted primarily of fees earned in connection with real estate management services. Management's discussion and analysis of the Company and Predecessor for the years ended December 31, 1995, 1996 and 1997 and for the three months ended March 31, 1997 and 1998 is limited to investment management and other income and general and administrative expenses, and excludes a discussion of rental revenues, operating expenses, interest expense and depreciation and amortization because such analysis is not comparable or meaningful given the differences in lines of business between the Company's and the Predecessor's.

The historical results of the Operating Partnership for the year ended December 31, 1997 include the results achieved by the Operating Partnership for

the period from November 26, 1997 (date of completion of Formation Transaction) to December 31, 1997 and the results achieved by the AMB Contributed Properties for the period from January 1, 1997 to November 25, 1997.

COMPANY AND PREDECESSOR RESULTS OF OPERATIONS

COMPANY AND PREDECESSOR -- THREE MONTHS ENDED MARCH 31, 1998 AND 1997

Rental revenues. Rental revenues, including straight-line rents, tenant reimbursements and other property related income, totaled \$74.6 million for the three months ended March 31, 1998. The Predecessor's revenues consisted primarily of fees earned in connection with real estate management services. As such, no such rental revenues existed for the Predecessor for the three months ended March 31, 1997.

Property operating expenses and real estate taxes. Property operating expenses, including asset management costs and real estate taxes, totaled \$20.3 million for the three months ended March 31, 1998. The Predecessor's expenses consisted primarily of salaries and other general and administrative costs. As such, no such property operating expenses existed during the three months ended March 31, 1997.

General and administrative expenses. The Company's general and administrative expenses were \$2.7 million for the three months ended March 31, 1998, as compared to the Predecessor's investment management expenses of \$3.9 million for the three months ended March 31, 1997. Investment management expenses of the Predecessor consisted primarily of salaries and other general and administrative expenses. The \$1.2 million, or 31%, decrease in general and administrative expenses is attributable to the change in the operations of the Company, from an investment manager to a fully integrated real estate company, and the

35

formation of AMB Investment Management. In connection with the Formation Transactions, AMB Investment Management assumed employment and other related costs of certain employees who transferred from the Predecessor to AMB Investment Management for the purpose of carrying on the investment management business.

COMPANY AND PREDECESSOR -- YEARS ENDED DECEMBER 31, 1997 AND 1996

Investment management and other income. Investment management and other income for the period from January 1, 1997 to November 25, 1997 was \$29.0 million, which on an annualized basis represents a 34.1% increase over the year ended December 31, 1996. The increase reflects the growth in the portfolio under management. Investment management and other income for the period from November 26, 1997 to December 31, 1997 was \$0.6 million.

General and administrative expenses. General and administrative expenses for the period from January 1, 1997 to November 25, 1997 were \$19.4 million, which represents a 27.7% increase on an annualized basis over the year ended December 31, 1996. The increase was attributable to an increase in staffing that resulted from the growth in the portfolio under management.

PREDECESSOR -- YEARS ENDED DECEMBER 31, 1996 AND 1995

Investment management and other income. Investment management and other income for the years ended December 31, 1996 and 1995 was \$24.0 million and \$16.9 million, respectively, an increase of 42.0%. The increase from 1995 to 1996 was primarily due to management fees associated with a growing portfolio and increased economies of scale from managing this larger portfolio.

General and administrative expenses. General and administrative expenses for the years ended December 31, 1996 and 1995 were \$16.9 million and \$13.6 million, respectively, reflecting the increase in size of the portfolio under management.

OPERATING PARTNERSHIP AND AMB CONTRIBUTED PROPERTIES RESULTS OF OPERATIONS

The historical results of operations of the Operating Partnership and AMB Contributed Properties for periods prior to November 26, 1997 include Properties that were managed by the Predecessor and exclude the results of four properties that were contributed to the Operating Partnership in the Formation Transactions that were not previously managed by the Predecessor. In addition, the historical results of operations include the results of Properties acquired after November 26, 1997, from the date of acquisition of such Properties to December 31, 1997.

The historical property financial data presented herein show significant increases in revenues and expenses principally attributable to substantial portfolio growth. As a result, the Operating Partnership does not believe the year-to-year financial data are comparable. Therefore, the analysis below shows (i) changes resulting from Properties that were held during the entire period

for both years being compared (the "Core Portfolio") and (ii) changes attributable to acquisition and development activity. For comparison between the three months ended March 31, 1997 and 1998, the Core Portfolio consists of 77 properties acquired prior to January 1, 1997, and for the comparison between the years ended December 31, 1997 and 1996, the Core Portfolio consists of the 59 Properties acquired prior to January 1, 1996, and for the comparison between the years ended December 31, 1996 and 1995, the Core Portfolio consists of the 42 Properties acquired prior to January 1, 1995. The Operating Partnership's future financial condition and results of operations, including rental revenues, may be impacted by the acquisition of additional properties. No assurance can be given that the past trends of revenues, expenses or income of the Operating Partnership will continue in the future at their historical rates, and any variation therefrom may be material.

OPERATING PARTNERSHIP AND AMB CONTRIBUTED PROPERTIES -- THREE MONTHS ENDED MARCH 31, 1998 AND 1997

Rental revenues. Rental revenues, including straight-line rents, tenant reimbursement and other property related income, increased by \$19.7 million, or 36%, for the three months ended March 31, 1998, to

36

\$74.6 million as compared to \$54.9 million for the three months ended March 31, 1997. Approximately \$3.1 million, or 16% of this increase, was attributable to the Core Portfolio, with the remaining \$16.6 million attributable to Properties acquired in 1997 and 1998. The 6% growth in rental revenues in the Core Portfolio resulted primarily from the incremental effect of rental rate increases, changes in occupancy and reimbursement of expenses. In 1998, the Company increased average contractual or base rental rates on the Properties by 16.4% on 52 new and renewing leases totaling 1.3 million rentable square feet (representing 2.6% of the Properties' aggregate rentable square footage).

Property operating expenses and real estate taxes. Property operating expenses, including asset management costs and real estate taxes, increased by \$0.9 million, or 4%, for the three months ended March 31, 1998, to \$20.3 million as compared to \$19.4 million for the three months ended March 31, 1997. Core Portfolio operating expenses decreased by approximately \$3.1 million, while operating expenses attributable to Properties acquired in 1998 and 1997 increased by \$4.0 million. The change in Core Portfolio operating expenses and real estate taxes relates to: (i) Core Portfolio real estate taxes and insurance expense increased by approximately \$0.2 million from 1997 to 1998, while (ii) Core Portfolio other property operating expenses (excluding real estate taxes and insurance) decreased by approximately \$3.3 million from 1997 to 1998. The large decrease in other property operating expenses is attributable to lower asset management costs in 1998 as compared to 1997 that resulted from the change in ownership structure.

Interest expense. Interest expense for the three months ended March 31, 1997 and March 31, 1998 remained constant at \$11.8 million. This was the result of an increase in interest expense resulting from debt incurred to fund property acquisitions being offset by a decrease in interest expense resulting from the amortization of debt premiums of \$0.7 million in the three months ended March 31, 1998 and an increase in capitalized interest related to developments in-process.

Depreciation and amortization expense. Depreciation and amortization expense increased by \$2.9 million, or 33%, for the three months ended March 31, 1998, to \$11.8 million as compared to \$8.9 million for the three months ended March 31, 1997. This increase was attributable to substantial growth in the number of properties owned by the Operating Partnership.

General, administrative and other expenses. General, administrative and other expenses increased by \$2.5 million for the three months ended March 31, 1998, to \$2.7 million as compared to \$0.2 million for the three months ended March 31, 1997. This increase was attributable to the changes in operations resulting primarily from the change in the character of the Operating Partnership's business.

OPERATING PARTNERSHIP AND AMB CONTRIBUTED PROPERTIES -- YEARS ENDED DECEMBER 31, 1997 AND 1996

Rental revenues. Rental revenues, including tenant reimbursements and other property related income, increased by \$67.5 million, or 40.6%, for the year ended December 31, 1997, to \$233.9 million as compared to \$166.4 million for the year ended December 31, 1996. Approximately \$8.8 million, or 13.0% of this increase, was attributable to the Core Portfolio, with the remaining \$58.7 million attributable to Properties acquired in 1996 and 1997. The 6.3% growth in rental revenues in the Core Portfolio resulted primarily from the incremental effect of rental rate increases and reimbursement of expenses. In 1997, the Operating Partnership increased average contractual or base rental rates on the Properties by 12% on 393 new and renewing leases totaling 7.5 million rentable square feet (representing 17.2% of the Properties' aggregate rentable square footage).

Property operating expenses and real estate taxes. Property operating expenses and real estate taxes increased by \$25.6 million, or 46.3%, for the year ended December 31, 1997, to \$80.9 million as compared to \$55.3 million for the year ended December 31, 1996. Approximately \$3.4 million of this increase was attributable to the Core Portfolio, with the remaining \$22.2 million attributable to Properties acquired in 1997 and 1996. Core Portfolio real estate taxes and insurance expense increased by approximately \$1.4 million from 1996 to 1997. Core Portfolio other property operating expenses (excluding real estate taxes and insurance) increased by \$2.0 million from 1996 to 1997. The increases in expenses are primarily due to increases in property tax assessment values and incentive management fees expense.

37

Interest expense. Interest expense increased by \$21.6 million, or 80.3%, for the year ended December 31, 1997, to \$48.5 million as compared to \$26.9 million for the year ended December 31, 1996. Interest expense related to the Core Portfolio increased by \$11.6 million due to the placement of debt on certain properties, while financing related to properties acquired in 1997 and 1996 added \$10.0 million to interest expense.

Depreciation and amortization expense. Depreciation and amortization expense increased by \$8.2 million, or 28.7%, for the year ended December 31, 1997, to \$36.8 million as compared to \$28.6 million for the year ended December 31, 1996. The increase was attributable to substantial growth in the number of properties owned by the Operating Partnership. Depreciation and amortization includes depreciation of capital and tenant improvements and amortization of leasing commissions.

General, administrative and other expenses. General, administrative and other expenses increased by \$1.2 million or 150%, for the year ended December 31, 1997, to \$2.0 million as compared to \$0.8 million for the year ended December 31, 1996. The increase was attributable to the changes in operations resulting primarily from the change in the character of the Operating Partnership's business.

Interest and other income. Interest and other income decreased by \$0.1 million, or 7%, for the year ended December 31, 1997, to \$1.4 million as compared to \$1.5 million for the year ended December 31, 1996. This decrease was primarily due to lower average cash balances.

AMB CONTRIBUTED PROPERTIES -- YEARS ENDED DECEMBER 31, 1996 AND 1995

Rental revenues. Rental revenues, including tenant reimbursements and other property related income, increased by \$60.2 million, or 56.7%, for the year ended December 31, 1996, to \$166.4 million as compared to \$106.2 million for the year ended 1995. Approximately \$7.5 million, or 12.5% of this increase, was attributable to the Core Portfolio, with the remaining \$52.7 million attributable to Properties acquired in 1996 and 1995. The 8.6% growth in rental income in the Core Portfolio resulted primarily from rental rate increases.

Property operating expenses and real estate taxes. Property operating expenses and real estate taxes increased by \$18.4 million, or 49.9%, for the year ended December 31, 1996, to \$55.3 million as compared to \$36.9 million for the year ended December 31, 1995. Approximately \$1.6 million of this increase was attributable to the Core Portfolio, with the remaining \$16.8 million attributable to Properties acquired in 1996 and 1995. The Core Portfolio had an increase of approximately \$1.0 million in real estate tax and insurance expense. The other property operating expenses (excluding real estate taxes and insurance) for the Core Portfolio increased by \$0.6 million from 1995 to 1996. The increases in expenses are primarily due to increases in property tax assessment values and miscellaneous expenses.

Interest expense. Interest expense increased by \$6.4 million, or 31.2%, for the year ended December 31, 1996, to \$26.9 million as compared to \$20.5 million for the year ended December 31, 1995. Interest expense related to the Core Portfolio increased by \$3.2 million, while financing related to Properties acquired in 1996 and 1995 added \$3.2 million to interest expense.

Depreciation and amortization expense. Depreciation and amortization expense increased by \$11.1 million, or 63.4%, for the year ended December 31, 1996, to \$28.6 million as compared to \$17.5 million for the year ended December 31, 1995. The increase was attributable to substantial growth in the number of properties owned by the Company. Depreciation and amortization includes depreciation of capital and tenant improvements and amortization of leasing commissions.

General, administrative and other expenses. General, administrative and other expenses remained unchanged at \$0.8 million for the years ended December 31, 1996 and December 31, 1995. General, administrative and other expenses as a percentage of total revenues was 0.5% for the year ended December 31, 1996 and 0.7% for the year ended December 31, 1995.

Interest and other income. Interest income decreased by \$0.6 million, or 28.6%, for the year ended December 31, 1996, to \$1.5 million as compared to \$2.1

million for the year ended December 31, 1995. This decrease was primarily due to lower average cash balances.

LIQUIDITY AND CAPITAL RESOURCES

The Company and the Operating Partnership expect that their principal sources of working capital and funding for acquisitions, development, expansion and renovation of the Properties will include their unsecured credit facility, permanent secured debt financing, proceeds from public and private unsecured debt offerings, proceeds from public and private equity offerings (including issuances of Units) and cash flows provided by operations. Management believes that its sources of working capital and its ability to access private and public debt and equity capital are adequate to continue to meet liquidity requirements for the foreseeable future.

Capital Resources

The Operating Partnership has a \$500.0 million unsecured revolving credit agreement with Morgan Guaranty Trust Company of New York as agent, and a syndicate of 12 other banks. The Credit Facility has a term of three years, and is subject to a fee that accrues on the daily average undrawn funds, which varies between 15 and 25 basis points of the undrawn funds based on the Operating Partnership's credit rating. The Operating Partnership uses the Credit Facility principally for acquisitions and for general working capital requirements. Borrowings under the Credit Facility bear interest at LIBOR plus 90 to 120 basis points, depending on the Operating Partnership's debt rating at the time of such borrowings. As of March 31, 1998, the outstanding balance on the Credit Facility was \$312.0 million and bore interest at LIBOR plus 110 basis points (6.79% as of such date). Monthly debt service payments on the Credit Facility are interest only. The Credit Facility matures in November 2000. See Notes to Consolidated Financial Statements. The total amount available under the Credit Facility fluctuates based upon the borrowing base, as defined in the agreement governing the Credit Facility. Currently, the maximum amount available is approximately \$460 million.

The Operating Partnership recently received credit ratings on its senior unsecured debt of Baal from Moody's Investors Service, BBB from Standard & Poor's Corporation and BBB+ from Duff & Phelps Credit Rating Co. As a result of receiving these investment-grade credit ratings, the interest rate on the Operating Partnership's Credit Facility was reduced by 20 basis points to LIBOR plus 90 basis points.

In connection with the recent property acquisitions and the Formation Transactions, the Operating Partnership has assumed various mortgages and other secured debt. As of March 31, 1998, the aggregate principal amount of such secured debt was \$592.6 million, excluding unamortized debt premiums of \$17.5 million. The secured debt bears interest at rates varying from 7.01% to 10.39% per annum (with a weighted average of 8.01%) and final maturity dates ranging from 1998 to 2014.

As of March 31, 1998, the Operating Partnership's total outstanding debt was approximately \$922.1 million, including unamortized debt premiums of approximately \$17.5 million. See Notes to Consolidated Financial Statements. The total amount of debt to be repaid in 1998 is approximately \$53.7 million, including normal principal amortization of approximately \$5.6 million and \$35.0 million of assumed secured debt, which was repaid in full subsequent to March 31, 1998.

In order to maintain financial flexibility and facilitate the rapid deployment of capital through market cycles, the Company presently intends to operate with a debt-to-total market capitalization ratio of less than 45%. Additionally, the Operating Partnership intends to structure its balance sheet in order to maintain an investment grade rating on its senior unsecured debt. The Operating Partnership intends to keep the majority of its assets unencumbered to facilitate such rating. As of March 31, 1998, the Operating Partnership's debt-to-total market capitalization ratio was approximately 29.9%.

Liquidity

As of March 31, 1998, the Operating Partnership had approximately \$28.6 million in cash and cash equivalents and \$148.0 million of additional available borrowings under the Credit Facility. The Operating Partnership intends to use cash from operations, available borrowings under its Credit Facility and net proceeds from the anticipated issuance of the Notes to fund acquisitions and capital expenditures and to provide for general working capital requirements.

quarterly cash distribution of \$0.3425 per common share and unit, payable April 3, 1998 to stockholders and unitholders of record on March 18, 1998.

The anticipated size of the Company and the Operating Partnership's distributions, using only cash from operations, will not allow them to retire all of their debt as it comes due. Therefore, the Company and the Operating Partnership intends to also repay maturing debt with net proceeds from future debt and/or equity financings. No assurance can be given, however, that future financings will be available to the Company and the Operating Partnership or that the terms of any such financings will be favorable from the Company's perspective.

Capital Commitments

In addition to recurring capital expenditures and costs to renew or re-tenant space, the Operating Partnership is currently in the process of renovating, expanding or developing 10 projects at a total estimated cost of \$211.0 million. The Operating Partnership presently expects to fund these expenditures with cash from operations, borrowings under the Credit Facility or debt or equity issuances. Other than these capital items, the Company has no material capital commitments. During the period from January 1, 1998 to March 31, 1998, the Operating Partnership acquired 56 industrial buildings and two retail centers, aggregating 6.9 million rentable square feet for a total cost of \$272.1 million. The acquisitions were funded through borrowings under the Credit Facility, cash, debt assumption of approximately \$83.5 million, an investment from a co-investment partner of approximately \$37.0 million and the issuance of Units with a value of approximately \$25.8 million at the date of issuance. The Operating Partnership expects that its funds from operations and availability under its Credit Facility will be sufficient to meet expected capital commitments for the next 12 months.

INFLATION

Substantially all of the industrial and retail leases require the tenant to pay, as additional rent, a portion of any increases in real estate taxes and operating expenses over a base amount. In addition, many of the industrial and retail leases provide for fixed increases in base rent or indexed escalations (based on the Consumer Price Index or other measures). Management believes that inflationary increases in operating expenses will be offset, in part, by the expense reimbursements and contractual rent increases described above.

Leases representing approximately 5.9% of the Operating Partnership's total rentable square feet provide for rent increases based upon changes in the Consumer Price Index. The remainder of the Operating Partnership's leases provide for fixed rental payments, of which a majority include predetermined rent increases at various points in time during the lease term.

YEAR 2000 COMPLIANCE

The Company's and the Operating Partnership's current financial systems adequately provide for a four-digit year and management believes the year 2000 issue will not materially affect its business operations or financial condition. Additionally, the Company and the Operating Partnership currently do not expect that the year 2000 issue will materially affect their operations due to problems encountered by their suppliers, customers and lenders.

FUNDS FROM OPERATIONS

Management believes that FFO, as defined by NAREIT, is an appropriate measure of performance for an equity REIT. While FFO is a relevant and widely used measure of the operating performance of REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to those indicators in evaluating liquidity or operating performance.

The following table reflects the calculation of the Operating Partnership's FFO on an historical basis for the three months ended March 31, 1998, on an as adjusted basis (giving effect to the completion of the Formation Transactions, the IPO and certain 1997 property acquisitions and dispositions) for the year ended

December 31, 1997 and on a pro forma basis (giving effect to the Formation Transactions, the IPO, certain 1997 property acquisitions and dispositions, the property acquisitions in 1998 and the Offering and the application of the net proceeds therefrom, as if such transactions had occurred on January 1, 1997) for the year ended December 31, 1997 and the three months ended March 31, 1998. FFO is not presented for the Operating Partnership and the AMB Contributed Properties on an historical basis for the year ended December 31, 1997 because it is not comparable or meaningful due to the significant differences in capital structures between the Operating Partnership and the prior owners of the AMB

Contributed Properties.

(1) The White Paper defines Funds from Operations as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from debt restructuring and sales of properties, plus real estate-related depreciation and amortization. Management considers FFO an appropriate measure of performance of an equity REIT because it is predicated on cash flow analyses. The Company computes FFO in accordance with standards established by the White Paper, which may differ from the methodology for calculating FFO utilized by other REITs and, accordingly, may not be comparable to such other REITs. FFO should not be considered as an alternative to net income (determined in accordance with GAAP) as an indicator of the Properties' financial performance or to cash flow from operating activities (determined in accordance with GAAP) as an indicator of the Properties' liquidity, nor is it indicative of funds available to fund the Properties' cash needs, including the Operating Partnership's ability to make distributions.

(2) Represents FFO attributable to minority interests in consolidated joint ventures for the period presented, which has been computed as minority interests' share of net income before disposal of properties plus minority interests' share of real estate-related depreciation and amortization of the consolidated joint ventures for such period. Such minority interests are not convertible into shares of Common Stock.

BUSINESS AND PROPERTIES

As of March 31, 1998, the Operating Partnership owned 155 properties aggregating 50.8 million rentable square feet and located in 28 markets nationwide. The following table summarizes the diversification by region of the Industrial and Retail Properties owned as of March 31, 1998:

INDUSTRIAL PROPERTIES

At March 31, 1998, the Operating Partnership owned 118 Industrial Properties (comprising 415 buildings) aggregating approximately 44.0 million rentable square feet, located in 23 markets nationwide. The Industrial Properties accounted for \$178.4 million of Annualized Base Rent, or 70% of the Company's Annualized Base Rent for the Properties as of March 31, 1998. The Industrial Properties were 94.6% leased to over 1,000 tenants as of the same date, the largest of which accounted for no more than 1.3% of Annualized Base Rent from the Industrial Properties. The historical weighted average tenant retention rate for the Industrial Properties for the period beginning January 1, 1995 through March 31, 1998 was approximately 72.9%.

Property Characteristics. The Industrial Properties, which consist primarily of warehouse distribution facilities suitable for single or multiple tenants, are typically comprised of multiple buildings (an average of five) and generally range between 300,000 and 600,000 rentable square feet, averaging 475,000 rentable square feet per Property. The following table identifies characteristics of the typical industrial buildings:

<TABLE>
<CAPTION>

Lease Terms. The Industrial Properties are typically subject to lease on a "triple net basis," defined as leases in which tenants pay their proportionate share of real estate taxes, insurance and operating costs, or subject to leases on a "modified gross basis," defined as leases in which tenants pay expenses over certain threshold levels. Lease terms typically range from three to ten years, with an average of six years, excluding renewal options. The majority of the industrial leases do not include renewal options.

Overview of Major Target Markets. The Properties are concentrated in national hub distribution markets such as Atlanta, Chicago, Dallas/Fort Worth, Los Angeles, Northern New Jersey and the San Francisco Bay Area because management believes their strategic location, transportation network and infrastructure, and large consumer and manufacturing base support strong demand for industrial space. The six national hub markets listed above are the nation's largest warehouse markets and, as of December 31, 1997, comprised 36%

of the warehouse inventory of the 53 industrial markets tracked by CB Commercial/Torto Wheaton Research. As of December 31, 1997, the combined population of these markets was approximately 37.2 million, and the amount of per capita warehouse space was 19% above the average for such 53 industrial markets. As set forth in the table below, these six markets contained five of the ten busiest cargo airports and three of the ten busiest container ports.

Markets in which the Operating Partnership owns Industrial Properties are in bold. "*" denotes each of the six national hub markets as characterized by the Company.

Within these metropolitan areas, the Industrial Properties are concentrated in in-fill locations (areas which are typified by high population densities and low levels of available land that could be developed into competitive industrial or retail properties) within established, relatively large submarkets (markets within a metropolitan area in which the competitive environment for one or more property types is largely dependent upon the supply of such property type in such market rather than the supply of such property type in other portions of such metropolitan area) which the Operating Partnership believes will provide a higher rate of occupancy and rent growth. These in-fill locations are typically near major ports or airports, have good access to freeways and rail lines, are proximate to a diverse labor pool, and have limited land available for new construction. There is broad demand for industrial space in these centrally located submarkets due to a diverse mix of industries and types of industrial uses, including warehouse distribution, light assembly and manufacturing. The Operating Partnership generally avoids locations at the periphery of metropolitan areas where there are fewer supply constraints. Similarly, small metropolitan areas or cities without a heavy concentration of warehouse activity typically have few, if any, supply-constrained locations.

INDUSTRIAL PROPERTY SUMMARY

As of March 31, 1998, the 415 buildings comprising the Industrial Properties were diversified across 23 markets nationwide. Only two of the Industrial Properties represent individually more than 3.5% of the Annualized Base Rent of the Industrial Properties as of such date. The average age of the

Industrial Properties is 12 years (since the time the property was built or substantially renovated), which the Operating Partnership believes should result in lower operating costs over the long term. Ownership of each Property is in fee simple unless otherwise noted.

RETAIL PROPERTIES

At March 31, 1998, the Operating Partnership owned 37 Retail Properties aggregating approximately 6.8 million rentable square feet, 33 of which are grocer-anchored. As of March 31, 1998, the Retail Properties were 94.6% leased to over 900 tenants, the largest of which accounted for approximately 3.0% of Annualized Base Rent from the Retail Properties as of such date. The Retail Properties have an average age of five years since built, expanded or renovated. The historical weighted average tenant retention rate for the Retail Properties for the period beginning January 1, 1995 through March 31, 1998 was approximately 83.5%, based on 0.8 million rentable square feet of expiring leases.

The Retail Properties generally are located in supply-constrained trade areas (those trade areas typified by significant population densities, a limited number of existing retailers, such as grocers, and a low availability of land which could be developed into competitive space for additional competitive retailers) of 16 major metropolitan areas. The Operating Partnership's national operating strategy for the community shopping center business is based on detailed research regarding these target trade areas which typically have high population densities and above-average income levels. The two graphs below compare the population density and income levels surrounding the Operating Partnership's retail centers to the national averages.

Management believes that the characteristics of its trade areas tend to result in centers with above-average retail sales. The graph below compares the average sales of the Retail Properties' grocer anchors to the national average for grocers.

RECURRING TENANT IMPROVEMENTS AND LEASING COMMISSIONS

The tables below summarize for Industrial Properties and Retail Properties, separately, the recurring tenant improvements and leasing commissions for the periods presented. The recurring tenant improvements and leasing commissions represent costs incurred to lease space after the initial lease term of the initial tenant, excluding costs incurred to relocate tenants as part of a re-tenanting strategy. The tenant improvements and leasing commissions set forth below are not necessarily indicative of future tenant improvements and leasing commissions. See "Risk Factors -- General Real Estate Risks -- Possibility Inability to Complete Renovation and Development on Advantageous Terms."

- (1) Renovation with respect to a Property means capital improvements which have totaled 20% or more of the total cost of such Property within a 24-month period or which have resulted in material improvement of physical condition. Expansion with respect to a Property means construction resulting in an increase in the rentable square footage of an existing structure or the development of additional buildings on a property on which existing buildings are located. Development with respect to a Property means new construction on a previously undeveloped location.
- (2) Estimated stabilization date means management's estimate of when capital improvements for repositioning, development and redevelopment programs will have been completed and in effect for a sufficient period of time (but in no case more than 12 months after shell completion) to achieve market occupancy of at least 95%.
- (3) Represents total estimated cost of renovation, expansion or development, including initial acquisition costs. The estimates are based on the Operating Partnership's current planning estimates and forecasts and therefore subject to change.

PROPERTIES HELD THROUGH JOINT VENTURES, LIMITED LIABILITY COMPANIES AND PARTNERSHIPS

As of March 31, 1998, the Operating Partnership held interests in 12 joint ventures, limited liability companies and partnerships (collectively, the "Joint Ventures") with certain unaffiliated third parties (the "Joint Venture Participants"). Pursuant to the existing agreements with respect to each Joint Venture, the Operating Partnership holds a greater than 50% interest in 11 of the Joint Ventures and a 50% interest in the twelfth Joint Venture, but in certain cases such agreements provide that the Operating Partnership is a limited partner or that the Joint Venture Participant is principally responsible for day-to-day management control of the Property (though in all such cases, the Operating Partnership has approval rights with respect to significant decisions involving the underlying properties). Under the agreements governing the Joint Ventures, the Operating Partnership and the Joint Venture Participant may be required to make additional capital contributions, and subject to certain limitations, the Joint Ventures may incur additional debt. Such additional indebtedness would effectively be senior to the Notes. See "Risk Factors -- Ranking of the Notes." Such agreements also impose certain restrictions on the transfer of the interest in the Joint Venture by the Operating Partnership or the Joint Venture Participant, and provide certain rights to the Operating Partnership and/or the Joint Venture Participant to sell its interest to the Joint Venture or to the other

venturer on terms specified in the agreement. All of the Joint Ventures terminate in the year 2024 or later, but may end earlier if a Joint Venture ceases to hold any interest in or have any obligations relating to the property held by such Joint Venture. See "Risk Factors -- Impact on Control Over and Liabilities with Respect to Properties Owned Through Partnerships and Joint Ventures."

The following table sets forth certain information regarding the Joint Ventures as of March 31, 1998:

DEBT FINANCING

The Operating Partnership's financing policies and objectives are determined by the Company's Board of Directors and may be altered without the consent of the Company's stockholders. The organizational documents of the Operating Partnership and the Company do not limit the amount of indebtedness that either may incur. The Company presently intends to limit the Debt-to-Total Market Capitalization Ratio to approximately 45%. As of March 31, 1998, on a pro forma basis after giving effect to the Offering and the application of the net proceeds therefrom as described in "Use of Proceeds," the Company's consolidated Debt-to-Total Market Capitalization Ratio as of March 31, 1998 on a pro forma basis would have been approximately 31.2% (29.9% on an historical basis). The Operating Partnership believes that the Debt-to-Total Market Capitalization Ratio is a useful indicator of a company's ability to incur indebtedness and has gained acceptance as an indicator of leverage for real estate companies. The Operating Partnership intends to utilize one or more sources of capital for future acquisitions, including development and capital improvements, which may include undistributed cash flow, borrowings under the Credit Facility, issuance of debt or equity securities of either the Operating Partnership or the Company, funds from its co-investment partners and other bank and/or institutional borrowings. There can be no assurance, however, that the Operating Partnership will be able to obtain capital for any such acquisitions, developments or improvements on terms favorable to the Operating Partnership. See "Strategies for Growth -- Growth Through Acquisition."

Unsecured Debt. The Operating Partnership is party to the Credit Facility with aggregate availability of \$500 million (subject to borrowing base limitations). The Operating Partnership intends to use the Credit Facility principally for acquisitions and for working capital purposes. Borrowings under the Credit Facility bear interest at a floating rate equal to LIBOR plus 90 to 120 basis points (currently LIBOR plus 90 basis points), depending upon the Operating Partnership's debt rating at the time of such borrowings. As of March 31, 1998, \$312.0 million was outstanding under the Credit Facility, with \$148.0 million of availability. Of the \$312.0 million outstanding as of March 31, 1998, substantially all of such borrowings were used to finance property acquisitions.

The Company's ability to borrow under the Credit Facility is subject to the Operating Partnership's ongoing compliance with a number of financial and other covenants. The Credit Facility requires that: (i) the Operating Partnership maintain a ratio of unencumbered property value to unsecured indebtedness of at

least 2 to 1; (ii) the unencumbered properties generate sufficient net operating income to maintain a debt service coverage ratio of at least 2 to 1; (iii) the Operating Partnership maintain a total indebtedness to total asset value ratio of not more than 0.5 to 1; (iv) the ratio of net operating cash flow to debt service plus estimated capital expenditures and preferred dividends be at least 2 to 1; and (v) certain other customary covenants and performance requirements. The Credit Facility, except under certain circumstances, limits the Operating Partnership's ability to make distributions to no more than 95% of its annual FFO.

Secured Debt. As of March 31, 1998, \$73 million was outstanding under the Secured Facility. Payments of interest only are due monthly at a fixed annual interest rate of 7.53% with the principal due on December 12, 2008. The Secured Facility, which is secured by six of the Properties, became an obligation of the Company upon consummation of the Formation Transactions. Under the Secured Facility, the Operating Partnership may substitute collateral, subject to certain requirements with respect to the property offered as replacement collateral. In addition to the Secured Facility, 53 of the Properties secure mortgage indebtedness. The aggregate principal amount of such mortgage indebtedness was \$514 million, \$444 million, \$403 million and \$254 million at March 31, 1998 and December 31, 1997, 1996 and 1995, respectively. All secured indebtedness bears interest at rates varying from 7.01% to 10.39% per annum (with a weighted average of 8.01%) with final maturity dates ranging from 1998 to 2014.

61

The following table sets forth scheduled principal payments of the Operating Partnership's secured debt (excluding construction debt of \$5.6 million as of March 31, 1998) for the Properties on an historical basis as of March 31, 1998 for each of the years beginning with the year ending December 31, 1998. All of the Operating Partnership's mortgage debt is fixed-rate and has generally been arranged by the Operating Partnership or its predecessors directly with lenders such as Principal Financial Group, Northwestern Mutual Life, Prudential Insurance and Nationwide Insurance.

Construction Debt. The Operating Partnership also has a construction loan agreement in the amount of \$8 million to fund building improvements. The loan matures three years from the date of the first loan draw, which occurred in July 1997. Borrowings under the construction loan bear interest at LIBOR plus 275 basis points, or the greater of the prime rate or the federal funds rate plus 50 basis points, at the borrower's option. The balance of the construction loan outstanding at March 31, 1998 was \$5.6 million.

INSURANCE

The Company and AMB Investment Management carry joint blanket coverage for Properties owned by the Company (including the Operating Partnership) and Properties managed by AMB Investment Management, with a single aggregate policy limit and deductible. Management believes that its Properties are covered adequately by commercial general liability insurance, including excess liability coverage, and commercial "all risks" property insurance, including loss of rents coverage, with commercially reasonable deductibles, limits and policy terms and conditions customarily carried for similar properties. There are, however, certain types of losses which may be uninsurable or not economically insurable, such as losses due to loss of rents caused by strikes, nuclear events or acts of war. Should an uninsured loss occur, the Company could lose both its invested capital in and anticipated profits from the property.

The Company insures its properties for earthquake or earth movement. A number of both the Industrial and Retail Properties are located in areas that are known to be subject to earthquake activity. This is focused in California where as of March 31, 1998, there are 27 Industrial Properties aggregating 10.4 million rentable square feet and 11 Retail Properties aggregating 1.8 million square feet. Through an annual analysis prepared by outside consultants, the Company determines appropriate limits of earthquake coverage to secure. Coverage is on a replacement cost basis, subject to the maximum limit purchased which the Company believes is adequate and appropriate given both exposure and cost considerations. Therefore, no assurance can be given that material losses in excess of insurance proceeds will not occur in the future. See "Risk Factors -- General Real Estate Risks -- Uninsured Losses from Seismic Activity."

The Company has insurance for loss in the event of damage to its properties for earthquake activity, which consists of a sublimit of \$10,000,000 per occurrence for earthquake coverage provided as part of the "All Risk Property Policy" with a primary insurer, with \$90,000,000 per occurrence for losses in excess of the \$10,000,000 sublimit. The per occurrence deductible for this coverage in California is 5% of the values applied separately to each building subject to a minimum deductible of \$100,000 (to the extent that such amount is

greater than 5% of the values at each location), and the deductible for Properties outside of California is \$25,000.

GOVERNMENT REGULATIONS

Many laws and governmental regulations are applicable to the Properties and changes in these laws and regulations, or their interpretation by agencies and the courts, occur frequently.

Costs of Compliance with Americans with Disabilities Act. Under the ADA, all places of public accommodation are required to meet certain federal requirements related to access and use by disabled persons. Compliance with the ADA might require removal of structural barriers to handicapped access in certain public areas where such removal is "readily achievable." Noncompliance with the ADA could result in the imposition of fines or an award of damages to private litigants.

Environmental Matters. Under Environmental Laws, a current or previous

owner or operator of real estate may be liable for contamination resulting from the presence or discharge of hazardous or toxic substances or petroleum products at such property, and may be required to investigate and clean-up such contamination at such property or such contamination which has migrated from such property. Such laws typically impose liability and clean-up responsibility without regard to whether the owner or operator knew of or caused the presence of the contaminants, and the liability under such laws has been interpreted to be joint and several unless the harm is divisible and there is a reasonable basis for allocation of responsibility. In addition, the owner or operator of a site may be subject to claims by third parties based on personal injury, property damage and/or other costs, including investigation and clean-up costs, resulting from environmental contamination present at or emanating from a site.

Environmental Laws also govern the presence, maintenance and removal of ACBM. Such laws require that ACBM be properly managed and maintained, that those who may come into contact with ACBM be adequately apprised or trained and that special precautions, including removal or other abatement, be undertaken in the event ACBM is disturbed during renovation or demolition of a building. Such laws may impose fines and penalties on building owners or operators for failure to comply with these requirements and may allow third parties to seek recovery from owners or operators for personal injury associated with exposure to asbestos fibers. Some of the Properties may contain ACBM.

Some of the Properties are leased or have been leased, in part, to owners and operators of dry cleaners that operate on-site dry cleaning plants, to owners and operators of gas stations or to owners or operators of other businesses that use, store or otherwise handle petroleum products or other hazardous or toxic substances. Some of these Properties contain, or may have contained, underground storage tanks for the storage of petroleum products and other hazardous or toxic substances. These operations create a potential for the release of petroleum products or other hazardous or toxic substances. Some of the Properties are adjacent to or near other properties that have contained or currently contain underground storage tanks used to store petroleum products or other hazardous or toxic substances. In addition, certain of the Properties are on or are adjacent to or near other properties upon which others, including former owners or tenants of the Properties, have engaged or may in the future engage in activities that may release petroleum products or other hazardous or toxic substances.

All of the Properties were subject to a Phase I or similar environmental assessments by independent environmental consultants at the time of acquisition or shortly after acquisition. Phase I assessments are intended to discover and evaluate information regarding the environmental condition of, the surveyed property and surrounding properties. Phase I assessments generally include an historical review, a public records review, an investigation of the surveyed site and surrounding properties, and preparation and issuance of a written report, but do not include soil sampling or subsurface investigations and typically do not include an asbestos survey. Some of the Company's environmental assessments of the Properties do not contain a comprehensive review of the past uses of the Properties and/or the surrounding properties.

None of the environmental assessments of the Properties has revealed any environmental liability that the Operating Partnership believes would have a material adverse effect on the Operating Partnership's or the

65

Company's financial condition or results of operations taken as a whole, nor is the Company aware of any such material environmental liability. Nonetheless, it is possible that the Company's assessments do not reveal all environmental liabilities or that there are material environmental liabilities of which the Company is unaware. In addition, less than 50% of the Properties have environmental assessments which are more than two years old. Moreover, there can be no assurance that (i) future laws, ordinances or regulations will not impose any material environmental liability or (ii) the current environmental condition of the Properties will not be affected by tenants, by the condition of land or operations in the vicinity of the Properties (such as releases from underground storage tanks), or by third parties unrelated to the Company. If the costs of compliance with the various environmental laws and regulations, now existing or hereafter adopted, exceed the Company's budgets for such items, the Company's ability to make payments of principal of and interest on the Notes could be adversely affected.

Other Regulations. The Properties are also subject to various Federal, state and local regulatory requirements such as state and local fire and life safety requirements. Failure to comply with these requirements could result in the imposition of fines by governmental authorities or awards of damages to private litigants. The Company believes that the Properties are currently in substantial compliance with all such regulatory requirements. However, there can be no assurance that these requirements will not be changed or that new requirements will not be imposed which would require significant unanticipated expenditures by the Company, which expenditure could have an adverse effect on the Company's results of operations and financial condition.

Risk of Property Tax Reassessment. Certain local real property tax

assessors may seek to reassess certain of the Properties as a result of the Formation Transactions and the transfer of interests that occurred in connection therewith. In jurisdictions such as California, where Proposition 13 limits the assessor's ability to reassess real property so long as there is no change in ownership, the assessed value could increase by as much as the full value of any appreciation that has occurred during the AMB Predecessors' period of ownership. Where appropriate, the Company would contest vigorously any such reassessment. Subject to market conditions, current leases may permit the Company to pass through to tenants a portion of the effect of any increases in real estate taxes resulting from any such reassessment.

Except as described in this Prospectus, there are no other laws or regulations which have a material effect on the Company's operations, other than typical state and local laws affecting the development and operation of real property, such as zoning laws. See "Description of Certain Provisions of the Partnership Agreement of the Operating Partnership."

MANAGEMENT AND EMPLOYEES

The Company conducts substantially all of its operations through the Operating Partnership. AMB Investment Management independently conducts third party portfolio management activities and related operations. The Company generally has full, exclusive and complete responsibility and discretion in the management and control of the Operating Partnership.

As of May 31, 1998, the Company (primarily through the Operating Partnership and AMB Investment Management) employed 123 persons, 99 of whom were located at the Company's headquarters in San Francisco and 24 of whom were located in the Company's Boston office.

LEGAL PROCEEDINGS

Neither the Company nor any of the Properties is subject to any material litigation nor, to the Company's knowledge, is any material litigation threatened against any of them, other than routine litigation arising in the ordinary course of business, which is generally expected to be covered by liability insurance, or to have an immaterial effect on financial results.

66

POLICIES WITH RESPECT TO CERTAIN ACTIVITIES

The following is a discussion of the policies with respect to investments, financing and certain other activities of the Operating Partnership and the Company. These policies and those set forth under "Certain Relationships and Related Transactions -- Conflicts of Interest" have been determined by the Board of Directors of the Company and may be amended or revised from time to time at the discretion of the Board of Directors without notice to or a vote of the stockholders of the Company or the limited partners of the Operating Partnership, except that changes in certain policies with respect to conflicts of interest must be consistent with legal requirements. Such legal requirements include those arising from fiduciary principles under the Maryland General Corporation Law ("MGCL"), including Section 2-419 thereof (which provides procedures for approval of interested director transactions), and the Delaware Revised Uniform Limited Partnership Act, and the judicial decisions under each of such statutes. All references in the following discussion to the "Company" include the Operating Partnership unless otherwise indicated.

INVESTMENT POLICIES

Investments in Real Estate or Interests in Real Estate. The Company currently plans to continue to conduct substantially all of its investment activities through the Operating Partnership. The Company's investment objectives are to increase the value of the Properties, and to acquire established income-producing industrial properties and community shopping centers with growth potential. Additionally, where prudent and possible, the Company may develop new properties and seek to renovate or reposition the existing Properties and any newly-acquired properties. The Company's business is focused on industrial properties and community shopping centers, but the Company may invest in other types of properties which represent investment opportunities at the discretion of management. In addition, the Company may invest in other property types in connection with industrial and retail acquisition and development opportunities. Where appropriate, and subject to REIT qualification rules, the Operating Partnership may sell or otherwise dispose of certain of the Properties.

The Company expects to pursue its investment objectives through the direct and indirect ownership of properties and ownership interests in other entities. The Company focuses on properties in those markets where the Company currently has operations and in new markets selectively targeted by management. However, future investments, including the activities described below, will not be limited to any geographic area or to a specified percentage of the Company's assets.

The Company also may participate with other entities in property ownership through joint ventures or other types of co-ownership. Equity investments may be subject to existing mortgage financing and other indebtedness or such financing or indebtedness may be incurred in connection with acquiring investments. Any such financing or indebtedness will have priority over the Company's equity interest in such property. See "Business and Operating Strategies -- AMB Investment Management."

Investments in Real Estate Mortgages. While the Company emphasizes equity real estate investments, it may, in its discretion, invest in mortgages, deeds of trust and other similar interests. The Company does not presently intend to invest significantly in mortgages or deeds of trust, but may acquire such interests as a strategy for acquiring ownership of a property or the economic equivalent thereof, subject to the investment restrictions applicable to REITs. In addition, the Company may invest in mortgage-related securities and/or may seek to issue securities representing interests in such mortgage-related securities as a method of raising additional funds.

Securities of or Interests in Persons Primarily Engaged in Real Estate Activities and Other Issuers. Subject to the gross income and asset tests necessary for REIT qualification, the Company also may invest in securities of entities engaged in real estate activities or securities of other issuers, including for the purpose of exercising control over such entities. To date, neither the Operating Partnership nor the Company has invested in any such securities. In selecting such investments in the future, if any, the Operating Partnership and the Company expect to consider the same factors used to identify individual properties for investment -- companies with properties located in in-fill locations -- as well as other factors which the Operating Partnership and the Company may consider to be relevant, including, among others, historical performance,

67

financial condition and management. The Company may acquire all or substantially all of the securities or assets of other REITs or similar entities where such investments would be consistent with the Company's investment policies. In any event, the Company does not intend that its investments in securities will require it or the Operating Partnership to register as an "investment company" under the Investment Company Act of 1940, as amended.

FINANCING POLICIES

In addition to the limitations on indebtedness under the Credit Facility, since the IPO, the Company has maintained and presently intends to continue to maintain a Debt-to-Total Market Capitalization Ratio of approximately 45% or less. This policy differs from conventional mortgage debt-to-equity ratios which are asset-based ratios. The Company, however, may from time to time re-evaluate this policy and decrease or increase such ratio in light of then current economic conditions, relative costs to the Company of debt and equity capital, market values of its properties, growth and acquisition opportunities and other factors. There is no limit on the Debt-to-Total Market Capitalization Ratio imposed by either the Articles of Incorporation or Bylaws or the Partnership Agreement. To the extent the Board of Directors of the Company determines to obtain additional capital, the Company may issue equity securities, or cause the Operating Partnership to issue additional Units or debt securities, or retain earnings (subject to provisions in the Code requiring distributions of taxable income to maintain REIT status), or a combination of these methods. Pursuant to the Partnership Agreement the net proceeds of all equity capital raised by the Company will be contributed to the Operating Partnership in exchange for additional general partner interests therein.

To the extent that the Board of Directors determines to obtain debt financing in addition to the existing mortgage indebtedness and the Notes, the Company intends to do so generally through mortgages on its properties and the Credit Facility; however, the Company may also issue or cause the Operating Partnership to issue additional debt securities in the future, including debt which is pari passu with the Notes. Such indebtedness may be recourse, non-recourse or cross-collateralized and may contain cross-default provisions. The net proceeds of any debt securities issued by the Company will be lent to the Operating Partnership on substantially the same terms and conditions as are incurred by the Company. The Operating Partnership and Company do not have policies limiting the number or amount of mortgages that may be placed on any particular property, but mortgage financing instruments usually limit additional indebtedness on such properties. The Operating Partnership is currently negotiating for an increase in the aggregate amount available under the Credit Facility, and may in the future seek to extend, expand, reduce or renew the Credit Facility, or obtain new credit facilities or lines of credit, subject to its general policy on debt capitalization, for the purpose of making acquisitions or capital improvements or providing working capital or meeting the taxable income distribution requirements for REITs under the Code.

LENDING POLICIES

The Company may consider offering purchase money financing in connection

with the sale of Properties where the provision of such financing will increase the value received by the Company for the property sold. The Operating Partnership also may make loans to joint ventures in which it may participate in the future. The Company may also make loans to the Operating Partnership, AMB Investment Management, and joint ventures and other entities in which it or the Operating Partnership has an equity interest.

CONFLICT OF INTEREST POLICIES

Officers and Directors of the Company. Without the unanimous approval of the disinterested directors, the Company and its subsidiaries will not (i) acquire from or sell to any director, officer or employee of the Company, or any entity in which a director, officer or employee of the Company owns more than a 1% interest, or acquire from or sell to any affiliate of any of the foregoing, any assets or other property, (ii) make any loan to or borrow from any of the foregoing persons or (iii) engage in any other material transaction with any of the foregoing persons. Each transaction of the type described above will be in all respects on such terms as are, at the time of the transaction and under the circumstances then prevailing, fair and reasonable to the Company

68

and its subsidiaries in the opinion of the disinterested directors. For purposes of this paragraph, "disinterested directors" means those Independent Directors who do not have an interest in the transaction in question.

Policies Applicable to All Directors. Under Maryland law, each director is obligated to offer to the Company any opportunity (with certain limited exceptions) which comes to such director and which the Company could reasonably be expected to have an interest in developing or acquiring. The Company has adopted certain policies relating to such matters applicable to Independent Directors actively engaged in industrial and retail real estate which generally limit directly competitive activities by such directors. In addition, under Maryland law, any contract or other transaction between a corporation and any director or any other corporation, firm or other entity in which the director is a director or has a material financial interest may be void or voidable. However, the MGCL provides that any such contract or transaction will not be void or voidable if (i) it is authorized, approved or ratified, after disclosure of, or with knowledge of, the common directorship or interest, by the affirmative vote of a majority of disinterested directors (even if the disinterested directors constitute less than a quorum) or by the affirmative vote of a majority of the votes cast by disinterested stockholders or (ii) it is fair and reasonable to the corporation.

POLICIES WITH RESPECT TO OTHER ACTIVITIES

The Company may, but does not presently intend to, make investments other than as previously described. The Company makes real property investments only through the Company and the Operating Partnership, except to the extent necessary to establish financing partnerships or similar vehicles established substantially for the benefit of the Company or the Operating Partnership. The Company has authority to offer its shares of Common Stock or other equity or debt securities of the Operating Partnership in exchange for property and to repurchase or otherwise reacquire its shares of Common Stock or any other securities and may engage in such activities in the future. Similarly, the Operating Partnership may offer additional Units or other equity interests in the Operating Partnership that are exchangeable for shares of Common Stock or Preferred Stock in exchange for property. The Operating Partnership also may make loans to joint ventures in which it may participate in the future. Neither the Company nor the Operating Partnership will engage in trading, underwriting or the agency distribution or sale of securities of other issuers.

POLICIES WITH RESPECT TO INVESTMENT ADVISORY SERVICES

Uninvested commitments of clients of AMB Investment Management existing upon consummation of the IPO and any additional amounts committed by these clients and any amounts committed by investors which become clients of AMB Investment Management will be invested only in properties in which the Company also invests, on a co-investment basis. See "Business and Operating Strategies -- AMB Investment Management." AMB Investment Management may also take over management of assets already owned by existing or new clients and manage such assets on a separate account basis. To the extent that transactions arise between the Company and a client of AMB Investment Management, it is anticipated that AMB Investment Management generally will not exercise decision-making authority on behalf of the client, and the client will act through its own representatives. Similarly, it is expected that the terms of co-investment arrangements between the Company and clients of AMB Investment Management will be negotiated on an arm's-length basis at the time the applicable investment management agreement is entered into, with any subsequent modifications thereto to be likewise entered into on the basis of arm's-length negotiations with the client or another representative designated thereby at the time of such negotiation.

OTHER POLICIES

The Company operates in a manner that does not subject it to regulation under the Investment Company Act of 1940. The Board of Directors has the authority, without stockholder approval, to issue additional shares of Common Stock or other securities and to repurchase or otherwise reacquire shares of Common Stock or any other securities in the open market or otherwise and may engage in such activities in the future. The Company may, under certain circumstances, purchase shares of Common Stock in the open market, if such purchases are approved by the Board of Directors. The Board of Directors has no present intention of causing the Company to repurchase any of the shares of Common Stock, and any such action would be taken only in

69

conformity with applicable Federal and state laws and the requirements for qualifying as a REIT under the Code and the Treasury Regulations. The Company expects to issue shares of Common Stock to holders of Units upon exercise of their exchange rights set forth in the Partnership Agreement. The Company may in the future make loans to joint ventures in which it participates in order to meet working capital or other capital needs. The Company has not engaged in trading, underwriting or agency distribution or sale of securities of other issuers other than the Operating Partnership, nor has the Company invested in the securities of other issuers other than the Operating Partnership and AMB Investment Management for the purposes of exercising control, and does not intend to do so.

At all times, the Company intends to make investments in such a manner as to be consistent with the requirements of the Code for the Company to qualify as a REIT unless, because of changing circumstances or changes in the Code (or in Treasury Regulations), the Board of Directors determines that it is no longer in the best interests of the Company to qualify as a REIT and such determination is approved by the affirmative vote of holders owning at least two-thirds of the shares of the Company's capital stock outstanding and entitled to vote thereon.

70

MANAGEMENT

The Company's Board of Directors is comprised currently of the nine directors named below. Directors of the Company are elected on an annual basis. The collective background and experience of the directors provide the Company with advice and guidance in a number of areas, including corporate governance, strategic planning, capital markets and property acquisition and management.

The Company believes that an independent Board of Directors, whose interests are aligned with those of the stockholders, is essential to the creation of long-term stockholder value. Therefore, six of nine of the Company's directors are not employed by, or otherwise affiliated with, the Company ("Independent Directors"). To demonstrate the alignment of their interests with those of stockholders, the Independent Directors waived cash retainers and instead received options to purchase shares of Common Stock at the initial public offering price.

COMMITTEES OF THE BOARD OF DIRECTORS

Audit Committee. The Audit Committee consists of two Independent Directors, Ms. Welborn, the Chairman, and Mr. Edelstein. The Audit Committee makes recommendations concerning the engagement of independent public accountants, reviews with the independent public accountants the plans and results of the audit engagement, approves professional services provided by the independent public accountants, reviews the independence of the independent public accountants, considers the range of audit and non-audit fees and reviews the adequacy of the Company's internal accounting controls.

Executive Committee. The Executive Committee consists of Mr. Case, the Chairman, Messrs. Skelton, Moghadam and Burke and Ms. Sedway. The Executive Committee has the authority within certain parameters to acquire, dispose of and finance investments for the Company (including the issuance by the Operating Partnership of additional Units or other equity interests) and approve the execution of contracts and agreements, including those related to the borrowing of money by the Company, and generally exercises all other powers of the Board of Directors except as prohibited by law.

Compensation Committee. The Compensation Committee consists of three Independent Directors, Mr. Tusher, the Chairman, Mr. Skelton and Ms. Sedway. The Compensation Committee determines compensation for the Company's executive officers, and reviews and makes recommendations concerning proposals by management with respect to compensation, bonus, employment agreements and other benefits and policies respecting such matters for the executive officers of the Company.

The Board of Directors does not have a nominating committee; rather, the entire Board of Directors performs the function of such a committee.

COMPENSATION OF THE BOARD OF DIRECTORS

In lieu of cash compensation, each Independent Director receives, upon initial election to the Board of Directors and upon each election thereafter, options to purchase Common Stock, at an exercise price equal to the fair market value at the date of grant (in the case of options granted upon consummation of the IPO, at the price to the public in the IPO). All of such options will vest immediately upon grant. The initial grant of such options upon initial election

will cover 20,000 shares of Common Stock, and each subsequent grant will cover 15,000 shares of Common Stock for each Independent Director. The initial grant for each Independent Director appointed to serve immediately following the consummation of the IPO covered 26,250 shares of Common Stock representing the grant to each Independent Director with respect to their initial election to the Board of Directors (expected to occur in 1998) plus an additional grant of options to purchase 6,250 shares of Common Stock with respect to the period from the date of the IPO through the date of their initial election, but such Independent Directors will not be granted options upon re-election in 1998. In addition, Independent Directors are paid \$1,250 for each meeting in excess of six meetings of the Board of Directors attended during each annual term and are reimbursed for reasonable expenses incurred to attend director and committee meetings. Officers of the Company who are directors are not paid any compensation in respect of their service as directors.

EXECUTIVE COMPENSATION

The following table sets forth the estimated annual base salaries and other compensation paid for the period of November 26, 1997 through December 31, 1997 to the Chief Executive Officer and certain of the Company's other executive officers who, on an annualized basis, have a total annual salary and bonus in excess of \$100,000 (collectively, the "Named Executive Officers"). The Company has entered into employment agreements with certain of its Executive Officers as described below. See "Employment Agreements."

See "-- Employment Agreements."

(1) All options granted in 1997 become exercisable in four equal installments (rounded to the nearest whole share of Common Stock) beginning on the first anniversary of the date of grant and have a term of not more than ten years. The option exercise price is equal to the fair market value of the Common Stock on the date of grant.

(2) In accordance with the rules of the SEC, these amounts are the hypothetical gains or "option spreads" that would exist for the respective options based on assumed rates or annual compound share price appreciation of 5% and 10% from the date the options were granted over the full option term. No gain to the optionee is possible without an increase in the price of Common Stock, which would benefit all stockholders.

(3) The total number of shares of Common Stock underlying such options used in such calculation are net of forfeitures.

EMPLOYMENT AGREEMENTS

Each of the persons who served as an Executive Officer at the time of the IPO has entered into an employment agreement with the Company pursuant to which each has agreed to devote their entire business time to the Company. The employment agreements have an initial term of one year (three years in the case of Mr. Moghadam) and are subject to automatic one-year extensions following the expiration of the initial term. The employment agreements provide for annual base compensation (in the amounts set forth in the Executive Compensation table with respect to the Named Executive Officers identified therein) with the amount of any bonus to be determined by the Compensation Committee, based on certain performance targets, up to 150% of the applicable annual base compensation in the case of Messrs. Burke, Abbey and Moghadam, and 100% of the applicable annual base compensation in the case of Messrs. Carniglia, Diserens and Severance. The performance targets to be used to determine executive bonuses for the calendar year ending December 31, 1998 have not been finalized by the Compensation Committee. However, such performance targets are

76

expected to include operating results and acquisition activity. The employment agreements provide that the executive has the right to elect to receive restricted stock or stock options in lieu of such executive's bonus. The number of shares of restricted stock to be so issued will equal 125% of the amount of the bonus, divided by the then current market price of the stock. The number of options to purchase shares of Common Stock so granted will be determined based on 150% of the amount of the bonus and the current market price of the Common Stock, using the "Black-Scholes" option-pricing methodology. Such restricted stock and options to purchase Common Stock will vest ratably over a three-year period. The employment agreements also provide that the executive will receive certain insurance benefits and be able to participate in the Company's employee benefit plans, including the Stock Incentive Plan (as defined below), and that, in the event of the executive's death, the executive's estate will receive certain compensation payments. The executive also is entitled to receive severance during the term of the employment agreement and for one year thereafter in the event of a termination of the executive's employment resulting from a disability, by the Company without "cause" or by the executive for "good reason." "Cause" means (i) gross negligence or willful misconduct, (ii) an uncured breach of any of the employee's material duties under the employment agreement, (iii) fraud or other conduct against the material best interests of the Company or (iv) a conviction of a felony if such conviction has a material adverse effect on the Company. "Good reason" means (a) a substantial adverse change in the nature or scope of the employee's responsibilities and authority under the employment agreement or (b) an uncured breach by the Company of any of its material obligations under the employment agreement. Severance benefits include base compensation at the amounts provided in the employment agreement and bonus based on the most recent amount paid, as well as certain continuing insurance and other benefits.

Such employment agreements also contain a non-competition agreement pursuant to which each executive agrees that he or she will not engage in any activities, directly or indirectly, in respect of commercial real estate, and will not make any investment in respect of industrial or retail real estate, other than through ownership of not more than 5% of the outstanding shares of a public company engaged in such activities and through existing investments as described under the caption "Certain Relationships and Related Transactions." Such restrictions apply during the term of the employment agreements and for a one-year period thereafter.

STOCK INCENTIVE PLAN

The Company adopted the Stock Option and Incentive Plan (the "Stock Incentive Plan") to (i) enable executive officers, employees and directors of the Company, the Operating Partnership and AMB Investment Management to participate in the ownership of the Company, (ii) attract and retain executive officers, other key employees (those employees which from time-to-time are recognized for exceptional contributions to the Company and its subsidiaries, including the Operating Partnership) and directors of the Company, the Operating Partnership and AMB Investment Management and (iii) provide incentives to such persons to maximize the Company's performance and its cash flow available for distribution. The Stock Incentive Plan provides for the award to such officers and key employees (subject to the Ownership Limit, or such other limit as provided in the Company's Articles of Incorporation or as otherwise permitted by the Board of Directors) of a broad variety of stock-based compensation alternatives such as non-qualified stock options, incentive stock options, restricted stock and stock appreciation rights, and provides for the grant to Independent Directors and directors of AMB Investment Management of

non-qualified stock options.

The Compensation Committee, which is comprised solely of Independent Directors, has the authority to determine the terms of options and restricted shares of common stock granted under the Stock Incentive Plan, including, among other things, the individuals who shall receive such grants, the times when they shall receive them, whether an incentive stock option or non-qualified option shall be granted and the number of shares to be subject to each grant.

The Company has reserved 5,750,000 shares of Common Stock for issuance under the Stock Incentive Plan and, as of April 30, 1998, had granted to certain directors, officers and employees options to purchase 3,071,250 of such shares of Common Stock (net of forfeitures). Such options will have a ten-year term and vest pro rata in annual installments over a four-year period with respect to initial grants. There is no limit on the number of awards that may be granted to any one individual so long as the (i) aggregate fair market value

77

(determined at the time of grant) of shares with respect to which an incentive stock option is first exercisable by an optionee during any calendar year cannot exceed \$100,000, (ii) grant does not violate the Ownership Limit or cause the Company to fail to qualify as a REIT for Federal income tax purposes and (iii) maximum number of shares of Common Stock for which stock options and stock appreciation rights may be issued during any fiscal year to any participant in the Stock Incentive Plan shall not exceed 1,000,000. See "Description of Capital Stock -- Restrictions on Ownership and Transfer." The Company plans to limit future grants under the Stock Incentive Plan to the Company's directors and officers and a limited number of other employees.

Restricted Stock. Restricted stock may be sold to participants at various prices (but not below par value) and is subject to such restrictions as may be determined by the Compensation Committee. Restricted stock typically may be repurchased by the Company at the original price if certain conditions or restrictions are removed or expire. Purchasers of restricted stock will have voting rights and receive distributions prior to the time when the restrictions lapse. To date the Company has granted 5,712 restricted shares of Common Stock. The Company has no present plans to grant restricted shares of Common Stock other than with respect to additional shares which may be issued to, and at the option of, certain employees in lieu of annual cash bonus compensation.

Administration of the Stock Incentive Plan. The Stock Incentive Plan will be administered by the Board of Directors and/or the Compensation Committee. No person is eligible to serve on the Compensation Committee unless such person is an Independent Director. The Committee has complete discretion to determine (subject to (i) the Ownership Limit contained in the Articles of Incorporation of the Company and (ii) a limit against granting options or stock appreciation rights for more than 1,000,000 shares to any person in any year) which eligible individuals are to receive option or other stock grants, the number of shares subject to each such grant, the status of any granted option as either an incentive option or a non-qualified stock option under the Federal tax laws, the exercise schedule to be in effect for the grant, the maximum term for which any granted option is to remain outstanding and, subject to the specific terms of the Stock Incentive Plan, any other terms of the grant.

Eligibility. All employees of the Company may, at the discretion of the Compensation Committee, be granted incentive and non-qualified stock options to purchase shares of Common Stock at an exercise price not less than 100% of the fair market value of such shares on the grant date. Directors of the Company, employees of the Operating Partnership, employees and directors of AMB Investment Management, consultants and other persons who are not regular salaried employees of the Company are not eligible to receive incentive stock options, but are eligible to receive non-qualified stock options. In addition, all employees and consultants of the Company, the Operating Partnership and AMB Investment Management are eligible for awards of restricted stock and grants of stock appreciation rights.

Purchase Price of Shares Subject to Options. The Price of the shares of Common Stock subject to each option shall be set by the Compensation Committee; provided, however, that the price per share of an option shall be not less than 100% of the fair market value of such shares on the date such option is granted; provided, further, that, in the case of an incentive stock option, the price per share shall not be less than 110% of the fair market value of such shares on the date such option is granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company, any subsidiary or any parent corporation ("greater than 10% stockholders").

Non-Assignability. Options may be transferred only by will or by the laws of descent and distribution. During a participant's lifetime, options are exercisable only by the participant.

Terms and Exercisability of Options. Unless otherwise determined by the Board of Directors or the Compensation Committee, all options granted under the Stock Incentive Plan are subject to the following conditions: (i) options will

be exercisable in installments, on a cumulative basis, at the rate of thirty-three and one-third percent (33 1/3%) each year beginning on the first anniversary of the date of the grant of the option, until the options expire or are terminated (other than options granted at the time of the IPO, which vest ratably over four years) and (ii) following an optionee's termination of employment, the optionee shall have the right to exercise any outstanding vested options for a specified period.

78

To the extent the aggregate fair market value of stock with respect to which "incentive stock options" (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by an optionee during any calendar year exceeds \$100,000, such options shall be taxed as non-qualified stock options. The rule set forth in the preceding sentence shall be applied by taking options into account in the order in which they were granted. For this purpose, the fair market value of stock shall be determined as of the time that the option with respect to such stock is granted.

Options are exercisable in whole or in part by written notice to the Company, specifying the number of shares being purchased and accompanied by payment of the purchase price for such shares. The option price may be paid: (i) in cash or by certified or cashier's check payable to the order of the Company, (ii) by delivery of shares of Common Stock already owned by, and in the possession of, the optionee or (iii) if authorized by the Board of Directors or the Compensation Committee or if specified in the option agreement for the option being exercised, by a recourse promissory note made by the optionee in favor of the Company or through installment payments to the Company.

On the date the option price is to be paid, the optionee must make full payment to the Company of all amounts that must be withheld by the Company for Federal, state or local tax purposes.

Termination of Employment; Death or Permanent Disability. If an option holder ceases to be employed by the Company for any reason other than the optionee's death or permanent disability, such optionee's stock option shall expire three months after the date of such cessation of employment unless by its terms it expires sooner; provided, however, that during such period after cessation of employment, such stock option may be exercised only to the extent it was exercisable according to such option's terms on the date of cessation of employment. If an optionee dies or becomes permanently disabled while the optionee is employed by the Company, such optionee's option shall expire twelve months after the date of such optionee's death or permanent disability unless by its terms it expires sooner. During such period after death, such stock option may, to the extent it remain unexercised upon the date of such death, be exercised by the person or persons to whom the optionee's rights under such stock option are transferred under the laws of descent and distribution.

Acceleration of Exercisability. In the event the Company is acquired by merger, consolidation or asset sale, each outstanding option which is not to be assumed by the successor corporation or replaced with a comparable option to purchase shares of the capital stock of the successor corporation will, at the election of the Board of Directors (or if so provided in an option or other agreement with an optionee), automatically accelerate in full.

Adjustments. In the event any change is made to the Common Stock issuable under the Stock Incentive Plan by reason of any recapitalization, stock dividend, stock split, combination of shares, exchange of shares or other change in corporate structure effected without the Company's receipt of consideration, appropriate adjustment will be made to (i) the maximum number and class of shares issuable under the Stock Incentive Plan and (ii) the number and/or class of shares and price per share in effect under each outstanding option.

Amendments to the Stock Incentive Plan. The Board of Directors may at any time suspend or terminate the Stock Incentive Plan. The Board of Directors or Compensation Committee may also at any time amend or revise the terms of the Stock Incentive Plan; provided that no such amendment or revision shall, unless appropriate stockholder approval of such amendment or revision is obtained, (i) increase the maximum number of shares which may be acquired pursuant to options granted under the Stock Incentive Plan (except for adjustments as described in the foregoing paragraph) or (ii) change the minimum purchase price required under the Stock Incentive Plan.

Termination. The Stock Incentive Plan will terminate on December 31, 2007, unless sooner terminated by the Board of Directors.

Registration Statement on Form S-8. The shares of Common Stock underlying options granted under the Stock Incentive Plan and restricted shares of Common Stock are subject to an effective Registration Statement on Form S-8.

79

Effective November 26, 1997, the Company established its Section 401(k) Savings/Retirement Plan (the "401(k) Plan") to cover eligible employees of the Company, the Operating Partnership and any designated affiliate. The 401(k) Plan permits eligible employees of the Company to defer up to 10% of their annual compensation, subject to certain limitations imposed by the Code. The employees' elective deferrals are immediately vested and non-forfeitable upon contributions to the 401(k) Plan. The Company currently makes matching contributions to the 401(k) Plan in an amount equal to 50% of the first 3.5% of annual compensation deferred by each employee; however, it has reserved the right to make greater matching contributions or discretionary profit sharing contributions in the future. Participants vest immediately in the matching contributions by the Company. Discretionary contributions are subject to three-year vesting whereby 100% vests after the third year. Employees of the Company are eligible to participate in the 401(k) Plan if they meet certain requirements concerning minimum period of credited service. The Company's contribution to the 401(k) Plan for the period ended December 31, 1997 was \$144,971. The 401(k) Plan qualifies under Section 401 of the Code so that contributions by employees to the 401(k) Plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the 401(k) Plan.

LIMITATION OF DIRECTORS' AND OFFICERS' LIABILITY

The Operating Partnership's officers and the Company's directors are indemnified under Maryland law, the Company's Articles of Incorporation and the Partnership Agreement against certain liabilities. The Articles of Incorporation and Bylaws require the Company to indemnify its directors and officers to the fullest extent permitted from time to time by the MGCL.

INDEMNIFICATION AGREEMENTS

The Company has entered into indemnification agreements with each of its executive officers and directors. The indemnification agreements require, among other matters, that the Company indemnify its executive officers and directors to the fullest extent permitted by law and reimburse the executive officers and directors for all related expenses as incurred, subject to return if it is subsequently determined that indemnification is not permitted. Under the agreements, the Company must also indemnify and reimburse all expenses as incurred by executive officers and directors seeking to enforce their rights under the indemnification agreements and may cover executive officers and directors under the Company's directors' and officers' liability insurance. Although the form of indemnification agreement offers substantially the same scope of coverage afforded by law, it provides greater assurance to directors and executive officers that indemnification will be available, because, as a contract, it cannot be modified unilaterally in the future by the Board of Directors or the stockholders to eliminate the rights it provides.

The Company's officers and directors are indemnified under the Maryland General Corporation Law (the "MGCL"), the Articles of Incorporation and the Partnership Agreement against certain liabilities. The Articles of Incorporation and Bylaws require the Company to indemnify its directors and officers to the fullest extent permitted from time to time by the MGCL.

The MGCL permits a corporation to indemnify its directors and officers and certain other parties against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made a party by reason of their service in those or other capacities unless it is established that (i) the act or omission of the director or officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty, (ii) the director or officer actually received an improper personal benefit in money, property or services or (iii) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. Indemnification may be made against judgments, penalties, fines, settlements and reasonable expenses actually incurred by the director or officer in connection with the proceeding; provided, however, that if the proceeding is one by or in the right of the corporation, indemnification may not be made with respect to any proceeding in which the director or officer has been adjudged to be liable to the corporation. In addition, a director or officer may not be indemnified with respect to any proceeding charging improper personal benefit to

the director or officer in which the director or officer was adjudged to be liable on the basis that personal benefit was received. The termination of any proceeding by conviction, or upon a plea of nolo contendere or its equivalent, or an entry of any order of probation prior to judgment, creates a rebuttable presumption that the director or officer did not meet the requisite standard of conduct required for indemnification to be permitted.

The MGCL permits the articles of incorporation of a Maryland corporation to include a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages, subject to specified restrictions, and the Articles of Incorporation of the Company contain this provision. The MGCL does not, however, permit the liability of directors and officers to the corporation or its stockholders to be limited to the extent that

(i) it is proved that the person actually received an improper personal benefit in money, property or services, (ii) a judgment or other final adjudication is entered in a proceeding based on a finding that the person's action, or failure to act, was committed in bad faith or was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding or (iii) in the case of any criminal proceeding, the director had reasonable cause to believe that the act or failure to act was unlawful. This provision does not limit the ability of the Company or its stockholders to obtain other relief, such as an injunction or rescission.

The Partnership Agreement also provides for indemnification of the Company, as general partner, and its officers and directors to the same extent indemnification is provided to officers and directors of the Company in its Articles of Incorporation, and limits the liability of the Company and its officers and directors to the Operating Partnership and the partners of the Operating Partnership to the same extent liability of officers and directors of the Company to the Company and its stockholders is limited under the Articles of Incorporation. See "Description of Certain Provisions of the Partnership Agreement of the Operating Partnership -- Exculpation and Indemnification of the Company."

Insofar as indemnification for liability arising under the Securities Act may be permitted to directors, officers or persons controlling the Company pursuant to the foregoing provisions, the Company has been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

81

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company and the Operating Partnership have engaged in the following transactions and relationships with certain of the Executive Officers, directors and persons who hold more than 5% of the outstanding shares of Common Stock.

FORMATION TRANSACTIONS

In connection with the Formation Transactions, CIF, VAF and the Company's predecessor, AMB, effected a series of mergers pursuant to which such entities merged into the Company with the institutional stockholders of CIF and VAF and the Company's executive officers (the former stockholders of AMB), receiving an aggregate of 4,746,624 shares of Common Stock, with a total value at the time of the IPO of \$99.7 million, and the right to receive in the Company's second year of operation up to 4,241,803 limited partnership Units (the "Performance Units"). The issuance of such Units is dependent upon the future trading price of and dividends on the shares of Common Stock. See "Description of Certain Provisions of the Partnership Agreement of the Operating Partnership -- Performance Units." In addition, such executive officers received the right to receive certain investment management fees earned by AMB Investment Management, subject to certain limitations. Through March 31, 1998, no payments have been made to the Company's executive officers in respect of the right to receive such investment management fees.

In addition, certain Individual Account Investors, former investment management clients of AMB including Ameritech Pension Trust, City and County of San Francisco Employees' Retirement System and Southern Company System Master Retirement Trust, contributed certain real property interests to the Company. In exchange for such contribution of properties, Ameritech Pension Trust, City and County of San Francisco Employees' Retirement System and Southern Company System Master Retirement Trust received 12,441,580 shares of Common Stock, 6,772,640 shares of Common Stock and 8,032,415 shares of Common Stock, respectively, with a total value at the time of the IPO of \$626.7 million. See "Principal Stockholders."

In connection with consummation of the Formation Transactions, the Company assumed the \$4.0 million revolving credit facility of AMB, of which approximately \$1.1 million was outstanding upon completion of the Formation Transactions, relieving three of the Company's Executive Officers, Messrs. Abbey, Moghadam and Burke, of their respective obligations with respect to the partial guaranty of such indebtedness. The proceeds of such indebtedness were used by AMB to acquire certain assets historically used in AMB's operations from AMB Investment, Inc. ("AMBI"), an entity owned equally by Messrs. Abbey, Moghadam and Burke. The Company also assumed a \$791,925 note payable of AMBI to WPF as consideration for the transfer to the Company of AMBI's general partner interest in WPF (which the Company believed had a value equal to or greater than the face amount of such note at the time such note payable was assumed).

OTHER RELATED TRANSACTIONS

During 1990, 1991, 1994, 1995 and 1996, Craig A. Severance, John H. Diserens, S. Davis Carniglia, Jean C. Hurley and Bruce H. Freedman issued notes to AMB in consideration of the acquisition of shares of AMB common stock in the principal amounts of \$189,472, \$243,866, \$132,237, \$342,806 and \$307,071, respectively. The notes bore interest at an annual rate of prime plus 1.0%. The principal amount of the notes and accrued interest thereon were repaid in full

by all stockholders prior to the IPO.

In January 1993, AMBI, AMB, AMB Corporate Real Estate Advisors, Inc. ("AMBCREA"), AMB Development L.P., AMB Development, Inc. and AMB Institutional Housing Partners entered into an agreement for the purpose of the parties thereto to work together to accomplish separate business purposes while sharing certain support and other resources. Under the Intercompany Agreement, each party to the agreement (each, an "AMB Intercompany Party") is permitted to use the term "AMB" as a part of its name. Each AMB Intercompany Party also agreed, among other things, to do business in a specified aspect of real estate and finance; to use its best efforts to refer business opportunities outside of its own line of business to other AMB Intercompany Parties; to provide intercompany loans; and to utilize personnel of another AMB Intercompany Party for a fee. In addition, under the Intercompany Agreement, AMBI agreed to: (i) provide common business services, resources and support, including employees, benefits, services contracts and

82

financial management and reporting to each AMB Intercompany Party; (ii) purchase all fixed assets and rent them to the AMB Intercompany Parties for a fee; (iii) act as lessee for office space for each AMB Intercompany Party; (iv) employ all employees of each AMB Intercompany Party, fix such employees' salaries, bonuses and benefits, and charge such costs to the appropriate AMB Intercompany Party; and (v) pay for the direct and indirect costs of operation of each AMB Intercompany Party and charge each AMB Intercompany Party its allocated share. The total amount paid to AMBI by AMB during the years ended December 31, 1994, 1995, 1996 and 1997 was \$9,940,762, \$13,564,178, \$16,842,615 and \$18,159,000, respectively, which equaled the expenses incurred by AMBI allocable to AMB for each such year.

As part of the Formation Transactions, the Company acquired AMBI's assets (other than its leasehold interest for office space and certain office equipment) and employed the employees utilized in its business, and all other AMBI employees were transferred to AMBCREA. Accordingly, upon consummation of the IPO, the Intercompany Agreement was modified so that it applies only to the office space and certain office equipment leased by AMBI, which is used by the Company, the Operating Partnership and AMB Investment Management, respectively, for fees equal to an allocation of AMBI's cost thereof. AMBCREA, AMB Institutional Housing Partners, AMB Development, Inc. and AMB Development L.P. are continuing to use the name "AMB" pursuant to royalty-free license arrangements with the Company. In addition, it is presently anticipated that AMBCREA, which is in the process of winding down operations, will cease operations by June 30, 1998. See "-- Conflicts of Interest."

CONFLICTS OF INTEREST

The Executive Officers and directors of the Company may be subject to a number of conflicts of interest. Such potential conflicts, and the Company's proposed methods of dealing with them, are described below. See also "Policies with Respect to Certain Activities -- Conflict of Interest Policies."

Stockholders of AMB who became Executive Officers of the Company upon consummation of the IPO own interests in certain real estate-related businesses and investments. Such interests include minority ownership of Institutional Housing Partners, a residential housing finance company (through AMB Institutional Housing Partners); and ownership of AMB Development, Inc. and AMB Development L.P., developers which own property that management believes is not suitable for ownership by the Company. Neither AMB Development, Inc. nor AMB Development L.P. will initiate any new development projects, nor will they make any further investments in industrial or retail properties other than those under development at November 26, 1997. Such persons are also owners of AMBCREA which is principally a real estate services company for corporate and professional tenants of real estate. AMBCREA is in the process of winding down its business, and it is presently anticipated that AMBCREA will cease operations by June 30, 1998. However, the continued involvement by the Company's Executive Officers could divert management's attention from the day-to-day operations of the Company. Each of the persons serving as an Executive Officer at the time of the IPO has entered into a non-competition agreement with the Company pursuant to which, among other things, they agreed not to engage in any activities, directly or indirectly, in respect of commercial real estate, and agreed not make any investment in respect of industrial or retail real estate, other than through ownership of not more than 5% of the outstanding shares of a public company engaged in such activities or through the existing investments referred to herein.

AMB Development L.P. owns interests in 11 retail development projects in the U.S., each of which consists of a single free-standing Walgreens drugstore, and, together with other entities controlled by nine of the executive officers, a low income housing apartment building located in the San Francisco Bay Area. In addition, Messrs. Abbey, Moghadam and Burke, each a founder, Executive Officer and director of the Company, own less than 1% interests in two partnerships which own office buildings in various markets; these interests have negligible value. Luis A. Belmonte, an Executive Officer of the Company, owns less than a 10 interest, representing an estimated value of \$75,000, in a

limited partnership which owns an office building located in Oakland, California. David S. Fries, an Executive Officer of the Company, owns an approximate 1% interest in a limited partnership that owns an apartment complex in Orange County, California.

83

In addition, several of the executive officers individually own: (i) less than 1% interests in the stocks of certain publicly-traded REITs, including mortgage REITs, and residential developers; (ii) certain interests in and rights to developed and undeveloped real property located outside the United States; (iii) interests in single-family homes and residential apartments in the San Francisco Bay Area; (iv) certain passive interests, not believed to be material, in real estate businesses in which such persons were previously employed; and (v) certain other de minimis holdings in equity securities. Thomas W. Tusher, a member of the Company's Board of Directors, is a limited partner in a partnership in which Messrs. Abbey, Moghadam and Burke are general partners and which owns a 75% interest in an office building. Mr. Tusher owns a 20% interest in the partnership, valued as of March 31, 1998 at approximately \$939,000. Messrs. Abbey, Moghadam and Burke each have an approximately 26.7% interest in the partnership, each valued as of March 31, 1998 at approximately \$1,252,000.

DESCRIPTION OF NOTES

The Notes will be direct senior unsecured obligations of the Operating Partnership unconditionally guaranteed on an unsecured basis by the Company. The % Notes due 2008 (the "2008 Notes"), the % Notes due 2018 (the "2018 Notes") and the % Reset Put Securities (REPS(SM)) due 2015 -- Putable/Callable 2005 (the "REPS") each constitute a separate series of securities and will be issued under an indenture (the "Indenture") among the Operating Partnership, AMB Property Corporation and State Street Bank and Trust Company of California, N.A., as Trustee (the "Trustee"). The Indenture, as amended or supplemented from time to time, will be subject to and governed by the Trust Indenture Act of 1939, as amended (the "TIA"). The statements made under this heading relating to the Notes and the Indenture are summaries of certain provisions thereof, do not purport to be complete and are qualified in their entirety by reference to the forms of Indenture and the Notes, which have been included or incorporated by reference as exhibits to the Registration Statement of which this Prospectus is a part and are or will be available as described above under "Available Information."

Capitalized terms used herein and not defined shall have the meanings assigned to them in the Indenture. As used in this "Description of Notes," all references to the "Operating Partnership" shall mean AMB Property, L.P., excluding, unless otherwise expressly stated or the context shall otherwise require, its subsidiaries.

GENERAL

The 2008 Notes will be limited in aggregate principal amount to \$, the 2018 Notes will be limited in aggregate principal amount to \$ and the REPS will be limited in aggregate principal amount to \$. The Notes will be unsecured and unsubordinated obligations of the Operating Partnership and will rank on a parity in right of payment with all other unsecured and unsubordinated indebtedness of the Operating Partnership outstanding from time to time.

The Indenture does not contain any provision that limits the ability of the Operating Partnership to incur indebtedness or that affords Holders of Notes protection in a highly leveraged or similar action involving the Operating Partnership or in the event of a change of control of the Operating Partnership, including a change in control of the Company, except as hereinafter set forth under the captions "Certain Covenants -- Aggregate Debt Test," "-- Maintenance of Total Unencumbered Assets," "-- Debt Service Test" and "-- Secured Debt Test." See "Risk Factors -- Incurrence of Indebtedness." However, certain restrictions on ownership and transfers of the Company's Common Stock and the Company's other equity securities designed to preserve its status as a REIT may act to prevent or hinder a change of control.

Although the Operating Partnership owns a majority of its consolidated assets itself, rather than through subsidiaries, a substantial portion of its consolidated assets (amounting to approximately 27.1% of its total consolidated assets at March 31, 1998) are held by AMB Property II, L.P., Long Gate LLC and other subsidiaries. Accordingly, the cash flow of the Operating Partnership and the consequent ability to service its debt, including the Notes, are partially dependent on the earnings of such subsidiaries and the Notes will be effectively subordinated to all existing and future indebtedness, guarantees and other liabilities of such subsidiaries. On a pro forma basis as of March 31, 1998, after giving effect to the offering of the Notes made hereby and the application of the estimated net proceeds therefrom as if such transactions had occurred on that date, the Operating Partnership's subsidiaries would have had total long-term liabilities (excluding intercompany liabilities) of approximately \$92.5 million (consisting entirely of mortgage and secured indebtedness). See "Business and Properties -- Debt Financing -- Secured and Mortgage Debt."

The Notes will be effectively subordinated to any secured indebtedness of the Operating Partnership and its subsidiaries to the extent of any collateral pledged as security therefor. As of March 31, 1998, after giving effect to the offering of the Notes made hereby and the application of the estimated net proceeds therefrom as if such transaction had occurred on that date, the Operating Partnership (excluding its subsidiaries) would have had unsecured senior indebtedness (including the Notes) aggregating approximately \$369.9 million and mortgage and other secured indebtedness aggregating approximately \$517.7 million. See "Use of Proceeds," "Risk Factors -- Ranking of the Notes" and "-- Debt Financing" and "Capitalization." Although the

86

covenants described herein under the caption "-- Certain Covenants" will impose certain limitations on the incurrence of additional indebtedness, the Operating Partnership and its Subsidiaries will retain the ability to incur substantial additional secured and unsecured indebtedness in the future.

DENOMINATIONS, MATURITY, INTEREST, REGISTRATION AND TRANSFER

2008 Notes and 2018 Notes

The 2008 Notes and the 2018 Notes will be issued only in fully registered book-entry form without coupons, in denominations of \$1,000 and integral multiples thereof. The 2008 Notes will mature on June , 2008 (the "2008 Maturity Date") and the 2018 Notes will mature on June , 2018 (the "2018 Maturity Date").

The 2008 Notes and the 2018 Notes may be redeemed, in whole or in part, at the option of the Operating Partnership at any time. See "-- Redemption of the 2008 Notes and the 2018 Notes at the Option of the Operating Partnership." The 2008 Notes and the 2018 Notes are not subject to any sinking fund provisions.

Interest on the 2008 Notes will accrue at a rate of % per annum and interest on the 2018 Notes will accrue at a rate of % per annum and, in each case, will be payable semi-annually on and commencing , 1998. Interest will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of original issuance. Interest will be computed on the basis of a 360-day year of twelve 30-day months. Principal of (and premium, if any) and interest on the 2008 Notes and the 2018 Notes will be payable at the office or agency maintained by the Operating Partnership for such purpose within the City and State of New York; or at the option of the Operating Partnership, payment of interest may be made by check mailed to the address of the Person entitled thereto as it appears in the Note Register or by transfer of funds to such Person at an account maintained within the United States. (See Sections 301, 302, 305, 306, 307 and 1002 of the form of Indenture.)

The REPS

The REPS will be issued only in fully registered book-entry form without coupons, in denominations of \$1,000 and integral multiples thereof. While the REPS will mature on June , 2015 (the "Final REPS Maturity Date" and together with the 2008 Maturity Date and the 2018 Maturity Date, the "Maturity Dates"), holders of the REPS will be entitled to receive, and will be required to accept, 100% of the principal amount thereof on June , 2005 (the "2005 Coupon Reset Date") from either (i) the Callholder, if the Callholder purchases the REPS pursuant to the Call Option, or (ii) the Operating Partnership, by exercise of the Mandatory Put (as defined below) by the Trustee for and on behalf of the holders of the REPS, if the Callholder does not purchase the REPS pursuant to the Call Option. The Call Option and the related marketing process are designed to enable the Operating Partnership to potentially keep its securities outstanding for 17 years. The Mandatory Put is designed to ensure the holders of the REPS that their principal will be returned to them in all cases on the seventh anniversary of the initial issuance. See "-- Call Option and Mandatory Put with Respect to the REPS" below.

FOR PERSONS HOLDING THE REPS (OR AN INTEREST THEREIN) ON THE 2005 COUPON RESET DATE, THE EFFECT OF THE OPERATION OF THE CALL OPTION OR THE MANDATORY PUT WILL BE THAT SUCH HOLDERS WILL BE ENTITLED TO RECEIVE, AND WILL BE REQUIRED TO ACCEPT, 100% OF THE PRINCIPAL AMOUNT OF SUCH REPS (PLUS ACCRUED INTEREST) ON THE 2005 COUPON RESET DATE IN SATISFACTION OF THE OPERATING PARTNERSHIP'S OBLIGATIONS TO THE HOLDERS OF THE REPS. INTEREST ACCRUED TO BUT EXCLUDING THE 2005 COUPON RESET DATE WILL BE PAID BY THE OPERATING PARTNERSHIP ON SUCH DATE TO THE HOLDERS OF THE REPS ON THE MOST RECENT RECORD DATE. THE REPS MAY BE REDEEMED ONLY IN CONNECTION WITH A CALL OPTION OR A MANDATORY PUT. SEE "-- CALL OPTION AND MANDATORY PUT WITH RESPECT TO THE REPS". THE REPS ARE NOT SUBJECT TO ANY SINKING FUND PROVISIONS.

Interest on the REPS will accrue at the rate of % from and including to but excluding June , 2005, the 2005 Coupon Reset Date and will be payable semi-annually on June and December , commencing December , 1998. Interest will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of original issuance. Interest will be computed on the basis

of a 360-day year of twelve 30-day months. Principal of (and premium, if any) and interest on the REPS will be payable at the office or agency maintained by the Operating Partnership for such purpose within the City and State of New York; or at the option of the Operating Partnership, payment of interest may be made by check mailed to the address of the Person entitled thereto as it appears in the Note Register or by transfer of funds to such Person at an account maintained within the United States. (See Sections 301, 302, 305, 306, 307 and 1002 of the form of Indenture.)

If the Callholder (as defined below) elects to purchase the REPS pursuant to the Call Option (as defined below), the Calculation Agent (as defined below) will reset the interest rate for the REPS effective on the 2005 Coupon Reset Date, pursuant to the Coupon Reset Process described below. In such circumstance, (i) the REPS will be purchased by the Callholder at 100% of the principal amount thereof on the 2005 Coupon Reset Date, on the terms and subject to the conditions described herein (interest accrued to but excluding the 2005 Coupon Reset Date will be paid by the Operating Partnership on such date to the holders of the REPS on the most recent Record Date), and (ii) from and including the 2005 Coupon Reset Date, the REPS will bear interest at the rate determined by the Calculation Agent in accordance with the procedure set forth under "-- Coupon Reset Process if REPS are Called" below. The Trustee will exercise the Mandatory Put without the consent of, or notice to, the holders of the REPS.

Neither the Operating Partnership nor the Trustee will be required (i) to issue, register the transfer of or exchange Notes if such Notes may be among those selected for redemption during a period beginning at the opening of business 15 days before selection of Notes to be redeemed and ending at the close of business on the day of the mailing of the relevant notice of redemption; or (ii) to register the transfer of or exchange any Note, or portion thereof, called for redemption, except the unredeemed portion of any Note being redeemed in part. (See Section 305 of the form of Indenture.)

GUARANTEE

The Operating Partnership's obligations under the Notes will be guaranteed (the "Guarantee") by the Company. The obligations of the Company under its Guarantee will be limited to the maximum amount permitted under applicable federal or state law.

The Indenture provides that the Company may not consolidate with or merge with or into (whether or not the Company is the surviving person) another corporation, person or entity whether or not affiliated with the Company unless (i) the person formed by or surviving any such consolidation or merger (if other than the Company) shall be a corporation, partnership, limited liability company or other legal entity organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and shall expressly assume all the obligations of such Guarantor pursuant to a supplemental indenture in form and substance reasonably satisfactory to the Trustee under the Notes and the Indenture, (ii) immediately after giving effect to such transaction, no Default or Event of Default would exist and (iii) an officers' certificate and legal opinion concerning such conditions shall be delivered to the Trustee.

REDEMPTION OF THE NOTES AT THE OPTION OF THE OPERATING PARTNERSHIP

The 2008 Notes, the 2018 Notes and the REPS will be redeemable, in whole or from time to time in part, at the option of the Operating Partnership on any date (a "Redemption Date"), at a redemption price equal to the greater of (i) 100% of the principal amount of the 2008 Notes, the 2018 Notes and the REPS to be redeemed and (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon (exclusive of interest accrued to such Redemption Date) discounted to such Redemption Date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus basis points, plus, in either case, accrued and unpaid interest on the principal amount being redeemed to such Redemption Date; provided that installments of interest on 2008 Notes, the 2018 Notes and the REPS which are due and payable on an Interest Payment Date falling on or prior to the relevant Redemption Date shall be payable to the holders of such of the 2008 Notes, the 2018 Notes and the REPS registered as such at the close of business on the relevant record date according to their terms and the provisions of the Indenture.

"Treasury Rate" means, with respect to any Redemption Date, (i) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the applicable Maturity Date, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (ii) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a

percentage of its principal amount) equal to the Comparable Treasury Price for such Redemption Date. The Treasury Rate shall be calculated on the third business day preceding the Redemption Date.

"Comparable Treasury Issue" means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term of the 2008 Notes and the 2018 Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the 2008 Notes and the 2018 Notes.

"Independent Investment Banker" means Morgan Stanley & Co. Incorporated or, if such firm is unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by the Trustee after consultation with the Operating Partnership.

"Comparable Treasury Price" means with respect to any Redemption Date (i) the average of the two remaining Reference Treasury Dealer Quotations for such Redemption Date, after excluding the highest and lowest such Reference Treasury Dealer Quotations from the four selected, or (ii) if the Trustee obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Reference Treasury Dealer" means Morgan Stanley & Co. Incorporated, Goldman, Sachs & Co., J.P. Morgan Securities Inc. and an additional Reference Treasury Dealer appointed by the Trustee after consultation with the Operating Partnership and their successors; provided, however, that if Morgan Stanley & Co. Incorporated, Goldman, Sachs & Co., J.P. Morgan Securities Inc. or such additional Reference Treasury Dealer and their successors shall cease to be a primary U.S. Government securities dealer in New York City (a "Primary Treasury Dealer"), the Operating Partnership will substitute therefor another Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by such Reference Treasury Dealer at 5:00 p.m., New York time, on the third business day preceding such Redemption Date.

Notice of any redemption by the Operating Partnership will be mailed at least 30 days but not more than 60 days before any Redemption Date to each holder of 2008 Notes, the 2018 Notes and the REPS to be redeemed. If less than all the 2008 Notes, the 2018 Notes and the REPS are to be redeemed at the option of the Operating Partnership, the Trustee shall select, in such manner as it shall deem fair and appropriate, the 2008 Notes, the 2018 Notes and the REPS to be redeemed in whole or in part.

Unless the Operating Partnership defaults in payment of the redemption price, on and after any Redemption Date interest will cease to accrue on the Notes or portions thereof called for redemption.

CALL OPTION AND MANDATORY PUT WITH RESPECT TO THE REPS

Call Option. Pursuant to the terms of the REPS, the Callholder, by giving notice to the Trustee (the "Call Notice"), has the right to purchase the aggregate principal amount of REPS, in whole but not in part

89

(the "Call Option"), on the 2005 Coupon Reset Date, at a price equal to 100% of the principal amount thereof (the "Call Price") (interest accrued to but excluding the 2005 Coupon Reset Date will be paid by the Operating Partnership on such date to the holders of the REPS on the most recent Record Date). In order for the Callholder to exercise the Call Option, the Call Notice is required to be given to the Trustee, in writing, prior to 4:00 p.m., New York time, no later than 15 calendar days prior to the 2005 Coupon Reset Date for the REPS.

If the Callholder exercises its rights under the Call Option, unless terminated in accordance with its terms, (i) not later than 2:00 p.m., New York time, on the Business Day prior to the 2005 Coupon Reset Date, the Callholder will deliver the Call Price in immediately available funds to the Trustee for payment of the Call Price on the 2005 Coupon Reset Date, and (ii) the holders of REPS will be required to deliver and will be deemed to have delivered the REPS to the Callholder against payment therefor on the 2005 Coupon Reset Date through the facilities of The Depository Trust Company, New York, New York ("DTC"). No holder of any REPS or any interest therein will have any right or claim against the Callholder as a result of the Callholder's decision whether or not to exercise the Call Option or performance or nonperformance of its obligations with respect thereto.

The Call Option provides for certain circumstances under which such Call Option may be terminated. See "-- Coupon Reset Process if REPS are Called." If the Call Option terminates or if the Callholder fails to pay the Call Price to the Trustee at or prior to the required time, the Trustee shall exercise the Mandatory Put described below. The Trustee shall notify the holders that it is exercising the Put Option as required by the terms of the Indenture, as supplemented.

Immediately following the original issuance of the REPS, the Callholder will be Morgan Stanley & Co. International Limited. Thereafter, the Callholder may, from time to time, assign all of (but not less than all) its rights under the Call Option to a substitute Callholder, in each case without notice to or consent of the holders of the REPS.

Mandatory Put. If the Call Option is not exercised or if the Call Option otherwise terminates, the Trustee will be obligated to exercise the right of the holders of the REPS to require the Operating Partnership to purchase the aggregate principal amount of REPS in whole but not in part (the "Mandatory Put"), on the 2005 Coupon Reset Date at a price equal to 100% of the principal amount thereof (the "Put Price"), plus accrued but unpaid interest to but excluding such 2005 Coupon Reset Date, in each case, to be paid by the Operating Partnership to the holders on the 2005 Coupon Reset Date. If the Trustee exercises the Mandatory Put, then the Operating Partnership shall deliver the Put Price in immediately available funds to the Trustee by no later than 10:00 a.m., New York time, on the 2005 Coupon Reset Date, and the holders of the REPS will be required to deliver and will be deemed to have delivered the REPS to the Operating Partnership against payment therefor on the 2005 Coupon Reset Date through the facilities of DTC. By its purchase of REPS, each holder irrevocably agrees that the Trustee shall exercise the Mandatory Put relating to such REPS for or on behalf of such REPS as provided herein. No holder of any REPS or any interest therein has the right to consent or object to the exercise of the Trustee's duties under the Mandatory Put.

The transactions described above will be executed on the 2005 Coupon Reset Date through DTC in accordance with the procedures of DTC, and the accounts of participants will be debited and credited and the REPS delivered by book-entry as necessary to effect the purchases and sales thereof. For further information with respect to transfers and settlement through DTC, see "Global Notes."

Notice to Holders by Trustee. In anticipation of the exercise of the Call Option or the Mandatory Put on the 2005 Coupon Reset Date, the Trustee will notify the Holders of the REPS, not less than 30 days nor more than 60 days prior to the 2005 Coupon Reset Date, that all REPS shall be delivered on the 2005 Coupon Reset Date through the facilities of DTC against payment of the Call Price by the Callholder under the Call Option or payment of the Put Price by the Operating Partnership under the Mandatory Put. The Trustee will notify the holders of the REPS once it is determined whether the Call Price or the Put Price shall be delivered.

COUPON RESET PROCESS IF REPS ARE CALLED

The following discussion describes the steps to be taken in order to determine the interest rate to be paid on the REPS on and after the 2005 Coupon Reset Date in the event the Call Option has been exercised with respect to the REPS.

Under the REPS and pursuant to a Calculation Agency Agreement, Morgan Stanley & Co. Incorporated has been appointed the calculation agent for the REPS (in such capacity as calculation agent, the "Calculation Agent"). If the Callholder exercises the Call Option, then the following steps (the "Coupon Reset Process") will be taken in order to determine the interest rate to be paid on the REPS from and including such 2005 Coupon Reset Date to but excluding the Final REPS Maturity Date. The Operating Partnership and the Calculation Agent will use reasonable efforts to cause the actions contemplated below to be completed in as timely a manner as possible.

(a) No later than five Business Days prior to the 2005 Coupon Reset Date, the Operating Partnership will provide the Calculation Agent with (i) a list (the "Dealer List") containing the names and addresses of between three and five dealers, which shall include Morgan Stanley & Co. Incorporated, Goldman, Sachs & Co. and J.P. Morgan Securities, Inc., from whom the Operating Partnership desires the Calculation Agent to obtain Bids (as defined below) for the purchase of the REPS and (ii) such other material as may reasonably be requested by the Calculation Agent to facilitate a successful Coupon Reset Process.

(b) Within one Business Day following receipt by the Calculation Agent of the Dealer List, the Calculation Agent will provide to each dealer ("Dealer") on the Dealer List (i) a copy of this Prospectus, (ii) a copy of

the form of REPS and (iii) a written request that each Dealer submit a Bid to the Calculation Agent not later than 3:00 p.m., New York time, on the third Business Day prior to the 2005 Coupon Reset Date (the "Bid Date"). "Bid" means an irrevocable written offer given by a Dealer for the purchase of all of the REPS, settling on the 2005 Coupon Reset Date, and shall be quoted by such Dealer as a stated yield to maturity on the REPS ("Yield to Maturity"). Each Dealer shall also be provided with (i) the name of the Operating Partnership, (ii) an estimate of the Purchase Price (which shall be stated as a U.S. dollar amount and be calculated by the Calculation Agent in accordance with paragraph (c) below), (iii) the principal amount and maturity of the REPS and (iv) the method by which interest will be calculated on the REPS.

(c) The purchase price to be paid by any Dealer for the REPS in connection with the Coupon Reset Process after the exercise of the Call Option (the "Purchase Price") shall be equal to (i) the principal amount of the REPS, plus (ii) a premium (the "Notes Premium") which shall be equal to the excess, if any, on the 2005 Coupon Reset Date of (A) the discounted present value to the 2005 Coupon Reset Date of a bond with a maturity of June 2015 which has an interest rate of $\%$, semi-annual interest payments on each June and December, commencing December 2005, and a principal amount equal to the principal amount of the REPS, and assuming a discount rate equal to the Call Option Treasury Rate over (B) such principal amount of REPS. The "Call Option Treasury Rate" means the per annum rate equal to the offer side yield to maturity of the current on-the-run 10-year United States Treasury Security per Telerate page 500, or any successor page, not later than 3:00 p.m., New York time, on the Bid Date (or such other time or date that may be agreed upon by the Operating Partnership and the Calculation Agent) or, if such rate does not appear on Telerate page 500, or any successor page, at such time, the rates on GovPX End-of-Day Pricing at 3:00 p.m., New York time, on the Bid Date (or such other date that may be agreed upon by the Operating Partnership and the Calculation Agent).

(d) The Calculation Agent will provide written notice to the Operating Partnership as soon as practicable, on the Bid Date, setting forth (i) the names of each of the Dealers from whom the Calculation Agent received Bids on the Bid Date, (ii) the Bid submitted by each such Dealer and (iii) the Purchase Price as determined pursuant to paragraph (c) above. Except as provided below, the Calculation Agent will thereafter select from the Bids received the Bid with the lowest Yield to Maturity (the "Selected Bid"); provided, however, that (i) if the Calculation Agent has not received a timely Bid from a Dealer on or before the Bid Date, the Selected Bid shall be the lowest of all Bids received by such

91

time, (ii) if any two or more of the lowest Bids submitted are equivalent, the Operating Partnership shall in its sole discretion select any of such equivalent Bids (and such selected Bid shall be the Selected Bid) and (iii) Morgan Stanley & Co. Incorporated will have the right to match the Bid with the lowest Yield to Maturity, in which case Morgan Stanley & Co. Incorporated's Bid shall be the Selected Bid. The Calculation Agent will set the Coupon Reset Rate equal to the interest rate that will amortize the Notes Premium fully over the term of the REPS at the Yield to Maturity indicated by the Selected Bid. The Calculation Agent will notify the Dealer that submitted the Selected Bid as soon as practicable, on the Bid Date.

(e) Immediately after calculating the 2005 Coupon Reset Rate for the REPS, the Calculation Agent will provide written notice to the Operating Partnership and the Trustee, setting forth the 2005 Coupon Reset Rate. At the request of the holders of the REPS, the Calculation Agent will provide such holders the 2005 Coupon Reset Rate. The Operating Partnership shall thereafter establish the 2005 Coupon Reset Rate as the new interest rate on the REPS, effective from and including the 2005 Coupon Reset Date by delivery to the Trustee on or before the Coupon Reset Date of an officers' certificate.

(f) The Callholder will sell the REPS to the Dealer that made the Selected Bid at the Purchase Price, such sale to be settled on the Coupon Reset Date in immediately available funds.

If the Calculation Agent determines that (i) at any time prior to the sale of the REPS on the Bid Date, an Event of Default has occurred and is continuing under Sections 501 (1), (2), (3), (4) or (5) of the Indenture (in such event termination is at the Callholder's option) or under Sections 501 (6) or (7) of the Indenture (in such event, termination is automatic), (ii) a Market Disruption Event (as defined below) has occurred and is continuing following the

exercise of the Call Option, (iii) the Callholder fails to deliver the Call Notice to the Trustee prior to 4:00 p.m., New York time, on the fifteenth calendar day prior to the Coupon Reset Date or revokes the Call Notice, (iv) the Callholder fails to pay the Call Price by 2:00 p.m., New York time, on the Business Day prior to the Coupon Reset Date, (v) a defeasance (as defined below) or a covenant defeasance (as defined below) has occurred and (vi) two or more of the Dealers have failed to provide Bids in a timely manner substantially as provided above, such Call Option will be automatically revoked, and the Trustee will exercise the Put Option on behalf of the holders. "Market Disruption Event" shall mean any of the following if such events occur and are continuing on any day from and including the date of the Call Notice to and including the Bid Date in the judgment of the Calculation Agent: (i) a suspension or material limitation in trading in securities generally on the NYSE or the establishment of minimum prices on such exchange; (ii) a general moratorium on commercial banking activities declared by either federal or New York State authorities; (iii) any material adverse change in the existing financial, political or economic conditions in the United States of America; (iv) an outbreak or escalation of major hostilities involving the United States of America or the declaration of a national emergency or war by the United States; or (v) any material disruption of the U.S. government securities market, U.S. corporate bond market or U.S. federal wire system; provided, in each case that in the judgment of the Calculation Agent the effect of the foregoing makes it impractical to conduct the Coupon Reset Process. If the Call Option is revoked, the Operating Partnership will reacquire the Call Option from the Callholder. The reacquisition of the Call Option by the Operating Partnership will not affect the rights of the Trustee or the holders of REPS pursuant to the Mandatory Put.

The Calculation Agency Agreement provides that the Calculation Agent may resign at any time, such resignation to be effective ten Business Days after the delivery to the Operating Partnership and the Trustee of notice of such resignation. In such case, the Operating Partnership may appoint a successor Calculation Agent for the REPS.

The Calculation Agent, in its individual capacity, may buy, sell, hold and deal in the REPS and may exercise any vote or join in any action which any holder of the REPS may be entitled to exercise or take as if it were not the Calculation Agent. The Calculation Agent, in its individual capacity, may also engage in any transaction with the Operating Partnership as if it were not the Calculation Agent.

92

MERGER, CONSOLIDATION OR SALE

The Indenture provides that the Operating Partnership will not, in any transaction or series of related transactions, consolidate with, or sell, lease, assign, transfer or otherwise convey all or substantially all of its assets to, or merge with or into, any other Person unless (i) either the Operating Partnership shall be the continuing person, or the successor (if other than the Operating Partnership) formed by or resulting from any such consolidation or merger or which shall have received the transfer of such assets shall be a corporation, partnership, limited liability company or other legal entity organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and shall expressly assume, by supplemental indenture delivered to the Trustee, the due and punctual payment of the principal of (and premium, if any) and interest on all of the outstanding Notes issued under the Indenture and the due and punctual performance and observance of all of the other covenants and conditions contained in the Notes and the Indenture; (ii) immediately after giving effect to such transaction and treating any Debt (including Acquired Debt) which becomes an obligation of the Operating Partnership or any of its Affiliates as a result thereof as having been incurred by the Operating Partnership or such Affiliate at the time of such transaction, no Event of Default under the Indenture, and no event which, after notice or the lapse of time or both, would become such an Event of Default, shall have occurred and be continuing; and (iii) an officers' certificate and legal opinion concerning such conditions shall be delivered to the Trustee. If the Operating Partnership is not the surviving legal entity, then, for purposes of clause (ii) of the preceding sentence, the successor shall be deemed to be the "Operating Partnership" referred to in such clause (ii). (See Sections 801 and 803 of the form of Indenture).

Upon any such merger, consolidation, sale, assignment, transfer, lease or conveyance in which the Operating Partnership is not the continuing legal entity, the successor entity formed by such consolidation or into which the Operating Partnership is merged or to which such sale, assignment, transfer, lease or other conveyance is made shall succeed to, and be substituted for, and may exercise every right and power of, the Operating Partnership under the Indenture with the same effect as if such successor entity had been named as the Operating Partnership therein and thereafter the Operating Partnership shall be released (except in the case of a lease) from its obligations under the Indenture and the Notes.

CERTAIN COVENANTS

The Indenture contains the following covenants:

Aggregate Debt Test. The Operating Partnership will not, and will not permit any of its Subsidiaries to, incur any Debt (including, without limitation, Acquired Debt) if, immediately after giving effect to the incurrence of such Debt and the application of the proceeds therefrom on a pro forma basis, the aggregate principal amount of all outstanding Debt of the Operating Partnership and its Subsidiaries (determined on a consolidated basis in accordance with generally accepted accounting principles) is greater than 60% of the sum of (without duplication) (i) the Total Assets of the Operating Partnership and its Subsidiaries as of the last day of the then most recently ended fiscal quarter and (ii) the aggregate purchase price of any real estate assets or mortgages receivable acquired, and the aggregate amount of any securities offering proceeds received (to the extent such proceeds were not used to acquire real estate assets or mortgages receivable or used to reduce Debt), by the Operating Partnership or any of its Subsidiaries since the end of such fiscal quarter, including the proceeds obtained from the incurrence of such additional Debt, determined on a consolidated basis in accordance with generally accepted accounting principles.

Debt Service Test. The Operating Partnership will not, and will not permit any of its Subsidiaries to, incur any Debt (including, without limitation, Acquired Debt) if the ratio of Consolidated Income Available for Debt Service to the Annual Debt Service Charge for the period consisting of the four consecutive fiscal quarters most recently ended prior to the date on which such additional Debt is to be incurred shall have been less than 1.5:1 on a pro forma basis after giving effect to the incurrence of such Debt and the application of the proceeds therefrom, and calculated on the assumption that (i) such Debt and any other Debt (including, without limitation, Acquired Debt) incurred by the Operating Partnership or any of its Subsidiaries since the first day of such four-quarter period had been incurred, and the application of the proceeds therefrom (including to repay or retire other Debt) had occurred, on the first day of such period, (ii) the repayment or

93

retirement of any other Debt of the Operating Partnership or any of its Subsidiaries since the first day of such four-quarter period had occurred on the first day of such period (except that, in making such computation, the amount of Debt under any revolving credit facility, line of credit or similar facility shall be computed based upon the average daily balance of such Debt during such period) and (iii) in the case of any acquisition or disposition by the Operating Partnership or any of its Subsidiaries of any asset or group of assets, in any such case with a fair market value (determined in good faith by the Operating Partnership's General Partner's Board of Directors) in excess of \$1 million, since the first day of such four-quarter period, whether by merger, stock purchase or sale or asset purchase or sale or otherwise, such acquisition or disposition had occurred as of the first day of such period with the appropriate adjustments with respect to such acquisition or disposition being included in such pro forma calculation. If the Debt giving rise to the need to make the foregoing calculation or any other Debt incurred after the first day of the relevant four-quarter period bears interest at a floating rate then, for purposes of calculating the Annual Debt Service Charge, the interest rate on such Debt shall be computed on a pro forma basis by applying the average daily rate which would have been in effect during the entire such four-quarter period to the greater of the amount of such Debt outstanding at the end of such period or the average amount of such Debt outstanding during such period.

Secured Debt Test. The Operating Partnership will not, and will not permit any of its Subsidiaries to, incur any Debt (including, without limitation, Acquired Debt) secured by any Lien on any property or assets of the Operating Partnership or any of its Subsidiaries, whether owned on the date of the Indenture or thereafter acquired, if, immediately after giving effect to the incurrence of such Debt and the application of the proceeds therefrom on a pro forma basis, the aggregate principal amount (determined on a consolidated basis in accordance with generally accepted accounting principles) of all outstanding Debt of the Operating Partnership and its Subsidiaries which is secured by any Lien on any property or assets of the Operating Partnership or any of its Subsidiaries is greater than 40% of the sum of (without duplication) (i) the Total Assets of the Operating Partnership and its Subsidiaries as of the last day of the then most recently ended fiscal quarter and (ii) the aggregate purchase price of any real estate assets or mortgages receivable acquired, and the aggregate amount of any securities offering proceeds received (to the extent such proceeds were not used to acquire real estate assets or mortgages receivable or used to reduce Debt), by the Operating Partnership or any of its Subsidiaries since the end of such fiscal quarter, including the proceeds obtained from the incurrence of such additional Debt, determined on a consolidated basis in accordance with generally accepted accounting principles.

For purposes of the foregoing provisions regarding the limitation on the incurrence of Debt, Debt shall be deemed to be "incurred" by the Operating Partnership or a Subsidiary whenever the Operating Partnership or a Subsidiary shall create, assume, guarantee or otherwise become liable in respect thereof.

Maintenance of Total Unencumbered Assets. The Operating Partnership will

not have at any time Total Unencumbered Assets of less than 150% of the aggregate principal amount of all outstanding Unsecured Debt of the Operating Partnership and its Subsidiaries, determined on a consolidated basis in accordance with generally accepted accounting principles.

Existence. Except as permitted under the provisions of the Indenture described under the caption in "-- Merger, Consolidation or Sale" the Operating Partnership will do or cause to be done all things necessary to preserve and keep in full force and effect its existence as a Delaware limited partnership, rights (charter and statutory) and franchises; provided, however, that the Operating Partnership will not be required to preserve any right or franchise if its General Partner's Board of Directors determines that the preservation thereof is no longer desirable in the conduct of its business and that the loss thereof is not disadvantageous in any material respect to the Holders of the Notes outstanding under the Indenture.

Maintenance of Properties. The Operating Partnership will cause all of its properties used or useful in the conduct of its business or the business of any Subsidiaries to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment and will cause to be made all necessary repairs, renewals, replacements, betterments and improvements thereof, all as in the judgment of the Operating Partnership may be necessary so that the business carried on in connection therewith may be properly and advantageously conducted at all times.

94

Insurance. The Indenture requires the Operating Partnership to, and to cause each of its Subsidiaries to, keep in force upon all of its properties and operations policies of insurance carried with responsible companies in such amounts and covering all such risks as shall be customary in the industry in accordance with prevailing market conditions and availability.

Payment of Taxes and Other Claims. The Operating Partnership will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (i) all taxes, assessments and governmental charges levied or imposed upon it or any Subsidiary or upon the income, profits or property of the Operating Partnership or any Subsidiary, and (ii) all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon the property of the Operating Partnership or any Subsidiary, provided, however, that the Operating Partnership will not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings.

Guarantees. The Indenture provides that (i) the Operating Partnership will not permit any of its Subsidiaries to guarantee or secure through the granting of Liens, the payment of any Debt of the Operating Partnership, the Company or any such Subsidiary which has provided such a guarantee and (ii) the Operating Partnership will not and will not permit any of its Subsidiaries to pledge any intercompany notes representing obligations of any of its Subsidiaries, to secure the payment of any debt of the Operating Partnership, the Company or any such Subsidiary which has provided such a guarantee, in each case unless such Subsidiary, the Operating Partnership and the Trustee execute and deliver a supplemental indenture evidencing such Subsidiary's guarantee (providing for the unconditional guarantee by such Subsidiary, on a senior basis, of the Notes).

Provision of Financial Information. The Operating Partnership will file with the Trustee copies of annual reports, quarterly reports and other documents (the "Financial Reports") which the Operating Partnership files with the Commission or would be required to file with the Commission pursuant to Section 13 or 15(d) of the Exchange Act if the Operating Partnership were subject to such Sections; provided, however, that if the Operating Partnership is not subject to such Sections, it may in lieu of filing Financial Reports of the Operating Partnership with the Trustee, file Financial Reports of the Company if they would be materially the same as those that would have been filed by the Operating Partnership with the Commission pursuant to Sections 13 or 15(d) of the Exchange Act.

"Debt" means, with respect to any Person, any indebtedness of such Person, whether or not contingent, in respect of (i) borrowed money or evidenced by bonds, notes, debentures or similar instruments, (ii) indebtedness secured by any Lien on any property or asset owned by such Person, but only to the extent of the lesser of (x) the amount of indebtedness so secured and (y) the fair market value (determined in good faith by the board of directors of such Person or, in the case of the Operating Partnership or a Subsidiary, by the Operating Partnership's General Partner's Board of Directors) of the property subject to such Lien, (iii) reimbursement obligations, contingent or otherwise, in connection with any letters of credit actually issued or amounts representing the balance deferred and unpaid of the purchase price of any property except any such balance that constitutes an accrued expense or trade payable, or (iv) any lease of property by such Person as lessee which is required to be reflected on such Person's balance sheet as a capitalized lease in accordance with generally accepted accounting principles, and also includes, to the extent not otherwise included, any obligation of such Person to be liable for, or to pay, as obligor, guarantor or otherwise (other than for purposes of collection in the ordinary course of business), Debt of the types referred to above of another Person (it being understood that Debt shall be deemed to be incurred by such Person whenever such person shall create, assume, guarantee or otherwise become liable in respect thereof).

"Unsecured Debt" means Debt of the Operating Partnership or any of its Subsidiaries which is not secured by a Lien on any property or assets of the Operating Partnership or any of its Subsidiaries.

EVENTS OF DEFAULT, NOTICE AND WAIVER

The Indenture provides that the following events are "Events of Default" with respect to any series of the Notes issued thereunder: (i) default for 30 days in the payment of any interest on any Note of such series; (ii) default in the payment of any principal of (or premium, if any, on) any Note of such series at its Maturity Date; (iii) default in the performance or breach of any other covenant or warranty of the Operating Partnership contained in the Indenture, continued for 60 days after written notice as provided in the Indenture; (iv) (a) default by the Operating Partnership or any Subsidiary of the Operating Partnership in the payment (whether at stated maturity, upon acceleration, upon required prepayment or otherwise), beyond any period of grace provided therefor, of any principal of or interest on any bond, note, debenture or other evidence of indebtedness, or (b) any other breach or default (or other event or condition) shall occur under any agreement, indenture or instrument relating to any such bond, note, debenture or other evidence of indebtedness beyond any cure period provided therefor, if as a result thereof the holder or holders of any such bond, note, debenture or other evidence of indebtedness (or a person on behalf of such holder or holders) has the immediate right to cause (upon the giving of notice if required) any such bond, note, debenture or other evidence of indebtedness to become or be declared due and payable, or required to be prepaid, redeemed, purchased or defeased (or an offer of prepayment, redemption, purchase or defeasance be made), prior to its stated maturity (other than by a scheduled mandatory prepayment), which in the aggregate under (a) and (b) have a principal amount equal or greater than \$20,000,000, without such indebtedness having been discharged, or such breach or default having been cured, within a period of 10 days after there shall have been given to the Operating Partnership by the Trustee or to the Operating Partnership and the Trustee by the holders of at least 25% in principal amount of the outstanding Notes of such series, a written notice specifying such default and requiring the Operating Partnership to cause such indebtedness to be discharged or to cause such breach or default having been cured and stating that such notice is a "Notice of Default" under the Indenture; and (v) certain events of bankruptcy, insolvency or reorganization with respect to the Operating Partnership or of any General Partner or any Significant Subsidiary. (See Section 501 of the form of Indenture.) The term "Significant Subsidiary" means any Subsidiary which is a significant subsidiary (as defined in Regulation S-X promulgated under the Securities Act as in effect on January 1, 1998) of the Operating Partnership.

If an Event of Default under the Indenture with respect to a series of Notes occurs and is continuing, then in every such case the Trustee or the Holders of not less than 25% in principal amount of the outstanding Notes of such series may declare the principal amount of all of the Notes of such series to be due and payable immediately by written notice thereof to the Operating Partnership (and to the Trustee if given by the Holders). However, at any time after such a declaration of acceleration with respect to the Notes of such series has been made, the Holders of not less than a majority in principal amount of outstanding Notes of such series may rescind and annul such declaration and its consequences if (i) the Operating Partnership shall have deposited with the Trustee all required payments of the principal of (and premium, if any) and interest, if any, on the Notes of such series (other than amounts which have become due and payable as a result of such acceleration), plus certain fees, expenses, disbursements and advances of the Trustee and (ii) all Events of Default (other than the nonpayment of accelerated principal (or specified portion thereof), premium, if any, and interest) with respect to the Notes of such series have been cured or waived as provided in the Indenture. (See Section 502 of the form of Indenture.) The Indenture will also provide that the Holders of not less than a majority in principal amount of the outstanding Notes of a series may waive any past default with respect to such Notes and its consequences, except a default (x) in the payment of the principal of (or premium, if any) or interest, if any, on any Note of such series or (y) in respect of a covenant or provision contained in the Indenture that cannot be modified or amended without the consent of the Holder of each Outstanding Note of such series affected thereby. (See Section 513 of the form of Indenture.)

The Indenture requires the Trustee to give notice to the Holders of Notes of a series issued thereunder within 90 days of a default with respect to such Notes under the Indenture known to the Trustee, unless such default shall have been cured or waived; provided, however, that the Trustee may withhold notice to the Holders of any Notes of such series of any default (except a default in the payment of the principal of (or

premium, if any) or interest, if any, on any Note of such series) if a Responsible Officer of such Trustee determines such withholding to be in the interest of such Holders. (See Section 601 of the form of Indenture.)

The Indenture provides that no Holder of Notes of any series may institute any proceeding, judicial or otherwise, with respect to the Indenture or for any

remedy thereunder, except in the case of the failure of the Trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an Event of Default from the Holders of not less than 25% in principal amount of the Outstanding Notes of such series, as well as an offer of reasonable indemnity. (See Section 507 of the form of Indenture.) This provision will not prevent, however, any Holder of Notes from instituting suit for the enforcement of payment of the principal of (and premium, if any) and interest, if any, on such Notes held by that Holder at the respective due dates thereof. (See Section 508 of the form of Indenture.) The Indenture provides that, subject to provisions of the Indenture relating to its duties in case of default, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any Holders of any Notes of any series then Outstanding under the Indenture, unless the Holders of Notes of any such series shall have offered to the Trustee thereunder reasonable security or indemnity. (See Section 602 of the form of Indenture.) The Holders of not less than a majority in principal amount of the Outstanding Notes of any series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or of exercising any trust or power conferred upon the Trustee with respect to such series. However, the Trustee may refuse to follow any direction which is in conflict with any law or the Indenture, which may involve the Trustee in personal liability or which may be unduly prejudicial to the Holders of Notes of such series not joining therein. (See Section 512 of the form of Indenture.)

Within 120 days after the close of each fiscal year, the Operating Partnership must deliver to the Trustee a certificate, signed by one of several specified officers of the General Partner of the Operating Partnership, stating whether or not such officer has knowledge of any noncompliance under the Indenture and, if so, specifying such noncompliance and the nature and status thereof. (See Section 1014 of the form of Indenture.) Further, upon any request by the Operating Partnership to take any action under the Indenture, the Operating Partnership will furnish to the Trustee (a) an Officers' Certificate stating that all conditions precedent, if any, provided for in the Indenture relating to the proposed action have been complied with, and (b) an opinion of counsel stating that in the opinion of such counsel all such conditions precedent, if any, have been complied with.

MODIFICATION OF THE INDENTURE

Modifications and amendments of the Indenture may be made only with the consent of the Holders of not less than a majority in principal amount of all Outstanding Notes which are affected by such modification or amendment; provided, however, that no such modification or amendment may, without the consent of the Holder of each such Note affected thereby, (i) change the Maturity Date of the principal (or premium, if any) of, or any installment of interest, if any, any such Note, (ii) reduce the principal amount of, or the rate or amount of interest on, or any amount of premium payable on any such Note that would be due and payable upon declaration of acceleration of the maturity thereof or would be provable in bankruptcy, or adversely affect any right of the Holder of any such Note to repayment of such Note at such Holder's option, (iii) change the Place of Payment, or the coin or currency, for payment of principal of (or premium, if any) or interest, if any, on any such Note, (iv) impair the right to institute suit for the enforcement of any payment on or with respect to any such Note, (v) reduce the percentage in principal amount of Outstanding Notes necessary to modify or amend the Indenture, to waive compliance with certain provisions thereof or certain defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the Indenture, or (vi) modify any of the foregoing provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect such action or to provide that certain other provisions may not be modified or waived without the consent of the Holder of such Note. (See Section 902 of the form of Indenture.)

The Indenture provides that the Holders of not less than a majority in principal amount of Outstanding Notes have the right to waive compliance by the Operating Partnership with certain covenants in the

Indenture, including those described in the section of this Prospectus captioned "Description of Notes -- Certain Covenants." (See Section 1013 of the form of Indenture.)

Modifications and amendments of the Indenture may be made by the Operating Partnership and the Trustee without the consent of any Holder of Notes issued thereunder for any of the following purposes: (i) to evidence the succession of another Person to the Operating Partnership as obligor under the Indenture; (ii) to add to the covenants of the Operating Partnership for the benefit of the Holders of the Notes or to surrender any right or power conferred upon the Operating Partnership in the Indenture; (iii) to add Events of Default for the benefit of the Holders of the Notes; (iv) to add or change any provisions of the Indenture to facilitate the issuance of the Notes in uncertificated form, provided that such action shall not adversely affect the interests of the Holders of Notes in any material respect; (v) to secure the Notes; (vi) to provide for the acceptance of appointment by a successor Trustee or to

facilitate the administration of the trusts under the Indenture by more than one Trustee; (vii) to cure any ambiguity, defect or inconsistency in the Indenture or to add or change any other provisions with respect to matters or questions arising thereunder, provided that such action shall not adversely affect the interests of Holders of Outstanding Notes in any material respect; or (viii) to supplement any of the provisions of the Indenture to the extent necessary to permit or facilitate defeasance, covenant defeasance and discharge of any Notes, provided that such action shall not adversely affect the interests of the Holders of the Notes in any material respect. (See Section 901 of the form of Indenture.)

The Indenture provides that in determining whether the Holders of the requisite principal amount of Outstanding Notes of a series have given any request, demand, authorization, direction, notice, consent or waiver thereunder or whether a quorum is present at a meeting of Holders of the Notes of a series, Notes of each series owned by the Operating Partnership or any other obligor upon such Notes or any Affiliate of the Operating Partnership or of such other obligor shall be disregarded. (See Section 101 of the form of Indenture.)

The Indenture contains provisions for convening meetings of the Holders of Notes of a series. (See Section 1301 of the form of Indenture.) A meeting may be called at any time by the Trustee and also, upon request, by the Operating Partnership or the Holders of at least 25% in principal amount of the Outstanding Notes of such series, in any such case upon notice given as provided in the Indenture. (See Section 1302 of the form of Indenture.) Except for any consent that must be given by the Holder of each Note affected by certain modifications and amendments of the Indenture, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present may be adopted by the affirmative vote of the Holders of a majority in principal amount of the Outstanding Notes of such series; provided, however, that, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the Holders of a specified percentage, which is less or more than a majority, in principal amount of the Outstanding Notes of such series may be adopted at a meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the Holders of such specified percentage in principal amount of the Outstanding Notes of such series. Any resolution passed or decision taken at any meeting of Holders of Notes of any series duly held in accordance with the Indenture will be binding on all Holders of Notes of such series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be Persons holding or representing a majority in principal amount of the Outstanding Notes of any series; provided, however, that if any action is to be taken at such meeting with respect to a consent or waiver which may be given by the Holders of not less than a specified percentage, which is less or more than a majority, in principal amount of the Outstanding Notes of such series, the Persons holding or representing such specified percentage in principal amount of the Outstanding Notes of such series will constitute a quorum. (See Section 1304 of the form of Indenture.)

Notwithstanding the provisions described above, the Indenture provides that if any action is to be taken at a meeting of Holders of Notes of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that the Indenture expressly provides may be made, given or taken by the Holders of a specified percentage in principal amount of all Outstanding Notes of such series affected thereby: (i) there shall be no minimum quorum requirement for such meeting and (ii) the principal amount of the Outstanding Notes of such series that are entitled to vote in favor of such request, demand,

99

authorization, direction, notice, consent, waiver or other action shall be taken into account in determining whether such request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under the Indenture. (See Section 1304 of the form of Indenture.)

DISCHARGE, DEFEASANCE AND COVENANT DEFEASANCE

Upon request of the Operating Partnership the Indenture shall cease to be of further effect with respect to the Notes of a series (except as to certain limited provisions of the Indenture which shall survive) when either (i) all Notes of such series have been delivered to the Trustee for cancellation (subject to certain exceptions) or (ii) all Notes of such series have become due and payable or will become due and payable within one year (or, if redeemable, are scheduled for redemption within one year) and the Operating Partnership has irrevocably deposited with the Trustee, in trust, funds in an amount sufficient to pay the entire indebtedness on the Notes of such series in respect of principal (and premium, if any) and interest to the date of such deposit (if such Notes have become due and payable) or to the stated maturity or redemption date, as the case may be.

The Indenture provides that the Operating Partnership may elect either (i) to defease and be discharged from any and all obligations with respect to a series of Notes (except, among other things, for the obligations to register the transfer or exchange of such Notes, to replace temporary or mutilated,

destroyed, lost or stolen Notes of such series, to maintain an office or agency in respect of the Notes of such series and to hold moneys for payment in trust) ("defeasance") (see Section 1202 of the form of Indenture) or (ii) to be released from its obligations with respect to the Notes of such series under the applicable covenants described above under the caption "Certain Covenants" (except that the Operating Partnership shall remain subject to the covenant to preserve and keep in full force and effect its existence, except as permitted under the provisions described under "Merger, Consolidation or Sale") and its obligations with respect to any other covenants applicable to the Notes of such series, and any omission to comply with such obligations shall not constitute a default or an Event of Default with respect to the Notes ("covenant defeasance") (see Section 1203 of the form of Indenture), in either case upon the irrevocable deposit by the Operating Partnership with the Trustee, in trust, of the amount payable at the applicable Maturity Date or, if applicable, upon redemption, or Government Obligations (as defined below), or both, applicable to the Notes of such series which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any) and interest on such Notes, on the scheduled due dates therefor or the applicable redemption date, as the case may be.

Such a trust may only be established if, among other things, (i) the Operating Partnership has delivered to the Trustee a legal opinion to the effect that the Holders of the Notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred, and such legal opinion, in the case of defeasance, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable United States federal income tax law occurring after the date of the Indenture; (ii) if the cash and Government Obligations deposited are sufficient to pay the outstanding Notes of such series, provided such Notes are redeemed on a particular redemption date, the Operating Partnership shall have given the Trustee irrevocable instructions to redeem the Notes of such series on such date; and (iii) no Event of Default or event which with notice or lapse of time or both would become an Event of Default with respect to the Notes shall have occurred and shall be continuing on the date of, or, solely in the case of Events of Default described in clause (vi) of the first paragraph under the caption "-- Events of Default, Notice and Waiver" above, during the period ending on the 91st day after the date of, such deposit into trust. (See Section 1204 of the form of Indenture.)

"Government Obligations" means securities which are (i) direct obligations of the United States of America, for the payment of which its full faith and credit is pledged, or (ii) obligations of a Person controlled or supervised by and acting as an agency or instrumentality of the United States of America, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America, which, in either case, are not callable or redeemable at the option of the issuer thereof, and shall also include a

100

depository receipt issued by a bank or trust company as custodian with respect to any such Government Obligation or a specific payment of interest on or principal of any such Government Obligation held by such custodian for the account of the holder of a depository receipt, provided that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the Government Obligation or the specific payment of interest on or principal of the Government Obligation evidenced by such depository receipt. (See Section 101 of the form of Indenture.)

In the event the Operating Partnership effects covenant defeasance with respect to the Notes of any series and such Notes are declared due and payable because of the occurrence of any Event of Default (other than an Event of Default with respect to any covenant as to which there has been covenant defeasance), the amount of monies and Government Obligations deposited with the Trustee to effect such covenant defeasance may not be sufficient to pay amounts due on such Notes at the time of their Maturity Date or at the time of the acceleration resulting from such Event of Default. In any such event, the Operating Partnership would remain liable to make payment of such amounts due at the time of acceleration.

GLOBAL NOTES

The Notes of each series will be issued in the form of one or more fully registered book-entry Notes of such series (each, a "Global Note") that will be deposited with, or on behalf of DTC. Global Notes will be issued in fully registered form.

The Operating Partnership anticipates that the Global Notes will be deposited with, or on behalf of DTC, and that such Global Note will be registered in the name of Cede & Co., DTC's nominee. The Operating Partnership further anticipates that the following provisions will apply to the depository

arrangements with respect to the Global Notes.

So long as DTC or its nominee is the registered owner of the Global Notes, DTC or its nominee, as the case may be, will be considered the sole Holder of the Notes represented by such Global Note for all purposes under the Indenture. Except as described below, owners of beneficial interests in the Global Notes will not be entitled to have Notes represented by such Global Note registered in their names, will not receive or be entitled to receive physical delivery of Notes in certificated form and will not be considered the owners or Holders thereof under the Indenture. The laws of some states require that certain purchasers of securities take physical delivery of such securities in certificated form; accordingly, such laws may limit the transferability of beneficial interests in the Global Notes.

The Global Notes will be exchangeable for certificated Notes only if (i) DTC notifies the Operating Partnership that it is unwilling or unable to continue as depository or DTC ceases to be a clearing agency registered under the Exchange Act (if so required by applicable law or regulation) and, in either case, a successor depository is not appointed by the Operating Partnership within 90 days after the Operating Partnership receives such notice or becomes aware of such ineligibility, (ii) the Operating Partnership in its sole discretion determines that the Global Notes shall be exchangeable for certificated Notes or (iii) there shall have occurred and be continuing an Event of Default with respect to Notes of any series under the Indenture and beneficial owners representing a majority in aggregate principal amount of the Notes of such series represented by a Global Note advise DTC to cease acting as depository. Upon any such exchange, owners of a beneficial interest in such Global Note will be entitled to physical delivery of individual Notes of such series in certificated form of like tenor, terms and rank, equal in principal amount to such beneficial interest, and to have such Notes in certificated form registered in the names of the beneficial owners, which names are expected to be provided by DTC's relevant Participants (as identified by DTC) to the Trustee. Notes so issued in certificated form will be issued in denominations of \$1,000 or any integral multiple thereof, and will be issued in registered form only, without coupons.

The following is based on information furnished to the Operating Partnership by DTC:

DTC will act as securities depository for the Notes. The Notes will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully registered Note certificate will

101

be issued with respect to each \$200 million (or such other amount as shall be permitted by DTC from time to time) of principal amount of the Notes, and an additional certificate will be issued with respect to any remaining principal amount.

DTC is a limited purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations ("Direct Participants"). DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others, such as securities brokers and dealers, and banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The rules applicable to DTC and its Participants are on file with the Commission.

Purchases of Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note ("Beneficial Owner") is in turn recorded on the Direct and Indirect Participants' records. A Beneficial Owner does not receive written confirmation from DTC of its purchase, but is expected to receive a written confirmation providing details of the transaction, as well as periodic statements of its holdings, from the Direct or Indirect Participant through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in Notes are accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners do not receive certificates representing their ownership interests in Notes, except under the circumstances described above.

To facilitate subsequent transfers, the Notes are registered in the name of DTC's nominee, Cede & Co. The deposit of the Notes with DTC and their

registration in the name of Cede & Co. will effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC records reflect only the identity of the Direct Participants to whose accounts Notes are credited, which may or may not be the Beneficial Owners. The Participants remain responsible for keeping account of their holdings on behalf of their customers.

Delivery of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners are governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. consents or votes with respect to the Notes. Under its usual procedures, DTC mails a proxy (an "Omnibus Proxy") to the issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified on a list attached to the Omnibus Proxy).

Principal payments, premium payments, if any, and interest payments, if any, on the Notes will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the payment date in accordance with their respective holdings as shown on DTC's records unless DTC has reason to believe that it will not receive payment on the payment date. Payments by Direct and Indirect Participants to Beneficial Owners are governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name" and are the responsibility of such Direct and Indirect Participants and not of DTC, the Trustee or the Operating Partnership, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal (and premium, if any) and interest, if any, to DTC is the responsibility of the Operating Partnership or the Trustee, disbursement of

102

such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

If applicable, redemption notices shall be sent to Cede & Co. If less than all of the Notes of any series represented by the Global Notes are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

DTC may discontinue providing its services as securities depository with respect to the Notes of any series at any time by giving reasonable notice to the Operating Partnership or the Trustee. Under such circumstances, in the event that a successor securities depository is not appointed, Note certificates are required to be printed and delivered as described above.

The Operating Partnership may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered as described above.

None of the Operating Partnership, the Underwriters, the Trustee or any applicable paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial interests in the Global Notes, or for maintaining, supervising or reviewing any records relating to such beneficial interest.

Notices or demands to or upon the Operating Partnership in respect of the Notes and the Indenture may be served and, in the event that Notes are issued in definitive certificated form, Notes may be surrendered for payment, registration of transfer or exchange, at the office or agency of the Operating Partnership maintained for such purpose in the Borough of Manhattan, The City of New York, which shall initially be the office of State Street Bank and Trust Company, an affiliate of the Trustee, which on the date of this Prospectus is located at 61 Broadway, 15th Floor, New York, New York.

MATERIAL FEDERAL INCOME TAX CONSIDERATIONS RELATING TO THE REPS

The following is a summary of the material United States Federal income tax considerations relating to the purchase, ownership and disposition of the REPS by an initial holder of the REPS who purchases the REPS on the date of original issuance. The information set forth below, to the extent that it constitutes matters of law, summaries of legal matters or legal conclusions, is the opinion of Latham & Watkins, tax counsel to the Operating Partnership, as to the material United States Federal income tax considerations relevant to holders of the REPS. This summary is based upon current provisions of the Internal Revenue Code of 1986, as amended (the "Code"), existing and proposed Treasury regulations promulgated thereunder and current administrative rulings and court decisions currently in effect, all of which are subject to change, possibly with

retroactive effect. The discussion does not deal with all Federal tax considerations applicable to all categories of investors (including insurance companies, tax-exempt organizations, financial institutions or broker-dealers, foreign corporations, foreign partnerships and persons who are not citizens or residents of the United States), some of which may be subject to special rules. In addition, this summary is limited to holders who will hold the REPS as "capital assets" (generally, property held for investment) within the meaning of Section 1221 of the Code. This summary only addresses the United States Federal income tax considerations of the REPS until the 2005 Coupon Reset Date.

Investors are urged to consult their own tax advisors to determine the Federal, state, local, foreign, and other tax consequences relating to the purchase, ownership and disposition of the REPS.

Prospective investors should note that no rulings have been or are expected to be sought from the IRS with respect to any of the Federal income tax considerations discussed below, and no assurance can be given that the IRS will not take contrary positions.

TREATMENT OF REPS

The United States Federal income tax treatment of debt obligations such as the REPS is not entirely certain. Because the REPS are subject to a mandatory put or call on the 2005 Coupon Reset Date, the Operating Partnership intends to treat the REPS as maturing on the 2005 Coupon Reset Date for United States Federal income tax purposes and as being reissued on the 2005 Coupon Reset Date should the Callholder sell the REPS pursuant to the Coupon Reset Process. Assuming such treatment is respected for United States Federal income tax purposes, Latham & Watkins is of the opinion that:

(a) stated interest on the REPS generally will be taxable to a holder as ordinary income at the time it is paid or accrued in accordance with the holder's regular method of tax accounting;

(b) upon the sale, exchange, redemption, or other disposition of the REPS, a holder will generally recognize taxable gain or loss equal to the difference between the amount realized by such holder on such sale, exchange, redemption, or other disposition (except to the extent that such amount realized represents accrued and unpaid interest that such holder has not included in gross income previously) and such holder's adjusted tax basis in the REPS;

(c) pursuant to the Taxpayer Relief Act of 1997, in the case of an individual holder, any capital gain recognized on the sale, exchange, redemption, or other disposition of the REPS will generally be subject to United States Federal income tax at a stated maximum rate of (i) 20%, if the holder's holding period in the REPS was more than 18 months at the time of such sale, exchange, redemption, or other disposition; (ii) 28%, if the holder's holding period in the REPS was more than one year, but not more than 18 months, at the time of such sale, exchange, redemption, or other disposition; and (iii) 39.6%, if the holder's holding period in the REPS was not more than one year at the time of such sale, exchange, redemption, or other disposition; and

(d) any capital loss recognized by a holder on the sale, exchange, redemption, or other disposition of the REPS will generally be long-term capital loss or short-term capital loss depending on whether the holder held the REPS for more than one year and the deductibility of such loss is subject to certain limitations.

There can be no assurance, however, that the IRS will agree with the Operating Partnership's treatment of the REPS described above, and it is possible that the Service could assert another treatment. For instance,

it is possible that the IRS could seek to treat the REPS as maturing on the Final REPS Maturity Date and to treat the issue price of the REPS as including the value of the Call Option. Because of the Coupon Reset Process, if the REPS were treated as maturing on the Final REPS Maturity Date, Treasury regulations relating to contingent payment debt obligations would appear to be applicable. The effect of such Treasury regulations would be to (i) require holders, regardless of their usual method of accounting, to use an accrual method with respect to the REPS; (ii) result in the possibility that holders would be required to accrue income in excess of actual cash payments received; and (iii)

generally result in ordinary rather than capital treatment of any gain or loss on the sale, exchange, redemption, or other disposition of the REPS.

BACKUP WITHHOLDING

The Operating Partnership will report to holders of REPS and the IRS the amount of interest paid during each calendar year and the amount of tax withheld, if any. Under the backup withholding rules, a holder of REPS may be subject to backup withholding at the rate of 31% with respect to payments made on the REPS as well as proceeds from the disposition of REPS unless such holder (i) is a corporation or comes within certain other exempt categories and, when required, demonstrates this fact, or (ii) provides a taxpayer identification number, certifies as to no loss of exemption from backup withholding, and otherwise complies with applicable requirements of the backup withholding rules. A holder that does not provide the Operating Partnership with his correct taxpayer identification number may also be subject to penalties imposed by the IRS. Any amount paid as backup withholding will be creditable against the holder's income tax liability.

105

DESCRIPTION OF CERTAIN PROVISIONS OF THE PARTNERSHIP AGREEMENT OF THE OPERATING PARTNERSHIP

Substantially all of the Company's assets are held, and all of its operations are conducted, by or through the Operating Partnership. The Company is the sole general partner of the Operating Partnership and owns a 95.9% interest therein. The right and power to manage the Operating Partnership is vested exclusively in the Company, as sole general partner. The interest in the Operating Partnership allocated to the Company is designated as a general partner interest. Except with respect to distributions of cash and allocations of income and loss, and except as otherwise noted herein and elsewhere in this Prospectus, the description herein of Units is applicable also to Performance Units, and holders of Performance Units are treated as limited partners. The following summary of the Amended and Restated Agreement of Limited Partnership of the Operating Partnership (the "Partnership Agreement") and the descriptions of certain provisions set forth elsewhere in this Prospectus are qualified in their entirety by reference to the Partnership Agreement, which is filed as an exhibit to the Registration Statement of which this Prospectus is a part.

GENERAL

Holders of Units hold limited partnership interests in the Operating Partnership, and all holders of partnership interests (including the Company in its capacity as general partner) are entitled to share in cash distributions from, and in the profits and losses of, the Operating Partnership. The number of GP Units held by the Company is equal to the total number of shares of Common Stock outstanding. Accordingly, the distributions paid by the Company per share outstanding are expected to be equal to the distributions per Unit paid on the outstanding Units. The Units have not been registered pursuant to Federal or state securities laws, and they will not be listed on the NYSE or any other exchange or quoted on any national market system. However, the shares of Common Stock that may be issued by the Company upon redemption of the Units may be sold in registered transactions, or transactions exempt from registration under the Securities Act. The limited partners of the Operating Partnership have the rights to which limited partners are entitled under the Partnership Agreement and the Partnership Act. The Partnership Agreement imposes certain restrictions on the transfer of Units, as described below.

PURPOSE, BUSINESS AND MANAGEMENT

The Operating Partnership is organized as a Delaware limited partnership pursuant to the terms of the Partnership Agreement. The Company is the sole general partner of the Operating Partnership and conducts substantially all of its business through the Operating Partnership, except for investment advisory services (which are conducted through AMB Investment Management). The Operating Partnership owns 100% of the non-voting preferred stock of AMB Investment Management (representing 95% of its economic interest) and certain of the Company's Executive Officers own all of the outstanding voting common stock of AMB Investment Management (representing 5% of its economic interest).

The primary purpose of the Operating Partnership is, in general, to acquire, purchase, own, operate, manage, develop, redevelop, invest in, finance, refinance, sell, lease and otherwise deal with industrial and retail properties and assets related thereto, and interests therein. The Operating Partnership is authorized to conduct any business that may be lawfully conducted by a limited partnership formed under the Partnership Act, except that the Partnership Agreement requires the business of the Operating Partnership to be conducted in such a manner that will permit the Company to be classified as a REIT under Section 856 of the Code, unless the Company ceases to qualify as a REIT for reasons other than the conduct of the business of the Operating Partnership. Subject to the foregoing limitation, the Operating Partnership may enter into partnerships, joint ventures or similar arrangements and may own interests directly or indirectly in any other entity.

The Company, as the general partner of the Operating Partnership, has the exclusive power and authority to conduct the business of the Operating Partnership, subject to the consent of the limited partners in certain limited circumstances (as discussed below) and except as expressly limited in the Partnership Agreement.

106

The Company has the right to make all decisions and take all actions with respect to the Operating Partnership's acquisition and operation of the Properties and all other assets and businesses of or related to the Partnership. No limited partner may take part in the conduct or control of the business or affairs of the Operating Partnership by virtue of being a holder of Units. In particular, each limited partner expressly acknowledged in the Partnership Agreement that the Company, as general partner, is acting on behalf of the Operating Partnership's limited partners and the Company's stockholders collectively, and is under no obligation to consider the tax consequences to limited partners when making decisions for the benefit of the Operating Partnership. The Company intends to make decisions in its capacity as general partner of the Operating Partnership so as to maximize the profitability of the Company and the Operating Partnership as a whole, independent of the tax effects on the limited partners. The Company and the Operating Partnership have no liability to a limited partner as a result of any liabilities or damages incurred or suffered by, or benefits not derived by, a limited partner as a result of an action or inaction of the Company as general partner of the Operating Partnership as long as the Company acted in good faith. Limited partners have no right or authority to act for or to bind the Operating Partnership.

Investors who received Units in connection with the Formation Transactions, as limited partners of the Operating Partnership, have no authority to transact business for, or participate in the management activities or decisions of, the Operating Partnership, except as provided in the Partnership Agreement or as required by applicable law.

ENGAGING IN OTHER BUSINESSES; CONFLICTS OF INTEREST

The Company may not conduct any business other than in connection with the ownership, acquisition and disposition of Operating Partnership interests as a general partner and the management of the business of the Operating Partnership, its operation as a public reporting company with a class (or classes) of securities registered under the Exchange Act, its operation as a REIT and such activities as are incidental to such activities (including, without limitation, ownership of any interest in AMB Property Holding Corporation, AMB Investment Management or a title holding, management or finance subsidiary organized as a partnership, limited liability company or corporation) title holding, without the consent of the holders of a majority of the limited partnership interests. Except as may otherwise be agreed to in writing, each limited partner, and its affiliates, is free to engage in any business or activity, even if such business or activity competes with or is enhanced by the business of the Operating Partnership. The Partnership Agreement does not prevent another person or entity that acquires control of the Company in the future from conducting other businesses or owning other assets, even though such businesses or assets may be ones that it would be in the best interests of the limited partners for the Operating Partnership to own. The Company, in the exercise of its power and authority under the Partnership Agreement, may contract and otherwise deal with or otherwise obligate the Operating Partnership to entities in which the Company or any one or more of the officers, directors or stockholders of the Company may have an ownership or other financial interest, whether direct or indirect.

REIMBURSEMENT OF THE COMPANY; TRANSACTIONS WITH THE COMPANY AND ITS AFFILIATES

The Company does not receive any compensation for its services as general partner of the Operating Partnership. The Company, however, as a partner in the Operating Partnership, has the same right to allocations and distributions as other partners of the Operating Partnership. In addition, the Operating Partnership reimburses the Company for all expenses it incurs relating to its activities as general partner, its continued existence and qualification as a REIT and all other liabilities incurred by the Company in connection with the pursuit of its business and affairs. The Company may retain such persons or entities as it shall determine (including itself, any entity in which the Company has an interest, or any entity with which it is affiliated) to provide services to or on behalf of the Operating Partnership. The Company is entitled to reimbursement from the Operating Partnership for its out of pocket expenses (other than amounts paid or payable to the Company or any entity in which the Company has an interest or with which it is affiliated) incurred in connection with Operating Partnership business. Such expenses include those incurred in connection with the administration and activities of the Operating Partnership, such as the maintenance of the

107

Operating Partnership books and records, management of the Operating Partnership property and assets, and preparation of information regarding the Operating Partnership provided to the partners in the preparation of their individual tax

returns. Except as expressly permitted by the Partnership Agreement, however, affiliates of the Company will not engage in any transactions with the Operating Partnership except on terms that are fair and reasonable and no less favorable to the Operating Partnership than would be obtained from an unaffiliated third party.

EXCULPATION AND INDEMNIFICATION OF THE COMPANY

The Partnership Agreement generally provides that the Company, as general partner of the Operating Partnership, will incur no liability to the Operating Partnership or any limited partner for losses sustained, liabilities incurred, or benefits not derived as a result of errors in judgment or for any mistakes of fact or law or for anything which it may do or refrain from doing in connection with the business and affairs of the Operating Partnership if the Company carried out its duties in good faith. The Company's liability in any event is limited to its interest in the Operating Partnership. Without limiting the foregoing, the Company has no liability for the loss of any limited partner's capital. In addition, the Company is not responsible for any misconduct, negligent act or omission of any consultant, contractor or agent of the Operating Partnership or of the Company and has no obligation other than to use good faith in the selection of all such contractors, consultants and agents. The Company may consult with counsel, accountants, appraisers, management consultants, investment bankers, and other consultants and advisors selected by it. An opinion by any such consultant on a matter which the Company believes to be within such consultant's professional or expert competence is deemed to be complete protection as to any action taken or omitted to be taken by the Company based on such opinion and in good faith.

The Partnership Agreement also requires the Operating Partnership to indemnify the Company, the directors and officers of the Company, and such other persons as the Company may from time to time designate against any loss or damage, including reasonable legal fees and court costs incurred by such person by reason of anything it may do or refrain from doing for or on behalf of the Operating Partnership or in connection with its business or affairs unless it is established that: (i) the act or omission of the indemnified person was material to the matter giving rise to the proceeding and either was committed in bad faith or was the result of active and deliberate dishonesty; (ii) the indemnified person actually received an improper personal benefit in money, property or services; or (iii) in the case of any criminal proceeding, the indemnified person had reasonable cause to believe that the act or omission was unlawful. Any such indemnification claims must be satisfied solely out of the assets of the Operating Partnership.

SALES OF ASSETS; LIQUIDATION

Under the Partnership Agreement, the Company, as general partner, generally has the exclusive authority to determine whether, when and on what terms the assets of the Operating Partnership (including the Properties) will be sold. However, the Company has agreed, in connection with the contribution of Properties from taxable Investors in the Formation Transactions (with an estimated aggregate value of approximately \$54.2 million), not to dispose of such assets in a taxable sale or exchange prior to November 26, 2001 (the fourth anniversary of the consummation of the Formation Transactions) and, thereafter, to use commercially reasonable efforts to minimize the adverse tax consequences of any such sale. The Company may enter into similar or other agreements in connection with other acquisitions of properties for Units.

A merger of the Operating Partnership with another entity generally requires an affirmative vote of the holders of a majority of the outstanding percentage interest (including that held directly or indirectly by the Company), subject to certain consent rights of holders of Units as described below under "Amendment of the Partnership Agreement." A dissolution or liquidation of the Operating Partnership, including a sale or disposition of all or substantially all of the Operating Partnership's assets and properties, also requires the consent of a majority of all Units held by limited partners, including Performance Units.

CAPITAL CONTRIBUTION

The Partnership Agreement provides that if the Operating Partnership requires additional funds at any time or from time to time in excess of funds available to the Operating Partnership from borrowings or capital contributions, the Company may borrow such funds from a financial institution or other lender or through public or private debt offerings and lend such funds to the Operating Partnership on the same terms and conditions as are applicable to the Company's borrowing of such funds. As an alternative to borrowing funds required by the Operating Partnership, the Company may contribute the amount of such required funds as an additional capital contribution to the Operating Partnership. If the Company so contributes additional capital to the Operating Partnership, the Company's partnership interest in the Operating Partnership will be increased on a proportionate basis. Conversely, the partnership interests of the limited partners will be decreased on a proportionate basis in the event of additional capital contributions by the Company. See "Policies With Respect to Certain

REMOVAL OF THE GENERAL PARTNER; TRANSFERABILITY OF THE COMPANY'S INTERESTS;
TREATMENT OF UNITS IN SIGNIFICANT TRANSACTIONS

The general partner may not be removed by the limited partners, with or without cause, other than with the consent of the general partner. The Partnership Agreement provides that the Company may not voluntarily withdraw from the Operating Partnership, without the consent of the limited partners. However, except as set forth below, the Company may transfer or assign its general partner interest in connection with a merger, consolidation or sale of substantially all the assets of the Company without limited partner consent.

Neither the Company nor the Operating Partnership may engage in any merger, consolidation or other combination with or into another person, or effect any reclassification, recapitalization or change of its outstanding equity interests, and the Company may not sell all or substantially all of its assets (each a "Termination Transaction") unless in connection with the Termination Transaction all holders of Units either will receive, or will have the right to elect to receive, for each Unit an amount of cash, securities or other property equal to the product of the number of shares of Common Stock into which each Unit is then exchangeable and the greatest amount of cash, securities or other property paid to the holder of one Share in consideration of one Share pursuant to the Termination Transaction. If, in connection with the Termination Transaction, a purchase, tender or exchange offer shall have been made to and accepted by the holders of the outstanding shares of Common Stock, each holder of Units will receive, or will have the right to elect to receive, the greatest amount of cash, securities or other property which such holder would have received had it exercised its right to redemption and received shares of Common Stock in exchange for its Units immediately prior to the expiration of such purchase, tender or exchange offer and had thereupon accepted such purchase, tender or exchange offer. Performance Units issued or to be issued will also have the benefit of such provisions, irrespective of the capital account then applicable thereto.

A Termination Transaction may also occur if the following conditions are met: (i) substantially all of the assets directly or indirectly owned by the surviving entity are held directly or indirectly by the Operating Partnership or another limited partnership or limited liability company which is the survivor of a merger, consolidation or combination of assets with the Operating Partnership (in each case, the "Surviving Partnership"); (ii) the holders of Units, including the holders of Performance Units issued or to be issued, own a percentage interest of the Surviving Partnership based on the relative fair market value of the net assets of the Operating Partnership and the other net assets of the Surviving Partnership immediately prior to the consummation of such transaction; (iii) the rights, preferences and privileges of such holders in the Surviving Partnership, including the holders of Performance Units issued or to be issued, are at least as favorable as those in effect immediately prior to the consummation of such transaction and as those applicable to any other limited partners or non-managing members of the Surviving Partnership (except, as to Performance Units, for such differences with Units regarding liquidation, redemption or exchange as are described herein); and (iv) such rights of the limited partners, including the holders of Performance Units issued or to be issued, include at least one of the following: (a) the right to redeem their interests in the Surviving Partnership for the consideration available to such persons pursuant to the preceding paragraph; or (b) the right to redeem their Units for cash on terms equivalent to those in effect immediately prior to the consummation of such

109

transaction, or, if the ultimate controlling person of the Surviving Partnership has publicly traded common equity securities, such common equity securities, with an exchange ratio based on the relative fair market value of such securities and the Common Stock. For purposes of this paragraph, the determination of relative fair market values and rights, preferences and privileges of the limited partners shall be reasonably determined by the Company's Board of Directors as of the time of the Termination Transaction and, to the extent applicable, the values shall be no less favorable to the holders of Units than the relative values reflected in the terms of the Termination Transaction.

In addition, in the event of a Termination Transaction, the arrangements with respect to Performance Units and Performance Shares will be equitably adjusted to reflect the terms of the transaction, including, to the extent that the shares are exchanged for consideration other than publicly traded common equity, the transfer or release of remaining Performance Shares, and resulting issuance of any Performance Units, as of the consummation of the Termination Transaction or set forth in the applicable Supplement.

REDEMPTION/EXCHANGE RIGHTS

Holders of Units will have the right, commencing on the first anniversary of becoming a limited partner of the Operating Partnership, to require the Operating Partnership to redeem part or all of their Units for cash (based upon the fair market value of an equivalent number of shares of Common Stock at the

time of such redemption) or the Company may elect to exchange such Units for shares of Common Stock (on a one-for-one basis, subject to adjustment in the event of stock splits, stock dividends, issuance of certain rights, certain extraordinary distributions and similar events). The Company presently anticipates that it will elect to issue shares of Common Stock in exchange for Units in connection with each such redemption request, rather than having the Operating Partnership pay cash. With each such redemption or exchange, the Company's percentage ownership interest in the Operating Partnership will increase. This redemption/exchange right may be exercised by limited partners from time to time, in whole or in part, subject to the limitations that such right may not be exercised at any time to the extent such exercise would result in any person actually or constructively owning shares of Common Stock in excess of the Ownership Limit or such other amount as permitted by the Board of Directors, as applicable, assuming common stock was issued in such exchange. Holders of Performance Units also have limited redemption/exchange rights, as discussed under the caption "-- Performance Units" below.

PERFORMANCE UNITS

Notwithstanding the foregoing discussion of distributions and allocations of income or loss of the Operating Partnership, depending on the trading price of the Common Stock after November 26, 1998 (the first anniversary of the IPO), certain of the Executive Officers, in their capacity as limited partners of the Operating Partnership, may receive Performance Units on each of February 26, May 26, August 26 and November 26, 1999. The Performance Units are similar to Units in many respects, including (i) the right to share in operating distributions, and allocations of operating income and loss, of the Operating Partnership on a pro rata basis with Units; and (ii) certain redemption and exchange rights, including limited rights to cause the Operating Partnership to redeem such Performance Units for cash or, at the Company's option, to exchange such units for shares of Common Stock. Any such redemption rights, however, will be dependent upon an increase in the value of the assets of the Operating Partnership (in some cases measured by reference to the trading price of the shares of Common Stock) subsequent to the issuance of such Performance Units. Without such an increase, the holders of Performance Units will not be entitled to receive any proceeds upon the liquidation of the Operating Partnership or the redemption of their Performance Units.

If any Performance Units are issued to such Executive Officers, in their capacity as limited partners of the Operating Partnership, an equal number of GP Units allocable to the Company and Units allocable to Performance Investors who are limited partners in the Operating Partnership will be transferred to the Operating Partnership. In addition, if any of the Company's GP Units are transferred to the Operating Partnership as a result of the issuance of Performance Units, an equal number of Performance Shares will be transferred by Company stockholders to the Company from the applicable Performance Investors. Accordingly, no Company stockholder or limited partner in the Operating Partnership (other than Performance

110

Investors, to the extent of their obligations to transfer Performance Shares to the Company or the Operating Partnership, as applicable) will be diluted as a result of the issuance of Performance Units to the executive officers.

REGISTRATION RIGHTS

The Company granted to investors receiving Units in connection with the Formation Transactions certain registration rights (collectively, the "Registration Rights") with respect to the shares of Common Stock issuable upon exchange of Units or otherwise (the "Registrable Shares"). The Company has agreed to file and generally keep continuously effective beginning one year after the completion of the IPO a registration statement covering the issuance of shares of Common Stock upon exchange of Units and the resale thereof. Pursuant to the terms and conditions of such Registration Rights, prior to the date upon which shares of Common Stock issued as of the date of the consummation of the IPO would be eligible for resale under Rule 144(k) under the Securities Act, as such rule may be amended from time to time (or any similar rule or regulation hereafter adopted by the SEC), each Investor will be limited to resales of Registrable Shares to the number of Registrable Shares which otherwise would be eligible for resale by such Investor pursuant to Rule 144, assuming such Registrable Shares were issued as of the date of the consummation of the IPO. The shelf registration statement will also cover Shares issuable upon exchange of Performance Units. The Company may also agree to provide the Registration Rights or other registration rights to any other person who may become an owner of Units, provided such person provides the Company with satisfactory undertakings. The Company will bear expenses incident to its registration obligations upon exercise of the Registration Rights, including the payment of Federal securities law and state Blue Sky registration fees, except that it will not bear any underwriting discounts or commissions or transfer taxes relating to registration of Registrable Shares.

DUTIES AND CONFLICTS

Except as otherwise set forth in "Policies with Respect to Certain Activities -- Conflicts of Interest Policies" and "Management -- Employment

Agreements," any limited partner of the Operating Partnership may engage in other business activities outside the Operating Partnership, including business activities that directly compete with the Operating Partnership.

MEETINGS; VOTING

Meetings of the limited partners may be called by the Company, on its own motion, or upon written request of limited partners owning at least 25% of the then outstanding Units. Limited partners may vote either in person or by proxy at meetings. Any action that is required or permitted to be taken by the limited partners may be taken either at a meeting of the limited partners or without a meeting if consents in writing setting forth the action so taken are signed by limited partners owning not less than the minimum number of Units that would be necessary to authorize or take such action at a meeting of the limited partners at which all limited partners entitled to vote on such action were present. On matters for which limited partners are entitled to vote, each limited partner has a vote equal to the number of Units the limited partner holds. A transferee of Units who has not been admitted as a substituted limited partner with respect to such Units will have no voting rights with respect to such Units, even if such transferee holds other Units as to which it has been admitted as a limited partner. The Partnership Agreement does not provide for annual meetings of the limited partners, and the Company does not anticipate calling such meetings.

AMENDMENT OF THE PARTNERSHIP AGREEMENT

Amendments to the Partnership Agreement may be proposed by the Company or by limited partners owning at least 25% of the then outstanding Units. Generally, the Partnership Agreement may be amended with the approval of the Company, as general partner, and partners (including the Company) holding a majority of the percentage interest of the partnership. Certain provisions regarding, among other things, the rights and duties of the Company as general partner (e.g., restrictions on the Company's power to conduct businesses other than as denoted herein) or the dissolution of the Operating Partnership, may not be amended

111

without the approval of a majority of the percentage interests of the partnership. Notwithstanding the foregoing, the Company, as general partner, has the power, without the consent of the limited partners, to amend the Partnership Agreement as may be required to, among other things, (i) add to the obligations of the Company as general partner or surrender any right or power granted to the Company as general partner, (ii) reflect the admission, substitution, termination or withdrawal of partners in accordance with the terms of the Partnership Agreement, (iii) establish the rights, powers, duties and preferences of any additional partnership interests issued in accordance with the terms of the Partnership Agreement, (iv) reflect a change of an inconsequential nature that does not materially adversely affect any limited partner, or cure any ambiguity, correct or supplement any provisions of the Partnership Agreement not inconsistent with law or with other provisions of the Partnership Agreement, or make other changes concerning matters under the Partnership Agreement that are not otherwise inconsistent with the Partnership Agreement or applicable law or (v) satisfy any requirements of Federal, state or local law.

Certain amendments, including amendments effected directly or indirectly through a merger or sale of assets of the Operating Partnership or otherwise, that would, among other things, (i) convert a limited partner's interest into a general partner's interest, (ii) modify the limited liability of a limited partner, (iii) alter the interest of a partner in profits or losses, or the rights to receive any distributions (except as permitted under the Partnership Agreement with respect to the admission of new partners or the issuance of additional Units, either of which actions will have the effect of changing the percentage interests of the partners and thus altering their interests in profits, losses and distributions) or (iv) alter the limited partner's redemption right, must be approved by the Company and each limited partner that would be adversely affected by such amendment. Such protections apply to both holders of Units and holders of Performance Units. In addition, no amendment may be effected, directly or indirectly, through a merger or sale of assets of the Operating Partnership or otherwise, which would adversely affect the rights of former stockholders of AMBIRA to receive Performance Units as described herein.

BOOKS AND REPORTS

The Operating Partnership's books and records are maintained at the principal office of the Operating Partnership, which is located at 505 Montgomery Street, San Francisco, California 94111. All elections and options available to the Operating Partnership for Federal or state income tax purposes may be taken or rejected by the Operating Partnership in the sole discretion of the Company. The limited partners have the right, subject to certain limitations, to receive copies of the most recent SEC filings by the Company, the Operating Partnership's Federal, state and local income tax returns, a list of limited partners, the Partnership Agreement, the partnership certificate and all amendments thereto and certain information about the capital contributions of the partners. The Company may keep confidential from the limited partners any information that the Company believes to be in the nature of trade secrets or

other information the disclosure of which the Company in good faith believes is not in the best interests of the Operating Partnership or which the Operating Partnership is required by law or by agreements with unaffiliated third parties to keep confidential.

The Company will use reasonable efforts to furnish to each limited partner, within 90 days after the close of each taxable year, the tax information reasonably required by the limited partners for Federal and state income tax reporting purposes.

TERM

The Operating Partnership will continue in full force and effect for approximately 99 years or until sooner dissolved pursuant to the terms of the Partnership Agreement.

CERTAIN PROVISIONS OF MARYLAND LAW AND OF THE COMPANY'S ARTICLES OF INCORPORATION AND BYLAWS

The following paragraphs summarize certain provisions of the MGCL and the Company's Articles of Incorporation and Bylaws. Such paragraphs do not, however, purport to be complete and are subject to and qualified in their entirety by reference to the MGCL and the Articles of Incorporation and Bylaws.

BOARD OF DIRECTORS

The Articles of Incorporation provide that the number of directors of the Company shall be established by the Bylaws but shall not be less than the minimum number required by the MGCL, which in the case of the Company is three. The Bylaws currently provide that the Board of Directors consist of not fewer than five nor more than 13 members which are elected to a one-year term at each annual meeting of the Company's stockholders. Any vacancy (except for a vacancy caused by removal) will be filled by a majority of the entire Board of Directors. The Bylaws provide that a majority of the Board must be "Independent Directors." An "Independent Director" is a director who is not an employee, officer or affiliate of the Company or a subsidiary or division thereof, or a relative of a principal executive officer, or who is not an individual member of an organization acting as advisor, consultant or legal counsel, receiving compensation on a continuing basis from the Company in addition to director's fees.

REMOVAL OF DIRECTORS

While the Articles of Incorporation and the MGCL empower the stockholders to fill vacancies in the Board of Directors that are caused by the removal of a director, the Articles of Incorporation preclude stockholders from removing incumbent directors except upon a substantial affirmative vote. Specifically, the Articles of Incorporation provide that a director may be removed only for cause and only by the affirmative vote of at least two-thirds of the votes entitled to be cast in the election of directors. Under the MGCL, the term "cause" is not defined and is, therefore, subject to Maryland common law and to judicial interpretation and review in the context of the unique facts and circumstances of any particular situation. This provision, when coupled with the provision in the Bylaws authorizing the Board of Directors to fill vacant directorships, precludes stockholders from removing incumbent directors except upon a substantial affirmative vote and filling the vacancies created by such removal with their own nominees.

OPT OUT OF BUSINESS COMBINATIONS AND CONTROL SHARE ACQUISITION STATUTES

The Company has elected in its Bylaws not to be governed by the "control share acquisition" provisions of the MGCL (Sections 3-701 through 3-709), and the Board of Directors has adopted, by irrevocable resolution of the Board of Directors, not to be governed by the "business combination" provision of the MGCL (Section 3-602), each of which could have the effect of delaying or preventing a change of control of the Company. The Bylaws provide that the Company cannot at a future date determine to be governed by either such provision without the approval of a majority of the outstanding shares entitled to vote. In addition, such irrevocable resolution adopted by the Board of Directors may only be changed by the approval of a majority of the outstanding shares entitled to vote.

AMENDMENT TO THE ARTICLES OF INCORPORATION AND BYLAWS

The Articles of Incorporation may not be amended without the affirmative vote of at least two-thirds of the shares of capital stock outstanding and entitled to vote thereon voting together as a single class. Other than provisions of the Bylaws (i) opting out of the control share acquisition statute, (ii) requiring approval by the Independent Directors of transactions involving executive officers, directors or any limited partners of the Operating Partnership and their affiliates and (iii) those governing amendment of the Bylaws, each of which may be amended only with the approval of a majority of the shares of capital stock entitled to vote, the Bylaws may be amended by the vote

of a majority of the Board of Directors or the shares of the Company's capital stock entitled to vote thereon.

113

MEETINGS OF STOCKHOLDERS

The Bylaws provide for annual meetings of stockholders to elect the Board of Directors and transact such other business as may properly be brought before the meeting. Special meetings of stockholders may be called by the President, the Board of Directors, the Chairman of the Board and/or at the request in writing of the holders of 50% or more of the outstanding stock of the Company entitled to vote.

The MGCL provides that any action required or permitted to be taken at a meeting of stockholders may be taken without a meeting by unanimous written consent, if such consent sets forth such action and is signed by each stockholder entitled to vote on the matter and a written waiver of any right to dissent is signed by each stockholder entitled to notice of the meeting but not entitled to vote at it.

ADVANCE NOTICE OF DIRECTOR NOMINATIONS AND NEW BUSINESS

The Bylaws provide that (i) with respect to an annual meeting of stockholders, nominations of persons for election to the Board of Directors and the proposal of business to be considered by stockholders may be made only (a) pursuant to the Company's notice of the meeting, (b) by or at the direction of the Board of Directors or (c) by a stockholder who is entitled to vote at the meeting and has complied with the advance notice procedures set forth in the Bylaws, and (ii) with respect to special meetings of stockholders, only the business specified in the Company's notice of meeting may be brought before the meeting of stockholders.

The provisions in the Articles of Incorporation on amendments to the Articles of Incorporation and the advance notice provisions of the Bylaws could have the effect of discouraging a takeover or other transaction in which holders of some, or a majority, of the shares of Common Stock might receive a premium for their shares of Common Stock over the then prevailing market price or which such holders might believe to be otherwise in their best interests.

DISSOLUTION OF THE COMPANY

Under the MGCL, the Company may be dissolved by (i) the affirmative vote of a majority of the entire Board of Directors declaring such dissolution to be advisable and directing that the proposed dissolution be submitted for consideration at any annual or special meeting of stockholders and (ii) upon proper notice, stockholder approval by the affirmative vote of the holders of two-thirds of the total number of shares of capital stock outstanding and entitled to vote thereon voting as a single class.

LIMITATION OF DIRECTORS' AND OFFICERS' LIABILITY

The Company's officers and directors are indemnified under the MGCL, the Articles of Incorporation and the Partnership Agreement against certain liabilities. The Articles of Incorporation and Bylaws require the Company to indemnify its directors and officers to the fullest extent permitted from time to time by the MGCL.

The MGCL permits a corporation to indemnify its directors and officers and certain other parties against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made a party by reason of their service in those or other capacities unless it is established that (i) the act or omission of the director or officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty, (ii) the director or officer actually received an improper personal benefit in money, property or services or (iii) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. Indemnification may be made against judgments, penalties, fines, settlements and reasonable expenses actually incurred by the director or officer in connection with the proceeding; provided, however, that if the proceeding is one by or in the right of the corporation, indemnification may not be made with respect to any proceeding in which the director or officer has been adjudged to be liable to the corporation. In addition, a director or officer may not be indemnified with respect to any proceeding charging improper personal benefit to the director or officer in which the director or officer was adjudged to be liable on the basis that personal benefit was received. The termination of any proceeding by conviction, or upon a plea of nolo contendere or its

114

equivalent, or an entry of any order of probation prior to judgment, creates a rebuttable presumption that the director or officer did not meet the requisite

standard of conduct required for indemnification to be permitted.

The MGCL permits the articles of incorporation of a Maryland corporation to include a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages, subject to specified restrictions, and the Articles of Incorporation of the Company contain this provision. The MGCL does not, however, permit the liability of directors and officers to the corporation or its stockholders to be limited to the extent that (i) it is proved that the person actually received an improper personal benefit in money, property or services, (ii) a judgment or other final adjudication is entered in a proceeding based on a finding that the person's action, or failure to act, was committed in bad faith or was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding or (iii) in the case of any criminal proceeding, the director had reasonable cause to believe that the act or failure to act was unlawful. This provision does not limit the ability of the Company or its stockholders to obtain other relief, such as an injunction or rescission.

The Partnership Agreement also provides for indemnification of the Company, as general partner, and its officers and directors to the same extent indemnification is provided to officers and directors of the Company in its Articles of Incorporation, and limits the liability of the Company and its officers and directors to the Operating Partnership and the partners of the Operating Partnership to the same extent liability of officers and directors of the Company to the Company and its stockholders is limited under the Articles of Incorporation. See "Description of Certain Provisions of the Partnership Agreement of the Operating Partnership -- Exculpation and Indemnification of the Company."

Insofar as indemnification for liability arising under the Securities Act may be permitted to directors, officers or persons controlling the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

DESCRIPTION OF CAPITAL STOCK

The following summary of the terms of the Company's capital stock does not purport to be complete and is subject to and qualified in its entirety by reference to the Articles of Incorporation and Bylaws, copies of which are filed as exhibits to the Registration Statement of which this Prospectus is a part. See "Additional Information."

GENERAL

Under the Articles of Incorporation, as amended (the "Articles of Incorporation"), the authorized capital stock of the Company consists of 500,000,000 shares of common stock, par value \$.01 per share ("Common Stock"), and 100,000,000 shares of preferred stock, par value \$.01 per share ("Preferred Stock"). As of March 31, 1998, no shares of Preferred Stock and 85,874,513 shares of Common Stock were issued and outstanding.

COMMON STOCK

Each outstanding share of Common Stock entitles the holder to one vote on all matters presented to stockholders for a vote, including the election of directors, and, except as otherwise required by law and except as provided in any resolution adopted by the Board of Directors with respect to any other class or series of stock establishing the designation, powers, preferences and relative, participating, optional or other special rights and powers of such series, the holders of such shares possess the exclusive voting power, subject to the provisions of the Company's Articles of Incorporation regarding the ownership of shares of Common Stock in excess of the Ownership Limit or such other limit as provided in the Company's Articles of Incorporation or as otherwise permitted by the Board of Directors. Holders of shares of Common Stock do not have any conversion, exchange, sinking fund, redemption or appraisal rights or any preemptive rights to subscribe for any securities of the Company or cumulative voting rights in the election of directors. All shares of Common

Stock that are issued and outstanding are duly authorized, fully paid and nonassessable. Subject to the preferential rights of any other shares or series of stock and to the provisions of the Articles of Incorporation regarding ownership of shares of Common Stock in excess of the Ownership Limit, or such other limit as provided in the Company's Articles of Incorporation or as otherwise permitted by the Board of Directors, distributions may be paid to the holders of shares of Common Stock if and when authorized and declared by the Board of Directors of the Company out of funds legally available therefor. The Company intends to continue to make quarterly distributions on outstanding shares of Common Stock.

Under the MGCL, stockholders are generally not liable for the Company's debts or obligations. If the Company is liquidated, subject to the right of any holders of Preferred Stock to receive preferential distributions, each outstanding share of Common Stock will be entitled to participate pro rata in the assets remaining after payment of, or adequate provision for, all known debts and liabilities of the Company, including debts and liabilities arising out of its status as general partner of the Operating Partnership.

Subject to the provisions of the Articles of Incorporation regarding the ownership of shares of Common Stock in excess of the Ownership Limit, or such other limit as provided in the Company's Articles of Incorporation or as otherwise permitted by the Board of Directors described below, all shares of Common Stock have equal distribution, liquidation and voting rights, and have no preference or exchange rights.

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business unless approved by the affirmative vote of stockholders holding at least two-thirds of the shares entitled to vote on the matter unless a lesser percentage (but not less than a majority of all of the votes entitled to be cast on the matter) is set forth in the corporation's charter. Under the MGCL, the term "substantially all of the Company's assets" is not defined and is, therefore, subject to Maryland common law and to judicial interpretation and review in the context of the unique facts and circumstances of any particular transaction. The Articles of Incorporation do not provide for a lesser percentage in any such situation.

The Articles of Incorporation authorize the Board of Directors to reclassify any unissued shares of Common Stock into other classes or series of classes of stock and to establish the number of shares in each class or series and to set the preferences, conversion and other rights, voting powers, restrictions, limitations and restrictions on ownership, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each such class or series.

PREFERRED STOCK

Preferred Stock may be issued from time to time, in one or more classes or series, as authorized by the Board of Directors. No Preferred Stock is currently issued or outstanding. Prior to the issuance of shares of each class or series, the Board of Directors is required by the MGCL and the Company's Articles of Incorporation to fix for each class or series the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to distributions, qualifications and terms or conditions of redemption, as permitted by Maryland law. Because the Board of Directors has the power to establish the preferences, powers and rights of each class or series of Preferred Stock, it may afford the holders of any class or series of Preferred Stock preferences, powers and rights, voting or otherwise, senior to the rights of holders of shares of Common Stock. The issuance of Preferred Stock could have the effect of delaying or preventing a change of control of the Company that might involve a premium price for holders of shares of Common Stock or otherwise be in their best interest.

UNDERWRITERS

Under the terms and subject to the conditions in the Underwriting Agreement dated the date hereof (the "Underwriting Agreement"), the Underwriters named below have severally agreed to purchase, and the Operating Partnership has agreed to sell to them, severally, the respective principal amount of Notes set forth opposite their respective names below:

The Underwriting Agreement provides that the obligations of the several Underwriters to pay for and accept delivery of the Notes are subject to the approval of certain legal matters by their counsel and to certain other conditions. The Underwriters are obligated to take and pay for all of the Notes

offered hereby if any are taken.

The Underwriters propose to offer part of the Notes directly to the public at the public offering price set forth on the cover page of this Prospectus and part to certain dealers at a price that represents a concession not in excess of % of the principal amount in the case of the 2008 Notes, % of the principal amount in the case of the 2018 Notes and % of the principal amount in the case of the REPS. Any Underwriter may allow, and any such dealer may reallocate, a concession to certain other dealers not in excess of % of the principal amount in the case of the 2008 Notes, % of the principal amount in the case of the 2018 Notes and % of the principal amount in the case of the REPS. After the initial offering of the Notes, the offering price and other selling terms may from time to time be varied by the Underwriters.

The Operating Partnership and the Company have agreed to indemnify the several Underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the Underwriters may be required to make in respect of such liabilities.

Neither the Operating Partnership nor the Company intends to apply for listing of the Notes on a national securities exchange, but have been advised by the Underwriters that they presently intend to make a market in the Notes as permitted by applicable laws and regulations. The Underwriters are not obligated, however, to make a market in the Notes and any such market making may be discontinued at any time at the sole discretion of the any Underwriter. Accordingly, no assurance can be given as the liquidity of, or trading market for, the Notes.

In order to facilitate the Offering, the Underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Notes. Specifically, the Underwriters may stabilize the price of the Notes and the Underwriters may bid for, and purchase, the Notes in the open market. Finally, the underwriting syndicate may reclaim selling concessions allowed to an Underwriter or a dealer for distributing the Notes in the Offering, if the syndicate repurchases previously distributed Notes in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the Notes above independent market levels. The Underwriters are not required to engage in these activities, and may end any of these activities at any time.

The Operating Partnership intends to use the net proceeds from the sale of the Notes offered hereby to repay indebtedness outstanding under the Credit Facility and for general purposes. Morgan Guaranty Trust Company of New York, an affiliate of J.P. Morgan Securities Inc., one of the Underwriters, is the agent and a lender under the Credit Facility. As the Company expects that in excess of 10% of the net proceeds will be used to repay indebtedness under the Credit Facility, the Offering is being made in compliance with the requirements of Rule 2710(c)(8) of the Conduct Rules of the National Association of Securities Dealers, Inc. See "Use of Proceeds."

4. Reflects the incremental effects of the disposition or partial disposition of properties during 1997, based upon the historical operations of such properties. See Note 7 to the historical combined financial statements of the AMB Contributed Properties included elsewhere in this Prospectus.

5. Reflects the effects of the application of purchase accounting as a result of the IPO and Formation Transactions, resulting in pro forma expense adjustments as follows: (i) an increase in depreciation expense of \$9,232, (ii) the reclassification of certain property-related expenses from general and administrative expense to property operating expense (due to the internalization of management) of approximately \$5,196 and (iii) a net increase in general, administrative and other expenses of \$5,958, after reclassification of property-related expenses. Such changes are based upon actual expenses incurred during 1997 adjusted for (a) the estimated changes in costs due to operating as a public entity including investor relations, accounting and legal fees and other costs related to the internalization of management and (b) certain reclassifications to reflect the Company's new organizational structure as a result of the IPO. Estimated depreciation and amortization has been based upon asset lives of 5 to 40 years.

Also reflects the elimination of advisory fees charged by AMB to the owners of the AMB Contributed Properties of \$15,521 (excluding approximately \$2,027 in real estate acquisition fees paid to AMB which have been accounted for as acquisition costs by the owners of the AMB Contributed Properties and accordingly capitalized as investments in real estate).

Also reflects an adjustment to record rental revenues on a straight-line basis for the Properties from January 1, 1997, the assumed date of acquisition by the Operating Partnership. Rental income has not been included for any properties for periods prior to completion of their construction and availability for occupancy. The pro forma straight-line rent adjustment for the

year ended December 31, 1997 is calculated as the difference between (i) pro forma straight-line rental revenues of \$5,447 and (ii) historical straight-line rental revenues of \$2,992.

Also reflects an adjustment to (i) eliminate excess interest income of the properties of \$1,304 and (ii) reflect the incremental effect of establishing the Operating Partnership's investment in AMB Investment Management, the income from which is included in interest and other income. General and administrative expenses consist of direct costs and indirect costs allocated to AMB Investment Management by the Operating Partnership. Such indirect costs have been allocated based upon the percentage of total assets managed by AMB Investment Management.

In addition to its share of AMB Investment Management's net income, the Operating Partnership received an acquisition fee for acquisition services provided to AMB Investment Management in 1997. The pro forma fee for 1997 amounts to \$750.

AMB PROPERTY, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED, IN THOUSANDS, EXCEPT SHARE, UNIT, SQUARE FEET AND PERCENTAGE DATA)

1. ORGANIZATION AND FORMATION

AMB Property Corporation, a Maryland corporation (the "Company"), commenced operations as a fully integrated real estate company effective with the completion of its initial public offering (the "IPO") on November 26, 1997. The Company will elect to be taxed as a real estate investment trust ("REIT") under Sections 856 through 860 of the Internal Revenue Code of 1986 (the "Code"), as amended. The Company, through its controlling interest in its subsidiary AMB Property, L.P., a Delaware limited partnership (the "Operating Partnership"), is engaged in the ownership, operation, management, acquisition, renovation, expansion and development of industrial properties and community shopping centers in target markets nationwide.

The Company and the Operating Partnership were formed shortly before consummation of the IPO. AMB Institutional Realty Advisors, Inc., a California corporation and registered investment advisor (the "Predecessor") formed AMB Property Corporation, a wholly owned subsidiary, and merged with and into the Company (the "Merger") in exchange for 4,746,616 shares of the Company's Common Stock. In addition, the Company and the Operating Partnership acquired, through a series of mergers and other transactions, 31.8 million rentable square feet of industrial property and 6.3 million rentable square feet of retail property in exchange for 65,022,185 shares of the Company's Common Stock, 2,542,163 limited partnership interests ("LP Units") in the Operating Partnership, the assumption of debt and, to a limited extent, cash. The net assets of the Predecessor and the properties acquired with Common Stock were contributed to the Operating Partnership for 69,768,801 Units. The purchase method of accounting was applied to the acquisition of the properties. Collectively, the Merger and the other formation transactions described above are referred to as the "Formation Transactions."

On November 26, 1997, the Company completed its IPO of 16,100,000 shares of Common Stock, \$0.01 par value per share (the "Common Stock") for \$21.00 per share, resulting in gross offering proceeds of approximately \$338,100. Net of underwriters' commission and offering costs aggregating \$38,068, the Company received approximately \$300,032 in proceeds from the IPO. The net proceeds of the IPO were contributed to the Operating Partnership for 16,100,000 units and were used by the Operating Partnership to repay indebtedness, to purchase interests from certain investors who elected not to receive shares or units in connection with the Formation Transactions, to fund property acquisitions, and for general corporate working capital requirements.

As of March 31, 1998, the Company owned an approximate 95.9% general partner interest in the Operating Partnership. The remaining 4.1% limited

partner interest is owned by nonaffiliated investors. For local law purposes, properties in certain states are owned through limited partnerships and limited liability companies owned 99% by the Operating Partnership and 1% by a wholly owned subsidiary of the Company. The ownership of such properties through such entities does not materially affect the Company's overall ownership of the interests in the properties. As the sole general partner of the Operating Partnership, the Company has the full, exclusive and complete responsibility and discretion in the day-to-day management and control of the Operating Partnership.

In connection with the Formation Transactions, the Operating Partnership formed AMB Investment Management Corporation, a Maryland corporation ("AMB Investment Management"). The Operating Partnership purchased 100% of AMB Investment Management's non-voting preferred stock (representing a 95% economic interest therein). Certain Executive Officers collectively purchased 100% of the AMB Investment Management's voting common stock (representing a 5% economic interest therein). The Operating Partnership accounts for its investment in AMB Investment Management using the equity method of accounting. AMB Investment Management was formed to succeed to the Predecessor's investment management business of providing real estate investment management services on a fee basis to clients.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(UNAUDITED, IN THOUSANDS, EXCEPT SHARE, UNIT, SQUARE FEET AND PERCENTAGE DATA)

As of March 31, 1998, the Operating Partnership owned 155 Properties, consisting of 118 industrial properties (the "Industrial Properties") and 37 retail properties (the "Retail Properties") located in 28 markets throughout the United States. The Industrial Properties (comprising 415 buildings), principally warehouse distribution properties, encompass approximately 44.0 million rentable square feet and, as of March 31, 1998, were 94.6% leased to over 1,000 tenants. The Retail Properties (comprising 37 centers), principally grocer-anchored community shopping centers, encompass approximately 6.8 million rentable square feet and, as of the same date, were 94.6% leased to over 900 tenants. The Industrial Properties and the Retail Properties collectively are referred to as the "Properties."

2. INTERIM FINANCIAL STATEMENTS

The consolidated financial statements included herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, certain information and note disclosures normally included in the annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. The consolidated financial statements for prior periods have been reclassified to conform to current classifications with no effect on results of operations. In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments, of a normal recurring nature, necessary for a fair presentation of the company's consolidated financial position and results of operations for the interim periods.

The interim results for the three months ended March 31, 1998 are not necessarily indicative of the results expected for the entire year. These financial statements should be read in conjunction with the financial statements and the notes thereto of AMB Property, L.P. included elsewhere in this Prospectus.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. DEBT

In connection with the Formation Transactions, the Operating Partnership assumed certain secured debt with an aggregate principal value of \$517,031 and a fair value of \$535,613. The difference between the principal value and the fair value was recorded as a debt premium. The debt premium is being amortized into interest expense over the term of the related debt instruments using the effective interest method. As of March 31, 1998, the unamortized debt premium was \$17,542. As of March 31, 1998, debt, excluding unamortized debt premiums, consists of the following:

<TABLE>	
<S>	<C>
Secured debt, varying interest rates from 7.01% to 10.39%, due November 1998 to January 2014.....	\$592,569
Unsecured credit facility, variable interest at LIBOR plus 110 basis points, (6.79% at March 31, 1998) due November 2000.....	312,000

Total Debt..... \$904,569
 =====

</TABLE>

Secured debt generally requires monthly principal and interest payments. The secured debt is secured by deeds of trust on certain Properties. All of the secured debt bears interest at fixed rates, except for one loan of \$5,623 which bears a variable interest rate at LIBOR plus 275 basis points, or 8.44% at March 31, 1998, or prime plus 50 basis points at the borrower's option. The secured debt has various financial and non-financial covenants. Additionally, certain of the secured debt is cross-collateralized. The weighted-average fixed interest rate on secured debt at March 31, 1998, was 8.01%.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
 (UNAUDITED, IN THOUSANDS, EXCEPT SHARE, UNIT, SQUARE FEET AND PERCENTAGE DATA)

The Operating Partnership has a \$500,000 unsecured revolving credit agreement (the "Credit Facility") with Morgan Guaranty Trust Company of New York as agent, and a syndicate of 12 other banks. The Credit Facility has a term of three years, and is subject to a fee that accrues on the daily average undrawn funds, which varies between 15 and 25 basis points of the undrawn funds based on the Operating Partnership's credit rating. The Credit Facility has various financial and non-financial covenants.

Interest capitalized related to construction projects for the three months ended March 31, 1998, was \$1,253.

The scheduled maturities of the secured debt as of March 31, 1998 are as follows:

<TABLE>	
<S>	<C>
1998.....	\$ 53,712
1999.....	10,965
2000.....	14,427
2001.....	38,582
2002.....	63,675
Thereafter.....	411,208

	\$592,569
	=====

</TABLE>

The 1998 maturities included \$35,000 of secured debt that was assumed in connection with certain property acquisitions, and which was repaid in full subsequent to March 31, 1998.

4. MINORITY INTERESTS

Minority interests represent interests held by certain third parties in 11 real estate joint ventures that are consolidated for financial reporting purposes. Such investments are consolidated because (i) the Operating Partnership owns a majority interest, or (ii) the Operating Partnership holds significant control over the entity through a 50% or greater ownership interest combined with the ability to control all major operating decisions such as approval of budgets, selection of property managers and changes in financing.

5. PARTNERS' CAPITAL

On March 9, 1998, the Operating Partnership declared a quarterly cash distribution of \$0.3425 per unit, payable on April 3, 1998, to unitholders of record as of March 18, 1998.

6. INCOME PER UNIT

For purposes of calculating diluted income per unit for the three months ended March 31, 1998, no adjustment to net income was necessary, as the Operating Partnership's only dilutive securities outstanding for such period were stock options issued under its stock incentive plan. The effect of the stock options was to increase weighted average units outstanding by 410,223 units for the three months ended March 31, 1998. Such dilution was computed using the treasury stock method.

7. SUBSEQUENT EVENTS

In April 1998, the Operating Partnership repaid approximately \$35,000 in assumed debt related to properties acquired during the quarter ended March 31, 1998.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(IN THOUSANDS, EXCEPT UNIT AND SQUARE FEET DATA)

1. ORGANIZATION AND FORMATION

AMB Property Corporation, a Maryland corporation (the "Company"), commenced operations as a fully integrated real estate company effective with the completion of its initial public offering (the "Offering") on November 26, 1997. The Company will elect to be taxed as a real estate investment trust ("REIT") under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the "Code"). The Company, through its controlling interest in its subsidiary AMB Property, L.P., a Delaware limited partnership (the "Operating Partnership"), is engaged in the ownership, operation, management, acquisition, renovation, expansion and development of industrial properties and community shopping centers in target markets nationwide.

The Company and the Operating Partnership were formed shortly before consummation of the Offering. AMB Institutional Realty Advisors, Inc., a California corporation and registered investment advisor (the "Predecessor"), formed AMB Property Corporation, a wholly owned subsidiary, and merged with and into the Company (the "Merger") in exchange for 4,746,616 shares of the Company's Common Stock. In addition, the Company and the Operating Partnership acquired, through a series of mergers and other transactions, 31.8 million

rentable square feet of industrial property and 6.3 million rentable square feet of retail property in exchange for 65,022,185 shares of the Company's Common Stock, 2,542,163 units representing limited partnership interests in the Operating Partnership, the assumption of debt, and to a limited extent, cash. The net assets of the Predecessor and the properties acquired with Common Stock were contributed to the Operating Partnership for 69,768,801 units. The purchase method of accounting was applied to the acquisition of the properties. Collectively, the Merger and the other formation transactions described above are referred to as the "Formation Transactions."

On November 26, 1997, the Company completed its Offering of 16,100,000 shares of Common Stock, \$0.01 par value per share (the "Common Stock") for \$21.00 per share, resulting in gross offering proceeds of approximately \$338,100. Net of underwriters' commission and offering costs aggregating \$38,068, the Company received approximately \$300,032 in proceeds from the Offering. The net proceeds of the Offering were contributed to the Operating Partnership for 16,100,000 units and were used by the Operating Partnership to repay indebtedness, to purchase interests from certain investors who elected not to receive shares or units in connection with the Formation Transactions, to fund property acquisitions, and for general corporate purposes, including working capital.

As of December 31, 1997, the Company owned an approximate 97.1% general partner interest in the Operating Partnership. The remaining 2.9% limited partner interest was owned by nonaffiliated investors. For local law purposes, properties in certain states are owned through limited partnerships and limited liability companies owned 99% by the Operating Partnership and 1% by a wholly owned subsidiary of the Company. The ownership of such Properties through such entities does not materially affect the Company's overall ownership of the interests in the Properties. As the sole general partner of the Operating Partnership, the Company has the full, exclusive and complete responsibility and discretion in the management and control of the Operating Partnership.

In connection with the Formation Transactions, the Operating Partnership formed AMB Investment Management Corporation, a Maryland corporation ("AMB Investment Management"). The Operating Partnership purchased 100% of AMB Investment Management's non-voting preferred stock (representing a 95% economic interest). Certain Executive Officers and certain officers of AMB Investment Management collectively purchased 100% of AMB Investment Management's voting common stock (representing a 5% economic interest therein). The Operating Partnership accounts for its investment in AMB Investment Management using the equity method of accounting. AMB Investment Management was formed to succeed to the Predecessor's investment management business of providing real estate investment management services on a fee basis to clients.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES

These financial statements have been prepared in accordance with generally accepted accounting principles using the accrual method of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements include the financial position, results of operations and cash flows of the Operating Partnership and subsidiaries, and eight joint ventures (the "Joint Ventures") in which the Operating Partnership has a controlling interest. Third-party equity interests in the Joint Ventures are reflected as minority interests in the consolidated financial statements. All significant intercompany amounts have been eliminated.

BASIS OF PRESENTATION

The consolidated financial statements of the Operating Partnership include the results of operations for the period from November 26, 1997 (the commencement of operations) to December 31, 1997.

INVESTMENTS IN REAL ESTATE

Investments in real estate are stated at depreciated cost and are reviewed for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying amount of a property may not be recoverable. Impairment is recognized when estimated expected future cash flows (undiscounted and without interest charges) are less than the carrying amount of the property. To the extent an impairment has occurred, the excess of the carrying amount of the property over its estimated fair value will be charged to income. As of December 31, 1997, there were no impairments of the carrying values of the Properties.

Depreciation and amortization are calculated using the straight-line method over the estimated useful lives of the investments. The estimated lives are as follows:

<TABLE>		<C>
<S>		
Land improvements.....	5 to 40 years	
Buildings and improvements.....	5 to 40 years	
Tenant improvements and leasing costs.....	Term of the related lease	

The cost of buildings and improvements includes the purchase price of the property or interest in property, legal fees and acquisition costs and interest, property taxes, and other costs incurred during the period of construction.

Expenditures for maintenance and repairs are charged to operations as incurred. Significant renovations or betterments that extend the economic useful life of assets are capitalized.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) (IN THOUSANDS, EXCEPT UNIT AND SQUARE FEET DATA)

Project costs directly associated with the development and construction of a real estate project are capitalized as construction in progress. In addition, interest, real estate taxes and other costs are capitalized during the construction period.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash held in financial institutions and other highly liquid short-term investments with original maturities of three months or less. Cash and cash equivalents as of December 31, 1997 include restricted cash of \$8,074, which represents amounts held in escrow in connection with property purchases and capital improvements.

DEFERRED FINANCING

Costs incurred in connection with financing are capitalized and amortized to interest expense on a straight-line basis (which approximates the effective interest method) over the term of the related loan. As of December 31, 1997, deferred financing fees were \$871, net of accumulated amortization of \$29. Such amounts are included in Other Assets on the consolidated balance sheet.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Operating Partnership's financial instruments include short-term investments, accounts receivable, accounts payable, accrued expenses, construction loans payable, mortgage debt, secured debt, unsecured notes payable, and an unsecured credit facility. The fair value of these instruments approximates its carrying or contract values.

DEBT PREMIUMS

In connection with the Formation Transactions, the Operating Partnership assumed certain secured debt with an aggregate principal value of \$517,031 and a fair value of \$535,613. The difference between the principal value and the fair value was recorded as a debt premium. The debt premium is being amortized into interest expense over the term of the related debt instrument using the effective interest method. As of December 31, 1997, the unamortized debt premium was \$18,286.

MINORITY INTERESTS

Minority interests represent the interests held by certain third parties in eight real estate joint ventures that are consolidated for financial reporting purposes. Such investments are consolidated because (i) the Operating Partnership owns a majority interest, or (ii) the Operating Partnership has significant control over the entity through a 50% or greater ownership interest combined with the ability to control major operating decisions such as approval

of budgets, selection of property managers and change in financing.

REVENUES

The Operating Partnership, as a lessor, retains substantially all of the benefits and risks of ownership of the Properties and accounts for its leases as operating leases. Rental revenues are recognized on a straight-line basis over the term of the leases.

Reimbursements from tenants for real estate taxes and other recoverable operating expenses are recognized as revenue in the period the applicable expenses are incurred.

OTHER INCOME

Other income consists of the Operating Partnership's equity in the earnings of AMB Investment Management and of interest income on cash and cash equivalents.

INCOME PER UNIT

For purposes of calculating diluted income per unit for the year ended December 31, 1997, no adjustment to net income available to unitholders was necessary. While the Operating Partnership had no dilutive securities outstanding as of such date, the Operating Partnership is obligated to issue units to the Company in respect of the contribution of proceeds by the Company from the exercise of options to purchase common stock under the Company's Stock Incentive Plan. The effect of the units issuable upon exercise of stock options outstanding as of December 31, 1997 was to increase weighted average units outstanding by 282,043 units for the year ended December 31, 1997. Such dilution was computed using the treasury stock method.

FUTURE ACCOUNTING PRONOUNCEMENTS

In June of 1997, the FASB issued SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information." This statement, effective for financial statements for periods beginning after December 15, 1997, requires that a public business enterprise report financial and descriptive information about its reportable operating segments. Generally, information is required to be reported on the basis that it is used internally for evaluating segment performance and deciding how to allocate resources to segments. The Operating Partnership expects to adopt SFAS No. 131 in 1998 to the extent applicable.

3. TRANSACTIONS WITH AFFILIATES

As discussed in "Organization and Formation of the Company," the Operating Partnership formed AMB Investment Management (which conducts its operations through the Investment Management Partnership) for the purpose of carrying on the operations of the Predecessor. The Operating Partnership and the Investment Management Partnership have an agreement that allows for the sharing of certain costs and employees. Additionally, the Operating Partnership provides the Investment Management Partnership with certain acquisition-related services.

As part of the Formation Transactions, the Operating Partnership was required to pay an amount equal to the net working capital balances at November 25, 1997 of the Predecessor and the acquired properties to the owners of said entities. As of December 31, 1997, the Operating Partnership owed approximately \$37,808 to owners related to these working capital distributions. Such amount is included in Payable to affiliates on the consolidated balance sheet and was paid subsequent to year-end.

The Operating Partnership and the Investment Management Partnership share common office space under lease obligations of an affiliate of the Predecessor. Such lease obligations are charged to the Operating Partnership and the Investment Management Partnership at cost. For the period ended December 31, 1997, the Operating Partnership paid approximately \$70 for occupancy costs related to the lease obligations of the affiliate.

4. DEBT

As of December 31, 1997, debt, excluding unamortized debt premiums, consists of the following:

<S>	<C>
Secured debt, varying coupon interest rates from 7.01% to 10.38%, due November 1998 to December 2008.....	\$ 517,366
Unsecured credit facility, variable interest at LIBOR plus 110 basis points (7.10% at December 31, 1997) due November 2000.....	150,000

Total Debt.....	\$ 667,366
	=====

</TABLE>

Secured debt generally requires monthly principal and interest payments. The secured debt is secured by deeds of trust or mortgages on 48 Properties. The carrying value of real estate investments pledged as collateral under deeds of trust or mortgages for the secured debt is \$1,049,003 as of December 31, 1997. All of the secured debt bears interest at fixed rates, except for one loan which bears interest at either LIBOR plus 275 basis points (8.75% at December 31, 1997) or prime plus 50 basis points, at the borrower's option. The secured debt has various financial and non-financial covenants. Additionally, certain of the secured debt is cross-collateralized.

The Operating Partnership has a \$500,000 unsecured revolving credit agreement (the "Credit Facility") with Morgan Guaranty Trust Company of New York, as agent, and a syndicate of 12 other banks. The Credit Facility has a term of three years, and is subject to a fee that accrues on the daily average undrawn funds, which varies between 15 and 25 basis points of the undrawn funds based on the Operating Partnership's credit rating. The Credit Facility has various financial and non-financial covenants.

The weighted-average fixed interest rate on secured debt at December 31, 1997 was 7.82%. Interest capitalized related to construction projects for the period from November 26, 1997 to December 31, 1997 was \$448.

The scheduled maturities of the secured debt as of December 31, 1997 are as follows:

<S>	<C>
1998.....	\$ 19,390
1999.....	9,666

5. LEASING ACTIVITY

Future minimum rental income due under noncancelable leases in effect at December 31, 1997 with tenants is as follows:

<S>	<C>
1998.....	\$ 214,400
1999.....	188,926
2000.....	160,592
2001.....	128,241
2002.....	101,733
Thereafter.....	459,070

	\$1,252,962
	=====

</TABLE>

In addition to minimum rental payments, certain tenants pay reimbursements for their pro rata share of specified operating expenses, which amounted to \$5,267 for the period from November 26, 1997 to December 31, 1997. These amounts are included as rental income and operating expenses in the accompanying consolidated statements of operations. Certain of the leases also provide for the payment of additional rent based on a percentage of the tenant's revenues. Some leases contain options to renew. No individual tenant accounts for greater than 2% of rental revenues.

6. INCOME TAXES

As a partnership, the allocated share of income of the Operating Partnership is included in the income tax returns of the partners. Accordingly, no accounting for income taxes is required in the accompanying consolidated financial statements. State and local taxes are not material.

Taxable income of the Operating Partnership for the period from inception (November 26, 1997) to December 31, 1997 is estimated to be \$12,007. Reconciling differences between book income and tax income primarily result from timing differences consisting of (i) depreciation expense, (ii) prepaid rental income and (iii) straight-line rent. Furthermore, the Operating Partnership's share of income or loss from AMB Investment Management is excluded from the tax return of the Operating Partnership.

The Operating Partnership declared distributions per Unit of \$0.13 for the period from inception (November 26, 1997) to December 31, 1997. The following is a summary of distributions per Unit which represent a return of capital measured using generally accepted accounting principles:

7. STOCK INCENTIVE PLAN AND 401(k) PLAN

STOCK INCENTIVE PLAN

In November 1997, the Company established a Stock Option and Incentive Plan (the "Stock Incentive Plan") for the purpose of attracting and retaining eligible officers, directors and employees. The Company has reserved for issuance 5,750,000 shares of Common Stock under the Stock Incentive Plan. In November 1997, the Company granted 3,153,750 non-qualified options to certain directors, officers and employees. Each option is exchangeable for one share of the Company's Common Stock and has an exercise price equal to \$21.00, the

F-33
AMB PROPERTY, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(IN THOUSANDS, EXCEPT UNIT AND SQUARE FEET DATA)

Company's market price at the date of grant. The options have a 10-year term and vest pro rata in annual installments over a four-year period from the date of grant. Upon the exercise of stock options, the Company will contribute the proceeds to the Operating Partnership in exchange for an equal number of general partnership units.

The Operating Partnership applies APB Opinion No. 25, "Accounting for Stock Issued to Employees" and related interpretations in accounting for its Stock Incentive Plan. Opinion 25 measures compensation cost using the intrinsic value based method of accounting. Under this method, compensation cost is the excess, if any, of the quoted market price of the stock at the date of grant over the amount an employee must pay to acquire the stock. Accordingly, no compensation cost has been recognized for the Stock Incentive Plan, as the option price for all option grants in 1997 was equal to the market price at the date of grant. However, if the Operating Partnership had measured compensation cost using the fair value base method prescribed in SFAS 123, "Accounting for Stock-Based Compensation," the impact on pro forma net income and earnings per share would not have been material.

The fair value of each option grant was estimated at the date of grant using the Black-Scholes option-pricing model with the following assumptions used for grants in 1997: dividend yield of 6.52%, expected volatility of 18.75%, risk-free interest rate of 5.86%, and expected lives of 10 years.

Following is a summary of the option activity for the year ended December 31, 1997:

RESTRICTED STOCK

In 1997, the Company sold 5,712 restricted shares of its Common Stock to certain independent directors for \$0.01 per share in cash. The Company contributed the proceeds from the issuance of restricted shares to the Operating Partnership in exchange for an equal number of GP units.

401(k) PLAN

In November 1997, the Operating Partnership established a Section 401(k) Savings/Retirement Plan (the "Section 401(k) Plan"), which is a continuation of the Section 401(k) plan of the Predecessor, to cover eligible employees of the Operating Partnership and any designated affiliate. The Section 401(k) Plan permits eligible employees of the Operating Partnership to defer up to 10% of their annual compensation, subject to certain limitations imposed by the Code. The employees' elective deferrals are immediately vested and non-forfeitable upon contribution to the Section 401(k) Plan. The Operating Partnership matches the employee contributions to the Section 401(k) Plan in an amount equal to 50% of the first 3.5% of annual compensation deferred by each employee and may also make discretionary contributions to the plan. As of December 31,

1997, the Operating Partnership's accrual for 401(k) match was \$140. Such amount was included in Other liabilities on the consolidated balance sheet.

Except for the Section 401(k) Plan, the Operating Partnership offers no other post-retirement or post-employment benefits to its employees.

The following unaudited pro forma condensed consolidated statement of operations has been prepared as if the Formation Transactions, the Offering (as described in Note 1) and certain property acquisitions and dispositions in 1997 had occurred on January 1, 1997. In the opinion of management, the pro forma condensed consolidated statement of operations does not purport to present the consolidated results that would have occurred if the aforementioned transactions had been consummated on January 1, 1997, nor does it purport to present the consolidated results of operations for future periods.

10. COMMITMENTS AND CONTINGENCIES

LITIGATION

In the normal course of business, from time to time, the Operating Partnership is involved in legal actions relating to the ownership and operations of its Properties. In management's opinion, the liabilities, if any, that may ultimately result from such legal actions are not expected to have a materially adverse effect on the consolidated financial position, results of operations, or cash flows of the Operating Partnership.

F-35
AMB PROPERTY, L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) (IN THOUSANDS, EXCEPT UNIT AND SQUARE FEET DATA)

ENVIRONMENTAL MATTERS

The Operating Partnership follows the policy of monitoring its Properties for the presence of hazardous or toxic substances. The Operating Partnership is not aware of any environmental liability with respect to the Properties that would have a material adverse effect on the Operating Partnership's business, assets or results of operations. There can be no assurance that such a material environmental liability does not exist. The existence of any such material environmental liability could have a material adverse effect on the Operating Partnership's results of operations and cash flow.

GENERAL UNINSURED LOSSES

The Operating Partnership carries comprehensive liability, fire, flood, environmental, extended coverage and rental loss insurance with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of extraordinary losses that may be either uninsurable or not economically insurable. Should an uninsured loss occur, the Operating Partnership could lose its investment in, and anticipated profits and cash flows from, a property.

Certain of the Properties are located in areas that are subject to earthquake activity; the Operating Partnership has therefore obtained limited earthquake insurance.

AMB PROPERTY CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED, IN THOUSANDS, EXCEPT SHARE, UNIT, SQUARE FEET AND PERCENTAGE DATA)

1. ORGANIZATION AND FORMATION

AMB Property Corporation, a Maryland Corporation (the "Company"), commenced operations as a fully integrated real estate company effective with the completion of its initial public offering (the "IPO") on November 26, 1997. The Company expects to be taxed as a real estate investment trust ("REIT") under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the "Code"). The Company, through its controlling interest in its subsidiary AMB Property, L.P., a Delaware limited partnership (the "Operating Partnership"), is engaged in the ownership, operation, management, acquisition, renovation, expansion and development of industrial properties and community shopping centers in target markets nationwide. Unless the context otherwise requires, the "Company" means AMB Property Corporation, the Operating Partnership and its other controlled subsidiaries.

The Company and the Operating Partnership were formed shortly before consummation of the IPO. AMB Institutional Realty Advisors, Inc., a California corporation and registered investment advisor (the "Predecessor") formed AMB Property Corporation, a wholly owned subsidiary, and merged with and into the Company (the "Merger") in exchange for 4,746,616 shares of the Company's Common Stock. In addition, the Company and the Operating Partnership acquired, through a series of mergers and other transactions, 31.8 million rentable square feet of industrial property and 6.3 million rentable square feet of retail property in exchange for 65,022,185 shares of the Company's Common Stock, 2,542,163 units representing limited partnership interests in the Operating Partnership, the assumption of debt and, to a limited extent, cash. The net assets of the Predecessor and the properties acquired with Common Stock were contributed to the Operating Partnership for 69,768,801 units. The purchase method of accounting was applied to the acquisition of the properties. Collectively, the Merger and the other formation transactions described above are referred to as the "Formation Transactions."

On November 26, 1997, the Company completed its IPO of 16,100,000 shares of Common Stock, \$0.01 par value per share (the "Common Stock") for \$21.00 per share, resulting in gross offering proceeds of approximately \$338,100. Net of underwriters' commission and offering costs aggregating \$38,068, the Company received approximately \$300,032 in proceeds from the IPO. The net proceeds of the IPO were used to repay indebtedness, to purchase interests from certain investors who elected not to receive shares or units in connection with the Formation Transactions, to fund property acquisitions, and for general corporate purposes, including working capital.

As of March 31, 1998, the Company owned an approximate 95.9% general partner interest in the Operating Partnership. The remaining 4.1% limited partner interest was owned by nonaffiliated investors. For local law purposes, properties in certain states are owned through limited partnerships and limited liability companies owned 99% by the Operating Partnership and 1% by a wholly owned subsidiary of the Company. The ownership of such properties through such entities does not materially affect the Company's overall ownership of the interests in the properties. As the sole general partner of the Operating Partnership, the Company has the full, exclusive and complete responsibility and discretion in the day-to-day management and control of the Operating Partnership.

In connection with the Formation Transactions, the Operating Partnership formed AMB Investment Management Corporation, a Maryland corporation ("AMB Investment Management"). The Operating Partnership purchased 100% of AMB Investment Management's non-voting preferred stock (representing a 95% economic interest therein). Certain Executive Officers and certain officers of AMB Investment Management collectively purchased 100% of AMB Investment Management's voting common stock (representing a 5% economic interest therein). The Operating Partnership accounts for its investment in AMB Investment Management using the equity method of accounting. AMB Investment Management was formed to succeed to the Predecessor's investment management business of providing real estate investment management services on a fee basis to clients.

AMB PROPERTY CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED, IN THOUSANDS, EXCEPT SHARE, UNIT, SQUARE FEET AND PERCENTAGE DATA)

As of March 31, 1998, the Company owned 155 Properties, consisting of 118 industrial properties (the "Industrial Properties") and 37 retail properties (the "Retail Properties") located in 28 markets throughout the United States. The Industrial Properties (comprising 415 buildings), principally warehouse distribution properties, encompass approximately 44.0 million rentable square feet and, as of March 31, 1998, were 94.6% leased to over 1,000 tenants. The Retail Properties (comprising 37 centers), principally grocer-anchored community shopping centers, encompass approximately 6.8 million rentable square feet and, as of the same date, were 94.6% leased to over 900 tenants. The Industrial Properties and the Retail Properties collectively are referred to as the "Properties."

2. INTERIM FINANCIAL STATEMENTS

The consolidated financial statements included herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, certain information and note disclosures normally included in the annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. The consolidated financial statements for prior periods have been reclassified to conform to current classifications with no effect on results of operations. In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments, of a normal recurring nature, necessary for a fair presentation of the company's consolidated financial position and results of operations for the interim periods.

The interim financial information for the three months ended March 31, 1997, represents the results of the Predecessor, an investment manager. The Predecessor's revenues consisted primarily of fees earned in connection with

real estate investment management services. As such, information presented for the three months ended March 31, 1997 and 1998 is not comparable given the differences in lines of business between the Company and the Predecessor.

The interim results of the three months ended March 31, 1997 and 1998 are not necessarily indicative of the results expected for the entire year. These financial statements should be read in conjunction with the financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 1997.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. DEBT

In connection with the Formation Transactions, the Company assumed certain secured debt with an aggregate principal value of \$517,031 and a fair value of \$535,613. The difference between the principal value and the fair value was recorded as a debt premium. The debt premium is being amortized into interest expense over the term of the related debt instruments using the effective interest method. As of March 31, 1998, the unamortized debt premium was \$17,542. As of March 31, 1998, debt, excluding unamortized debt premiums, consists of the following:

<TABLE> <S>	<C>
Secured debt, varying interest rates from 7.01% to 10.39%, due November 1998 to January 2014.....	\$592,569

</TABLE>

AMB PROPERTY CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(UNAUDITED, IN THOUSANDS, EXCEPT SHARE, UNIT, SQUARE FEET AND PERCENTAGE DATA)

Secured debt generally requires monthly principal and interest payments. The secured debt is secured by deeds of trust or mortgages on certain Properties. All of the secured debt bears interest at fixed rates, except for one loan of \$5,623 which bears interest at either LIBOR plus 275 basis points (8.44% at March 31, 1998) or prime plus 50 basis points, at the borrower's option. The secured debt has various financial and non-financial covenants. Additionally, certain of the secured debt is cross-collateralized. The weighted-average fixed interest rate on secured debt at March 31, 1998, was 8.01%.

The Company has a \$500,000 unsecured revolving credit agreement (the "Credit Facility") with Morgan Guaranty Trust Company of New York as agent, and a syndicate of 12 other banks. The Credit Facility has a term of three years, and is subject to a fee that accrues on the daily average undrawn funds, which varies between 15 and 25 basis points of the undrawn funds based on the Company's credit rating. The Credit Facility has various financial and non-financial covenants.

Interest capitalized related to construction projects for the three months ended March 31, 1998, was \$1,253. There was no capitalized interest for periods prior to the Formation Transactions.

The scheduled maturities of the secured debt as of March 31, 1998 are as follows:

<TABLE> <S>	<C>

</TABLE>

The 1998 maturities included \$35,000 of secured debt that was assumed in

connection with certain property acquisitions, and which was repaid in full subsequent to March 31, 1998.

4. MINORITY INTERESTS

Minority interests in the Company represent the limited partnership interests in the Operating Partnership and interests held by certain third parties in 11 real estate joint ventures that are consolidated for financial reporting purposes. Such investments are consolidated because (i) the Company owns a majority interest, or (ii) the Company holds significant control over the entity through a 50% or greater ownership interest combined with the ability to control all major operating decisions such as approval of budgets, selection of property managers and changes in financing.

The following table sets forth the minority interest ownership held by certain joint ventures ("Minority Interest -- Joint Ventures") and the limited partnership interests' in the Operating Partnership ("Minority Interest -- Limited Partners") as of March 31, 1998.

5. STOCKHOLDERS' EQUITY

On March 9, 1998, the Company and the Operating Partnership declared a quarterly cash distribution of \$0.3425 per share of common stock, payable on April 3, 1998, to stockholders and unitholders of record as of March 18, 1998.

6. EARNINGS PER SHARE

For purposes of calculating diluted earnings per share for the three months ended March 31, 1998, no adjustment to net income available to common stockholders was necessary, as the Company's only dilutive securities outstanding for such period were stock options issued under its stock incentive plan. The effect of the stock options was to increase weighted average shares outstanding by 410,223 for the three months ended March 31, 1998. Such dilution was computed using the treasury stock method. The Predecessor had no dilutive securities outstanding during the three months ended March 31, 1997.

7. PRO FORMA INFORMATION

The following summary unaudited pro forma financial information for the three months ended March 31, 1997 has been prepared as if the Formation Transactions, the IPO (as described in Note 1) and property acquisitions and dispositions during the year ended December 31, 1997 had occurred on January 1, 1997. In the opinion of management, the pro forma financial information does not purport to present the consolidated results that would have occurred if the aforementioned transactions had been consummated on January 1, 1997, nor does it purport to present the consolidated results of operations for future periods.

8. OPERATING PARTNERSHIP

As of March 31, 1998, the Company owned a 95.9% general partner interest in the Operating Partnership. Therefore, the Company consolidates the Operating Partnership and records the remaining 4.1% limited partner interests as minority interests in the consolidated financial statements. The Operating Partnership commenced operations as a fully integrated real estate company in connection with the Formation Transactions. The following table sets forth summary financial information of the Operating Partnership as of and for the period from December 31, 1997 to March 31, 1998:

9. SUBSEQUENT EVENTS

On April 2, 1998, the Operating Partnership filed a registration statement with the Securities and Exchange Commission for the issuance of senior unsecured notes with an aggregate principal amount of \$350,000. If such transaction is consummated, the Company anticipates that it will use the net proceeds from the issuance to repay borrowings on the Credit Facility and for general working capital requirements.

In April 1998, the Company repaid approximately \$35,000 in assumed debt related to properties acquired during the quarter ended March 31, 1998.

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Directors of
AMB Property Corporation:

We have audited the accompanying consolidated balance sheets of AMB Property Corporation and subsidiaries as of December 31, 1996 and 1997, and the related consolidated statements of income, stockholders' equity and cash flows for each of the three years in the period ended December 31, 1997. These financial statements and the schedule referred to below are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and the schedule based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material

misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of AMB Property Corporation and subsidiaries as of December 31, 1996 and 1997, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 1997, in conformity with generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule listed in the index to the financial statements is presented for purposes of complying with the Securities and Exchange Commission rules and is not a required part of the basic financial statements. This schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, fairly states in all material respects the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.

AMB PROPERTY CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(IN THOUSANDS, EXCEPT SHARE AND SQUARE FEET DATA)

1. ORGANIZATION AND FORMATION OF COMPANY

AMB Property Corporation, a Maryland corporation (the "Company"), commenced operations as a fully integrated real estate company effective with the completion of its initial public offering (the "Offering") on November 26, 1997. The Company will elect to be taxed as a real estate investment trust ("REIT") under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the "Code"). The Company, through its controlling interest in its subsidiary AMB Property, L.P., a Delaware limited partnership (the "Operating Partnership"), is engaged in the ownership, operation, management, acquisition, renovation, expansion, and development of industrial properties and community shopping centers in target markets nationwide. Unless the context otherwise requires, the "Company" shall include AMB Property Corporation, the Operating Partnership and its controlled subsidiaries.

The Company and the Operating Partnership were formed shortly before consummation of the Offering. AMB Institutional Realty Advisors, Inc., a California corporation and registered investment advisor (the "Predecessor"), formed AMB Property Corporation, a wholly owned subsidiary, and merged with and into the Company (the "Merger") in exchange for 4,746,616 shares of the Company's Common Stock. In addition, the Company and the Operating Partnership acquired, through a series of mergers and other transactions, 31.8 million rentable square feet of industrial property and 6.3 million rentable square feet of retail property in exchange for 65,022,185 shares of the Company's Common Stock, 2,542,163 units representing limited partnership interests in the Operating Partnership, the assumption of debt, and to a limited extent, cash. The net assets of the Predecessor and the properties acquired with Common Stock were contributed to the Operating Partnership for 69,768,801 units. The purchase method of accounting was applied to the acquisition of the properties. Collectively, the Merger and the other formation transactions described above are referred to as the "Formation Transactions."

On November 26, 1997, the Company completed its Offering of 16,100,000 shares of Common Stock, \$0.01 par value per share (the "Common Stock") for \$21.00 per share, resulting in gross offering proceeds of approximately \$338,100. Net of underwriters' commission and offering costs aggregating \$38,068, the Company received approximately \$300,032 in proceeds from the Offering. The net proceeds of the Offering were used to repay indebtedness, to purchase interests from certain investors who elected not to receive shares or units in connection with the Formation Transactions, to fund property acquisitions, and for general corporate purposes, including working capital.

As of December 31, 1997, the Company owned an approximate 97.1% general partner interest in the Operating Partnership. The remaining 2.9% limited partner interest was owned by unaffiliated investors. For local law purposes, properties in certain states are owned through limited partnerships and limited liability companies owned 99% by the Operating Partnership and 1% by a wholly owned subsidiary of the Company. The ownership of such Properties through such entities does not materially affect the Company's overall ownership of the interests in the Properties. As the sole general partner of the Operating Partnership, the Company has the full, exclusive and complete responsibility and discretion in the management and control of the Operating Partnership.

In connection with the Formation Transactions, the Operating Partnership formed AMB Investment Management Corporation, a Maryland corporation ("AMB Investment Management"). The Operating Partnership purchased 100% of AMB Investment Management's non-voting preferred stock (representing a 95% economic interest). Certain Executive Officers and certain officers of AMB Investment Management collectively purchased 100% of AMB Investment Management's voting common stock (representing a 5% economic interest therein). The Operating Partnership accounts for its investment in AMB Investment Management using the equity method of accounting. AMB Investment Management was formed to succeed to the Predecessor's investment management business of providing real estate investment management services on a fee basis to clients.

AMB PROPERTY CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(IN THOUSANDS, EXCEPT SHARE AND SQUARE FEET DATA)

As of December 31, 1997, the Company owned 37.3 million rentable square feet of industrial properties (the "Industrial Properties"), principally warehouse distribution properties, that were 95.7% leased and 6.2 million rentable square feet of retail properties (the "Retail Properties"), principally grocer-anchored community shopping centers, that were 96.1% leased. The Industrial Properties and the Retail Properties collectively are referred to as

the "Properties."

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES

These financial statements have been prepared in accordance with generally accepted accounting principles using the accrual method of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements include the financial position, results of operations and cash flows of the Company, its wholly owned qualified REIT subsidiaries, the Operating Partnership, and eight joint ventures (the "Joint Ventures") in which the Company has a controlling interest. Third-party equity interests in the Operating Partnership and the Joint Ventures are reflected as minority interests in the consolidated financial statements. All significant intercompany amounts have been eliminated.

BASIS OF PRESENTATION

The consolidated financial statements of the Company for 1997 include the results of operations of the Company, including property operations for the period from November 26, 1997 (the commencement of operations as a fully integrated real estate company) to December 31, 1997 and the results of the Company's Predecessor, an investment manager, for the period from January 1, 1997 to November 25, 1997.

INVESTMENTS IN REAL ESTATE

Investments in real estate are stated at depreciated cost and are reviewed for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying amount of a property may not be recoverable. Impairment is recognized when estimated expected future cash flows (undiscounted and without interest charges) are less than the carrying amount of the property. To the extent an impairment has occurred, the excess of the carrying amount of the property over its estimated fair value will be charged to income. As of December 31, 1997, there were no impairments of the carrying values of the Properties.

Depreciation and amortization are calculated using the straight-line method over the estimated useful lives of the investments. The estimated lives are as follows:

<TABLE>	
<S>	<C>
Land improvements.....	5 to 40 years
Buildings and improvements.....	5 to 40 years
Tenant improvements and leasing costs.....	Term of the related lease
</TABLE>	

The cost of buildings and improvements includes the purchase price of the property or interest in property, legal fees and acquisition costs and interest, property taxes, and other costs incurred during the period of construction.

AMB PROPERTY CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(IN THOUSANDS, EXCEPT SHARE AND SQUARE FEET DATA)

Expenditures for maintenance and repairs are charged to operations as incurred. Significant renovations or betterments that extend the economic useful life of assets are capitalized.

Project costs directly associated with the development and construction of a real estate project are capitalized as construction in progress. In addition, interest, real estate taxes and other costs are capitalized during the construction period.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash held in financial institutions and other highly liquid short-term investments with original maturities of three months or less. Cash and cash equivalents as of December 31, 1997 include restricted cash of \$8,074, which represents amounts held in escrow in connection with property purchases and capital improvements.

DEFERRED FINANCING

Costs incurred in connection with financing are capitalized and amortized to interest expense on a straight-line basis (which approximates the effective interest method) over the term of the related loan. As of December 31, 1997, deferred financing fees were \$871, net of accumulated amortization of \$29. Such amounts are included in Other Assets on the consolidated balance sheet.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's financial instruments include short-term investments, accounts receivable, accounts payable, accrued expenses, construction loans payable, mortgage debt, secured debt, unsecured notes payable and an unsecured credit facility. The fair value of these instruments approximates its carrying or contract values.

DEBT PREMIUMS

In connection with the Formation Transactions, the Company assumed certain secured debt with an aggregate principal value of \$517,031 and a fair value of \$535,613. The difference between the principal value and the fair value was recorded as a debt premium. The debt premium is being amortized into interest expense over the term of the related debt instrument using the effective interest method. As of December 31, 1997, the unamortized debt premium was \$18,286.

MINORITY INTERESTS

Minority interests in the Company represent the limited partnership interests in the Operating Partnership and interests held by certain third parties in eight real estate joint ventures that are consolidated for financial reporting purposes. Such investments are consolidated because (i) the Company owns a majority owner interest, or (ii) the Company has significant control over the entity through a 50% or greater ownership interest combined with the ability to control major operating decisions such as approval of budgets, selection of property managers and change in financing.

REVENUES

The Company, as a lessor, retains substantially all of the benefits and risks of ownership of the Properties and accounts for its leases as operating leases. Rental revenues are recognized on a straight-line basis over the term of the leases.

Reimbursements from tenants for real estate taxes and other recoverable operating expenses are recognized as revenue in the period the applicable expenses are incurred.

INVESTMENT MANAGEMENT AND OTHER INCOME

Investment management income consists primarily of professional fees generated from the Predecessors' real estate investment management services for periods prior to the Formation Transactions and the Company's equity in the earnings of AMB Investment Management for periods subsequent to the Formation Transactions. Other income consists primarily of interest income on cash and cash equivalents.

INVESTMENT MANAGEMENT EXPENSE

Investment management expense represents the operating expenses of the Predecessor for periods prior to November 26, 1997 and consists of salaries and benefits and other management related expenses.

EARNINGS PER SHARE

For purposes of calculating diluted earnings per share for the year ended

December 31, 1997, no adjustment to net income available to common stockholders was necessary, as the Company's only dilutive securities outstanding for such period were stock options issued under its stock incentive plan. The effect of the stock options was to increase weighted average shares outstanding by 27,818 shares for the year ended December 31, 1997. Such dilution was computed using the treasury stock method. The Predecessor had no dilutive securities outstanding during the years ended December 31, 1995 and 1996.

RECLASSIFICATIONS

The consolidated financial statements for prior periods have been reclassified to conform with current classifications with no effect on results of operations.

FUTURE ACCOUNTING PRONOUNCEMENTS

In June of 1997, the FASB issued SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information." This statement, effective for financial statements for periods beginning after December 15, 1997, requires that a public business enterprise report financial and descriptive information about its reportable operating segments. Generally, information is required to be reported on the basis that it is used internally for evaluating segment performance and deciding how to allocate resources to segments. The Company expects to adopt this SFAS in 1998 to the extent applicable.

3. TRANSACTIONS WITH AFFILIATES

As discussed in "Organization and Formation of the Company," the Operating Partnership formed AMB Investment Management (which conducts its operations through the Investment Management Partnership) for the purpose of carrying on the operations of the Predecessor. The Company and the Investment Management Partnership have an agreement that allows for the sharing of certain costs and employees. Additionally, the Company provides the Investment Management Partnership with certain acquisition-related services.

As part of the Formation Transactions, the Operating Partnership was required to pay an amount equal to the net working capital balances at November 25, 1997 of the Predecessor and the acquired properties to the owners of said entities. As of December 31, 1997, the Company owed approximately \$37,808 to owners related to these working capital distributions. Such amount is included in Payable to affiliates on the consolidated balance sheet and was paid subsequent to year-end.

The Company and the Investment Management Partnership share common office space under lease obligations of an affiliate of the Predecessor. Such lease obligations are charged to the Company and the Investment Management Partnership at cost. For the period ended December 31, 1995, 1996 and 1997, the Company paid approximately \$435, \$510 and \$700, respectively for occupancy costs related to the lease obligations of the affiliate.

4. DEBT

As of December 31, 1997, debt, excluding unamortized debt premiums, consists of the following:

<TABLE>	
<S>	
Secured debt, varying coupon interest rates from 7.01% to 10.38%, due November 1998 to December 2008.....	\$ 517,366

Total Debt.....	\$ 667,366
	=====

</TABLE>

Secured debt generally requires monthly principal and interest payments. The secured debt is secured by deeds of trust and mortgages on 48 Properties. The carrying value of real estate investments pledged as collateral under deeds of trust and mortgages for the secured debt is \$1,049,003 as of December 31, 1997. All of the secured debt bears interest at fixed rates, except for one loan which bears interest at either LIBOR plus 275 basis points (8.75% at December 31, 1997) or prime plus 50 basis points, at the borrower's option. The secured debt has various financial and non-financial covenants. Additionally, certain of the secured debt is cross-collateralized.

The Company has a \$500,000 unsecured revolving credit agreement (the

"Credit Facility") with Morgan Guaranty Trust Company of New York as agent, and a syndicate of 12 other banks. The Credit Facility has a term of three years, and is subject to a fee that accrues on the daily average undrawn funds, which varies between 15 and 25 basis points of the undrawn funds based on the Company's credit rating. The Credit Facility has various financial and non-financial covenants.

The weighted-average fixed interest rate on secured debt at December 31, 1997 was 7.82%. Interest capitalized related to construction projects for the period from November 26, 1997 to December 31, 1997 was \$448. There was no capitalized interest for periods prior to the Formation Transactions.

In addition to minimum rental payments, certain tenants pay reimbursements for their pro rata share of specified operating expenses, which amounted to \$5,267 for the period from November 26, 1997 to December 31, 1997. These amounts are included as rental income and operating expenses in the accompanying consolidated statements of operations. Certain of the leases also provide for the payment of additional rent based on a percentage of the tenant's revenues. Some leases contain options to renew. No individual tenant accounts for greater than 2% of rental revenues.

6. INCOME TAXES

The Company intends to be taxed as a REIT under the Code for the fiscal year ended December 31, 1997. To qualify as a REIT, the Company must meet a number of organizational and operational requirements, including a requirement that it currently distribute at least 95% of its taxable income. It is management's intention to adhere to these requirements and maintain the Company's REIT status. As a REIT, the Company generally will not be subject to corporate level federal income tax on net income it distributes currently to its stockholders. As such, no provision for federal income taxes has been included in the accompanying consolidated financial statements. If the Company fails to qualify as a REIT in any taxable year, it will be subject to federal income taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a REIT for four subsequent taxable years. Even if the Company qualifies for taxation as a REIT, the Company may be subject to certain state and local taxes on its income and property and to federal income and excise taxes on its undistributed taxable income.

For federal income tax purposes, cash distributions paid to stockholders may be characterized as ordinary income, return of capital (generally non-taxable) or capital gains. On December 8, 1997, the Company declared a distribution of \$0.134 per common share, payable on December 29, 1997 to stockholders of record on December 18, 1997. The distribution covered the period from November 26, 1997 through December 31, 1997. For Federal income tax

purposes, 100% of the distribution was ordinary income.

F-61
AMB PROPERTY CORPORATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)
(IN THOUSANDS, EXCEPT SHARE AND SQUARE FEET DATA)

Prior to the Merger, the Predecessor conducted its business as an S corporation, and therefore was exempt from federal income taxes under Subchapter S of the Code. Under this election federal income taxes were paid by the stockholders of the Predecessor.

7. STOCK INCENTIVE PLAN AND 401(k) PLAN

STOCK INCENTIVE PLAN

In November 1997, the Company established a Stock Option and Incentive Plan (the "Stock Incentive Plan") for the purpose of attracting and retaining eligible officers, directors and employees. The Company has reserved for issuance 5,750,000 shares of Common Stock under the Stock Incentive Plan. In November 1997, the Company granted 3,153,750 non-qualified options to certain directors, officers and employees. Each option is exchangeable for one share of the Common Stock and has an exercise price equal to \$21.00, the market price at the date of grant. The options have a 10-year term and vest pro rata in annual installments over a four-year period from the date of grant.

The Company applies APB Opinion No. 25, "Accounting for Stock Issued to Employees" and related interpretations in accounting for its Stock Incentive Plan. Opinion 25 measures compensation cost using the intrinsic value based method of accounting. Under this method, compensation cost is the excess, if any, of the quoted market price of the stock at the date of grant over the amount an employee must pay to acquire the stock. Accordingly, no compensation cost has been recognized for the Stock Incentive Plan, as the option price for all option grants in 1997 was equal to the market price as of the date of grant. However, if the Company had measured compensation cost using the fair value based method prescribed in SFAS 123, "Accounting for Stock-Based Compensation," the impact on pro forma net income and earnings per share would not have been material.

The fair value of each option grant was estimated at the date of grant using the Black-Scholes option-pricing model with the following assumptions used for grants in 1997: dividend yield of 6.52%, expected volatility of 18.75%, risk-free interest rate of 5.86%, and expected lives of 10 years.

Following is a summary of the option activity for the year ended December 31, 1997:

In 1997, the Company sold 5,712 restricted shares of its Common Stock to certain independent directors for \$0.01 per share in cash.

401(k) PLAN

In November 1997, the Company established a Section 401(k) Savings/Retirement Plan (the "Section 401(k) Plan"), which is a continuation of the Section 401(k) plan of the Predecessor, to cover eligible employees of the Company and any designated affiliate. The Section 401(k) Plan permits eligible employees

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

of the Company to defer up to 10% of their annual compensation, subject to certain limitations imposed by the Code. The employees' elective deferrals are immediately vested and non-forfeitable upon contribution to the Section 401(k) Plan. The Company matches the employee contributions to the Section 401(k) Plan in an amount equal to 50% of the first 3.5% of annual compensation deferred by each employee and may also make discretionary contributions to the plan. As of December 31, 1997, the Company's accrual for 401(k) match was \$140. Such amount was included in Other liabilities on the consolidated balance sheet.

Except for the Section 401(k) Plan, the Company offers no other post-retirement or post-employment benefits to its employees.

In the opinion of management, the pro forma condensed consolidated statement of operations does not purport to present the consolidated results that would have occurred if the aforementioned transactions had been consummated on January 1, 1996, nor does it purport to present the consolidated results of operations for future periods.

10. COMMITMENTS AND CONTINGENCIES

LITIGATION

In the normal course of business, from time to time, the Company is involved in legal actions relating to the ownership and operations of its

Properties. In management's opinion, the liabilities, if any, that may ultimately result from such legal actions are not expected to have a materially adverse effect on the consolidated financial position, results of operations, or cash flows of the Company.

ENVIRONMENTAL MATTERS

The Company follows the policy of monitoring its Properties for the presence of hazardous or toxic substances. The Company is not aware of any environmental liability with respect to the Properties that would have a material adverse effect on the Company's business, assets or results of operations. There can be no assurance that such a material environmental liability does not exist. The existence of any such material environmental liability could have a material adverse effect on the Company's results of operations and cash flow.

GENERAL UNINSURED LOSSES

The Company carries comprehensive liability, fire, flood, environmental, extended coverage and rental loss insurance with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of extraordinary losses that may be either uninsurable or not economically insurable. Should an uninsured loss occur, the Company could lose its investment in, and anticipated profits and cash flows from, a property.

Certain of the Properties are located in areas that are subject to earthquake activity; the Company has therefore obtained limited earthquake insurance.

11. OPERATING PARTNERSHIP

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To AMB Property Corporation:

We have audited the accompanying combined balance sheets of the AMB Contributed Properties as of December 31, 1995 and 1996, and the related combined statements of operations, owners' equity and cash flows for the years ended December 31, 1994, 1995 and 1996. These combined financial statements are the responsibility of the management of the AMB Contributed Properties. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, the evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of the AMB Contributed Properties as of December 31, 1995 and 1996, and the results of their operations and their cash flows for the years ended December 31, 1994, 1995 and 1996, in conformity with generally accepted accounting principles.

NOTES TO COMBINED FINANCIAL STATEMENTS
 (DOLLARS IN THOUSANDS)

1. ORGANIZATION AND BASIS OF PRESENTATION

The accompanying combined financial statements represent a combination of the assets, liabilities and operations of 96 properties (the "Properties") located throughout the United States, which are owned by certain real estate investment funds, trusts and partnerships. Collectively, the combination of the operations of the investments in the Properties is referred to as the "AMB Contributed Properties." During the periods presented, the AMB Contributed

Properties were all managed by AMB Institutional Realty Advisors, Inc. ("AMB"), the investment manager, under separate investment management agreements (the "Agreements"). The AMB Contributed Properties is not a legal entity. A summary of the various entities that own the Properties, the number of properties and square footage as of November 25, 1997 is as follows:

(1) AMB Current Income Fund, Inc. and Milwaukee Employee's Retirement System own respective interests in a limited liability company of 66.7% and 33.3%. The principal asset of the limited liability company is a 2,512,465 square foot property. The property is included in AMB Current Income Fund, Inc.'s number of properties and square footage above.

On November 25, 1997, the owners of the AMB Contributed Properties and AMB completed a business combination plan whereby the owners of the Properties contributed their property to AMB Property Corporation, a public real estate company, in exchange for shares in AMB Property Corporation, or units in a subsidiary partnership, AMB Property, L.P. (the "Operating Partnership") or, in certain limited circumstances, cash (the "Formation Transaction"). The allocation of ownership interests among the owners of the AMB Contributed Properties and AMB was based on the agreed-upon relative values of net assets contributed. The initial allocation among these entities may change pending the resolution of certain future performance criteria of AMB Property Corporation.

NOTES TO COMBINED FINANCIAL STATEMENTS (CONTINUED)
(DOLLARS IN THOUSANDS)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES

These financial statements have been prepared in accordance with generally accepted accounting principles using the accrual method of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENTS IN REAL ESTATE

Investments in real estate are stated at depreciated cost and are reviewed for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying amount of a property may not be recoverable. Impairment is recognized when estimated expected future cash flows (undiscounted and without interest charges) are less than the carrying amount of the property. To the extent an impairment has occurred, the excess of the carrying amount of the property over its estimated fair value will be charged to income. As of December 31, 1997, there were no impairments of the carrying values of the Properties.

Depreciation and amortization are calculated using the straight-line method over the estimated useful lives of the investments. The estimated lives are as follows:

<S>	<C>
Land improvements.....	5 to 40 years

Buildings and improvements..... 5 to 40 years
Tenant improvements and leasing costs..... Term of the related lease
</TABLE>

The cost of buildings and improvements includes the purchase price of the property or interest in property, legal fees and acquisition costs and interest, property taxes, and other costs incurred during the period of construction.

Expenditures for maintenance and repairs are charged to operations as incurred. Significant renovations or betterments that extend the economic useful life of assets are capitalized.

Project costs directly associated with the development and construction of a real estate project are capitalized as construction in progress. In addition, interest, real estate taxes and other costs are capitalized during the construction period.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash held in financial institutions and other highly liquid short-term investments with original maturities of three months or less. Cash and cash equivalents as of December 31, 1995 and 1996 and September 30, 1997 (unaudited) include restricted cash of \$77,593, \$11,042, and \$1,740, respectively, which represent amounts held in escrow in connection with property purchases and capital improvements.

DEFERRED FINANCING AND LEASING COSTS

Costs incurred in connection with financing or leasing are capitalized and amortized to interest expense and depreciation and amortization, respectively, on a straight-line basis (which approximates the effective interest method in the case of financing costs) over the term of the related loan or lease for periods generally ranging from six months to 10 years. Unamortized costs are charged to expense upon the early repayment of

F-77

AMB CONTRIBUTED PROPERTIES

NOTES TO COMBINED FINANCIAL STATEMENTS (CONTINUED) (DOLLARS IN THOUSANDS)

the related debt or upon the early termination of the lease. Accumulated amortization as of December 31, 1995 and 1996 and, September 30, 1997 (unaudited) was \$1,239, \$2,930 and \$5,487, respectively.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Based on the borrowing rates currently available to the Properties, the fair value of its debt at September 30, 1997 (unaudited) (with a carrying amount of \$741,237) was approximately \$760,000. Such valuation is based on the current rates offered to the AMB Contributed Properties for debt of the same remaining maturities. The carrying amount of cash and cash equivalents approximates fair value.

MINORITY INTERESTS

Minority interests in the AMB Contributed Properties represent interests held by certain entities in eight real estate limited partnerships and limited liability companies that are consolidated for financial reporting purposes. Such investments are consolidated because 1) the Company owns a controlling general partner's interest or holds a majority member interest, or 2) the Company as limited partner holds significant control over the entity through a 50% or greater ownership interest combined with the ability to control major operating decisions such as approval of budgets, selection of property managers and change in financing. Further, in all cases, the Company has the ability to preclude a sale or refinancing proposed by any other partner.

REVENUES

All leases are classified as operating leases. Rental revenues are recognized on a straight-line basis over the term of the leases. Deferred rent receivable represents the excess of rental revenue recognized on a straight-line basis over cash received under the applicable lease provisions.

INTEREST AND OTHER INCOME

Interest and other income primarily represents interest income on cash and cash equivalents.

NEW ACCOUNTING PRONOUNCEMENTS

In June of 1997, the FASB issued SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information." This statement, effective for financial statements for periods beginning after December 15, 1997, requires that a public business enterprise report financial and descriptive information

about its reportable operating segments. Generally, information is required to be reported on the basis that it is used internally for evaluating segment performance and deciding how to allocate resources to segments. This statement is not applicable to the AMB Contributed Properties, as they are not public business enterprises.

3. NOTE RECEIVABLE FROM OWNER

An affiliate of AMB held a 1% general partnership interest in AMB Western Properties Fund-I. The general partner's capital contribution was made through a note payable to AMB Western Properties Fund-I. The note accrues interest at 9.29%, payable from the general partner's quarterly cash distributions. At December 31, 1995 and 1996 and September 30, 1997 (unaudited), outstanding principal and interest on the note totaled \$808, \$776 and \$725, respectively.

4. TRANSACTIONS WITH INVESTMENT MANAGER

The owners of the AMB Contributed Properties are obligated to pay AMB acquisition fees and asset management fees, as defined in the agreements. For the years ended December 31, 1994, 1995 and 1996, the

nine months ended September 30, 1996 (unaudited) and the period from January 1, 1997 to November 25, 1997 (unaudited), the AMB Contributed Properties incurred expenses of \$3,167, \$6,250, \$9,508, \$6,593 and \$14,646, respectively, related to asset management of the Properties. In addition, acquisition fees paid to AMB of \$3,521, \$3,884, \$4,849, \$2,053 and \$2,989 were capitalized to investments in real estate in the accompanying combined balance sheets for the years ended December 31, 1994, 1995 and 1996, for the nine months ended September 30, 1996 (unaudited) and the period from January 1, 1997 to November 25, 1997 (unaudited), respectively. At December 31, 1995 and 1996 and September 30, 1997 (unaudited), total acquisition and asset management fees payable to AMB were \$529, \$2,713 and \$3,024, respectively.

Certain owners of the AMB Contributed Properties are also obligated to pay incentive management fees to AMB during ownership and upon disposition of the Properties to the extent that operations of the Properties and their fair values meet certain criteria. In connection with the Formation Transaction the owners of the AMB Contributed Properties agreed to terminate their respective existing incentive management fee agreements with AMB. One of the owners of the AMB Contributed Properties agreed to and paid a final incentive management fee of \$3,011.

5. DEBT

As of December 31, 1995 and 1996 and September 30, 1997 (unaudited), debt consisted of the following:

<TABLE>

The unsecured line of credit had total availability of \$200,000 as of September 30, 1997 (unaudited). The unsecured line includes a one-year option to extend and a fee on average unused funds of 25 basis points.

The secured debt facility and secured line of credit in aggregate had total availability of \$116,613 as of September 30, 1997.

Mortgage loans generally require monthly principal and interest payments. The mortgage loans are secured by deeds of trust or mortgages on 42 Properties.

The net book value of real estate investments pledged as collateral under deeds of trust or mortgages for mortgage loans and the secured debt facility at December 31, 1995 and 1996 and September 30, 1997 (unaudited) is \$475,783, \$934,233 and \$935,074, respectively. In addition, Properties with a net book value of \$129,192, \$147,452 and \$146,853 as of December 31, 1995 and 1996 and September 30, 1997 (unaudited), respectively, are part of a collateral pool for cross-collateralized mortgage debt of one of the Property owners. As such mortgage is deemed to be debt of the real estate investment fund rather than of the Properties and as such Properties were contributed to AMB Property Corporation free of debt, the debt is not reflected in the accompanying combined financial statements.

(DOLLARS IN THOUSANDS)

Also included in mortgage loans is a construction loan with a balance of \$1,928 as of September 30, 1997 (unaudited). Such loan matures in 2000, has total availability of \$8,000 and bears interest at LIBOR plus 275 basis points or prime plus 50 basis points at the borrower's option.

The secured line is collateralized by capital subscriptions receivable of \$149,436 at September 30, 1997 (unaudited) from the owners of AMB Value Added Fund, Inc. which have been netted against owners' equity in the accompanying combined financial statements.

The weighted-average fixed interest rate on debt at September 30, 1997 (unaudited) was 7.87%. Interest capitalized related to construction projects for the years ended December 31, 1994, 1995 and 1996, for the nine months ended September 30, 1996 (unaudited) and for the period from January 1, 1997 to November 25, 1997 (unaudited) was \$132, \$105, \$1,134, \$537 and \$1,092, respectively.

In addition to minimum rental payments, certain tenants pay reimbursements for their pro rata share of specified operating expenses, which reimbursements amounted to \$9,077, \$21,008, \$33,805, \$26,176 and \$44,574 for the years ended December 31, 1994, 1995 and 1996, for the nine months ended September 30, 1996 (unaudited) and for the period from January 1, 1997 to November 25, 1997 (unaudited), respectively. These amounts are included as rental income and operating expenses in the accompanying combined statements of operations. Certain of the leases also provide for the payment of additional rent based on a percentage of the tenant's revenues. Some leases contain options to renew. No individual tenant accounts for greater than 10% of rental revenues.

7. PROPERTY DISPOSITIONS

During the year ended December 31, 1996 and period from January 1, 1997 to November 25, 1997 (unaudited), the AMB Contributed Properties disposed of certain Properties. The accompanying combined financial statements include the

operations of such Properties for periods prior to their disposition. The following table sets forth the revenues and expenses of the disposed Properties included in the accompanying

8. INCOME TAXES

The Properties are owned by entities that are generally not subject to federal income taxes, including tax-exempt master trusts, real estate investment trusts and partnerships. Accordingly, no provision for income taxes has been made in the accompanying combined financial statements.

9. COMMITMENTS AND CONTINGENCIES

ENVIRONMENTAL MATTERS

The owners of the AMB Contributed Properties follow the policy of monitoring its properties for the presence of hazardous or toxic substances. The owners of the AMB Contributed Properties are not aware of any environmental liability with respect to the Properties that would have a material adverse effect on the AMB Contributed Properties' business, assets or results of operations; however, there can be no assurance that a material environmental liability does not exist. The existence of any such material environmental liability could have a material adverse effect on the AMB Contributed Properties' results of operations and cash flow.

GENERAL UNINSURED LOSSES

The AMB Contributed Properties generally carry comprehensive liability, fire, flood, extended coverage and rental loss insurance with policy specifications, limits and deductibles customarily carried for similar properties. There are, however, certain types of extraordinary losses that may be either uninsurable, or not economically insurable. Should an uninsured loss occur, the AMB Contributed Properties could lose its investment in, and anticipated profits and cash flows from, a property.

Certain of the AMB Contributed Properties are located in areas that are subject to earthquake activity; the AMB Contributed Properties have therefore obtained limited earthquake insurance.

10. AS ADJUSTED BALANCE SHEET (UNAUDITED)

The as adjusted balance sheet as of September 30, 1997 reflects a cash distribution of approximately \$32,887 to the owners of the AMB Contributed Properties. Such distribution was made in connection with the formation of AMB Property Corporation and was paid subsequent to December 31, 1997. The distribution was determined based upon the net working capital position of the Properties as of November 25, 1997.

AND CERTAIN EXPENSES
(DOLLARS IN THOUSANDS)

1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PROPERTIES ACQUIRED

The accompanying statements of revenues and certain expenses include the operations of the Silicon Valley R&D Portfolio (the "Portfolio") acquired by the Owners of the AMB Contributed Properties (the "Company") from an unrelated party on November 25, 1997 for an initial purchase price of \$29,850. The Portfolio is located throughout the greater San Jose, California area and includes 5 buildings comprising 287,228 rentable square feet.

Basis of Presentation

The accompanying statements of revenues and certain expenses are not representative of the actual operations of the Portfolio for the periods presented. Certain expenses may not be comparable to the expenses expected to be incurred by the Company in the proposed future operations of the Portfolio; however, the Company is not aware of any material factors relating to these Portfolio that would cause the reported financial information not to be indicative of future operating results. Excluded expenses consist of interest, depreciation and amortization and other costs not directly related to the future operations of the Portfolio.

Revenue Recognition

All leases are classified as operating leases, and rental revenue is

recognized on a straight-line basis over the terms of the leases.

Uses of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. LEASING ACTIVITY

The following is a schedule of future minimum rental revenues for 1997 and annually thereafter on non-cancelable operating leases in effect as of November 25, 1997.

ITEM 32. SALES TO SPECIAL PARTIES

See Item 33.

ITEM 33. RECENT SALES OF UNREGISTERED SECURITIES

In connection with its formation, the Company issued 4,746,624 unregistered shares of Common Stock to AMB for a purchase price of \$21.00 per share. In connection with the Formation Transactions, the Company issued an aggregate of 69,963,529 shares of Common Stock in connection with the mergers of certain corporations, and the Operating Partnership issued 2,386,910 limited partnership Units in consideration for the contribution of certain Properties.

In January 1995, AMB issued 101,595 shares of its common stock to one of its officers, for total consideration of \$342,806, and in December 1996, it issued 101,595 shares of common stock to one of its officers, for total consideration of \$307,071.

All of the above sales were made to "accredited investors" as defined in Regulation D under the Securities Act in transactions not involving a public

offering pursuant to Regulation D.

ITEM 34. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 2-418 of the MGCL permits a corporation to indemnify its directors and officers and certain other parties against judgments, penalties, fines, settlements, and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made a party by reason of their service in those or other capacities unless it is established that (i) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (a) was committed in bad faith or (b) was the result of active and deliberate dishonesty; (ii) the director or officer actually received an improper personal benefit in money, property or services; or (iii) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. Indemnification may be made against judgments, penalties, fines, settlements and reasonable expenses actually incurred by the director or officer in connection with the proceeding; provided, however, that if the proceeding is one by or in the right of the corporation, indemnification may not be made with respect to any proceeding in which the director or officer has been adjudged to be liable to the corporation. In addition, a director or officer may not be indemnified with respect to any proceeding charging improper personal benefit to the director or officer, whether or not involving action in the director's or officer's official capacity, in which the director or officer was adjudged to be liable on the

II-1

basis that personal benefit was received. The termination of any proceeding by conviction, or upon a plea of nolo contendere or its equivalent, or an entry of any order of probation prior to judgment, creates a rebuttable presumption that the director or officer did not meet the requisite standard of conduct required for indemnification to be permitted.

In addition, Section 2-418 of the MGCL requires that, unless prohibited by its charter, a corporation indemnify any director or officer who is made a party to any proceeding by reason of service in that capacity against reasonable expenses incurred by the director or officer in connection with the proceeding, in the event that the director or officer is successful, on the merits or otherwise, in the defense of the proceeding.

The Company's Charter and Bylaws provide in effect for the indemnification by the Company of the directors and officers of the Company to the fullest extent permitted by applicable law. The Company has purchased directors' and officers' liability insurance for the benefit of its directors and officers.

The Company has entered into indemnification agreements with each of its executive officers and directors. The indemnification agreements require, among other matters, that the Company indemnify its executive officers and directors to the fullest extent permitted by law and reimburse the executive officers and directors for all related expenses as incurred, subject to return if it is subsequently determined that indemnification is not permitted.

The Partnership Agreement of the Operating Partnership requires the Operating Partnership to indemnify the Company, the directors and officers of the Company, and such other persons as the Company may from time to time designate against any loss or damage, including reasonable legal fees and court costs incurred by such person by reason of anything it may do or refrain from doing for or on behalf of the Operating Partnership or in connection with its business or affairs unless it is established that: (i) the act or omission of the indemnified person was material to the matter giving rise to the proceeding and either was committed in bad faith or was the result of active and deliberate dishonesty; (ii) the indemnified person actually received an improper personal benefit in money, property or services; or (iii) in the case of any criminal proceeding, the indemnified person had reasonable cause to believe that the act or omission was unlawful.

ITEM 37. UNDERTAKINGS

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers, and controlling persons of the Registrant pursuant to the provisions described under Item 34 above, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action, suit, or proceeding) is asserted by such director, officer, or controlling person in connection with the securities registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The Registrant hereby undertakes:

(1) For purposes of determining any liability under the Act, the information omitted from the form of Prospectus filed as part of the Registration Statement in reliance upon Rule 430A and contained in the form of Prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Act shall be deemed to be part of the Registration Statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed

to be the initial bona fide offering thereof.

II-6

The Registrant hereby undertakes to provide to the Underwriters at the closing specified in the Underwriting Agreement certificates in such denominations and registered in such names as required by the Underwriters to permit prompt delivery to each purchaser.

II-7

SECTION 102. COMPLIANCE CERTIFICATES AND OPINIONS. Upon any application or request by the Operating Partnership to the Trustee to take any action under any provision of this Indenture, the Operating Partnership shall furnish to the Trustee an Officers' Certificate stating that all conditions precedent, if any, provided for in this Indenture relating to the proposed action have been complied with and an Opinion of Counsel stating that in the opinion of such counsel all such conditions precedent, if any, have been complied with, except that in the case of any such application or request as to which the furnishing of such documents is specifically required by any provision of this Indenture relating to such particular application or request, no additional certificate or opinion need be furnished.

Every certificate or opinion with respect to compliance with a condition or covenant provided for in this Indenture shall include:

- (1) a statement that each individual signing such certificate or opinion has read such condition or covenant and the definitions herein relating thereto;
- (2) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based;
- (3) a statement that, in the opinion of each such individual, he has made such examination or investigation as is necessary to enable him to express an informed opinion as to whether or not such condition or covenant has been satisfied or complied with; and
- (4) a statement as to whether, in the opinion of each such individual, such condition or covenant has been satisfied or complied with.

SECTION 103. FORM OF DOCUMENTS DELIVERED TO TRUSTEE. In any case where several matters are required to be certified by, or covered by an opinion of, any specified Person, it is not necessary that all such matters be certified by, or covered by the opinion of, only one such Person, or that they be so certified or covered by only one document, but one such Person may certify or give an opinion as to some matters and one or more other such Persons as to other matters, and any such Person may certify or give an opinion as to such matters in one or several documents.

Any certificate or opinion of an officer of the General Partner, any Guarantor, any general partner or manager of any Guarantor or any corporate successor of the Operating Partnership or any Guarantor may be based, insofar as it relates to legal matters, upon an Opinion of Counsel, or a certificate or representations by counsel, unless such officer knows, or in the exercise of reasonable care should know, that the opinion, certificate or representations with respect to the matters upon which his certificate or opinion is based are erroneous. Any such Opinion of Counsel or certificate or representations may be

based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, an officer or officers of the General Partner, any Guarantor, any general partner or manager of any Guarantor or any corporate successor of the Operating Partnership or any Guarantor,

12

as applicable, stating that the information as to such factual matters is in the possession of the General Partner, any Guarantor, any general partner or manager of any Guarantor or any corporate successor of the Operating Partnership or any Guarantor, as applicable, unless such counsel knows that the certificate or opinion or representations as to such matters are erroneous.

Where any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Indenture, they may, but need not, be consolidated and form one instrument.

SECTION 104. ACTS OF HOLDERS. (a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Indenture to be given or taken by Holders of the outstanding Securities of any series or all series, as the case may be, may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Holders in person or by agents duly appointed in writing. Except as herein otherwise expressly provided, such action shall become effective when such instrument or instruments are delivered to the Trustee and, where it is hereby expressly required, to the Operating Partnership. Such instrument or instruments (and the action embodied therein and evidenced thereby) are herein sometimes referred to as the "Act" of the Holders signing such instrument or instruments or so voting at any such meeting. Proof of execution of any such instrument or of a writing appointing any such agent, or of the holding by any Person of a Security, shall be sufficient for any purpose of this Indenture and conclusive in favor of the Trustee and the Operating Partnership and any agent of the Trustee or the Operating Partnership, if made in the manner provided in this Section. The record of any meeting of Holders shall be proved in the manner provided in Section 1306.

(b) The fact and date of the execution by any Person of any such instrument or writing may be proved by the affidavit of a witness of such execution or by a certificate of a notary public or other officer authorized by law to take acknowledgments of deeds, certifying that the individual signing such instrument or writing acknowledged to him the execution thereof. Where such execution is by a signer acting in a capacity other than his individual capacity, such certificate or affidavit shall also constitute sufficient proof of his authority. The fact and date of the execution of any such instrument or writing, or the authority of the Person executing the same, may also be proved in any other reasonable manner which the Trustee deems sufficient in its reasonable discretion.

(c) The ownership of Securities shall be proved by the Security Register.

(d) If the Operating Partnership shall solicit from the Holders any request, demand, authorization, direction, notice, consent, waiver or other Act, the Operating Partnership may, at its option, in or pursuant to a Board Resolution, fix in advance a record date for the determination of Holders entitled to give such request, demand, authorization, direction, notice, consent, waiver or other Act, but the Operating Partnership shall have no obligation to do so. Notwithstanding TIA Section 316(c), such record date shall be the record date specified in or pursuant to such Board Resolution, which shall be a date not earlier than the date 30 days prior to the first solicitation of Holders generally in connection therewith and not later than the date such solicitation is completed. If such a record date is fixed, such request, demand, authorization,

13

direction, notice, consent, waiver or other Act may be given before or after such record date, but only the Holders of record at the close of business on such record date shall be deemed to be Holders for the purposes of determining whether Holders of the requisite proportion of outstanding Securities have authorized or agreed or consented to such request, demand, authorization, direction, notice, consent, waiver or other Act, and for that purpose the Outstanding Securities shall be computed as of such record date; provided that no such authorization, agreement or consent by the Holders on such record date shall be deemed effective unless it shall become effective pursuant to the provisions of this Indenture not later than eleven months after the record date.

(e) Any request, demand, authorization, direction, notice, consent, waiver or other Act of the Holder of any Security shall bind every future Holder of the same Security and the Holder of every Security issued upon the registration of transfer thereof or in exchange therefor or in lieu thereof in

respect of anything done, omitted or suffered to be done by the Trustee, any Security Registrar, any Paying Agent, any Authenticating Agent or the Operating Partnership in reliance thereon, whether or not notation of such action is made upon such Security.

SECTION 105. NOTICES, ETC., TO TRUSTEE AND OPERATING PARTNERSHIP. Any request, demand, authorization, direction, notice, consent, waiver or Act of Holders or other document provided or permitted by this Indenture to be made upon, given or furnished to, or filed with,

(1) the Trustee by any Holder or by the Operating Partnership shall be sufficient upon receipt for every purpose hereunder if made, given, furnished or filed in writing to or with the Trustee at its Corporate Trust Office, Attention: Corporate Trust Department, or

(2) the Operating Partnership by the Trustee or by any Holder shall be sufficient upon receipt for every purpose hereunder (unless otherwise herein expressly provided) if in writing and mailed, first-class postage prepaid, to the Operating Partnership addressed to it at the address of its principal office specified in the first paragraph of this Indenture, marked for the attention of the Chief Financial Officer, with a copy to the General Counsel, or at any other address previously furnished in writing to the Trustee by the Operating Partnership.

SECTION 106. NOTICE TO HOLDERS; WAIVER. Where this Indenture provides for notice of any event to Holders by the Operating Partnership or the Trustee, such notice shall be sufficiently given (unless otherwise herein expressly provided) if in writing and mailed, first-class postage prepaid, to each such Holder affected by such event, at his address as it appears in the Security Register, not later than the latest date, and not earlier than the earliest date, prescribed for the giving of such notice. In any case where notice to Holders is given by mail, neither the failure to mail such notice, nor any defect in any notice so mailed, to any particular Holder shall affect the sufficiency of such notice with respect to other Holders. Any notice mailed to a Holder in the manner herein prescribed shall be conclusively deemed to have been received by such Holder five Business Days after being deposited in the mail, whether or not such Holder actually receives such notice.

14

If by reason of the suspension of or irregularities in regular mail service or by reason of any other cause it shall be impracticable to give such notice by mail, then such notification to Holders as shall be made with the approval of the Trustee shall constitute a sufficient notification to such Holders for every purpose hereunder.

Where this Indenture provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Holders shall be filed with the Trustee, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

SECTION 107. EFFECT OF HEADINGS AND TABLE OF CONTENTS. The Article and Section headings herein and the Table of Contents are for convenience only and shall not affect the construction hereof.

SECTION 108. SUCCESSORS AND ASSIGNS. Except as otherwise expressly set forth herein, all covenants and agreements in this Indenture by the Operating Partnership and the Guarantors shall bind their respective successors and assigns, whether so expressed or not.

SECTION 109. SEPARABILITY CLAUSE. In case any provision in this Indenture or in any Security shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

SECTION 110. BENEFITS OF INDENTURE. Nothing in this Indenture or in the Securities, express or implied, shall give to any Person, other than the parties hereto, any Security Registrar, any Paying Agent, any Authenticating Agent and their successors hereunder and the Holders, any benefit or any legal or equitable right, remedy or claim under this Indenture.

SECTION 111. GOVERNING LAW. This Indenture and the Securities shall be governed by and construed in accordance with the internal laws of the State of New York. This Indenture is subject to the provisions of the TIA that are required to be part of this Indenture and shall, to the extent applicable, be governed by such provisions.

SECTION 112. LEGAL HOLIDAYS. In any case where any Interest Payment Date, Redemption Date, Repayment Date, Stated Maturity or Maturity of any Security shall not be a Business Day, then (notwithstanding any other provision of this Indenture or any Security), payment of interest or principal (and

premium, if any) need not be made on such date, but may be made on the next succeeding Business Day with the same force and effect as if made on the Interest Payment Date, Redemption Date, Repayment Date, or at the Stated Maturity or Maturity, as the case may be, provided that no interest shall accrue on the amount so payable for the period from and after such Interest Payment Date, Redemption Date, Repayment Date, Stated Maturity or Maturity, as the case may be.

SECTION 113. COUNTERPARTS. This Indenture may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same Indenture.

ARTICLE TWO
SECURITY FORMS

SECTION 201. FORM OF SECURITIES. The Securities of each series shall be in substantially the forms as shall be established in or pursuant to one or more indentures supplemental hereto, shall have such appropriate insertions, omissions, substitutions and other variations as are required or permitted by this Indenture or any indenture supplemental hereto, and may have such letters, numbers or other marks of identification or designation and such legends or endorsements placed thereon as the Operating Partnership may deem appropriate and as are not inconsistent with the provisions of this Indenture, or as may be required to comply with any law or with any rule or regulation made pursuant thereto or with any rule or regulation of any stock exchange on which the Securities may be listed, or to conform to usage.

The definitive Securities (and Guarantees) shall be printed, lithographed or engraved or produced by any combination of these methods on a steel engraved border or steel engraved borders or may be produced in any other manner, all as determined by the officer executing such Securities (and Guarantees), as evidenced by his or her execution of such Securities.

SECTION 202. FORM OF TRUSTEE'S CERTIFICATE OF AUTHENTICATION. Subject to Section 611, the Trustee's certificate of authentication shall be in substantially the following form:

This is one of the Securities of the series designated therein referred to in the within-mentioned Indenture.

[full name of Trustee], as Trustee

By:

Authorized [Officer][Signatory]

SECTION 203. SECURITIES ISSUABLE IN GLOBAL FORM. The Securities shall be initially issuable only in permanent global form (without coupons) in one or more global Securities. Beneficial owners of interests in the permanent global Securities may exchange such interests for Securities of like tenor or any authorized form and denomination only in the manner provided in Section 305. DTC shall be the depository with respect to the permanent global Securities. Notwithstanding the provisions of Section 302, any such global Security shall represent such of the Outstanding Securities of such series as shall be specified therein and may provide that it shall represent the aggregate amount of Outstanding Securities of such series from time to time endorsed thereon and that the aggregate amount of Outstanding Securities of such series represented thereby may from time to time be increased or decreased to reflect exchanges. Any endorsement of a Security in global form to reflect the amount, or any increase or decrease in the amount, of Outstanding Securities represented thereby shall be made by or at the direction of the Trustee in such manner and upon instructions given by such Person or Persons as shall be specified therein or pursuant to Section 301 or in the Operating Partnership Order to be delivered to the Trustee pursuant to Section 303 or 304. Subject to the provisions of Section 303 and, if

16

applicable, Section 304, the Trustee shall deliver and redeliver any Security in permanent global form in the manner and upon instructions given by the Person or Persons specified therein or pursuant to Section 301 or in the applicable Operating Partnership Order. If an Operating Partnership Order pursuant to Section 304 or 305 has been or is delivered, any instructions by the Operating Partnership with respect to endorsement or delivery or redelivery of a Security in global form shall be in writing but need not comply with Section 102 and need not be accompanied by an Opinion of Counsel.

The provisions of the last sentence of Section 303 shall apply to any

Security represented by a Security in global form if such Security was never issued and sold by the Operating Partnership and the Operating Partnership delivers to the Trustee the Security in global form together with written instructions (which need not comply with Section 102 and need not be accompanied by an Opinion of Counsel) with regard to the reduction in the principal amount of Securities represented thereby, together with the written statement contemplated by the last sentence of Section 303.

Notwithstanding the provisions of Section 307, unless otherwise specified as contemplated by Section 301, payment of principal of and any premium and interest on any Security in global form shall be made to the Person or Persons specified therein.

Notwithstanding the provisions of Section 308 and except as provided in the preceding paragraph, the Operating Partnership, any agent of the Operating Partnership and the Trustee shall treat the Holder of a global Security as the Holder of such principal amount of Outstanding Securities represented by such global Security.

ARTICLE THREE
THE SECURITIES

SECTION 301. AMOUNT UNLIMITED; ISSUABLE IN SERIES. The aggregate principal amount of Securities which may be authenticated and delivered under this Indenture is unlimited

The Securities shall be issued in one or more series. There shall be established in one or more Board Resolutions or pursuant to authority granted by one or more Board Resolutions and set forth or established in or pursuant to one or more indentures supplemental hereto, prior to the issuance of Securities of any series, any or all of the following, as applicable:

(1) the title of the Securities of the series (which shall distinguish the Securities of such series from all other series of Securities);

(2) the limit upon the aggregate principal amount of the Securities of the series that may be authenticated and delivered under this Indenture (except for Securities authenticated and delivered upon registration of transfer of, or in exchange for, or in lieu of, other Securities of the series pursuant to Section 304, 305, 306, 906 or 1107);

17

(3) the date or dates, or the method by which such date or dates will be determined, on which the principal of the Securities of the series shall be payable;

(4) the rate or rates at which the Securities of the series shall bear interest, the date or dates from which such interest shall accrue, the Interest Payment Dates on which such interest will be payable and the Regular Record Date for the interest payable on any Security on any Interest Payment Date;

(5) the place or places, if any, other than or in addition to The Borough of Manhattan, The City of New York, where the principal of (and premium, if any), interest payable in respect of, Securities of the series shall be payable, any Securities of the series may be surrendered for registration of transfer or exchange and notices or demands to or upon the Operating Partnership in respect of the Securities of the series and this Indenture may be served;

(6) the obligation, if any, of the Operating Partnership to redeem, repay or purchase Securities of the series at the option of a Holder thereof, and the period or periods within which or the date or dates on which, the price or prices at which, and other terms and conditions upon which Securities of the series shall be redeemed, repaid or purchased, in whole or in part, pursuant to such obligation;

(7) if other than the Trustee, the identity of each Security Registrar and/or Paying Agent;

(8) provisions, if any, granting special rights to the Holders of Securities of the series upon the occurrence of such events as may be specified;

(9) any deletions from, modifications of, or additions to the Events of Default or covenants of the Operating Partnership with respect to Securities of the series, whether or not such Events of Default or covenants are consistent with the Events of Default or covenants set forth herein;

(10) the Person to whom any interest on any Security of the series shall be payable, if other than the Person in whose name that Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such interest; and

(11) any other terms of the series and any deletions from or modifications or additions to this Indenture in respect of such Securities (whether or not consistent with the other provisions of this Indenture).

All Securities of any one series and the Guarantees appertaining to any Securities of such series shall be substantially identical except as to denomination and except as may otherwise be provided by the Operating Partnership in the Board Resolution, or pursuant to the Board Resolution and set forth in the Officers' Certificate, or in any indenture or indentures supplemental hereto, as the case may be, pertaining to such series of Securities. The terms of the

18

Securities of any series may provide, without limitation, that the Securities shall be authenticated and delivered by the Trustee on original issue from time to time upon telephonic or written order of persons designated in or pursuant to the relevant Board Resolution, Officers' Certificate or supplemental indenture, as the case may be (telephonic instructions to be promptly confirmed in writing by such person) and that such persons are authorized to determine, consistent with such Board Resolution, Officers' Certificate or supplemental indenture, as the case may be, such terms and conditions of the Securities of such series as are specified in such Board Resolution, Officers' Certificate or supplemental indenture, as the case may be. All Securities of any one series need not be issued at the same time and, unless otherwise provided in the applicable supplemental indenture, a series may be reopened, without the consent of the Holders, for issuance of additional Securities of such series.

SECTION 302. DENOMINATIONS. The Securities of any series shall be issuable in denominations of \$1,000 and any integral multiple thereof.

SECTION 303. EXECUTION, AUTHENTICATION, DELIVERY AND DATING. The Securities shall be executed on behalf of the Operating Partnership by its General Partner by such General Partner's Chairman, President or any Vice President. If a Guarantor is a corporation its Guarantee shall be executed on behalf of such Guarantor by its Chairman, President or any Vice President and if a Guarantor is a partnership or a limited liability company its Guarantee shall be executed on behalf of such Guarantor by the Chairman, President or any Vice President of its general partner or manager, as applicable. The signature of any of these officers on the Securities or Guarantees, if any, may be manual or facsimile signatures of the present or any future such authorized officer and may be imprinted or otherwise reproduced on the Securities or the Guarantees.

The Guarantees or Securities bearing the manual or facsimile signatures of individuals who were at any time the proper officers of the Operating Partnership's General Partner, the Guarantors (or the general partner or manager of such Guarantor) or any corporate successor of the Operating Partnership or any Guarantor, as applicable, shall bind the Operating Partnership or the applicable Guarantor, notwithstanding that such individuals or any of them have ceased to hold such offices prior to the authentication and delivery of such Securities or Guarantees or did not hold such offices at the date of such Securities or Guarantees.

Each Security and Guarantee shall be dated the date of its authentication.

No Security or Guarantee shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose unless there appears on such Security a certificate of authentication substantially in the form provided for herein duly executed by the Trustee by manual signature of an authorized signatory, and such certificate upon any Security shall be conclusive evidence, and the only evidence, that such Security has been duly authenticated and delivered hereunder and is entitled to the benefits of this Indenture. Notwithstanding the foregoing, if any Security shall have been authenticated and delivered hereunder but never issued and sold by the Operating Partnership, and the Operating Partnership shall deliver such Security to the Trustee for cancellation as provided in Section 309 together with a written statement (which need not

19

comply with Section 102 and need not be accompanied by an Opinion of Counsel) stating that such Security has never been issued and sold by the Operating Partnership, for all purposes of this Indenture such Security shall be deemed never to have been authenticated and delivered hereunder and shall never be

entitled to the benefits of this Indenture.

SECTION 304. TEMPORARY SECURITIES. Pending the preparation of definitive Securities of any series, the Operating Partnership may execute, and upon Operating Partnership Order the Trustee shall authenticate and deliver, temporary Securities which are printed, lithographed, typewritten, mimeographed or otherwise produced, in any authorized denomination, substantially of the tenor of the definitive Securities in lieu of which they are issued, in registered form, and with such appropriate insertions, omissions, substitutions and other variations as the officers executing such Securities may determine, as conclusively evidenced by their execution of such Securities. In the case of Securities of any series, such temporary Securities may be in global form.

If temporary Securities of any series are issued, the Operating Partnership will cause definitive Securities of that series to be prepared without unreasonable delay. After the preparation of definitive Securities of such series, the temporary Securities of such series shall be exchangeable for definitive Securities of such series upon surrender of the temporary Securities of such series at the office or agency of the Operating Partnership in a Place of Payment for that series, without charge to the Holder. Upon surrender for cancellation of any one or more temporary Securities of any series, the Operating Partnership shall execute and the Trustee shall authenticate and deliver in exchange therefor a like principal amount of definitive Securities of the same series of authorized denominations. Until so exchanged, the temporary Securities of any series shall in all respects be entitled to the same benefits under this Indenture as definitive Securities of such series.

SECTION 305. REGISTRATION, REGISTRATION OF TRANSFER AND EXCHANGE. The Operating Partnership shall cause to be kept at the Corporate Trust Office of the Trustee or in any office or agency of the Operating Partnership in a Place of Payment a register for any series of Securities (the registers maintained in such office or in any such office or agency of the Operating Partnership in a Place of Payment being herein sometimes referred to collectively as the "Security Register") in which, subject to such reasonable regulations as it may prescribe, the Operating Partnership shall provide for the registration of Securities and of transfers and exchanges of Securities. The Security Register shall be in written form or any other form capable of being converted into written form within a reasonable time. The Trustee, at its Corporate Trust Office and at the office of its affiliate in the Borough of Manhattan, The City of New York at the address set forth in Section 1002 (or at such other address at which the Trustee's affiliate's New York office may subsequently be located), is hereby initially appointed "Security Registrar" for the purpose of registering Securities and transfers and exchanges of Securities on such Security Register as herein provided. In the event that the Trustee shall cease to be Security Registrar, it shall have the right to examine the Security Register at all reasonable times.

Subject to the provisions of this Section 305, upon surrender for registration of transfer of any Security of any series at any office or agency of the Operating Partnership in a Place of

Payment for that series, the Operating Partnership shall execute, and the Trustee shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new Securities of the same series, of any authorized denominations and of a like aggregate principal amount, bearing a number not contemporaneously outstanding, and containing identical terms and provisions. Subject to the provisions of this Section 305, at the option of the Holder, Securities of any series may be exchanged for other Securities of the same series, of any authorized denomination or denominations and of a like aggregate principal amount, containing identical terms and provisions, upon surrender of the Securities to be exchanged at any such office or agency. Whenever any such Securities are so surrendered for exchange, the Operating Partnership shall execute, and the Trustee shall authenticate and deliver, the Securities which the Holder making the exchange is entitled to receive.

Any permanent global Security shall be exchangeable only as provided in this paragraph. If the depositary for any permanent global Security is DTC, then, unless the terms of such global Security expressly permit such global Security to be exchanged in whole or in part for definitive Securities, a global Security may be transferred, in whole but not in part, only to a nominee of DTC, or by a nominee of DTC to DTC, or to a successor to DTC for such global Security selected or approved by the Operating Partnership or to a nominee of such successor to DTC. If at any time (i) DTC notifies the Operating Partnership that it is unwilling or unable to continue as depositary for the applicable global Security or Securities or if at any time DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 if so required by applicable law or regulation, and, in either case, a successor depositary is not appointed by the Operating Partnership within 90 days after the Operating Partnership receives such notice or becomes aware of such ineligibility, (ii) the Operating Partnership in its sole discretion determines that such global Securities shall be exchangeable for definitive Securities or (iii) there shall

have occurred and be continuing an Event of Default under this Indenture with respect to the Securities of any series and beneficial owners representing a majority in aggregate principal amount of the Outstanding Securities represented by such global Securities advise DTC to cease acting as depository, then the Operating Partnership shall execute, and the Trustee shall authenticate and deliver, definitive Securities of like series, rank, tenor and terms in definitive form in an aggregate principal amount equal to the principal amount of such global Security or Securities. If any beneficial owner of an interest in a permanent global Security is otherwise entitled to exchange such interest for Securities of such series and of like tenor and principal amount of another authorized form and denomination, as specified by Board Resolution and the applicable supplemental indenture as contemplated by Section 301 and provided that any applicable notice provided in the permanent global Security shall have been given, then without unnecessary delay but in any event not later than the earliest date on which such interest may be so exchanged, the Operating Partnership shall execute, and the Trustee shall authenticate and deliver, definitive Securities in aggregate principal amount equal to the principal amount of such beneficial owner's interest in such permanent global Security. On or after the earliest date on which such interests may be so exchanged, such permanent global Security shall be surrendered for exchange by DTC or such other depository as shall be specified in the Operating Partnership Order with respect thereto to the Trustee, as the Operating Partnership's agent for such purpose. If a Security is issued in exchange for any portion of a permanent global Security after the close of business at the office or agency where such exchange occurs on (i) any Regular Record Date

21

and before the opening of business at such office or agency on the relevant Interest Payment Date, or (ii) any special Record Date and before the opening of business at such office or agency on the related proposed date for payment of Defaulted Interest, Interest or Defaulted Interest, as the case may be, such interest will not be payable on such Interest Payment Date or proposed date for payment, as the case may be, in respect of such Security, but will be payable on such Interest Payment Date or proposed date for payment, as the case may be, only to the Person to whom interest in respect of such portion of such permanent global Security is payable in accordance with the provisions of this Indenture.

All Securities issued upon any registration of transfer or exchange of Securities shall be the valid obligations of the Operating Partnership, evidencing the same Debt, and entitled to the same benefits under this Indenture, as the Securities surrendered upon such registration of transfer or exchange.

Every Security presented or surrendered for registration of transfer or for exchange or redemption shall (if so required by the Operating Partnership or the Security Registrar) be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Operating Partnership and the Security Registrar duly executed by the Holder thereof or his attorney duly authorized in writing.

No service charge shall be made to the Holder for any registration of transfer or exchange of Securities, but the Operating Partnership may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange of Securities, other than exchanges pursuant to Section 304, 906 or 1107.

The Operating Partnership or the Trustee, as applicable, shall not be required (i) to issue, register the transfer of or exchange any Security if such Security may be among those selected for redemption during a period beginning at the opening of business 15 days before selection of the Securities to be redeemed under Section 1103 and ending at the close of business on the day of the mailing of the relevant notice of redemption, or (ii) to register the transfer of or exchange any Security so selected for redemption in whole or in part, except, in the case of any Security to be redeemed in part, the portion thereof not to be redeemed, or (iii) if applicable, to issue, register the transfer of or exchange any Security which has been surrendered for repayment at the option of the Holder, except the portion, if any, of such Security not to be so repaid.

SECTION 306. MUTILATED, DESTROYED, LOST AND STOLEN SECURITIES. If any mutilated Security or a Security with a Guarantee appertaining thereto is surrendered to the Trustee or the Operating Partnership, together with, in proper cases, indemnity as may be required by the Operating Partnership or the Trustee to save each of them or any agent of either of them harmless, the Operating Partnership shall execute and the Trustee shall authenticate and deliver in exchange therefor a new Security of the same series and principal amount, containing identical terms and provisions and bearing a number not contemporaneously outstanding, with Guarantees corresponding to the Guarantees appertaining to the surrendered Security.

If there shall be delivered to the Operating Partnership and to the Trustee (i) evidence to their satisfaction of the destruction, loss or theft of any Security or Guarantee, and (ii) such security or indemnity as may be required by them to save each of them and any agent of either of them harmless, then, in the absence of notice to the Operating Partnership or the Trustee that such Security or Guarantee has been acquired by a bona fide purchaser, the Operating Partnership shall execute and upon its request the Trustee shall authenticate and deliver, in lieu of any such destroyed, lost or stolen Security or in exchange for the Security to which a destroyed, lost or stolen Guarantee appertains, a new Security of the same series and principal amount, containing identical terms and provisions and bearing a number not contemporaneously outstanding with Guarantees corresponding to the Guarantees appertaining to such destroyed, lost or stolen Security or to the Security to which such destroyed, lost or stolen Guarantee appertains.

Notwithstanding the provisions of the previous two paragraphs, in case any such mutilated, destroyed, lost or stolen Security has become or is about to become due and payable, the Operating Partnership in its discretion may, instead of issuing a new Security, pay such Security.

Upon the issuance of any new Security under this Section, the Operating Partnership may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

Every new Security of any series issued pursuant to this Section in lieu of any destroyed, lost or stolen Security shall constitute an original additional contractual obligation of the Operating Partnership, whether or not the destroyed, lost or stolen Security shall be at any time enforceable by anyone, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Securities of that series duly issued hereunder.

The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities or Guarantees.

SECTION 307. PAYMENT OF INTEREST; INTEREST RIGHTS PRESERVED. Except as otherwise specified with respect to a series of Securities in accordance with the provisions of Section 301, interest on any Security that is payable, and is punctually paid or duly provided for, on any Interest Payment Date shall be paid to the Person in whose name that Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such interest at the office or agency of the Operating Partnership maintained for such purpose pursuant to Section 1002; provided, however, that each installment of interest on any Security may at the Operating Partnership's option be paid by (i) mailing a check for such interest, payable to or upon the written order of the Person entitled thereto pursuant to Section 308, to the address of such Person as it appears on the Security Register or (ii) wire transfer to an account maintained by the payee located in the United States.

Unless otherwise provided as contemplated by Section 301, interest, if any, payable on any permanent global Security on any Interest Payment Date will be paid to DTC, with respect to that portion of such permanent global Security held for its account by Cede & Co. (or by another nominee of DTC or by DTC) for the purpose of permitting such party to credit the interest received by it in respect of such permanent global Security to the accounts of the beneficial owners thereof.

Except as otherwise specified with respect to a series of Securities in accordance with the provisions of Section 301, any interest on any Security of any series that is payable, but is not punctually paid or duly provided for, on any Interest Payment Date (herein called "Defaulted Interest") shall forthwith cease to be payable to the registered Holder thereof on the relevant Regular Record Date by virtue of having been such Holder, and such Defaulted Interest may be paid by the Operating Partnership, at its election in each case, as provided in clause (1) or (2) below:

(1) The Operating Partnership may elect to make payment of any Defaulted Interest to the Persons in whose names the Securities of such series (or their respective Predecessor Securities) are registered at the close of business on a Special Record Date for the payment of such Defaulted Interest, which shall be fixed in the following manner. The Operating Partnership shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Security of such series and the date of the proposed payment (which shall not be less than 20 days after such notice is received by the Trustee), and at the same time the Operating Partnership shall deposit with the Trustee an amount of money (except as otherwise specified pursuant to Section 301 for the Securities of such series) equal to the aggregate amount proposed to be paid in

respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit on or prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Persons entitled to such Defaulted Interest as in this clause provided. Thereupon the Trustee shall fix a Special Record Date for the payment of such Defaulted Interest which shall be not more than 15 days and not less than 10 days prior to the date of the proposed payment and not less than 10 days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Operating Partnership of such Special Record Date and, in the name and at the expense of the Operating Partnership, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first-class postage prepaid, to each Holder of such series at his address as it appears in the Security Register not less than 10 days prior to such Special Record Date. The Trustee shall, in the name and at the expense of the Operating Partnership, cause a similar notice to be published at least once in an Authorized Newspaper in each Place of Payment, but such publications shall not be a condition precedent to the establishment of such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor having been mailed as aforesaid, such Defaulted Interest shall be paid to the Persons in whose names the Securities of such series (or their respective Predecessor Securities) are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to the following clause (2).

24

(2) The Operating Partnership may make payment of any Defaulted Interest on the Securities of any series in any other lawful manner not inconsistent with the requirements of any securities exchange on which such Securities may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Operating Partnership to the Trustee of the proposed payment pursuant to this clause, such manner of payment shall be deemed practicable by the Trustee.

Subject to the foregoing provisions of this Section and Section 305, each Security delivered under this Indenture upon registration of transfer of or in exchange for or in lieu of any other Security shall carry the rights to interest accrued and unpaid, and to accrue, which were carried by such other Security.

SECTION 308. PERSONS DEEMED OWNERS. Prior to due presentment of a Security for registration of transfer, the Operating Partnership, the Guarantors, the Trustee and any agent of the Operating Partnership or the Trustee may treat the Person in whose name such Security is registered as the owner of such Security for the purpose of receiving payment of principal of (and premium, if any), and (subject to Sections 305 and 307) interest on, such Security and for all other purposes whatsoever, whether or not such Security be overdue, and neither the Operating Partnership, the Guarantors, the Trustee nor any agent of the Operating Partnership, the Guarantors or the Trustee shall be affected by notice to the contrary.

None of the Operating Partnership, the Guarantors, the Trustee, any Paying Agent or the Security Registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of a Security in global form or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Notwithstanding the foregoing, with respect to any global Security, nothing herein shall prevent the Operating Partnership, the Trustee, or any agent of the Operating Partnership or the Trustee from giving effect to any written certification, proxy or other authorization furnished by any depository, as a Holder, with respect to such global Security or impair, as between such depository and owners of beneficial interests in such global Security, the operation of customary practices governing the exercise of the rights of such depository (or its nominee) as Holder of such global Security.

SECTION 309. CANCELLATION. All Securities surrendered for payment, redemption, repayment at the option of the Holder, or registration of transfer or exchange shall, if surrendered to any Person other than the Trustee, be delivered to the Trustee, and any such Securities surrendered directly to the Trustee for any such purpose shall be promptly canceled by it. The Operating Partnership may at any time deliver to the Trustee for cancellation any Securities previously authenticated and delivered hereunder which the Operating Partnership may have acquired in any manner whatsoever, and may deliver to the Trustee (or to any other Person for delivery to the Trustee) for cancellation any Securities previously authenticated hereunder which the Operating Partnership has not issued and sold, and all Securities so delivered shall be promptly canceled by the Trustee. If the Operating Partnership shall so acquire any of the Securities, however, such acquisition shall not operate as a redemption or

satisfaction of the indebtedness represented by such Securities unless and until the same are surrendered to the Trustee for cancellation. No Securities shall be authenticated in lieu of or in exchange for any Securities canceled as provided in this Section, except as expressly permitted by or pursuant to this Indenture. Canceled Securities held by the Trustee shall be destroyed by the Trustee and the Trustee shall deliver a certificate of such destruction to the Operating Partnership, unless by a Operating Partnership Order the Operating Partnership directs their return to it.

SECTION 310. COMPUTATION OF INTEREST. Interest on the Securities of any series shall be computed on the basis of a 360-day year consisting of twelve 30-day months.

ARTICLE FOUR
SATISFACTION AND DISCHARGE

SECTION 401. SATISFACTION AND DISCHARGE OF INDENTURE. This Indenture shall upon Operating Partnership Request cease to be of further effect with respect to any series of Securities specified in such Operating Partnership Request (except as hereinafter provided in this Section 401). The Trustee, upon receipt of an Operating Partnership Order, and at the expense of the Operating Partnership, shall execute proper instruments acknowledging satisfaction and discharge of this Indenture as to such series when:

(1) either:

(A) all Securities of such series theretofore authenticated and delivered have been delivered to the Trustee for cancellation; or

(B) all Securities of such series (x):

(i) have become due and payable, or

(ii) will become due and payable at their Stated Maturity within one year, or

(iii) if redeemable at the option of the Operating Partnership, are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Operating Partnership,

and (y) the Operating Partnership, in the case of (i), (ii) or (iii) above, has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust, an amount sufficient to pay and discharge the entire indebtedness on such Securities, for principal (and premium, if any) and interest to the date of such deposit (in the case of Securities which have become due and payable) or to the Stated Maturity or Redemption Date, as the case may be;

(2) the Operating Partnership has paid or caused to be paid all other sums payable hereunder by the Operating Partnership; and

(3) the Operating Partnership has delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to the satisfaction and discharge of this Indenture as to such series have been complied with.

Notwithstanding the satisfaction and discharge of this Indenture, the obligations of the Operating Partnership to the Trustee and any predecessor Trustee under Section 606, the obligations of the Operating Partnership to any Authenticating Agent under Section 611 and, if money shall have been deposited with and held by the Trustee pursuant to subclause (B) of clause (1) of this Section, the obligations of the Operating Partnership and the Trustee with respect to the Securities of such series under Sections 305, 306, 402, 1002 and 1003, shall survive.

SECTION 402. APPLICATION OF TRUST FUNDS. Subject to the provisions of the last paragraph of Section 1003, all money deposited with the Trustee pursuant to Section 401 shall be held in trust and applied by it, in accordance with the provisions of the Securities and this Indenture, to the payment, either directly or through any Paying Agent (other than the Operating Partnership acting as its own Paying Agent) as the Trustee may determine, to the Persons entitled thereto, of the principal (and premium, if any), and interest, if any, for whose payment such money has been deposited with or received by the Trustee, but such money need not be segregated from other funds except to the extent required by law.

ARTICLE FIVE
REMEDIES

SECTION 501. EVENTS OF DEFAULT. "Event of Default," means, with respect to any series of Securities, any one of the following events (whatever the reason for such Event of Default and whether or not it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(1) default in the payment of any interest on any Security of that series, when such interest becomes due and payable, and continuance of such default for a period of 30 days; or

(2) default in the payment of any principal of or premium, if any, on any Security of that series when it becomes due and payable at its Maturity (whether at Stated Maturity, upon redemption or otherwise); or

(3) default in the performance or breach of any covenant or warranty of the Operating Partnership in this Indenture with respect to any Security of that series (other than a covenant or warranty a default in whose performance or whose breach is elsewhere in this Section specifically dealt with or included herein solely for the benefit of a series of Securities other than that series), and continuance of such default or breach for a period

27

of 60 days after there has been given, by registered or certified mail, to the Operating Partnership by the Trustee or to the Operating Partnership and the Trustee by the Holders of at least 25% in principal amount of the Outstanding Securities of that series, a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a "Notice of Default" hereunder; or

(4) (a) default by the Operating Partnership or any Subsidiary of the Operating Partnership in the payment (whether at stated maturity, upon acceleration, upon required prepayment or otherwise), beyond any period of grace provided therefor, of any principal of or interest on any bond, note, debenture or other evidence of indebtedness, or (b) any other breach or default (or other event or condition) shall occur under any agreement, indenture or instrument relating to any such bond, Security, debenture or other evidence of indebtedness beyond any cure period provided therefor, if as a result thereof the holder or holders of any such bond, Security, debenture or other evidence of indebtedness (or a person on behalf of such holder or holders) has the immediate right to cause (upon the giving of notice, if required) any such bond, Security, debenture or other evidence of indebtedness to become or be declared due and payable, or required to be prepaid, redeemed, purchased or defeased (or an offer of prepayment, redemption, purchase or defeasance be made), prior to its stated maturity (other than by a scheduled mandatory prepayment), which in the aggregate under (a) and (b) have a principal amount equal to or greater than \$20,000,000 without such bond, note, debenture or other evidence of indebtedness having been discharged, or such breach or default having been cured, within a period of 10 days after there has been given, by registered or certified mail, to the Operating Partnership by the Trustee or to the Operating Partnership and the Trustee by the Holders of at least 25% of the Outstanding Securities of such series, a written notice specifying such breach or default and requiring such bond, note, debenture or other evidence of indebtedness to be discharged, or such breach or default to be cured and stating that such notice is a "Notice of Default" hereunder; or

(5) Intentionally Omitted

(6) the Operating Partnership, the General Partner or any Significant Subsidiary pursuant to or within the meaning of any Bankruptcy Law:

(A) commences a voluntary case or proceeding,

(B) consents to the entry of an order or decree for relief against it in an involuntary case or to the commencement of any bankruptcy or insolvency case or proceeding against it,

(C) consents to the appointment of a Custodian (as defined below) of it or for any substantial part of its property, or

(D) makes a general assignment for the benefit of its creditors; or

(7) a court of competent jurisdiction enters an order or decree

under any Bankruptcy Law that:

28

(A) is for relief against the Operating Partnership, the General Partner or any Significant Subsidiary in an involuntary case,

(B) adjudges the Operating Partnership, the General Partner or any Significant Subsidiary bankrupt or insolvent,

(C) approves as properly filed a petition seeking reorganization, arrangement, adjustment or composition of or in respect of the Operating Partnership, the General Partner or any Significant Subsidiary,

(D) appoints a Custodian of the Operating Partnership, the General Partner or any Significant Subsidiary or for all or any substantial part of the property of the Operating Partnership, the General Partner or any Significant Subsidiary, or

(E) orders the winding up or liquidation of the Operating Partnership, the General Partner or any Significant Subsidiary,

and the order or decree described in this clause (7) remains unstayed and in effect for 60 days.

As used in this Section 501, the term "Bankruptcy Law" means Title 11 U.S. Code or any similar federal or state law for the relief of debtors and the term "Custodian" means any receiver, trustee, assignee, liquidator, sequestrator or other similar official under any Bankruptcy Law.

SECTION 502. ACCELERATION OF MATURITY; RESCISSION AND ANNULMENT. If an Event of Default with respect to Securities of any series at the time outstanding occurs and is continuing, then and in every such case the Trustee or the Holders of not less than 25% in principal amount of the Outstanding Securities of that series may declare the principal of all the Securities of that series to be due and payable immediately, by a notice in writing to the Operating Partnership (and to the Trustee if given by the Holders), and upon the delivery of any such declaration to the Operating Partnership such principal or specified portion thereof shall become immediately due and payable.

At any time after such a declaration of acceleration with respect to Securities of any series has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee as hereinafter in this Article provided, the Holders of not less than a majority in principal amount of the Outstanding Securities of that series, by written notice to the Operating Partnership and the Trustee, may rescind and annul such declaration and its consequences if:

(1) the Operating Partnership has paid or deposited with the Trustee a sum sufficient to pay:

(A) all overdue installments of interest on all Outstanding Securities of that series,

29

(B) the principal of (and premium, if any, on) any Outstanding Securities of that series which have become due otherwise than by such declaration of acceleration and interest thereon at the rate or rates borne by or provided for in such Securities,

(C) to the extent that payment of such interest is lawful, interest upon overdue installments of interest at the rate or rates borne by or provided for in such Securities, and

(D) all sums paid or advanced by the Trustee hereunder and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel; and

(2) all Events of Default with respect to Securities of that series, other than the nonpayment of the principal of (or premium, if any) or interest on Securities of that series which have become due solely by such declaration of acceleration, have been cured or waived as provided in Section 513.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

SECTION 503. COLLECTION OF INDEBTEDNESS AND SUITS FOR ENFORCEMENT BY TRUSTEE. The Operating Partnership covenants that if:

(1) default is made in the payment of any installment of interest on any Security of any series when such interest becomes due and payable and such default continues for a period of 30 days, or

(2) default is made in the payment of the principal of (or premium, if any, on) any Security of any series at its Maturity,

then the Operating Partnership will, upon demand of the Trustee and provided that such default has not been cured, pay to the Trustee, for the benefit of the Holders of such Securities of such series, the whole amount then due and payable on such Securities for principal (and premium, if any) and interest, with interest upon any overdue principal (and premium, if any) and, to the extent that payment of such interest shall be legally enforceable, upon any overdue installments of interest at the rate or rates borne by or provided for in such Securities, and, in addition thereto, such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel.

If the Operating Partnership fails to pay such amounts forthwith upon such demand, the Trustee, in its own name and as trustee of an express trust, may institute a judicial proceeding for the collection of the sums so due and unpaid, and may prosecute such proceeding to judgment or final decree, and may enforce the same against the Operating Partnership or any Guarantor or any other obligor upon such Securities or Guarantees of such series and collect the moneys adjudged or decreed to be payable in the manner provided by law out of the property of the Operating

30

Partnership or Guarantor or any other obligor upon such Securities or Guarantees of such series, wherever situated.

If an Event of Default with respect to Securities of any series occurs and is continuing, the Trustee may in its discretion proceed to protect and enforce its rights and the rights of the Holders of Securities of such series and any related Guarantees by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy.

SECTION 504. TRUSTEE MAY FILE PROOFS OF CLAIM. In case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relative to the Operating Partnership, any Guarantor or any other obligor upon the Securities or the property of the Operating Partnership, any Guarantor or of such other obligor, the Trustee (irrespective of whether the principal of the Securities of any series shall then be due and payable as therein expressed or by declaration or otherwise and irrespective of whether the Trustee shall have made any demand on the Operating Partnership or any Guarantor for the payment of overdue principal, premium, if any, or interest) shall be entitled and empowered, by intervention in such proceeding or otherwise:

(i) to file and prove a claim for the whole amount, or such lesser amount as may be provided for in the Securities of such series, of principal (and premium, if any) and interest owing and unpaid in respect of the Securities or Guarantees and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and of the Holders allowed in such judicial proceeding, and

(ii) to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator (or other similar official) in any such judicial proceeding is hereby authorized by each Holder of such series and Guarantees to make such payments to the Trustee, and in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due to it for the reasonable compensation, expenses, disbursements and advances of the Trustee and any predecessor Trustee, their agents and counsel, and any other amounts due the Trustee or any predecessor Trustee under Section 606.

Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Securities or Guarantees or the rights of any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding.

SECTION 505. TRUSTEE MAY ENFORCE CLAIMS WITHOUT POSSESSION OF SECURITIES. All rights of action and claims under this Indenture or any of the Securities or Guarantees may be prosecuted and enforced by the Trustee without the possession of any of the Securities or Guarantees or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, be for the ratable benefit of the Holders of the Securities or Guarantees in respect of which such judgment has been recovered.

SECTION 506. APPLICATION OF MONEY COLLECTED. Any money collected by the Trustee pursuant to this Article shall be applied in the following order, at the date or dates fixed by the Trustee and, in case of the distribution of such money on account of principal (or premium, if any) or interest, upon presentation of the Securities or Guarantees, or any thereof, and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

FIRST: To the payment of all amounts due the Trustee and any predecessor Trustee under Section 606;

SECOND: To the payment of the amounts then due and unpaid upon the Securities and Guarantees for principal (and premium, if any) and interest in respect of which or for the benefit of which such money has been collected, ratably, without preference or priority of any kind, according to the aggregate amounts due and payable on such Securities and Guarantees for principal (and premium, if any) and interest, respectively; and

THIRD: To the payment of the remainder, if any, to the Operating Partnership.

SECTION 507. LIMITATION ON SUITS. No Holder of any Security of any series shall have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

(1) such Holder has previously given written notice to the Trustee of a continuing Event of Default with respect to the Securities of that series;

(2) the Holders of not less than 25% in principal amount of the Outstanding Securities of that series shall have made written request to the Trustee to institute proceedings in respect of such Event of Default in its own name as Trustee hereunder;

(3) such Holder or Holders have offered to the Trustee indemnity reasonably satisfactory to the Trustee against the costs, expenses and liabilities to be incurred in compliance with such request;

(4) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and

(5) no direction inconsistent with such written request has been given to the Trustee during such 60-day period by the Holders of a majority in principal amount of the Outstanding Securities of that series;

it being understood and intended that no one or more of such Holders shall have any right in any manner whatever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other of such Holders, or to obtain or to seek to obtain priority or preference over any other of such Holders or to enforce any right under this Indenture, except in the manner herein provided and for the equal and ratable benefit of all such Holders.

SECTION 508. UNCONDITIONAL RIGHT OF HOLDERS TO RECEIVE PRINCIPAL, PREMIUM, IF ANY, AND INTEREST. Notwithstanding any other provision in this Indenture, the Holder of any Security shall have the right which is absolute and unconditional to receive payment of the principal of (and premium, if any) and (subject to Sections 305 and 307) interest on such Security on the due date expressed in such Security (or, in the case of redemption, on the Redemption Date) and (subject to Section 507) to institute suit for the enforcement of any such payment, and such rights shall not be impaired without the consent of such Holder.

SECTION 509. RESTORATION OF RIGHTS AND REMEDIES. If the Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case, the Operating Partnership, each Guarantor, the Trustee and the Holders shall, subject to any determination in such proceeding, be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding had been instituted.

SECTION 510. RIGHTS AND REMEDIES CUMULATIVE. Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities or Guarantees in the last paragraph of Section 306, no right or remedy herein conferred upon or reserved to the Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

SECTION 511. DELAY OR OMISSION NOT WAIVER. No delay or omission of the Trustee or of any Holder to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article Five or by law to the

33

Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case may be.

SECTION 512. CONTROL BY HOLDERS. The Holders of not less than a majority in principal amount of the Outstanding Securities of any series shall have the right to direct the Trustee as to the time, method and place of conducting any proceeding for any remedy available or exercising any trust or power conferred on the Trustee with respect to the Securities of such series, provided that

(1) such direction shall not be in conflict with any rule of law or with this Indenture,

(2) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction, and

(3) the Trustee need not take any action which, in its reasonable determination, might involve it in personal liability or be unduly prejudicial to the Holders of such series not joining therein.

SECTION 513. WAIVER OF PAST DEFAULTS. The Holders of not less than a majority in principal amount of the Outstanding Securities of any series may on behalf of the Holders of all the Securities of such series waive any past default hereunder with respect to such series and its consequences, except a default

(1) in the payment of the principal of (or premium, if any) or interest on or payable in respect of any Security of such series, or

(2) in respect of a covenant or provision hereof which under Article Nine cannot be modified or amended without the consent of the Holder of each Outstanding Security of such series affected.

Upon any such waiver, such default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other default or Event of Default or impair any right consequent thereon.

SECTION 514. WAIVER OF USURY, STAY OR EXTENSION LAWS. The Operating Partnership covenants (to the extent that it may lawfully do so) that it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any usury, stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Operating Partnership (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

34

SECTION 515. UNDERTAKING FOR COSTS. All parties to this Indenture agree, and each Holder of any Security by his acceptance thereof shall be deemed to have agreed, that any court may in its discretion require in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of any undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this Section shall not apply to any suit instituted by the Trustee, to any suit instituted by any Holder, or group of Holders, holding in the aggregate more than 10% in principal amount of the Outstanding Securities of any series, or to any suit instituted by any Holder for the enforcement of the payment of the principal of (or premium, if any) or interest on any Security on or after the respective Stated Maturities and Interest Payment Dates expressed in such Security (or, in the case of redemption, on or after the Redemption Date).

ARTICLE SIX
THE TRUSTEE

SECTION 601. NOTICE OF DEFAULTS. Within 90 days after the occurrence of any default hereunder with respect to the Securities of any series, the Trustee shall transmit, in the manner and to the extent provided in TIA Section 313(c), notice to Holders of such default hereunder actually known to the Trustee, unless such default shall have been cured or waived; provided, however, that, except in the case of a default in the payment of the principal of (or premium, if any) or interest on any Security of such series, the Trustee shall be protected in withholding such notice if and so long as a Responsible Officer of the Trustee in good faith determines, that the withholding of such notice is in the interests of such Holders; and provided further that in the case of any default or breach of the character specified in Section 501(4) with respect to the Securities, no such notice to Holders shall be given until at least 60 days after the occurrence thereof. For the purpose of this Section, the term "default" means any event which is, or after notice or lapse of time or both would become, an Event of Default with respect to the Securities of such series.

SECTION 602. CERTAIN RIGHTS OF TRUSTEE. Subject to the provisions of TIA Section 315(a) through 315(d):

(1) the Trustee may rely and shall be protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, Security, coupon or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(2) any request or direction of the Operating Partnership mentioned herein shall be sufficiently evidenced by an Operating Partnership Request or an Operating Partnership Order (other than delivery of any Security to the Trustee for authentication and delivery pursuant to Section 303 which shall be sufficiently evidenced as provided

35

therein) and any resolution of the Board of Directors shall be sufficiently evidenced by a Board Resolution;

(3) whenever in the administration of this Indenture the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officers' Certificate;

(4) the Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(5) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders Securities of any series pursuant to this Indenture, unless such Holders shall have offered to the Trustee security or indemnity reasonably satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;

(6) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, Security, coupon or other paper or document, but the Trustee, in its discretion, may make such reasonable further inquiry or

investigation into such facts or matters as it may reasonably determine, and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Operating Partnership, personally or by agent or attorney reasonably related to such inquiry;

(7) the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder; and

(8) the Trustee shall not be liable for any action taken, suffered or omitted by it in good faith and reasonably believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Indenture.

The Trustee shall not be required to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

Except during the continuance of an Event of Default, the Trustee undertakes to perform only such duties as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee.

36

SECTION 603. NOT RESPONSIBLE FOR RECITALS OR ISSUANCE OF SECURITIES. The recitals contained herein and in the Securities and Guarantees, except the Trustee's certificate of authentication, shall be taken as the statements of the Operating Partnership and each Guarantor, as applicable, and neither the Trustee nor any Authenticating Agent assumes any responsibility for their correctness. The Trustee makes no representations as to the validity or sufficiency of this Indenture or of the Securities or the Guarantees, except that the Trustee represents that it is duly authorized to execute and deliver this Indenture, authenticate the Securities and perform its obligations hereunder. Neither the Trustee nor any Authenticating Agent shall be accountable for the use or application by the Operating Partnership of Securities or the proceeds thereof.

SECTION 604. MAY HOLD SECURITIES AND GUARANTEES. The Trustee, any Paying Agent, Security Registrar, Authenticating Agent or any other agent of the Operating Partnership, in its individual or any other capacity, may become the owner or pledgee of Securities and Guarantees and, subject to TIA Sections 310(b) and 311, may otherwise deal with the Operating Partnership or any Guarantor with the same rights it would have if it were not Trustee, Paying Agent, Security Registrar, Authenticating Agent or such other agent.

SECTION 605. MONEY HELD IN TRUST. Money held by the Trustee in trust hereunder need not be segregated from other funds except to the extent required by law. The Trustee shall be under no liability for interest on any money received by it hereunder except as otherwise agreed in writing with the Operating Partnership.

SECTION 606. COMPENSATION AND REIMBURSEMENT. The Operating Partnership agrees:

(1) to pay to the Trustee from time to time reasonable compensation for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(2) except as otherwise expressly provided herein, to reimburse each of the Trustee and any predecessor Trustee upon its request for all reasonable expenses, disbursements and advances incurred or made by the Trustee in accordance with any provision of this Indenture (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such expense, disbursement or advance as may be attributable to its negligence or willful misconduct; and

(3) to indemnify each of the Trustee and any predecessor Trustee for, and to hold it harmless against, any loss, liability or expense incurred without negligence or bad faith on its own part, arising out of or in connection with the acceptance or administration of the trust or trusts hereunder, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties hereunder.

When the Trustee incurs expenses or renders services in connection with an Event of Default specified in Section 501(6) or Section 501(7), the expenses (including the reasonable

charges and expenses of its counsel) and the compensation for the services are intended to constitute expenses of administration under any applicable Federal or state bankruptcy, insolvency or other similar law.

As security for the performance of the obligations of the Operating Partnership under this Section, the Trustee shall have a lien for payment of the Trustee's fees and expenses prior to the Securities upon all property and funds held or collected by the Trustee as such, except funds held in trust for the payment of principal of (or premium, if any) with respect to the Securities.

The provisions of this Section shall survive the termination of this Indenture.

SECTION 607. CORPORATE TRUSTEE REQUIRED; ELIGIBILITY; CONFLICTING INTERESTS. There shall at all times be a Trustee hereunder which shall be eligible to act as Trustee under TIA Section 310(a) (1) and shall have a combined capital and surplus of at least \$100,000,000 (or which trust company shall have an ultimate parent holding company with a combined capital and surplus of at least \$100,000,000). If such corporation (or ultimate parent holding company, as the case may be) publishes reports of condition at least annually, pursuant to law or the requirements of federal, state, territorial or District of Columbia supervising or examining authority, then for the purposes of this Section, the combined capital and surplus of such corporation (or ultimate parent holding company, as the case may be) shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section, it shall resign immediately in the manner and with the effect hereinafter specified in this Article.

SECTION 608. RESIGNATION AND REMOVAL; APPOINTMENT OF SUCCESSOR.

(a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article shall become effective until the acceptance of appointment by the successor Trustee in accordance with the applicable requirements of Section 609.

(b) The Trustee may resign at any time with respect to the Securities of one or more series by giving written notice thereof to the Operating Partnership. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee.

(c) The Trustee may be removed at any time with respect to the Securities of any series by Act of the Holders of a majority in principal amount of the Outstanding Securities of such series delivered to the Trustee and to the Operating Partnership.

(d) If at any time:

(1) the Trustee shall fail to comply with the provisions of TIA Section 310(b) after written request therefor by the Operating Partnership or by any Holder who has been a bona fide Holder for at least six months, or

(2) the Trustee shall cease to be eligible under Section 607 and shall fail to resign after written request therefor by the Operating Partnership or by any Holder who has been a bona fide Holder for at least six months, or

(3) the Trustee shall become incapable of acting or shall be adjudged a bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation,

then, in any such case, (i) the Operating Partnership by or pursuant to a Board Resolution may remove the Trustee and appoint a successor Trustee with respect to all Securities, or (ii) subject to TIA Section 315(e), any Holder who has been a bona fide Holder for at least six months may, on behalf of such Holder and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee with respect to all Securities and the appointment of a successor Trustee or Trustees.

(e) If the Trustee shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of Trustee for any cause with respect to the Securities of one or more series, the Operating Partnership, by or pursuant to a Board Resolution, shall promptly appoint a successor Trustee or Trustees with respect to the Securities of that or those series (it being understood that any such successor Trustee may be appointed with respect to the Securities of one or more or all of such series and that at any time there shall be only one Trustee with respect to the Securities of any particular series). If, within one year after such resignation, removal or incapability, or the occurrence of such vacancy, a successor Trustee with respect to the Securities of any series shall be appointed by Act of the Holders of a majority in principal amount of the Outstanding Securities of such series delivered to the Operating Partnership and the retiring Trustee, the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment, become the successor Trustee with respect to the Securities of such series and to that extent supersede the successor Trustee appointed by the Operating Partnership. If no successor Trustee with respect to the Securities of any series shall have been so appointed by the Operating Partnership or the Holders of Securities of such Series and accepted appointment in the manner hereinafter provided, any Holder who has been a bona fide Holder of a Security of such series for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee with respect to the Securities of such series.

(f) The Operating Partnership shall give notice of each resignation and each removal of the Trustee with respect to the Securities of any series and each appointment of a successor Trustee with respect to the Securities of such series in the manner provided for notices to the Holders in section 106. Each notice shall include the name of the

39

successor Trustee with respect to the Securities of such series and the address of its Corporate Trust Office.

SECTION 609. ACCEPTANCE OF APPOINTMENT BY SUCCESSOR.

(a) In case of the appointment hereunder of a successor Trustee with respect to all Securities, every such successor Trustee shall execute, acknowledge and deliver to the Operating Partnership and to the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee; but, on request of the Operating Partnership or the successor Trustee, such retiring Trustee shall, upon payment of its charges, execute and deliver an instrument transferring to such successor Trustee all the rights, powers and trusts of the retiring Trustee, and shall duly assign, transfer and deliver to such successor Trustee all property and money held by such retiring Trustee hereunder, subject nevertheless to its lien and claim, if any, provided for in Section 606.

(b) In case of the appointment hereunder of a successor Trustee with respect to the Securities of one or more (but not all) series, the Operating Partnership, the retiring Trustee and each successor Trustee with respect to the Securities of one or more series shall execute and deliver an indenture supplemental hereto, pursuant to Article Nine hereof, wherein each successor Trustee shall accept such appointment and which (1) shall contain such provisions as shall be necessary or desirable to transfer and confirm to, and to vest in, each successor Trustee all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of that or those series to which the appointment of such successor Trustee relates, (2) if the retiring Trustee is not retiring with respect to all Securities, shall contain such provisions as shall be deemed necessary or desirable to confirm that all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of that or those series as to which the retiring Trustee is not retiring shall continue to be vested in the retiring Trustee, and (3) shall add to or change any of the provisions of this Indenture as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one Trustee, it being understood that nothing herein or in such supplemental indenture shall constitute such Trustees as co-trustees of the same trust and that each such Trustee shall be trustee of a trust or trusts hereunder separate and apart from any trust or trusts hereunder administered by any other such Trustee; and upon the execution and delivery of such supplemental indenture the resignation or removal of the retiring

Trustee shall become effective to the extent provided therein and each such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee with respect to the Securities of that or those series to which the appointment of such successor Trustee relates; but, on request of the Operating Partnership or any successor Trustee, such retiring Trustee shall duly assign, transfer and deliver to such successor Trustee all property and money held by such retiring Trustee

40

hereunder with respect to the Securities of that or those series to which the appointment of such successor Trustee relates.

(c) Upon request of any such successor Trustee, the Operating Partnership shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Trustee all such rights, powers and trusts referred to in paragraph (a) or (b) of this Section, as the case may be.

(d) No successor Trustee shall accept its appointment unless at the time of such acceptance such successor Trustee shall be qualified and eligible under this Article Six.

SECTION 610. MERGER, CONVERSION, CONSOLIDATION OR SUCCESSION TO BUSINESS. Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such corporation shall be otherwise qualified and eligible under this Article, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Securities shall have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such authentication and deliver the Securities so authenticated with the same effect as if such successor Trustee had itself authenticated such Securities. In case any Securities shall not have been authenticated by such predecessor Trustee, any such successor Trustee may authenticate and deliver such Securities, in either its own name or that of its predecessor Trustee, with the full force and effect which this Indenture provides for the certificate of authentication of the Trustee.

SECTION 611. APPOINTMENT OF AUTHENTICATING AGENT. At any time when any of the Securities remain Outstanding, the Trustee may appoint an Authenticating Agent or Agents with respect to one or more series of Securities which shall be authorized to act on behalf of the Trustee to authenticate Securities of such series issued upon exchange, registration of transfer or partial redemption or repayment thereof, and Securities so authenticated shall be entitled to the benefits of this Indenture and shall be valid and obligatory for all purposes as if authenticated by the Trustee hereunder. Any such appointment shall be evidenced by an instrument in writing signed by a Responsible Officer of the Trustee, a copy of which instrument shall be promptly furnished to the Operating Partnership. Wherever reference is made in this Indenture to the authentication and delivery of Securities by the Trustee or the Trustee's certificate of authentication, such reference shall be deemed to include authentication and delivery on behalf of the Trustee by an Authenticating Agent and a certificate of authentication executed on behalf of the Trustee by an Authenticating Agent. Each Authenticating Agent shall be acceptable to the Operating Partnership and shall at all times be a bank or trust company or corporation organized and doing business and in good standing under the laws of the United States of America or of any State or the District of Columbia, authorized under such laws to act as Authenticating Agent, having (or whose bank holding company has) a combined capital and surplus of not less than \$100,000,000 and subject to supervision or examination by Federal or

41

state authorities. If such Authenticating Agent publishes reports of condition at least annually, pursuant to law or the requirements of the aforesaid supervising or examining authority, then for the purposes of this Section, the combined capital and surplus of such Authenticating Agent shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. In case at any time an Authenticating Agent shall cease to be eligible in accordance with the provisions of this Section, such Authenticating Agent shall resign immediately in the manner and with the effect specified in this section.

Any corporation into which an Authenticating Agent may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which such Authenticating Agent

shall be a party, or any corporation succeeding to the corporate agency or corporate trust business of an Authenticating Agent, shall continue to be an Authenticating Agent, provided such corporation shall be otherwise eligible under this Section, without the execution or filing of any paper or further act on the part of the Trustee or the Authenticating Agent.

An Authenticating Agent for any series of Securities may at any time resign by giving written notice of resignation to the Trustee for such series and to the Operating Partnership. The Trustee for any series of Securities may at any time terminate the agency of an Authenticating Agent by giving written notice of termination to such Authenticating Agent and to the Operating Partnership. Upon receiving such a notice of resignation or upon such a termination, or in case at any time such Authenticating Agent shall cease to be eligible in accordance with the provisions of this Section, the Trustee for such series may appoint a successor Authenticating Agent which shall be acceptable to the Operating Partnership and shall give notice of such appointment to all Holders of Securities of the series with respect to which such Authenticating Agent will serve in the manner set forth in Section 106. Any successor Authenticating Agent upon acceptance of its appointment hereunder shall become vested with all the rights, powers and duties of its predecessor hereunder, with like effect as if originally named as an Authenticating Agent herein. No successor Authenticating Agent shall be appointed unless eligible under the provisions of this Section.

The Operating Partnership agrees to pay to each Authenticating Agent from time to time reasonable compensation including reimbursement of its reasonable expenses for its services under this Section.

If an appointment with respect to one or more series is made pursuant to this Section, the Securities of such series may have endorsed thereon, in addition to or in lieu of the Trustee's certificate of authentication, an alternate certificate of authentication substantially in the following form:

This is one of the Securities of the series designated therein referred to in the within-mentioned Indenture.

Every Holder, by receiving and holding the Securities, agrees with the Operating Partnership and the Trustee that neither the Operating Partnership nor the Trustee nor any Authenticating Agent nor any Paying Agent nor any Security Registrar shall be held accountable by reason of the disclosure of any information as to the names and addresses of the Holders in accordance with TIA Section 312, regardless of the source from which such information was derived, and that the Trustee shall not be held accountable by reason of mailing any material pursuant to a request made under TIA Section 312(b).

(b) at such other times as the Trustee may request in writing, within 30 days after the receipt by the Operating Partnership of any such request, a list of similar form and content as of a date not more than 15 days prior to the time such list is furnished,

provided, however, that, so long as the Trustee is the Security Registrar, no such list shall be required to be furnished

CONSOLIDATION, MERGER, SALE, LEASE OR CONVEYANCE

SECTION 801. CONSOLIDATIONS AND MERGERS OF OPERATING PARTNERSHIP AND SALES, LEASES AND CONVEYANCES PERMITTED SUBJECT TO CERTAIN CONDITIONS. The Operating Partnership will not, in any transaction or series of related transactions, consolidate with, or sell, lease, assign, transfer or otherwise convey all or substantially all of its assets to, or merge with or into, any other Person unless (i) either the Operating Partnership shall be the continuing Person, or the successor Person (if other than the Operating Partnership) formed by or resulting from any such consolidation or merger or which shall have received the transfer of such assets shall be a corporation, partnership, limited liability company or other entity organized and existing under the laws of the United States of America or a State thereof or the District of Columbia and shall expressly assume, by supplemental indenture executed by such successor Person and delivered by it to the Trustee (which supplemental indenture shall comply with Article Nine hereof and shall be reasonably satisfactory to the Trustee), the due and punctual payment of the principal of (and premium, if any) and interest payable in respect of, all of the Outstanding Securities, according to their tenor, and the due and punctual performance and observance of all of the other covenants and conditions contained in this Indenture and the Securities to be performed or observed by the Operating Partnership; (ii) immediately after giving effect to such transaction and treating any Debt (including Acquired Debt) which becomes an obligation of the Operating Partnership or any of its Affiliates as a result thereof as having been incurred by the Operating Partnership or such Affiliate at the time of such transaction, no Event of Default, and no event which, after notice or the lapse of time, or both, would become an Event of Default, shall have occurred and shall be continuing; and (iii) the Operating Partnership shall have delivered to the Trustee the Officers' Certificate and Opinion of Counsel required pursuant to Section 803 below. In the event that the Operating Partnership is not the continuing Person, then, for purposes of clause (ii) of the preceding sentence, the successor Person shall be deemed to be the "Operating Partnership" referred to in such clause (ii).

SECTION 802. RIGHTS AND DUTIES OF SUCCESSOR PERSON. In case of any such consolidation, sale, lease, assignment, transfer, conveyance or merger and upon any such assumption by the successor, such successor Person shall succeed to and be substituted for and may exercise every right and power of the Operating Partnership, with the same effect as if it had been named as the "Operating Partnership" herein; and the predecessor Person shall be released, except in the case of a lease, from any further obligation under this Indenture and the Securities.

SECTION 803. OFFICERS' CERTIFICATE AND OPINION OF COUNSEL. Any consolidation, sale, lease, assignment, transfer, conveyance or merger permitted under Section 801 is also subject to the condition precedent that the Trustee receive an Officers' Certificate and an Opinion of Counsel to the effect that any such consolidation, sale, lease, assignment, transfer, conveyance or merger, and the assumption by any successor Person, complies with the provisions of this Article and that all conditions precedent herein provided for relating to such transaction have been complied with.

ARTICLE NINE
SUPPLEMENTAL INDENTURES

SECTION 901. SUPPLEMENTAL INDENTURES WITHOUT CONSENT OF HOLDERS. Without the consent of any Holders, the Operating Partnership, when authorized by or pursuant to a Board Resolution, the applicable Guarantors and the Trustee, at any time and from time to time, may enter into one or more indentures supplemental hereto, in form satisfactory to the Trustee, for any of the following purposes:

(1) to evidence the succession of another Person to the Operating Partnership or any Guarantor and the assumption by any such successor of the covenants of the Operating Partnership herein and in the Securities or Guarantees; or

(2) to add to the covenants of the Operating Partnership or any Guarantor for the benefit of the Holders of all or any series of Securities (and if such covenants are to be for the benefit of less than all series of Securities, stating that such covenants are expressly being included solely for the benefit of such series) or to surrender

any right or power herein conferred upon the Operating Partnership or any Guarantor; or

(3) to add any additional Events of Default for the benefit of the Holders of all or any series of Securities (and if such Events of Default are to be for the benefit of less than all series of Securities, stating that such Events of Default are expressly being included solely for the benefit of such series); provided, however, that in respect of any such additional Events of Default such supplemental indenture may provide for a particular period of grace after default (which period may be shorter or longer than that allowed in the case of other defaults) or may provide for an immediate enforcement upon such default or may limit the remedies available to the Trustee upon such default or may limit the right of the Holders of a majority in aggregate principal amount of that or those series of Securities to which such additional Events of Default apply to waive such default; or

(4) to add or change any provisions of this Indenture to facilitate the issuance of the Securities in certificate form, provided that such amendment shall not adversely affect the interest of the Holders of any Securities in any material respect; or

(5) to secure the Securities or Guarantees; or

(6) to evidence and provide for the acceptance of appointment hereunder by a successor Trustee with respect to the Securities of one or more series and to add to or change any of the provisions of this Indenture as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one Trustee; or

(7) to cure any ambiguity, to correct or supplement any provision herein which may be defective or inconsistent with any other provision herein or to make any other provisions with respect to matters or questions arising under this Indenture which shall not be inconsistent with the provisions of this Indenture, provided such action shall not

45

adversely affect the interests of the Holders of Securities of any series or any related Guarantees in any material respect; or

(8) to supplement any of the provisions of this Indenture to such extent as shall be necessary to permit or facilitate the discharge, defeasance or covenant defeasance, as the case may be, of any series of Securities pursuant to Sections 401, 1202 and 1203; provided that any such action shall not adversely affect the interests of the Holders of Securities of such series and any related Guarantees or any other series of Securities in any material respect.

SECTION 902. SUPPLEMENTAL INDENTURES WITH CONSENT OF HOLDERS. With the consent of the Holders of not less than a majority in principal amount of all Outstanding Securities of any series affected by such supplemental indenture, by Act of said Holders delivered to the Operating Partnership, the Guarantors and the Trustee, the Operating Partnership, when authorized by or pursuant to a Board Resolution, and the Trustee may enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Indenture or of the Securities of such series or of modifying in any manner the rights of the Holders of Securities of such series and any related Guarantees under this Indenture; provided, however, that no such supplemental indenture shall, without the consent of the Holder of any Outstanding Security affected thereby:

(1) change the Stated Maturity of the principal of (or premium, if any, on) or any installment of principal of, or premium, if any, or the Interest Payment Date with respect to, any Security; or reduce the principal amount thereof or the rate or amount of interest thereon, or any premium payable thereon, or adversely affect any right of the Holder to repayment of such Security at such Holder's option, or change any Place of Payment where, or the coin or currency in which, the principal of any Security or any premium or interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the Stated Maturity, or Interest Payment Date, as applicable, thereof (or, in the case of redemption, on or after the Redemption Date) or that would be provable in bankruptcy, or

(2) reduce the percentage in principal amount of the Outstanding Securities of any series, the consent of whose Holders is required for any such supplemental indenture, or the consent of whose Holders is required for any waiver with respect to such series (or compliance with certain provisions of this Indenture or certain defaults hereunder and their consequences) provided for in this Indenture, or reduce the requirements of Section 1304 for quorum or voting, or

(3) modify any of the provisions of this Section, Section 513 or Section 1013, except to increase the percentage required to effect such action or to provide that certain other provisions of this Indenture cannot be modified or waived without the consent of the Holder of any Outstanding Security affected thereby, or

46

(4) impair the right to institute suit for the enforcement of any payment on or with respect to any such Security.

It shall not be necessary for any Act of Holders under this Section to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such Act shall approve the substance thereof. A supplemental indenture which changes or eliminates any covenant or other provision of this Indenture which has expressly been included solely for the benefit of one or more particular series of Securities, or which modifies the rights of the Holders of Securities of such series with respect to such covenant or other provision, shall be deemed not to affect the rights under this Indenture of the Holders of Securities of any other series.

SECTION 903. EXECUTION OF SUPPLEMENTAL INDENTURES. In executing, or accepting the additional trusts created by, any supplemental indenture permitted by this Article or the modification thereby of the trusts created by this Indenture, the Trustee shall be entitled to receive, and shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental indenture is authorized or permitted by this Indenture. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture which affects the Trustee's own rights, duties or immunities under this Indenture or otherwise.

SECTION 904. EFFECT OF SUPPLEMENTAL INDENTURES. Upon the execution of any supplemental indenture under this Article Nine, this Indenture shall be modified in accordance therewith, and such supplemental indenture shall form a part of this Indenture for all purposes; and every Holder theretofore authenticated and delivered hereunder shall be bound thereby.

SECTION 905. CONFORMITY WITH TRUST INDENTURE ACT. Every supplemental indenture executed pursuant to this Article Nine shall conform to the requirements of the Trust Indenture Act as then in effect.

SECTION 906. REFERENCE IN SECURITIES TO SUPPLEMENTAL INDENTURES. Securities authenticated and delivered after the execution of any supplemental indenture pursuant to this Article Nine may, and shall, if required by the Trustee, bear a notation in form approved by the Trustee as to any matter provided for in such supplemental indenture. If the Operating Partnership shall so determine, new Securities of any series so modified as to conform, in the opinion of the Trustee and the Operating Partnership, to any such supplemental indenture may be prepared and executed by the Operating Partnership and authenticated and delivered by the Trustee in exchange for Outstanding Securities of such series.

ARTICLE TEN COVENANTS

SECTION 1001. PAYMENT OF PRINCIPAL, PREMIUM, IF ANY, AND INTEREST. The Operating Partnership covenants and agrees for the benefit of the Holders of any series of Securities that it will duly and punctually pay the principal of (and premium, if any) and interest on the Securities of that series in accordance with the terms of such series of Securities and this Indenture.

47

SECTION 1002. MAINTENANCE OF OFFICE OR AGENCY. The Operating Partnership shall maintain in each Place of Payment for any series of Securities an office or agency where Securities of that series may be presented or surrendered for payment or conversion, where Securities of that series may be surrendered for registration of transfer or exchange and where notices and demands to or upon the Operating Partnership in respect of the Securities of that series and this Indenture may be served. The Operating Partnership will give prompt written notice to the Trustee of the location, and any change in the location, of each such office or agency. If at any time the Operating Partnership shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands shall be made or served at the Corporate Trust Office of the Trustee (and the Operating Partnership hereby appoints the Trustee its agent to receive all such presentations, surrenders, notices and demands), and the Operating Partnership hereby appoints the same as its agent to receive such presentations, surrenders, notices and demands.

The Operating Partnership may from time to time designate one or more

other offices or agencies where the Securities of one or more series may be presented or surrendered for any or all of such purposes, and may from time to time rescind such designations; provided, however, that no such designation or rescission shall in any manner relieve the Operating Partnership of its obligation to maintain an office or agency in accordance with the requirements set forth above for Securities of any series for such purposes. The Operating Partnership will give prompt written notice to the Trustee of any such designation or rescission and of any change in the location of any such other office or agency. Unless otherwise specified pursuant to Section 301 with respect to a series of Securities, the Operating Partnership hereby designates as the Place of Payment for any series of Securities the office or agency of the Operating Partnership in the Borough of Manhattan, The City of New York, and initially appoints the Trustee, at the office of its affiliate, State Street Bank and Trust Company, which on the date of this Indenture are located at 61 Broadway, 15th Floor, New York, New York 10006 in such city and as its agent to receive all such presentations, surrenders, notices and demands and appoints the Trustee, at its Corporate Trust Office and at the office of its affiliate, State Street Bank and Trust Company, in the Borough of Manhattan, The City of New York, as Paying Agent and Security Registrar. The Operating Partnership may subsequently appoint a different office or agency in the Borough of Manhattan, The City of New York and a different Paying Agent and Security Registrar for the Securities of any Series.

SECTION 1003. MONEY FOR SECURITIES PAYMENTS TO BE HELD IN TRUST. If the Operating Partnership shall at any time act as its own Paying Agent with respect to any series of any Securities, it will, on or before each due date of the principal of (or premium, if any) or interest on the Securities of that series, segregate and hold in trust for the benefit of the Persons entitled thereto the sum in which the Securities of such series are payable (except as otherwise specified pursuant to Section 301 for the Securities of such series) sufficient to pay the principal (and premium, if any) and interest so becoming due until such sums shall be paid to such Persons or otherwise disposed of as herein provided, and will promptly notify the Trustee of its action or failure so to act.

48

Whenever the Operating Partnership shall have one or more Paying Agents for any series of Securities, it will, on or before each due date of the principal of (or premium, if any) or interest on any Securities of that series, deposit with a Paying Agent a sum sufficient to pay the principal (and premium, if any) and interest so becoming due, such sum to be held in trust for the benefit of the Persons entitled to such principal, premium and interest and (unless such Paying Agent is the Trustee) the Operating Partnership will promptly notify the Trustee of its action or failure so to act.

The Operating Partnership will cause each Paying Agent other than the Trustee to execute and deliver to the Trustee an instrument in which such Paying Agent shall agree with the Trustee, subject to the provisions of this Section, that such Paying Agent will:

- (1) hold all sums held by it for the payment of principal of (and premium, if any) and interest on the Securities in trust for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as herein provided;
- (2) give the Trustee notice of any default by the Operating Partnership (or any other obligor upon the Securities) in the making of any such payment of principal (or premium, if any) or interest; and
- (3) at any time during the continuance of any such default upon the written request of the Trustee, forthwith pay to the Trustee all sums so held in trust by such Paying Agent.

The Operating Partnership may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, pay, or by Operating Partnership Order direct any Paying Agent to pay, to the Trustee all sums held in trust by the Operating Partnership or such Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which such sums were held by the Operating Partnership or such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such sums.

Any money deposited with the Trustee or any Paying Agent, or held by the Operating Partnership, in trust for the payment of the principal of (or premium, if any) or interest on any Security of any series and remaining unclaimed for two years after such principal (or premium, if any), or interest has become due and payable shall, if such money was then on deposit with the Trustee or any Paying Agent, be paid to the Operating Partnership upon Operating Partnership Request or (if then held by the Operating Partnership) shall be discharged from such trust; and the Holder of such Security shall thereafter, as an unsecured general creditor, look only to the Operating Partnership and the Guarantors for payment of such principal of (or premium, if any) or interest on, such Security,

and all liability of the Trustee or such Paying Agent with respect to such trust money, and all liability of the Operating Partnership as trustee thereof, shall thereupon cease; provided, however, that the Trustee or such Paying Agent, before being required to make any such repayment, may at the expense of the Operating Partnership cause to be published once, in an Authorized Newspaper, notice that such money remains unclaimed and that, after a date

49

specified therein, which shall not be less than 30 days from the date of such publication, any unclaimed balance of such money then remaining will be repaid to the Operating Partnership.

SECTION 1004. AGGREGATE DEBT TEST. The Operating Partnership will not, and will not permit any of its Subsidiaries to, incur any Debt (including, without limitation, Acquired Debt) if, immediately after giving effect to the incurrence of such Debt and the application of the proceeds therefrom on a pro forma basis, the aggregate principal amount of all outstanding Debt of the Operating Partnership and its Subsidiaries (determined on a consolidated basis in accordance with GAAP) is greater than 60% of the sum of (without duplication) (i) the Total Assets of the Operating Partnership and its Subsidiaries as of the last day of the then most recently ended fiscal quarter and (ii) the aggregate purchase price of any real estate assets or mortgages receivable acquired, and the aggregate amount of any securities offering proceeds received (to the extent such proceeds were not used to acquire real estate assets or mortgages receivable or used to reduce Debt), by the Operating Partnership or any of its Subsidiaries since the end of such fiscal quarter, including the proceeds obtained from the incurrence of such additional Debt, determined on a consolidated basis in accordance with GAAP. For purposes of the foregoing Debt shall be deemed to be "incurred" by the Operating Partnership or a Subsidiary whenever the Operating Partnership and its Subsidiary shall create, assume, guarantee or otherwise become liable in respect thereof.

SECTION 1005. DEBT SERVICE TEST. The Operating Partnership will not, and will not permit any of its Subsidiaries to, incur any Debt (including, without limitation, Acquired Debt) if the ratio of Consolidated Income Available for Debt Service to the Annual Debt Service Charge for the period consisting of the four consecutive fiscal quarters most recently ended prior to the date on which such additional Debt is to be incurred shall have been less than 1.5:1 on a pro forma basis after giving effect to the incurrence of such Debt and the application of the proceeds therefrom, and calculated on the assumption that (i) such Debt and any other Debt (including, without limitation, Acquired Debt) incurred by the Operating Partnership or any of its Subsidiaries since the first day of such four-quarter period had been incurred, and the application of the proceeds therefrom (including to repay or retire other Debt) had occurred, on the first day of such period, (ii) the repayment or retirement of any other Debt of the Operating Partnership or any of its Subsidiaries since the first day of such four-quarter period had occurred on the first day of such period (except that, in making such computation, the amount of Debt under any revolving credit facility, line of credit or similar facility shall be computed based upon the average daily balance of such Debt during such period), and (iii) in the case of any acquisition or disposition by the Operating Partnership or any of its Subsidiaries of any asset or group of assets, in any such case with a fair market value (determined in good faith by the Board of Directors) in excess of \$1 million, since the first day of such four-quarter period, whether by merger, stock purchase or sale or asset purchase or sale or otherwise, such acquisition or disposition had occurred as of the first day of such period with the appropriate adjustments with respect to such acquisition or disposition being included in such pro forma calculation. If the Debt giving rise to the need to make the foregoing calculation or any other Debt incurred after the first day of the relevant four-quarter period bears interest at a floating rate then, for purposes of calculating the Annual Debt Service Charge, the interest rate on such Debt shall be computed on a pro forma basis by applying the average daily rate which would have been in effect during the entire such

50

four-quarter period to the greater of the amount of such Debt outstanding at the end of such period or the average amount of Debt outstanding during such period. For purposes of the foregoing Debt shall be deemed to be "incurred" by the Operating Partnership or a Subsidiary whenever the Operating Partnership and its Subsidiary shall create, assume, guarantee or otherwise become liable in respect thereof.

SECTION 1006. SECURED DEBT TEST. The Operating Partnership will not, and will not permit any of its Subsidiaries to, incur any Debt (including, without limitation, Acquired Debt) secured by any Lien on any property or assets of the Operating Partnership or any of its Subsidiaries, whether owned on the date of this Indenture or thereafter acquired, if, immediately after giving effect to the incurrence of such Debt and the application of the proceeds therefrom on a pro forma basis, the aggregate principal amount (determined on a consolidated basis in accordance with GAAP) of all outstanding Debt of the Operating Partnership and its Subsidiaries which is secured by any Lien on any property or

assets of the Operating Partnership or any of its Subsidiaries is greater than 40% of the sum of (without duplication) (i) the Total Assets of the Operating Partnership and its Subsidiaries as of the last day of the then most recently ended fiscal quarter and (ii) the aggregate purchase price of any real estate assets or mortgages receivable acquired, and the aggregate amount of any securities offering proceeds received (to the extent such proceeds were not used to acquire real estate assets or mortgages receivable or used to reduce Debt), by the Operating Partnership or any of its Subsidiaries since the end of such fiscal quarter, including the proceeds obtained from the incurrence of such additional Debt, determined on a consolidated basis in accordance with GAAP. For purposes of the foregoing Debt shall be deemed to be "incurred" by the Operating Partnership or a Subsidiary whenever the Operating Partnership and its Subsidiary shall create, assume, guarantee or otherwise become liable in respect thereof.

SECTION 1007. MAINTENANCE OF TOTAL UNENCUMBERED ASSETS. The Operating Partnership will not have at any time Total Unencumbered Assets of less than 150% of the aggregate principal amount of all outstanding Unsecured Debt of the Operating Partnership and its Subsidiaries, determined on a consolidated basis in accordance with GAAP.

SECTION 1008. EXISTENCE. Subject to Article Eight, the Operating Partnership will do or cause to be done all things necessary to preserve and keep in full force and effect its existence, rights (charter and statutory) and franchises; provided, however, that the Operating Partnership will not be required to preserve any right or franchise if the applicable Board of Directors determines that the preservation thereof is no longer desirable in the conduct of its business and that the loss thereof is not disadvantageous in any material respect to the Holders.

SECTION 1009. MAINTENANCE OF PROPERTIES. The Operating Partnership will cause all of its properties used or useful in the conduct of its business or the business of any Subsidiary to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment and will cause to be made all necessary repairs, renewals, replacements, betterments and improvements thereof, all as in the judgment of the Operating Partnership may be necessary so that the business carried on in connection therewith may be properly and advantageously conducted at all times.

51

SECTION 1010. INSURANCE. The Operating Partnership will, and will cause each of its Subsidiaries to, keep in force upon all of its properties and operations policies of insurance carried with responsible companies in such amounts and covering all such risks as shall be customary in the industry in accordance with prevailing market conditions and availability.

SECTION 1011. PAYMENT OF TAXES AND OTHER CLAIMS. The Operating Partnership will pay or discharge or cause to be paid or discharged, before the same shall become delinquent, (1) all taxes, assessments and governmental charges levied or imposed upon it or any Subsidiary or upon the income, profits or property of the Operating Partnership or any Subsidiary, and (2) all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon the property of the Operating Partnership or any Subsidiary; provided, however, that the Operating Partnership will not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings.

SECTION 1012. PROVISION OF FINANCIAL INFORMATION. The Operating Partnership will:

(1) file with the Trustee, within 15 days after the Operating Partnership or the General Partner is required to file the same with the Commission, copies of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the Commission may from time to time by rules and regulations prescribe) which the Operating Partnership or the General Partner may be required to file with the Commission pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934; or, if the Operating Partnership or the General Partner is not required to file information, documents or reports pursuant to any of such Sections, then it will file with the Trustee and the Commission, in accordance with rules and regulations prescribed from time to time by the Commission, such of the supplementary and periodic information, documents and reports which may be required pursuant to Section 13 of the Securities Exchange Act of 1934 in respect of a security listed and registered on a national securities exchange as may be prescribed from time to time in such rules and regulations;

(2) file with the Trustee and the Commission, in accordance with rules and regulations prescribed from time to time by the Commission, such additional information, documents and reports with respect to

compliance by the Operating Partnership and the General Partner with the conditions and covenants of this Indenture as may be required from time to time by such rules and regulations; and

(3) transmit by mail to the Holders, within 30 days after the filing thereof with the Trustee, in the manner and to the extent provided in TIA Section 313(c), such summaries of any information, documents and reports required to be filed by the Operating Partnership and the Guarantor pursuant to paragraphs (1) and (2) of this

52

Section as may be required by rules and regulations prescribed from time to time by the Commission.

SECTION 1013. SUBSIDIARY GUARANTEES. (a) The Operating Partnership will not permit any of its Subsidiaries to guarantee or secure through the granting of Liens, the payment of any Debt of the Company or any Guarantor and (b) the Operating Partnership will not and will not permit any of its Subsidiaries to pledge any intercompany Securities representing obligations of any of its Subsidiaries, to secure the payment of any debt of the Operating Partnership or any Guarantor, in each case unless such Subsidiary (a "Subsidiary Guarantor"), the Operating Partnership and the Trustee execute and deliver a supplemental indenture evidencing such Subsidiary's Guarantee (providing for the unconditional Guarantee by such Subsidiary, on a senior basis, of the notes). If any Subsidiary Guarantor is released from all of its obligations described in clause (a) or (b) of the preceding sentence, such Subsidiary Guarantor shall also be released from its unconditional Guarantee of the Securities pursuant to such supplemental indenture and Article XIV hereof.

SECTION 1014. WAIVER OF CERTAIN COVENANTS. The Operating Partnership may omit in any particular instance to comply with any term, provision or condition set forth in Sections 1004 to 1012, inclusive, if before or after the time for such compliance the Holders of at least a majority in principal amount of all Outstanding Securities of such series, by Act of such Holders, either waive such compliance in such instance or generally waive compliance with such covenant or condition, but no such waiver shall extend to or affect such covenant or condition except to the extent so expressly waived, and, until such waiver shall become effective, the obligations of the Operating Partnership and the duties of the Trustee in respect of any such term, provision or condition shall remain in full force and effect.

SECTION 1015. STATEMENT AS TO COMPLIANCE. The Operating Partnership will deliver to the Trustee, within 120 days after the end of each fiscal year, a brief certificate from its General Partner's principal executive officer, principal financial officer or principal accounting officer as to his or her knowledge of the Operating Partnership's compliance with all conditions and covenants under this Indenture and, in the event of any noncompliance, specifying such noncompliance and the nature and status thereof, provided that if the Operating Partnership has been succeeded to by a corporate successor pursuant to the provisions hereof such certificate will be from such successor's principal executive officer, principal financial officer or principal accounting officer. For purposes of this Section 1015, such compliance shall be determined without regard to any period of grace or requirement of notice under this Indenture.

ARTICLE ELEVEN REDEMPTION OF SECURITIES

SECTION 1101. APPLICABILITY OF ARTICLE. Securities of any series which are redeemable before their Stated Maturity, shall be, unless set forth otherwise in the supplemental indenture applicable to such series, redeemable, in whole or in part, before their

53

Stated Maturity at the option of the Operating Partnership on any date (a "Redemption Date") at the Redemption Price.

SECTION 1102. ELECTION TO REDEEM; NOTICE TO TRUSTEE. The election of the Operating Partnership to redeem any Securities shall be evidenced by or pursuant to a Board Resolution. In case of any redemption at the election of the Operating Partnership of less than all of the Securities of any series, the Operating Partnership shall, at least 45 days prior to the giving of the notice of redemption referred to in Section 1104 (unless a shorter notice shall be satisfactory to the Trustee), notify the Trustee of such Redemption Date and of the principal amount of Securities of such series to be redeemed.

SECTION 1103. SELECTION BY TRUSTEE OF SECURITIES TO BE REDEEMED. If less than all the Securities of any series are to be redeemed, the particular Securities to be redeemed shall be selected not more than 60 days prior to the

Redemption Date by the Trustee, from the Outstanding Securities of such series not previously called for redemption (excluding any such Outstanding Securities held by the Operating Partnership or any of its Subsidiaries), by such method as the Trustee shall deem fair and appropriate and which may provide for the selection for redemption of portions (equal to the minimum authorized denomination for Securities of that series or any integral multiple thereof) of the principal amount of Securities of such series of a denomination larger than the minimum authorized denomination for Securities of that series.

The Trustee shall promptly notify the Operating Partnership and the Security Registrar (if other than itself) in writing of the Securities selected for redemption and, in the case of any Securities selected for partial redemption, the principal amount thereof to be redeemed.

For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to the redemption of Securities shall relate, in the case of any Security redeemed or to be redeemed only in part, to the portion of the principal amount of such Security which has been or is to be redeemed.

SECTION 1104. NOTICE OF REDEMPTION. Notice of redemption shall be given in the manner provided in Section 106 and may be further specified in an indenture supplemental hereto, not less than 30 days nor more than 60 days prior to the Redemption Date to each Holder to be redeemed, but failure to give such notice in the manner herein provided to the Holder of any Security designated for redemption as a whole or in part, or any defect in the notice to any such Holder, shall not affect the validity of the proceedings for the redemption of any other such Security or portion thereof.

Any notice that is mailed to the Holders in the manner herein provided shall be conclusively presumed to have been duly given, whether or not the Holder receives the notice.

All notices of redemption shall state:

(1) the Redemption Date,

54

(2) the Redemption Price and the amount of accrued interest to the Redemption Date payable as provided in Section 1106, if any,

(3) if less than all Outstanding Securities of any series are to be redeemed, the identification (and, in the case of partial redemption, the principal amount) of the particular Security or Securities to be redeemed,

(4) in case any Security is to be redeemed in part only, the notice shall state that on and after the Redemption Date, upon surrender of such Security, the Holder will receive, without a charge, a new Security or Securities of such series of authorized denominations for the principal amount thereof remaining unredeemed,

(5) that on the Redemption Date the Redemption Price and accrued interest to the Redemption Date payable as provided in Section 1106, will become due and payable upon each such Security, or the portion thereof, to be redeemed and, if applicable, that interest thereon shall cease to accrue on and after said date,

(6) the Place or Places of Payment where such Securities, maturing after the Redemption Date, are to be surrendered for payment of the Redemption Price and accrued interest, and

(7) the CUSIP number and series of such Security.

SECTION 1105. DEPOSIT OF REDEMPTION PRICE. At or prior to 12:00 noon (New York Time) on any Redemption Date, the Operating Partnership shall deposit with the Trustee or with a Paying Agent (or, if the Operating Partnership is acting as its own Paying Agent, segregate and hold in trust as provided in Section 1003) an amount of money sufficient to pay on the Redemption Date the Redemption Price of, and (except if the Redemption Date shall be an Interest Payment Date) accrued interest on all the Securities or portions thereof which are to be redeemed on that date.

SECTION 1106. SECURITIES PAYABLE ON REDEMPTION DATE. Notice of redemption having been given as aforesaid, the Securities so to be redeemed shall, on the Redemption Date, become due and payable at the Redemption Price therein specified (together with accrued interest to the Redemption Date), and from and after such date (unless the Operating Partnership shall default in the payment of the Redemption Price or accrued interest) such Securities shall cease to bear interest. Upon surrender of any such Security for redemption in accordance with said notice such Security shall be paid by the Operating Partnership at the Redemption Price, together with accrued interest to the

Redemption Date.

Installments of interest on Securities which are due and payable on an Interest Payment Date falling on or prior to the relevant Redemption Date shall be payable to the Holders of such Securities registered as such at the close of business on the relevant Regular Record Date according to their terms and the provisions of the Indenture.

55

If any Security called for redemption shall not be so paid upon surrender thereof for redemption, the principal (and premium, if any) shall, until paid, bear interest from the Redemption Date at the rate borne by or provided in the Security.

SECTION 1107. SECURITIES REDEEMED IN PART. Any Security which is to be redeemed only in part (pursuant to the provisions of this Article) shall be surrendered at a Place of Payment therefor (with, if the Operating Partnership or the Trustee so requires, due endorsement by, or a written instrument of transfer in form satisfactory to the Operating Partnership and the Trustee duly executed by, the Holder thereof or his attorney duly authorized in writing) and the Operating Partnership shall execute and the Trustee shall authenticate and deliver to the Holder of such Security without service charge a new Security or Securities of the same series, of any authorized denomination as requested by such Holder in aggregate principal amount equal to and in exchange for the unredeemed portion of the principal of the Security so surrendered.

ARTICLE TWELVE
DEFEASANCE AND COVENANT DEFEASANCE

SECTION 1201. OPERATING PARTNERSHIP'S OPTION TO EFFECT DEFEASANCE OR COVENANT DEFEASANCE. The Operating Partnership may at its option by Board Resolution, at any time, with respect to any series of Securities elect to have Section 1202 or Section 1203 be applied to such Outstanding Securities upon compliance with the conditions set forth below in this Article. The Operating Partnership's right, if any, to elect defeasance pursuant to Section 1202 or covenant defeasance pursuant to Section 1203 may only be exercised with respect to all of the Outstanding Securities of any series.

SECTION 1202. DEFEASANCE AND DISCHARGE. Upon the Operating Partnership's exercise of the above option applicable to this Section 1202 with respect to any Securities of or within a series, the Operating Partnership shall be deemed to have been discharged from its obligations with respect to such Outstanding Securities on the date the conditions set forth in Section 1204 are satisfied (hereinafter "defeasance"). For this purpose, such defeasance means that the Operating Partnership shall be deemed to have paid and discharged the entire indebtedness represented by such Outstanding Securities, which shall thereafter be deemed to be "Outstanding" only for the purposes of Section 1205 and the other Sections of this Indenture referred to in clauses (A) through (D) below, and to have satisfied all of its other obligations under such Securities and this Indenture insofar as such Securities are concerned (and the Trustee, at the expense of the Operating Partnership, shall execute proper instruments acknowledging the same), except for the following which shall survive until otherwise terminated or discharged hereunder: (A) the rights of Holders of such outstanding Securities to receive, solely from the trust fund described in Section 1204 and as more fully set forth in such Section, payments in respect of the principal of (and premium, if any) and interest, on such Securities when such payments are due, (B) the Operating Partnership's obligations with respect to such Securities under Sections 304, 305, 306, 1002 and 1003, (C) the rights, powers, trusts, duties and immunities of the Trustee hereunder (including, without limitation, those in Section 606 hereof) and (D) this Article Twelve. Subject to compliance with this Article Twelve,

56

the Operating Partnership may exercise its option under this Section 1202 notwithstanding the prior exercise of its option under Section 1203 with respect to such Securities.

SECTION 1203. COVENANT DEFEASANCE. Upon the Operating Partnership's exercise of the above option applicable to this Section 1203 with respect to any Securities of or within a series, the Operating Partnership shall be released from its obligations under Sections 1004 to 1012, inclusive, (except that the Operating Partnership shall remain subject to the covenant set forth in Section 1008 to preserve and keep in full force and effect its corporate existence, except as permitted under Article Eight) and its obligations under any other covenant, with respect to such Outstanding Securities appertaining thereto on and after the date the conditions set forth in Section 1204 are satisfied (hereinafter, "covenant defeasance"), and such Securities shall thereafter be deemed to be not "Outstanding" for the purposes of any direction, waiver, consent or declaration or Act of Holders (and the consequences of any thereof)

in connection with Sections 1004 to 1012, inclusive, or such other covenant, but shall continue to be deemed "Outstanding" for all other purposes hereunder. For this purpose, such covenant defeasance means that with respect to such Outstanding Securities the Operating Partnership may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such Section or such other covenant, whether directly or indirectly, by reason of any reference elsewhere herein to any such Section or such other covenant or by reason of reference in any such Section or such other covenant to any other provision herein or in any other document, and such omission to comply shall not constitute a default or an Event of Default under Section 501(3) or otherwise, as the case may be, provided, however, that except as specified above, the remainder of this Indenture and such Securities shall be unaffected thereby.

SECTION 1204. CONDITIONS TO DEFEASANCE OR COVENANT DEFEASANCE. The following shall be the conditions to application of Section 1202 or Section 1203 to any Outstanding Securities of or within a series:

(a) The Operating Partnership shall irrevocably have deposited or caused to be deposited with the Trustee (or another trustee satisfying the requirements of Section 607 who shall agree to comply with the provisions of this Article Twelve applicable to it) funds in trust for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to, the benefit of the Holders of such Securities, (1) an amount as is then specified as payable at Stated Maturity and on Interest Payment Dates, as applicable, or, if such defeasance or covenant defeasance is to be effected in compliance with subsection (f) below, on the relevant Redemption Date, as the case may be, (2) Government Obligations applicable to such Securities which through the scheduled payment of principal and interest in respect thereof in accordance with their terms will provide, not later than one day before the due date of any payment of principal of (and premium, if any) and interest on such Securities, money in an amount as is then specified as payable at Stated Maturity and on Interest Payment Dates, as applicable, or, if such defeasance or covenant defeasance is to be effected in compliance with subsection (f) below, on the relevant Redemption Date, as the case may be, or (3) a combination thereof, in any case, in an amount sufficient,

57

without consideration of any reinvestment of such principal and interest, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee, to pay and discharge, and which shall be applied by the Trustee (or other qualifying trustee) to pay and discharge the principal of (and premium, if any) and interest on such Outstanding Securities on the Stated Maturity of such principal or installment of principal, Interest Payment Dates, on the applicable Redemption Date, as the case may be.

(b) Such defeasance or covenant defeasance shall not result in a breach or violation of, or constitute, a default under, this Indenture or any other material agreement or instrument to which the Operating Partnership is a party or by which it is bound.

(c) No Event of Default or event which with notice or lapse of time or both would become an Event of Default with respect to such Securities shall have occurred and be continuing on the date of such deposit or, insofar as Sections 501(6) and 501(7) are concerned, at any time during the period ending on the 91st day after the date of such deposit (it being understood that this condition shall not be deemed satisfied until the expiration of such period).

(d) In the case of an election under Section 1202, the Operating Partnership shall have delivered to the Trustee an Opinion of Counsel stating that (i) the Operating Partnership has received from, or there has been published by, the Internal Revenue Service a ruling, or (ii) since the date of this Indenture there has been a change in the applicable Federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the Holders of such Outstanding Securities will not recognize income, gain or loss for Federal income tax purposes as a result of such defeasance and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred.

(e) In the case of an election under Section 1203, the Operating Partnership shall have delivered to the Trustee an Opinion of Counsel to the effect that the Holders of such Outstanding Securities will not recognize income, gain or loss for Federal income tax purposes as a result of such covenant defeasance and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred.

(f) If the monies or Government Obligations or combination thereof, as the case may be, deposited under subsection (a) above are sufficient to pay the principal of, and premium, if any, and interest on such Securities provided such Securities are redeemed on a particular Redemption Date, the Operating Partnership shall have given the Trustee irrevocable instructions to redeem such

58

Securities on such date and to provide notice of such redemption to Holders as provided in or pursuant to this Indenture.

(g) The Operating Partnership shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent to the defeasance under Section 1202 or the covenant defeasance under Section 1203 (as the case may be) have been complied with and an Opinion of Counsel to the effect that, as a result of a deposit pursuant to subsection (a) above and the related exercise of the Operating Partnership's option under Section 1202 or Section 1203 (as the case may be), registration is not required under the Investment Company Act of 1940, as amended, by the Operating Partnership, with respect to the trust funds representing such deposit or by the Trustee for such trust funds.

SECTION 1205. DEPOSITED MONEY AND GOVERNMENT OBLIGATIONS TO BE HELD IN TRUST; OTHER MISCELLANEOUS PROVISIONS. Subject to the provisions of the last paragraph of Section 1003, all money and Government Obligations (including the proceeds thereof) deposited with the Trustee (or other qualifying trustee, collectively for purposes of this Section 1205, the "Trustee") pursuant to Section 1204 in respect of any Outstanding Securities of any series shall be held in trust and applied by the Trustee, in accordance with the provisions of such Securities and this Indenture, to the payment, either directly or through any Paying Agent (other than the Operating Partnership acting as its own Paying Agent) as the Trustee may determine, to the Holders of such Securities of all sums due and to become due thereon in respect of principal (and premium, if any) and interest, but such money need not be segregated from other funds except to the extent required by law.

The Operating Partnership shall pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the Government Obligations deposited pursuant to Section 1204 or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Holders of such Outstanding Securities.

Anything in this Article to the contrary notwithstanding, subject to Section 606, the Trustee shall deliver or pay to the Operating Partnership from time to time upon Operating Partnership Request any money or Government Obligations (or other property and any proceeds therefrom) held by it as provided in Section 1204 which, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the Trustee, are in excess of the amount thereof which would then be required to be deposited to effect a defeasance or covenant defeasance, as applicable, in accordance with this Article.

SECTION 1206. REINSTATEMENT. If the Trustee or Paying Agent is unable to apply any cash or Government Obligations deposited pursuant to Section 1204 in accordance with this Indenture or the Securities of the applicable series by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority enjoining, restraining or otherwise prohibiting such application, then the Operating Partnership's obligations under this

59

Indenture and the Securities of such series shall be revived and reinstated as though no deposit had occurred pursuant to Section 1204 until such time as the Trustee or Paying Agent is permitted to apply such money in accordance with this Indenture and the Securities of such series; provided, however, that if the Operating Partnership makes any payment of principal of, premium, if any, or interest on any Security of such series following the reinstatement of its obligations, the Operating Partnership shall be subrogated to the rights of the Holders of such Securities to receive such payment from the cash and Government

Obligations held by the Trustee or Paying Agent.

ARTICLE THIRTEEN
MEETINGS OF HOLDERS

SECTION 1301. PURPOSES FOR WHICH MEETINGS MAY BE CALLED. A meeting of Holders of Securities of any series may be called at any time and from time to time pursuant to this Article to make, give or take any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Indenture to be made, given or taken by Holders of Securities of such series.

SECTION 1302. CALL, NOTICE AND PLACE OF MEETINGS.

(a) The Trustee may at any time call a meeting of Holders of Securities of any series for any purpose specified in Section 1301, to be held at such time and at such place in The City of New York as the Trustee shall determine. Notice of every meeting of Holders of Securities of any series, setting forth the time and the place of such meeting and in general terms the action proposed to be taken at such meeting, shall be given, in the manner provided in Section 106, not less than 21 nor more than 180 days prior to the date fixed for the meeting.

(b) In case at any time the Operating Partnership, pursuant to a Board Resolution, or the Holders of at least 25% in principal amount of the Outstanding Securities of any series shall have requested the Trustee to call a meeting of the Holders of such series for any purpose specified in Section 1301, by written request setting forth in reasonable detail the action proposed to be taken at the meeting, and the Trustee shall not have made the first publication of the notice of such meeting within 21 days after receipt of such request or shall not thereafter proceed to cause the meeting to be held as provided herein, then the Operating Partnership or the Holders of Securities of such series in the amount above specified, as the case may be, may determine the time and the place in The City of New York for such meeting and may call such meeting for such purposes by giving notice thereof as provided in subsection (a) of this Section.

SECTION 1303. PERSONS ENTITLED TO VOTE AT MEETINGS. To be entitled to vote at any meeting of Holders of Securities of any series, a Person shall be (1) a Holder of one or more Outstanding Securities of such series, or (2) a Person appointed by an instrument in writing as proxy for a Holder or Holders of one or more Outstanding Securities of such series by such Holder or Holders. The only Persons who shall be entitled to be present or to

60

speak at any meeting of Holders of Securities of any series shall be the Persons entitled to vote at such meeting and their counsel, any representatives of the Trustee and its counsel, any representatives of the Guarantors and their counsel and any representatives of the Operating Partnership and its counsel.

SECTION 1304. QUORUM; ACTION. The Persons entitled to vote a majority in principal amount of the Outstanding Securities of a series shall constitute a quorum for a meeting of Holders of Securities of such series; provided, however, that if any action is to be taken at such meeting with respect to a consent or waiver which this Indenture expressly provides may be given by the Holders of not less than a specified percentage in principal amount of the Outstanding Securities of a series, the Persons entitled to vote such specified percentage which is less or more than a majority in principal amount of the Outstanding Securities of such series shall constitute a quorum. In the absence of a quorum within 30 minutes after the time appointed for any such meeting, the meeting shall, if convened at the request of Holders of Securities of such series, be dissolved. In any other case the meeting may be adjourned for a period of not less than 10 days as determined by the chairman of the meeting prior to the adjournment of such meeting. In the absence of a quorum at any such adjourned meeting, such adjourned meeting may be further adjourned for a period of not less than 10 days as determined by the chairman of the meeting prior to the adjournment of such adjourned meeting. Notice of the reconvening of any adjourned meeting shall be given as provided in Section 1302(a), except that such notice need be given only once not less than five days prior to the date on which the meeting is scheduled to be reconvened. Notice of the reconvening of any adjourned meeting shall state expressly the percentage, as provided above, of the principal amount of the Outstanding Securities of such series which shall constitute a quorum.

Except as limited by the proviso to Section 902, any resolution presented to a meeting or adjourned meeting duly reconvened at which a quorum is present as aforesaid may be adopted by the affirmative vote of the Holders of a majority in principal amount of the Outstanding Securities of that series;

provided, however, that, except as limited by the proviso to Section 902, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action which this Indenture expressly provides may be made, given or taken by the Holders of a specified percentage, which is less or more than a majority, in principal amount of the Outstanding Securities of a series may be adopted at a meeting or an adjourned meeting duly reconvened and at which a quorum is present as aforesaid by the affirmative vote of the Holders of such specified percentage in principal amount of the Outstanding Securities of that series.

Any resolution passed or decision taken at any meeting of Holders of Securities of any series duly held in accordance with this Section shall be binding on all the Holders of Securities of such series, whether or not present or represented at the meeting.

Notwithstanding the foregoing provisions of this Section 1304, if any action is to be taken at a meeting of Holders of Securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that this Indenture expressly provides may be made, given or taken by the Holders of a specified percentage in principal

61

amount of all Outstanding Securities affected thereby, or by the Holders of a specified percentage in principal amount of the Outstanding Securities of such series and each other series:

(i) there shall be no minimum quorum requirement for such meeting; and

(ii) the principal amount of the Outstanding Securities of such series that are entitled to vote in favor of such request, demand, authorization, direction, notice, consent, waiver or other action shall be taken into account in determining whether such request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under this Indenture.

SECTION 1305. DETERMINATION OF VOTING RIGHTS; CONDUCT AND ADJOURNMENT OF MEETINGS.

(a) Notwithstanding any provisions of this Indenture, the Trustee may make such reasonable regulations as it may deem advisable for any meeting of Holders of a series in regard to proof of the holding of Securities of such series and of the appointment of proxies and in regard to the appointment and duties of inspectors of votes, the submission and examination of proxies, certificates and other evidence of the right to vote, and such other matters concerning the conduct of the meeting as it shall deem appropriate. Except as otherwise permitted or required by any such regulations, the holding of Securities shall be proved in the manner specified in Section 104 and the appointment of any proxy shall be proved in the manner specified in Section 104.

(b) The Trustee shall, by an instrument in writing appoint a temporary chairman of the meeting, unless the meeting shall have been called by the Operating Partnership or by Holders as provided in Section 1302(b), in which case the Operating Partnership or the Holders of Securities of the series calling the meeting, as the case may be, shall in like manner appoint a temporary chairman. A permanent chairman and a permanent secretary of the meeting shall be elected by vote of the Persons entitled to vote a majority in principal amount of the Outstanding Securities of such series represented at the meeting.

(c) At any meeting each Holder of Securities of such series or proxy shall be entitled to one vote for each \$1,000 principal amount of the Outstanding Securities of such series held or represented by him; provided, however, that no vote shall be cast or counted at any meeting in respect of any Security challenged as not Outstanding and ruled by the chairman of the meeting to be not Outstanding. The chairman of the meeting shall have no right to vote, except as a Holder of a Security of such series or proxy.

(d) Any meeting of Holders of Securities of any series duly called pursuant to Section 1302 at which a quorum is present may be adjourned from time to time by Persons entitled to vote a majority in principal amount of the

62

Outstanding Securities of such series represented at the meeting, and the meeting may be held as so adjourned without further notice.

SECTION 1306. COUNTING VOTES AND RECORDING ACTION OF MEETINGS. The vote upon any resolution submitted to any meeting of Holders of Securities of any series shall be by written ballots on which shall be subscribed the signatures of the Holders of Securities of such series or of their representatives by proxy and the principal amounts and serial numbers of the Outstanding Securities of such series held or represented by them. The permanent chairman of the meeting shall appoint two inspectors of votes who shall count all votes cast at the meeting for or against any resolution and who shall make and file with the secretary of the meeting their verified written reports in duplicate of all votes cast at the meeting. A record, at least in duplicate, of the proceedings of each meeting of Holders of Securities of any series shall be prepared by the secretary of the meeting and there shall be attached to said record the original reports of the inspectors of votes on any vote by ballot taken thereat and affidavits by one or more persons having knowledge of the fact, setting forth a copy of the notice of the meeting and showing that said notice was given as provided in Section 1302 and, if applicable, Section 1304. Each copy shall be signed and verified by the affidavits of the permanent chairman and secretary of the meeting and one such copy shall be delivered to the Operating Partnership and another to the Trustee to be preserved by the Trustee, the latter to have attached thereto the ballots voted at the meeting. Any record so signed and verified shall be conclusive evidence of the matters therein stated.

ARTICLE FOURTEEN
THE GUARANTEES

SECTION 1401. GUARANTEES. The provisions of this Article Fourteen shall be applicable to the Securities and Guarantees. Each Guarantor (which term includes any successor Person under this Indenture and any Subsidiary Guarantor pursuant to Section 1013 of this Indenture) for consideration received hereby jointly and severally unconditionally and irrevocably guarantees on a senior basis (each a "Guarantee", and collectively, the "Guarantees") to the Holders from time to time of the Securities (a) the full and prompt payment of the principal of and any premium, if any, on any Security when and as the same shall become due, whether at the maturity thereof, by acceleration, redemption or otherwise and (b) the full and prompt payment of any interest on any Security when and as the same shall become due and payable. Each and every default in the payment of the principal of or interest or any premium on any Security shall give rise to a separate cause of action hereunder, and separate suits may be brought hereunder as each cause of action arises. The obligations of the Guarantors hereunder shall be evidenced by Guarantees accompanying the Securities issued hereunder.

An Event of Default under this Indenture or the Securities shall constitute an event of default under the Guarantees, and shall entitle the Holders to accelerate the obligations of the Guarantors hereunder in the same manner and to the same extent as the obligations of the Company.

63

Subject to Section 1013 with respect to Subsidiary Guarantors, the obligations of the Guarantors hereunder shall be absolute and unconditional and shall remain in full force and effect until the entire principal and interest and any premium on the Securities shall have been paid or provided for in accordance with provisions of this Indenture, and, unless as otherwise expressly set forth in this Article, such obligations shall not be affected, modified or impaired upon the happening from time to time of any event, including without limitation any of the following, whether or not with notice to, or the consent of, the Guarantors:

- (a) the failure to give notice to the Guarantors of the occurrence of an Event of Default;
- (b) the waiver, surrender, compromise, settlement, release or termination of the payment, performance or observance by the Operating Partnership or the Guarantors of any or all of the obligations, covenants or agreements of either of them contained in this Indenture or the Securities;
- (c) the acceleration, extension or any other changes in the time for payment of any principal of or interest or any premium on any Security or for any other payment under this Indenture or of the time for performance of any other obligations, covenants or agreements under or arising out of this Indenture or the Securities;
- (d) the modification or amendment (whether material or otherwise) of any obligation, covenant or agreement set forth in this Indenture or the Securities;

(e) the taking or the omission of any of the actions referred to in this Indenture and in any of the actions under the Securities;

(f) any failure, omission, delay or lack on the part of the Trustee to enforce, assert or exercise any right, power or remedy conferred on the Trustee in this Indenture, or any other action or acts on the part of the Trustee or any of the Holders from time to time of the Securities;

(g) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all the assets, marshaling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition with creditors or readjustment of, or other similar proceedings affecting the Guarantors or the Operating Partnership or any of the assets of any of them, or any allegation or contest of the validity of the Guarantee in any such proceeding;

(h) to the extent permitted by law, the release or discharge by operation of law of the Guarantors from the performance or observance of any obligation, covenant or agreement contained in this Indenture;

64

(i) to the extent permitted by law, the release or discharge by operation of law of the Operating Partnership from the performance or observance of any obligation, covenant or agreement contained in this Indenture;

(j) the default or failure of the Operating Partnership or the Trustee fully to perform any of its obligations set forth in this Indenture or the Securities;

(k) the invalidity, irregularity or unenforceability of this Indenture or the Securities or any part of any thereof;

(l) any judicial or governmental action affecting the Operating Partnership or any Securities or consent or indulgence granted by the Operating Partnership by the Holders or by the Trustee; or

(m) the recovery of any judgment against the Operating Partnership or any action to enforce the same or any other circumstance which might constitute a legal or equitable discharge of a surety or guarantor.

The Guarantees shall remain in full force and effect and continue to be effective should any petition be filed by or against the Operating Partnership for liquidation or reorganization of the Operating Partnership, should the Operating Partnership become insolvent or make an assignment for the benefit of creditors or should a receiver or trustee be appointed for all or any significant part of the Operating Partnership's assets, and shall, to the fullest extent permitted by law, continue to be effective or be reinstated, as the case may be, if at any time any payment in respect of the Securities is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by any obligee on the Securities, whether as a "voidable preference," "fraudulent transfer" or otherwise, all as though such payment had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Securities shall, to the fullest extent permitted by law, be reinstated and deemed reduced only by such amount paid and not so rescinded, reduced, restored or returned.

For purposes of this Article 14, each Subsidiary Guarantor's liability (a Subsidiary Guarantor's "Base Guaranty Liability") shall be that amount from time to time equal to the aggregate liability of a Guarantor hereunder, but shall be limited to the lesser of (A) the aggregate amount of the obligation as stated in the second sentence of this Section 1401 with respect to the Securities, and (B) the amount, if any, which would not have (i) rendered such Subsidiary Guarantor "insolvent" (as such term is defined in Section 101(29) of the Federal Bankruptcy Code and in Section 271 of the Debtor and Creditor Law of the State of New York, as each is in effect at the date of this Indenture) or (ii) left it with unreasonably small capital at the time its Guarantee of the Securities was entered into, after giving effect to the incurrence of existing Debt immediately prior to such time, provided that, it shall be a presumption in any lawsuit or other proceeding in which a Subsidiary Guarantor is a party that the amount guaranteed is the amount set forth in (A) above unless a creditor, or representative of creditors of such Subsidiary Guarantor or a trustee in bankruptcy of the Subsidiary Guarantor, as debtor in possession, otherwise proves in such a lawsuit that the aggregate liability of the Subsidiary Guarantor is limited to the amount set forth in (B). In making any determination

solvency or sufficiency of capital of a Subsidiary Guarantor in accordance with the previous sentence, the right of such Subsidiary Guarantor to contribution from other Guarantors, to subrogation pursuant to the next paragraph and any other rights such Subsidiary Guarantor may have, contractual or otherwise, shall be taken into account.

The Guarantors shall have the right to seek contribution from any non-paying Guarantor so long as the exercise of such right does not impair the rights of the Holders under the Guarantees.

The validity and enforceability of any Guarantee shall not be affected by the fact that it is not affixed to any particular Security.

Each of the Guarantors hereby agrees that its Guarantee set forth in Section 1401 shall remain in full force and effect notwithstanding any failure to endorse on each Security a notation of such Guarantee.

If an officer of a Guarantor whose signature is on this Indenture or a Security no longer holds that office at the time the Trustee authenticates such Security or at any time thereafter, such Guarantor's Guarantee of such Security shall be valid nevertheless.

The delivery of any Security by the Trustee, after the authentication thereof hereunder, shall constitute due delivery of any Guarantee set forth in this Indenture on behalf of the Guarantor.

SECTION 1402. PROCEEDINGS AGAINST THE GUARANTORS. In the event of a default in the payment of principal of or any premium on any Security when and as the same shall become due, whether at the Stated Maturity thereof, by acceleration, call for redemption or otherwise, or in the event of a default in the payment of any interest on any Security when and as the same shall become due, the Trustee shall have the right to proceed first and directly against the Guarantors under this Indenture without first proceeding against the Operating Partnership or exhausting any other remedies which it may have and without resorting to any other Security held by the Trustee.

The Trustee shall have the right, power and authority to do all things it deems necessary or otherwise advisable to enforce the provisions of this Indenture relating to the Guarantees and protect the interests of the Holders of the Securities and, in the event of a default in payment of the principal of or any premium on any Security when and as the same shall become due, whether at the Stated Maturity thereof, by acceleration, call for redemption or otherwise, or in the event of a default in the payment of any interest on any Security when and as the same shall become due, the Trustee may institute or appear in such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any of its rights and the rights of the Holders, whether for the specific enforcement of any covenant or agreement in this Indenture relating to the Guarantee or in aid of the exercise of any power granted herein, or to enforce any other proper remedy. Without limiting the generality of the foregoing, in the event of a default in payment of the principal of or interest or any premium on any Security when due, the Trustee may institute a judicial proceeding for the collection of the sums so due and unpaid, and may

prosecute such proceeding to judgment or final decree, and may enforce the same against the Guarantors and collect the moneys adjudged or decreed to be payable in the manner provided by law out of the property of the Guarantors, wherever situated.

SECTION 1403. GUARANTEES FOR BENEFIT OF HOLDERS. The Guarantees contained in this Indenture are entered into by the Guarantors for the benefit of the Holders from time to time of the Securities. Such provisions shall not be deemed to create any right in, or to be in whole or in part for the benefit of, any person other than the Trustee, the Guarantors, the Holders from time to time of the Securities, and their permitted successors and assigns.

SECTION 1404. MERGER OR CONSOLIDATION OF GUARANTORS. Each Guarantor will not, in any transaction or series of related transactions, consolidate with, or sell, lease, assign, transfer or otherwise convey all or substantially all of its assets to, or merge with or into, any other Person unless (i) either such Guarantor shall be the continuing Person, or the successor Person (if other than such Guarantor) formed by or resulting from any such consolidation or merger or which shall have received the transfer of such assets is a corporation, partnership, limited liability company or other entity organized and existing under the laws of the United States of America or a State thereof or the District of Columbia and shall expressly assume, by supplemental indenture

executed by such successor corporation and delivered by it to the Trustee (which supplemental indenture shall comply with Article Nine hereof and shall be reasonably satisfactory to the Trustee), all of such Guarantor's obligations with respect to Outstanding Securities and the observance of all of the covenants and conditions contained in this Indenture and its Guarantee to be performed or observed by the Guarantor; (ii) immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or the lapse of time, or both, would become an Event of Default, shall have occurred and shall be continuing; and (iii) such Guarantor shall have delivered to the Trustee the Officers' Certificate and Opinion of Counsel required pursuant to below. In the event that such Guarantor is not the continuing corporation, then, for purposes of clause (ii) of the preceding sentence, the successor corporation shall be deemed to be such "Guarantor" referred to in such clause (ii). Any consolidation, merger, sale, lease, assignment, transfer or conveyance permitted under Section 1404 is also subject to the condition precedent that the Trustee receive an Officers' Certificate and an Opinion of Counsel to the effect that any such consolidation, merger, sale, lease, assignment, transfer or conveyance, and the assumption by any successor corporation, complies with the provisions of this Article and that all conditions precedent herein provided for relating to such transaction have been complied with.

SECTION 1405. ADDITIONAL GUARANTORS. Any Person may become a Guarantor by executing and delivering to the Trustee (a) a supplemental indenture in form and substance satisfactory to the Trustee, which subjects such person to the provisions of this Indenture as a Guarantor, and (b) an Opinion of Counsel to the effect that such supplemental indenture has been duly authorized and executed by such person and constitutes the legal, valid, binding and enforceable obligation of such person (subject to such customary exceptions concerning fraudulent conveyance laws, creditors' rights and equitable principles as may be acceptable to the Trustee in its discretion).

at Maturity, at the rate of _____ % per annum, until the principal hereof is paid or duly made available for payment. Interest on this Note shall be calculated on the basis of a 360-day year consisting of twelve 30-day months. The interest so payable and punctually paid or duly provided for on any Interest Payment Date will, as provided in such Indenture, be paid to the Person in whose name this Note (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such interest, which shall be the May 31 or November 30 (whether or not a Business Day), as the case may be, immediately preceding such Interest Payment Date. Any such interest which is payable, but is not punctually paid or duly provided for, on any Interest Payment Date shall forthwith cease to be payable to the registered Holder hereof on the relevant Regular Record Date by virtue of having been such Holder, and may be paid to the Person in whose name this Note (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to the Holder of this Note not less than 10 days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Notes may be listed, and upon such notice as may be required by such exchange, all as more fully provided in such Indenture.

Payment of the principal of and the interest on this Note will be made at the office or agency of the Operating Partnership maintained for that purpose in the Borough of Manhattan, The City of New York, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; provided, however, that, at the option of the Operating Partnership, interest may be paid by check mailed to the address of the Person entitled thereto as such address shall appear in the Security Register or by wire transfer to an account maintained by the payee located in the United States of America.

This Note is one of a duly authorized issue of Securities of the

Operating Partnership (herein called the "Notes") issued and to be issued under an Indenture dated as of June __, 1998 (herein called, together with all indentures supplemental thereto, the "Indenture") among, the Operating Partnership, AMB Property Corporation and State Street Bank and Trust Company of California, N.A., as trustee (herein called the "Trustee", which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Operating Partnership, the Trustee and the Holders of the Notes, and the terms upon which the Notes are, and are to be, authenticated and delivered. This Note is one of the Securities of the series designated on the face hereof, limited in aggregate principal amount to \$_____.

The Notes are subject to redemption prior to the Stated Maturity of the principal thereof as provided in the Indenture.

If an Event of Default with respect to the Notes shall occur and be continuing, the principal of the Notes may be declared due and payable in the manner and with the effect provided in the Indenture.

A-2

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Operating Partnership and the rights of the Holders of the Notes of each series issued under the Indenture at any time by the Operating Partnership and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of the Notes at the time Outstanding of each series affected thereby. The Indenture also contains provisions permitting the Holders of specified percentages in aggregate principal amount of the Notes of any series at the time Outstanding, on behalf of the Holders of all Notes of such series, to waive compliance by the Operating Partnership with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the holder of this Note shall be conclusive and binding upon such Holder and upon all future Holders of this Note and of any Notes issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Note.

No reference herein to the Indenture and no provision of this Note or of the Indenture shall alter or impair the obligation of the Operating Partnership, which is absolute and unconditional, to pay the principal of and interest on this Note, at the time, place and rate, and in the coin or currency, herein and in the Indenture prescribed.

As provided in the Indenture and subject to certain limitations set forth therein, the transfer of this Note may be registered on the Security Register upon surrender of this Note for registration of transfer at the office or agency of the Operating Partnership maintained for the purpose in any place where the principal of and interest on this Note are payable, duly endorsed, or accompanied by a written instrument of transfer in form satisfactory to the Operating Partnership and the Security Registrar duly executed by the Holder hereof or by his attorney duly authorized in writing, and thereupon one or more new Notes, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees. The Notes are issuable only in registered form without coupons in the denominations of \$1,000 and integral multiples of \$1,000. As provided in the Indenture and subject to certain limitations set forth therein, the Notes are exchangeable for a like aggregate principal amount of Notes of authorized denominations as requested by the Holders surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Operating Partnership may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith, other than in certain cases provided in the Indenture.

Prior to due presentment of this Note for registration of transfer, the Operating Partnership, the Trustee and any agent of the Operating Partnership or the Trustee may treat the Person in whose name this Note is registered as the owner hereof for all purposes, whether or not this Note be overdue, and neither the Operating Partnership, the Trustee nor any such agent shall be affected by notice to the contrary.

A-3

The Indenture contains provisions whereby (i) the Operating Partnership may be discharged from its obligations with respect to the Notes (subject to certain exceptions) or (ii) the Operating Partnership may be released from its obligations under specified covenants and agreements in the Indenture, in each case if the Operating Partnership irrevocably deposits with the Trustee money or Government Obligations sufficient to pay and discharge the entire indebtedness on all Securities, and satisfies certain other conditions, all as more fully

provided in the Indenture.

THIS NOTE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK.

Capitalized terms used in this Note which are not defined herein shall have the meanings assigned to them in the Indenture.

Unless the certificate of authentication hereon has been executed by or on behalf of the Trustee under the Indenture by the manual signature of one of its authorized signatories, this Note shall not be entitled to any benefits under the Indenture or be valid or obligatory for any purpose.

PARENT GUARANTEE

FOR VALUE RECEIVED, the undersigned hereby, jointly and severally with the Subsidiary Guarantors, if any, unconditionally guarantees to the Holder of the accompanying ____% Note Due June __, 2008 (the "2008 Note") issued by AMB Property, L.P. (the "Operating Partnership") under an Indenture dated as of June __, 1998 (together with the First Supplemental Indenture thereto, the "Indenture") among the Operating Partnership, AMB Property Corporation, and State Street Bank and Trust Company of California, N.A., as trustee (the "Trustee"), (a) the full and prompt payment of the principal of and premium, if any, on such 2008 Note when and as the same shall become due and payable, whether at Stated Maturity, by acceleration, by redemption or otherwise, and (b) the full and prompt payment of the interest on such 2008 Note when and as the same shall become due and payable, according to the terms of such 2008 Note and of the Indenture. In case of the failure of the Operating Partnership punctually to pay any such principal, premium or interest, the undersigned hereby agrees to cause any such payment to be made punctually when and as the same shall become due and payable, whether at Stated Maturity, upon acceleration, by redemption or otherwise, and as if such payment were made by the Operating Partnership. The undersigned hereby agrees, jointly and severally with the Subsidiary Guarantors, if any, that its obligations hereunder shall be as principal and not merely as surety, and shall be absolute and unconditional, and shall not be affected, modified or impaired by the following: (a) the failure to give notice to the Guarantors of the occurrence of an Event of Default under the Indenture; (b) the waiver, surrender, compromise, settlement, release or termination of the payment, performance or observance by the Operating Partnership or the Guarantors of any or all of the obligations, covenants or agreements of either of them contained in the Indenture or the 2008 Notes; (c) the acceleration, extension or any other changes in the time for payment of any principal of or interest or any premium on any 2008 Note or for any other payment under the Indenture or of the time for performance of any other obligations, covenants or agreements under or arising out of the Indenture or the 2008 Notes; (d) the modification or amendment (whether material or otherwise) of any obligation, covenant or agreement set forth in the Indenture or the 2008 Notes; (e) the taking or the omission of any of the actions referred to in the Indenture and in

any of the actions under the 2008 Notes; (f) any failure, omission, delay or lack on the part of the Trustee to enforce, assert or exercise any right, power or remedy conferred on the Trustee in the Indenture, or any other action or acts on the part of the Trustee or any of the Holders from time to time of the 2008 Notes; (g) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all the assets, marshaling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition with creditors or readjustment of, or other similar proceedings affecting the Guarantors or the Operating Partnership or any of the assets of any of them, or any allegation or contest of the validity of the Parent Guarantee in any such proceeding; (h) to the extent permitted by law, the release or discharge by operation of law of the Guarantors from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (i) to the extent permitted by law, the release or discharge by operation of law of the Operating Partnership from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (j) the default or failure of the Operating Partnership or the Trustee fully to perform any of its obligations set forth in the Indenture or the 2008 Notes; (k) the invalidity, irregularity or

A-6

unenforceability of the Indenture or the 2008 Notes or any part of any thereof; (l) any judicial or governmental action affecting the Operating Partnership or any 2008 Notes or consent or indulgence granted by the Operating Partnership by the Holders or by the Trustee; or (m) the recovery of any judgment against the Operating Partnership or any action to enforce the same or any other circumstance which might constitute a legal or equitable discharge of a surety or guarantor. The undersigned hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger, sale, lease or conveyance of all or substantially all of its assets, insolvency or bankruptcy of the Operating Partnership, any right to require a proceeding first against the Operating Partnership, protest or notice with respect to such Notice or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Parent Guarantee will not be discharged except by complete performance of the obligations contained in such 2008 Note and in this Parent Guarantee.

No reference herein to such Indenture and no provision of this Parent Guarantee or of such Indenture shall alter or impair the guarantee of the undersigned, which is absolute and unconditional, of the full and prompt payment of the principal of and premium, if any, and interest on the 2008 Note.

THIS PARENT GUARANTEE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK.

This Parent Guarantee shall not be valid or obligatory for any purpose until the certificate of authentication on the 2008 Note shall have been executed by the Trustee under the Indenture referred to above by the manual signature of one of its authorized officers. The validity and enforceability of this Parent Guarantee shall not be affected by the fact that it is not affixed to any particular 2008 Note.

An Event of Default under the Indenture or the 2008 Notes shall constitute an event of default under this Parent Guarantee, and shall entitle the Holders of 2008 Notes to accelerate the obligations of the undersigned hereunder in the same manner and to the same extent as the obligations of the Operating Partnership.

Notwithstanding any other provision of this Parent Guarantee to the contrary, the undersigned hereby waives any claims or other rights which it may now have or hereafter acquire against the Operating Partnership that arise from the existence or performance of its obligations under this Parent Guarantee (all such claims and rights are referred to as "Guarantor's Conditional Rights"), including, without limitation, any right of subrogation, reimbursement, exoneration, contribution, or indemnification, any right to participate in any claim or remedy against the Operating Partnership, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, by any payment made hereunder or otherwise, including without limitation, the right to take or receive from the Operating Partnership, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such claim or other rights. Guarantor hereby agrees not to exercise any rights which may be acquired by way of contribution under this Parent Guarantee or any other agreement, by any payment made hereunder or otherwise, including, without limitation, the right to take or

A-7

receive from any other guarantor, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such contribution rights. If, notwithstanding the foregoing provisions, any amount shall be paid to the undersigned on account of the Guarantor's Conditional Rights and either (i) such amount is paid to such undersigned party

at any time when the indebtedness shall not have been paid or performed in full, or (ii) regardless of when such amount is paid to such undersigned party, any payment made by the Operating Partnership to a Holder that is at any time determined to be a Preferential Payment (as defined below), then such amount paid to the undersigned shall be held in trust for the benefit of Holder and shall forthwith be paid such Holder to be credited and applied upon the indebtedness, whether matured or unmatured. Any such payment is herein referred to as a "Preferential Payment" to the extent the Operating Partnership makes any payment to Holder in connection with the 2008 Note, and any or all of such payment is subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid or paid over to a trustee, receiver or any other entity, whether under any bankruptcy act or otherwise.

To the extent that any of the provisions of the immediately preceding paragraph shall not be enforceable, the undersigned agrees that until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to a Holder may be determined to be a Preferential Payment, Guarantor's Conditional Rights to the extent not validly waived shall be subordinate to Holders' right to full payment and performance of the indebtedness and the undersigned shall not enforce any of Guarantor's Conditional Rights until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to Holders may be determined to be a Preferential Payment.

The obligations of the undersigned to the Holders of the 2008 Notes and to the Trustee pursuant to this Parent Guarantee and the Indenture are expressly set forth in Article 14 of the Indenture and reference is hereby made to the Indenture for the precise terms of this Parent Guarantee and all of the other provisions of the Indenture to which this Parent Guarantee relates.

Capitalized terms used in this Parent Guarantee which are not defined herein shall have the meanings assigned to them in the Indenture.

IN WITNESS WHEREOF, the undersigned has caused this Parent Guarantee to be duly executed.

FOR VALUE RECEIVED, the undersigned hereby jointly and severally with the Parent Guarantor pursuant to the Parent Guarantee and any other Subsidiary Guarantors under their respective Subsidiary Guarantees, unconditionally guarantees to the Holder of the accompanying _____% Note Due June __, 2008 (the

The undersigned hereby agrees, jointly and severally with the Parent Guarantor pursuant to the Parent Guarantee and any other Subsidiary Guarantors under their respective Subsidiary Guarantees, that its obligations hereunder shall be as principal and not merely as surety, and shall be absolute and unconditional, and shall not be affected, modified or impaired by the following: (a) the failure to give notice to the Guarantors of the occurrence of an Event of Default under the Indenture; (b) the waiver, surrender, compromise, settlement, release or termination of the payment, performance or observance by the Operating Partnership or the Guarantors of any or all of the obligations, covenants or agreements of either of them contained in the Indenture or the 2008 Notes; (c) the acceleration, extension or any other changes in the time for payment of any principal of or interest or any premium on any 2008 Note or for any other payment under the Indenture or of the time for performance of any other obligations, covenants or agreements under or arising out of the Indenture or the 2008 Notes; (d) the modification or amendment (whether material or otherwise) of any obligation, covenant or agreement set forth in the Indenture or the 2008 Notes; (e) the taking or the omission of any of the actions referred to in the Indenture and in any of the actions under the 2008 Notes; (f) any failure, omission, delay or lack on the part of the Trustee to enforce, assert or exercise any right, power or remedy conferred on the Trustee in the Indenture, or any other action or acts on the part of the Trustee or any of the Holders from time to time of the 2008 Notes; (g) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all the assets, marshaling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition with creditors or readjustment of, or other similar proceedings affecting the Guarantors or the Operating Partnership or any of the assets of any of them, or any allegation or contest of the validity of this Subsidiary Guarantee in any such proceeding; (h) to the extent permitted by law, the release or discharge by operation of law of the Guarantors from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (i) to the extent permitted by law, the release or discharge by operation of law of the Operating Partnership from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (j) the default or failure of the Operating Partnership or the Trustee fully to perform any of its obligations set forth in the

Indenture or the 2008 Notes; (k) the invalidity, irregularity or unenforceability of the Indenture or the 2008 Notes or any part of any thereof; (l) any judicial or governmental action affecting the Operating Partnership or any 2008 Notes or consent or indulgence granted by the Operating Partnership by the Holders or by the Trustee; or (m) the recovery of any judgment against the Operating Partnership or any action to enforce the same or any other circumstance which might constitute a legal or equitable discharge of a surety or guarantor. The undersigned hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger, sale, lease or conveyance of all or substantially all of its assets, insolvency or bankruptcy of the Operating Partnership, any right to require a proceeding first against the Operating Partnership, protest or notice with respect to such Notice or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Subsidiary Guarantee will not be discharged except by complete performance of the obligations contained in such 2008 Note and in this Subsidiary Guarantee.

No reference herein to such Indenture and no provision of this Subsidiary Guarantee or of such Indenture shall alter or impair the guarantee of the undersigned, which is absolute and unconditional, of the full and prompt payment of the principal of and premium, if any, and interest on the 2008 Note.

THIS SUBSIDIARY GUARANTEE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK.

The validity and enforceability of this Subsidiary Guarantee shall not be affected by the fact that it is not affixed to any particular 2008 Note.

An Event of Default under the Indenture or the 2008 Notes shall constitute an event of default under this Subsidiary Guarantee, and shall entitle the Holders of 2008 Notes to accelerate the obligations of the undersigned hereunder in the same manner and to the same extent as the obligations of the Operating Partnership.

Notwithstanding any other provision of this Subsidiary Guarantee to the contrary, the undersigned hereby waives any claims or other rights which it may

now have or hereafter acquire against the Operating Partnership that arise from the existence or performance of its obligations under this Subsidiary Guarantee (all such claims and rights are referred to as "Guarantor's Conditional Rights"), including, without limitation, any right of subrogation, reimbursement, exoneration, contribution, or indemnification, any right to participate in any claim or remedy against the Operating Partnership, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, by any payment made hereunder or otherwise, including without limitation, the right to take or receive from the Operating Partnership, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such claim or other rights. The Subsidiary Guarantor hereby agrees not to exercise any rights which may be acquired by way of contribution under this Subsidiary Guarantee or any other agreement, by any payment made hereunder or otherwise, including, without limitation, the right to take or receive from any other guarantor, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such contribution rights.

B-2

If, notwithstanding the foregoing provisions, any amount shall be paid to the undersigned on account of any such Guarantor's Conditional Rights and either (i) such amount is paid to such undersigned party at any time when the indebtedness shall not have been paid or performed in full, or (ii) regardless of when such amount is paid to such undersigned party, any payment made by Operating Partnership to a Holder that is at any time determined to be a Preferential Payment (as defined below), then such amount paid to any of the undersigned shall be held in trust for the benefit of the Holders and shall forthwith be paid such Holder to be credited and applied upon the indebtedness, whether matured or unmatured. Any such payment is herein referred to as a "Preferential Payment" to the extent the Operating Partnership makes any payment to the Holders in connection with the 2008 Note, and any or all of such payment is subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid or paid over to a trustee, receiver or any other entity, whether under any bankruptcy act or otherwise.

To the extent that any of the provisions of the immediately preceding paragraph shall not be enforceable, each of the undersigned agrees that until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to a Holder may be determined to be a Preferential Payment, Guarantor's Conditional Rights to the extent not validly waived shall be subordinate to Holders' right to full payment and performance of the indebtedness and each of the undersigned shall not enforce any of its respective portion of the Guarantors' Conditional Rights until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to Holders may be determined to be a Preferential Payment.

The undersigned's liability (the "Base Guaranty Liability") shall be that amount from time to time equal to the aggregate liability of the undersigned hereunder, but shall be limited to the lesser of (A) the aggregate amount of the obligation as stated in the second sentence of Section 1401 of the Indenture, and (B) the amount, if any, which would not have (i) rendered the undersigned "insolvent" (as such term is defined in Section 101(29) of the Federal Bankruptcy Code and in Section 271 of the Debtor and Creditor Law of the State of New York, as each is in effect at the date of the Indenture) or (ii) left the undersigned with unreasonably small capital at the time its Guarantee was entered into, after giving effect to the incurrence of existing Debt (as defined in the Indenture) immediately prior to such time, provided that, it shall be a presumption in any lawsuit or other proceeding in which the undersigned is a party that the amount guaranteed is the amount set forth in (A) above unless a creditor, or representative of creditors of the undersigned or a trustee in bankruptcy of the undersigned, as debtor in possession, otherwise proves in such a lawsuit that the aggregate liability of the undersigned is limited to the amount set forth in (B). In making any determination as to the solvency or sufficiency of capital of the undersigned in accordance with the previous sentence, the right of the undersigned to contribution from other Guarantors, to subrogation and any other rights the undersigned may have, contractual or otherwise, shall be taken into account.

The obligations of the undersigned to the Holders of the 2008 Notes and to the Trustee pursuant to the Subsidiary Guarantee and the Indenture are expressly set forth in Article 14 of the Indenture and reference is hereby made to the Indenture for the precise terms of the Subsidiary

This Note is one of a duly authorized issue of Securities of the Operating Partnership (herein called the "Notes") issued and to be issued under an Indenture dated as of June __, 1998 (herein called, together with all indentures supplemental thereto, the "Indenture") among, the Operating Partnership, AMB Property Corporation and State Street Bank and Trust Company of California, N.A., as trustee (herein called the "Trustee", which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Operating Partnership, the Trustee and the Holders of the Notes, and the terms upon which the Notes are, and are to be, authenticated and delivered. This Note is one of the Securities of the series designated on the face hereof, limited in aggregate principal amount to \$_____.

The Notes are subject to redemption prior to the Stated Maturity of the principal thereof as provided in the Indenture.

If an Event of Default with respect to the Notes shall occur and be continuing, the principal of the Notes may be declared due and payable in the manner and with the effect provided in the Indenture.

A-2

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Operating Partnership and the rights of the Holders of the Notes of each series issued under the Indenture at any time by the Operating Partnership and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of the Notes at the time Outstanding of each series affected thereby. The Indenture also contains provisions permitting the Holders of specified percentages in aggregate principal amount of the Notes of any series at the time Outstanding, on behalf of the Holders of all Notes of such series, to waive compliance by the Operating Partnership with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the holder of this Note shall be conclusive and binding upon such Holder and upon all future Holders of this Note and of any Notes issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Note.

No reference herein to the Indenture and no provision of this Note or of the Indenture shall alter or impair the obligation of the Operating Partnership, which is absolute and unconditional, to pay the principal of and interest on this Note, at the time, place and rate, and in the coin or currency, herein and in the Indenture prescribed.

As provided in the Indenture and subject to certain limitations set forth therein, the transfer of this Note may be registered on the Security Register upon surrender of this Note for registration of transfer at the office or agency of the Operating Partnership maintained for the purpose in any place where the principal of and interest on this Note are payable, duly endorsed, or accompanied by a written instrument of transfer in form satisfactory to the Operating Partnership and the Security Registrar duly executed by the Holder hereof or by his attorney duly authorized in writing, and thereupon one or more new Notes, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees. The Notes are issuable only in registered form without coupons in the denominations of \$1,000 and integral multiples of \$1,000. As provided in the Indenture and subject to certain limitations set forth therein, the Notes are exchangeable for a like aggregate principal amount of Notes of authorized denominations as requested by the Holders surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Operating Partnership may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith, other than in certain cases provided in the Indenture.

Prior to due presentment of this Note for registration of transfer, the Operating Partnership, the Trustee and any agent of the Operating Partnership or the Trustee may treat the Person in whose name this Note is registered as the owner hereof for all purposes, whether or not this Note be overdue, and neither the Operating Partnership, the Trustee nor any such agent shall be affected by notice to the contrary.

A-3

The Indenture contains provisions whereby (i) the Operating Partnership

may be discharged from its obligations with respect to the Notes (subject to certain exceptions) or (ii) the Operating Partnership may be released from its obligations under specified covenants and agreements in the Indenture, in each case if the Operating Partnership irrevocably deposits with the Trustee money or Government Obligations sufficient to pay and discharge the entire indebtedness on all Securities, and satisfies certain other conditions, all as more fully provided in the Indenture.

THIS NOTE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK.

Capitalized terms used in this Note which are not defined herein shall have the meanings assigned to them in the Indenture.

Unless the certificate of authentication hereon has been executed by or on behalf of the Trustee under the Indenture by the manual signature of one of its authorized signatories, this Note shall not be entitled to any benefits under the Indenture or be valid or obligatory for any purpose.

PARENT GUARANTEE

FOR VALUE RECEIVED, the undersigned hereby, jointly and severally with the Subsidiary Guarantors, if any, unconditionally guarantees to the Holder of the accompanying ____% Note Due June __, 2018 (the "2018 Note") issued by AMB Property, L.P. (the "Operating Partnership") under an Indenture dated as of June __, 1998 (together with the Second Supplemental Indenture thereto, the "Indenture") among the Operating Partnership, AMB Property Corporation, and State Street Bank and Trust Company of California, N.A., as trustee (the "Trustee"), (a) the full and prompt payment of the principal of and premium, if any, on such 2018 Note when and as the same shall become due and payable, whether at Stated Maturity, by acceleration, by redemption or otherwise, and (b) the full and prompt payment of the interest on such 2018 Note when and as the same shall become due and payable, according to the terms of such 2018 Note and of the Indenture. In case of the failure of the Operating Partnership punctually to pay any such principal, premium or interest, the undersigned hereby agrees to cause any such payment to be made punctually when and as the same shall become due and payable, whether at Stated Maturity, upon acceleration, by redemption or otherwise, and as if such payment were made by the Operating Partnership. The undersigned hereby agrees, jointly and severally with the Subsidiary Guarantors, if any, that its obligations hereunder shall be as principal and not merely as surety, and shall be absolute and unconditional, and shall not be affected, modified or impaired by the following: (a) the failure to give notice to the Guarantors of the occurrence of an Event of Default under the Indenture; (b) the waiver, surrender, compromise, settlement, release or termination of the payment, performance or observance by the Operating Partnership or the Guarantors of any or all of the obligations, covenants or agreements of either of them contained in the Indenture or the 2018 Notes; (c) the acceleration, extension or any other changes in the time for payment of any principal of or interest or any premium on any 2018 Note or for any other payment under the Indenture or of the time for performance of any other obligations, covenants or

agreements under or arising out of the Indenture or the 2018 Notes; (d) the modification or amendment (whether material or otherwise) of any obligation, covenant or agreement set forth in the Indenture or the 2018 Notes; (e) the taking or the omission of any of the actions referred to in the Indenture and in any of the actions under the 2018 Notes; (f) any failure, omission, delay or lack on the part of the Trustee to enforce, assert or exercise any right, power or remedy conferred on the Trustee in the Indenture, or any other action or acts on the part of the Trustee or any of the Holders from time to time of the 2018 Notes; (g) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all the assets, marshaling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition with creditors or readjustment of, or other similar proceedings affecting the Guarantors or the Operating Partnership or any of the assets of any of them, or any allegation or contest of the validity of the Parent Guarantee in any such proceeding; (h) to the extent permitted by law, the release or discharge by operation of law of the Guarantors from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (i) to the extent permitted by law, the release or discharge by operation of law of the Operating Partnership from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (j) the default or failure of the Operating Partnership or the Trustee fully to perform any of its obligations set forth in the Indenture or the 2018 Notes; (k) the invalidity, irregularity or

A-6

unenforceability of the Indenture or the 2018 Notes or any part of any thereof; (l) any judicial or governmental action affecting the Operating Partnership or any 2018 Notes or consent or indulgence granted by the Operating Partnership by the Holders or by the Trustee; or (m) the recovery of any judgment against the Operating Partnership or any action to enforce the same or any other circumstance which might constitute a legal or equitable discharge of a surety or guarantor. The undersigned hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger, sale, lease or conveyance of all or substantially all of its assets, insolvency or bankruptcy of the Operating Partnership, any right to require a proceeding first against the Operating Partnership, protest or notice with respect to such Notice or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Parent Guarantee will not be discharged except by complete performance of the obligations contained in such 2018 Note and in this Parent Guarantee.

No reference herein to such Indenture and no provision of this Parent Guarantee or of such Indenture shall alter or impair the guarantee of the undersigned, which is absolute and unconditional, of the full and prompt payment of the principal of and premium, if any, and interest on the 2018 Note.

THIS PARENT GUARANTEE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK.

This Parent Guarantee shall not be valid or obligatory for any purpose until the certificate of authentication on the 2018 Note shall have been executed by the Trustee under the Indenture referred to above by the manual signature of one of its authorized officers. The validity and enforceability of this Parent Guarantee shall not be affected by the fact that it is not affixed to any particular 2018 Note.

An Event of Default under the Indenture or the 2018 Notes shall constitute an event of default under this Parent Guarantee, and shall entitle the Holders of 2018 Notes to accelerate the obligations of the undersigned hereunder in the same manner and to the same extent as the obligations of the Operating Partnership.

Notwithstanding any other provision of this Parent Guarantee to the contrary, the undersigned hereby waives any claims or other rights which it may now have or hereafter acquire against the Operating Partnership that arise from the existence or performance of its obligations under this Parent Guarantee (all such claims and rights are referred to as "Guarantor's Conditional Rights"), including, without limitation, any right of subrogation, reimbursement, exoneration, contribution, or indemnification, any right to participate in any claim or remedy against the Operating Partnership, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, by any payment made hereunder or otherwise, including without limitation, the right to take or receive from the Operating Partnership, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such claim or other rights. Guarantor hereby agrees not to exercise any rights which may be acquired by way of contribution under this Parent Guarantee or any other agreement, by any payment made hereunder or otherwise, including, without limitation, the right to take or

A-7

receive from any other guarantor, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such contribution rights. If, notwithstanding the foregoing provisions, any amount shall be paid to the undersigned on account of the Guarantor's Conditional Rights and either (i) such amount is paid to such undersigned party at any time when the indebtedness shall not have been paid or performed in full, or (ii) regardless of when such amount is paid to such undersigned party, any payment made by the Operating Partnership to a Holder that is at any time determined to be a Preferential Payment (as defined below), then such amount paid to the undersigned shall be held in trust for the benefit of Holder and shall forthwith be paid such Holder to be credited and applied upon the indebtedness, whether matured or unmatured. Any such payment is herein referred to as a "Preferential Payment" to the extent the Operating Partnership makes any payment to Holder in connection with the 2018 Note, and any or all of such payment is subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid or paid over to a trustee, receiver or any other entity, whether under any bankruptcy act or otherwise.

To the extent that any of the provisions of the immediately preceding paragraph shall not be enforceable, the undersigned agrees that until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to a Holder may be determined to be a Preferential Payment, Guarantor's Conditional Rights to the extent not validly waived shall be subordinate to Holders' right to full payment and performance of the indebtedness and the undersigned shall not enforce any of Guarantor's Conditional Rights until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to Holders may be determined to be a Preferential Payment.

The obligations of the undersigned to the Holders of the 2018 Notes and to the Trustee pursuant to this Parent Guarantee and the Indenture are expressly set forth in Article 14 of the Indenture and reference is hereby made to the Indenture for the precise terms of this Parent Guarantee and all of the other provisions of the Indenture to which this Parent Guarantee relates.

Capitalized terms used in this Parent Guarantee which are not defined herein shall have the meanings assigned to them in the Indenture.

IN WITNESS WHEREOF, the undersigned has caused this Parent Guarantee to be duly executed.

SUBSIDIARY GUARANTEE

FOR VALUE RECEIVED, the undersigned hereby jointly and severally with the Parent Guarantor pursuant to the Parent Guarantee and any other subsidiary Guarantors under their respective Subsidiary Guarantees, unconditionally guarantees to the Holder of the accompanying ____% Note Due June __, 2018 (the "2018 Note") issued by AMB Property, L.P. (the "Operating Partnership") under an

Indenture dated as of June __, 1998 (together with the Second Supplemental Indenture thereto, the "Indenture") among the Operating Partnership, AMB Property Corporation, and State Street Bank and Trust Company of California, N.A., as trustee (the "Trustee"), (a) the full and prompt payment of the principal of and premium, if any, on such 2018 Note when and as the same shall become due and payable, whether at Stated Maturity, by acceleration, by redemption or otherwise, and (b) the full and prompt payment of the interest on such 2018 Note when and as the same shall become due and payable, according to the terms of such 2018 Note and of the Indenture. The undersigned hereby agrees, jointly and severally with the Parent Guarantor pursuant to the Parent Guarantee and any other Subsidiary Guarantors under their respective Subsidiary Guarantees, that its obligations hereunder shall be as principal and not merely as surety, and shall be absolute and unconditional, and shall not be affected, modified or impaired by the following: (a) the failure to give notice to the Guarantors of the occurrence of an Event of Default under the Indenture; (b) the waiver, surrender, compromise, settlement, release or termination of the payment, performance or observance by the Operating Partnership or the Guarantors of any or all of the obligations, covenants or agreements of either of them contained in the Indenture or the 2018 Notes; (c) the acceleration, extension or any other changes in the time for payment of any principal of or interest or any premium on any 2018 Note or for any other payment under the Indenture or of the time for performance of any other obligations, covenants or agreements under or arising out of the Indenture or the 2018 Notes; (d) the modification or amendment (whether material or otherwise) of any obligation, covenant or agreement set forth in the Indenture or the 2018 Notes; (e) the taking or the omission of any of the actions referred to in the Indenture and in any of the actions under the 2018 Notes; (f) any failure, omission, delay or lack on the part of the Trustee to enforce, assert or exercise any right, power or remedy conferred on the Trustee in the Indenture, or any other action or acts on the part of the Trustee or any of the Holders from time to time of the 2018 Notes; (g) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all the assets, marshaling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition with creditors or readjustment of, or other similar proceedings affecting the Guarantors or the Operating Partnership or any of the assets of any of them, or any allegation or contest of the validity of this Subsidiary Guarantee in any such proceeding; (h) to the extent permitted by law, the release or discharge by operation of law of the Guarantors from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (i) to the extent permitted by law, the release or discharge by operation of law of the Operating Partnership from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (j) the default or failure of the Operating Partnership or the Trustee fully to perform any of its obligations set forth in the

Indenture or the 2018 Notes; (k) the invalidity, irregularity or unenforceability of the Indenture or the 2018 Notes or any part of any thereof; (l) any judicial or governmental action affecting the Operating Partnership or any 2018 Notes or consent or indulgence granted by the Operating Partnership by the Holders or by the Trustee; or (m) the recovery of any judgment against the Operating Partnership or any action to enforce the same or any other circumstance which might constitute a legal or equitable discharge of a surety or guarantor. The undersigned hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger, sale, lease or conveyance of all or substantially all of its assets, insolvency or bankruptcy of the Operating Partnership, any right to require a proceeding first against the Operating Partnership, protest or notice with respect to such Notice or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Subsidiary Guarantee will not be discharged except by complete performance of the obligations contained in such 2018 Note and in this Subsidiary Guarantee.

No reference herein to such Indenture and no provision of this Subsidiary Guarantee or of such Indenture shall alter or impair the guarantee of the undersigned, which is absolute and unconditional, of the full and prompt payment of the principal of and premium, if any, and interest on the 2018 Note.

THIS SUBSIDIARY GUARANTEE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK.

The validity and enforceability of this Subsidiary Guarantee shall not be affected by the fact that it is not affixed to any particular 2018 Note.

An Event of Default under the Indenture or the 2018 Notes shall constitute an event of default under this Subsidiary Guarantee, and shall entitle the Holders of 2018 Notes to accelerate the obligations of the undersigned hereunder in the same manner and to the same extent as the obligations of the Operating Partnership.

Notwithstanding any other provision of this Subsidiary Guarantee to the contrary, the undersigned hereby waives any claims or other rights which it may now have or hereafter acquire against the Operating Partnership that arise from

the existence or performance of its obligations under this Subsidiary Guarantee (all such claims and rights are referred to as "Guarantor's Conditional Rights"), including, without limitation, any right of subrogation, reimbursement, exoneration, contribution, or indemnification, any right to participate in any claim or remedy against the Operating Partnership, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, by any payment made hereunder or otherwise, including without limitation, the right to take or receive from Operating Partnership, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such claim or other rights. The Subsidiary Guarantor hereby agrees not to exercise any rights which may be acquired by way of contribution under this Subsidiary Guarantee or any other agreement, by any payment made hereunder or otherwise, including, without limitation, the right to take or receive from any other guarantor, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such contribution rights. If,

B-2

notwithstanding the foregoing provisions, any amount shall be paid to any of the undersigned on account of any such Guarantor's Conditional Rights and either (i) such amount is paid to such undersigned party at any time when the indebtedness shall not have been paid or performed in full, or (ii) regardless of when such amount is paid to such undersigned party, any payment made by Operating Partnership to a Holder that is at any time determined to be a Preferential Payment (as defined below), then such amount paid to the undersigned shall be held in trust for the benefit of the Holders and shall forthwith be paid such Holder to be credited and applied upon the indebtedness, whether matured or unmatured. Any such payment is herein referred to as a "Preferential Payment" to the extent the Operating Partnership makes any payment to Holder in connection with the Note, and any or all of such payment is subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid or paid over to a trustee, receiver or any other entity, whether under any bankruptcy act or otherwise.

To the extent that any of the provisions of the immediately preceding paragraph shall not be enforceable, each of the undersigned agrees that until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to a Holder may be determined to be a Preferential Payment, Guarantor's Conditional Rights to the extent not validly waived shall be subordinate to Holders' right to full payment and performance of the indebtedness and each of the undersigned shall not enforce any of its respective portion of the Guarantors' Conditional Rights until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to Holders may be determined to be a Preferential Payment.

The undersigned's liability (the "Base Guaranty Liability") shall be that amount from time to time equal to the aggregate liability of the undersigned hereunder, but shall be limited to the lesser of (A) the aggregate amount of the obligation as stated in the second sentence of Section 1401 of the Indenture, and (B) the amount, if any, which would not have (i) rendered the undersigned "insolvent" (as such term is defined in Section 101(29) of the Federal Bankruptcy Code and in Section 271 of the Debtor and Creditor Law of the State of New York, as each is in effect at the date of the Indenture) or (ii) left the undersigned with unreasonably small capital at the time its Guarantee was entered into, after giving effect to the incurrence of existing Debt (as defined in the Indenture) immediately prior to such time, provided that, it shall be a presumption in any lawsuit or other proceeding in which the undersigned is a party that the amount guaranteed is the amount set forth in (A) above unless a creditor, or representative of creditors of the undersigned or a trustee in bankruptcy of the undersigned, as debtor in possession, otherwise proves in such a lawsuit that the aggregate liability of the undersigned is limited to the amount set forth in (B). In making any determination as to the solvency or sufficiency of capital of the undersigned in accordance with the previous sentence, the right of the undersigned to contribution from other Guarantors, to subrogation and any other rights the undersigned may have, contractual or otherwise, shall be taken into account.

The obligations of the undersigned to the Holders of the 2018 Notes and to the Trustee pursuant to the Subsidiary Guarantee and the Indenture are expressly set forth in Article 14 of the Indenture and reference is hereby made to the Indenture for the precise terms of the Subsidiary

Guarantee and all of the other provisions of the Indenture to which this Subsidiary Guarantee relates.

Capitalized terms in this Subsidiary Guarantee which are not defined herein shall have the meanings assigned to them in the Indenture.

W I T N E S S E T H:

WHEREAS, the Operating Partnership, the Guarantor and the Trustee executed and delivered an Indenture, dated as of June ___, 1998 (as supplemented hereby, the "Indenture"), to provide for the issuance by the Operating Partnership of securities evidencing its unsecured indebtedness;

WHEREAS, the Operating Partnership desires to establish the terms of the REPS in accordance with Section 301 of the Indenture and to establish the form of the REPS in accordance with Section 201 of the Indenture.

ARTICLE 1

TERMS

SECTION 101. TERMS OF REPS. The following terms relating to the REPS are hereby established:

(1) The REPS shall constitute a series of Securities having the title " % Reset Put Securities due June ___, 2015-Puttable/Callable 2005."

(2) The aggregate principal amount of the REPS that may be authenticated and delivered under the Indenture (except for REPS authenticated and delivered upon registration of transfer of, or exchange for, or in lieu of, other REPS pursuant to Sections 304, 305, 306, 906, or 1107 of the Indenture) shall be up to \$_____. All of the REPS must be issued at the same time (except for REPS authenticated and delivered upon registration of transfer of, or exchange for, or in lieu of, other REPS pursuant to Sections 304, 305, 306, 906, or 1107 of the Indenture). Without the consent of the Holders, the REPS may not be reopened for the issuance of additional REPS after the date hereof.

(3) The entire outstanding principal of the REPS shall be payable on June ___, 2015 (the "Stated Maturity Date"). On the Coupon Reset Date (as defined below), the Holders shall be entitled to receive 100% of the principal amount from either (i) the Callholder (as defined

below), if the Callholder purchases the REPS pursuant to the Call Option (as defined below), or (ii) the Operating Partnership, by exercise of the Mandatory Put (as defined below) by the Trustee for and on behalf of the Holders thereof, if the Callholder does not purchase the REPS pursuant to the Call Option.

(4) Subject to adjustment upon the exercise of the Call Option, the rate at which the REPS shall bear interest shall be ___% per annum; the date from which interest shall accrue shall be June ___, 1998 and shall accrue until June ___, 2005 (the "Coupon Reset Date"); the Interest Payment Dates for the REPS on which interest shall be payable shall be June ___ and December ___ in each year, beginning December ___, 1998; the Regular Record Dates for the interest payable on the REPS on any Interest Payment Date shall be the 15th calendar day preceding the applicable Interest Payment Date. Beginning on the Coupon Reset Date (x) if all of the REPS are purchased on such date by the Callholder pursuant to its Call Option, the REPS shall bear interest from and including the Coupon Reset Date to but excluding June ___, 2015 (the "Final Maturity Date") at the Coupon Reset Rate determined in accordance with the Coupon Reset Process described below, or (y) the REPS shall be purchased by the Operating Partnership pursuant to the exercise of the Mandatory Put by the Trustee on behalf of the holders of the REPS. If the Callholder (as defined below) elects to purchase the REPS pursuant to the Call Option (as defined below), the Calculation Agent (as defined below) shall reset the interest rate for the REPS effective on the Coupon Reset Date, pursuant to the Coupon Reset Process described below. In such circumstances, (i) the REPS shall be purchased by the Callholder at 100% of the principal amount hereof on the Coupon Reset Date, on the terms and subject to the conditions described herein (interest accrued to but excluding the Coupon Reset Date shall be paid by the Operating Partnership on such date to the Holder hereof on the most recent Regular Record Date), and (ii) from and including the Coupon Reset Date, the REPS shall bear interest at the rate determined by the Calculation Agent in accordance with the procedures set forth below.

(5) The Place of Payment where the principal of and interest on the REPS shall be payable and REPS may be surrendered for the registration of transfer or exchange shall be the office of the Trustee's affiliate, State Street Bank and Trust Company, at 61 Broadway, 15th Floor, New York, New York 10006. The place where notices or demands to or upon the Operating Partnership in respect of the REPS and the Indenture may be served shall be the Corporate Trust Office of the Trustee at 633 West Fifth Street, 12th Floor, Los Angeles, California 90071.

(6) Subject to the Call Option and the Mandatory Put described below, the REPS are not redeemable prior to maturity as provided in Article XI of the Indenture.

The Callholder, by giving notice to the Trustee (the "Call Notice"), has the right to purchase the aggregate principal amount of REPS outstanding, in whole but not in part (the "Call Option"), on the Coupon Reset Date, at a price equal to 100% of the principal amount thereof (the "Call Price") (interest accrued to but excluding the Coupon Reset Date shall be paid by the Operating Partnership on such date to the Holders thereof on the most recent Regular Record Date). The Call Notice shall be given to the Trustee, in writing, prior to 4:00 p.m., New York

2

time, no later than 15 calendar days prior to the Coupon Reset Date. The Call Notice must contain the requisite delivery details, including the identity of the Callholder's DTC account.

For the purposes hereof, the "Callholder" means the Operating Partnership or its Assignees. The Callholder may at any time assign its rights and obligations under its Call Option; provided, however, that (i) such rights and obligations are assigned in whole and not in part and (ii) it provides the Trustee and the Operating Partnership with notice of such assignment contemporaneously with such assignment.

Morgan Stanley & Co. International Limited, a corporation organized under the laws of England ("Morgan Stanley"), has made a payment to the Operating Partnership on the date hereof, which amount represents a reasonable payment for Morgan Stanley's acquiring the Call Option from the Operating Partnership. To this end, the Operating Partnership hereby assigns all its right, title and interest in, to and under the Call Option to Morgan Stanley and Morgan Stanley hereby assumes all the obligations and liabilities of the Operating Partnership under the Call Option.

Upon receipt of notice of assignment, the Trustee shall treat the assignee as Callholder for all purposes hereunder. The Callholder may assign its rights under the Call Option without notice to, or consent of, the holders of the REPS (including, if applicable, the Holder hereof).

If the Callholder exercises the Call Option, unless terminated in accordance with its terms, (i) not later than 2:00 p.m., New York Time, on the Business Day prior to the Coupon Reset Date, the Callholder shall deliver the Call Price in immediately available funds to the Trustee for payment thereof to the Holders of the REPS on the Coupon Reset Date and (ii) the Holders shall deliver and, as long as the REPS are represented by a Global Security, shall be deemed to have delivered the REPS to the Callholder against payment therefor on the Coupon Reset Date through the facilities of DTC. The Callholder is not required to exercise the Call Option, and no holder of the REPS or any interest therein shall have any right or claim against the Callholder as a result of the Callholder's decision whether or not to exercise the Call Option or performance or non-performance of its obligations with respect thereto.

If the Calculation Agent determines that (i) at any time prior to the sale of the REPS on the Bid Date, an Event of Default has occurred and is continuing under Sections 501(1), (2), (3), (4) or (5) of the Indenture (in such event termination is at the Callholder's option), (ii) at any time prior to the sale of the REPS on the Bid Date, an Event of Default has occurred and is continuing under Sections 501(6) or (7) of the Indenture (in such event termination is automatic), (iii) a Market Disruption Event (as defined below) has occurred and is continuing following the exercise of the Call Option, (iv) the Callholder fails to deliver the Call Notice to the Trustee prior to 4:00 p.m., New York time, on the fifteenth calendar day prior to the Coupon Reset Date or revokes the Call Notice, (v) the Callholder fails to pay the Call Price by 2:00 p.m., New York time, on the Business Day prior to the Coupon Reset Date, (vi) a defeasance or a convent defeasance pursuant to Article 12 of the Indenture shall have occurred, or (vii) two or more of the Dealers have failed to provide Bids in a timely manner substantially as provided herein, such Call Option shall automatically be revoked, provided that with respect to clause (i) above, the

3

Callholder can elect to waive any such Event of Default and prevent the Call

Option from terminating. For purposes of the foregoing, "Market Disruption Event" shall mean any of the following if, in the judgment of the Calculation Agent, such events occur and are continuing on any day from and including the date of the Call Notice to and including the Bid Date: (i) a suspension or material limitation in trading in securities generally on the New York Stock Exchange or the establishment of minimum prices on such exchange; (ii) a general moratorium on commercial banking activities declared by either federal or New York State authorities, (iii) any material adverse change in the existing financial, political or economic conditions in the United States of America; (iv) an outbreak or escalation of major hostilities involving the United States of America or the declaration of a national emergency or war by the United States of America; or (v) any material disruption of the U.S. government securities market, U.S. corporate bond market or U.S. federal wire system; provided, in each case that in the judgment of the Calculation Agent the effect of the foregoing makes it impractical to conduct the Coupon Reset Process.

If the Call Option is not exercised or if the Call Option otherwise terminates, the Trustee shall exercise the right of the holders of the REPS to require the Operating Partnership to purchase the aggregate principal amount of REPS, in whole but not in part, (the "Mandatory Put") on the Coupon Reset Date at a price equal to 100% of the principal amount thereof (the "Put Price"), plus accrued but unpaid interest to but excluding the Coupon Reset Date, in each case, to be paid by the Operating Partnership to the Holders of the REPS as of the immediately preceding Regular Record Date in immediately available funds on the Coupon Reset Date. In such event, the Operating Partnership shall deliver the Put Price in immediately available funds to the Trustee by no later than 12:00 noon, New York time, on the Coupon Reset Date and the Holders shall deliver and, as long as the REPS are represented by a Global Security, shall be deemed to have delivered the REPS to the Operating Partnership against payment therefor on the Coupon Reset Date through the facilities of DTC. By its purchase of the REPS, each Holder shall be deemed to have irrevocably agreed that the Trustee shall exercise the Mandatory Put relating to the REPS for or on behalf of the holders of the REPS as provided herein and in the REPS. By purchasing REPS, each Holder of any REPS or any interest therein shall be deemed to waived the right to consent or object to the exercise of the Trustee's duties under the Mandatory Put.

In anticipation of the exercise of the Call Option or the Mandatory Put on the Coupon Reset Date, the Trustee shall notify the Holders of the REPS, not less than 30 days nor more than 60 days prior to the Coupon Reset Date, that all REPS shall be delivered on the Coupon Reset Date through the facilities of DTC against payment of the Call Price by the Callholder under the Call Option or payment of the Put Price by the Operating Partnership under the Mandatory Put. The Trustee shall notify the Holders once it is determined whether the Call Price or the Put Price shall be delivered in accordance with the provisions hereof.

Pursuant to and subject to the terms of a calculation agency agreement, dated as of June __, 1998, between the Operating Partnership and Morgan Stanley & Co. Incorporated, Morgan Stanley & Co. Incorporated (or its successors or assigns) shall be the Calculation Agent. If the Callholder timely exercises the Call Option and the Call Option does not otherwise terminate in

4

accordance with the terms of this Third Supplemental Indenture, then the Operating Partnership and the Calculation Agent shall use reasonable efforts to cause the actions contemplated below (the "Coupon Reset Process") to be completed in as timely a manner as possible in order to determine the interest rate ("Coupon Reset Rate") to be paid on the REPS from and including the Coupon Reset Date to but excluding the Final Maturity Date:

(i) no later than five Business Days prior to the Coupon Reset Date, the Operating Partnership shall provide the Calculation Agent with (a) a list (a "Dealer List"), containing the names and addresses of between three and five dealers (which shall include Morgan Stanley & Co. Incorporated, Goldman, Sachs & Co. and J.P. Morgan Securities, Inc.) from whom the Operating Partnership desires the Calculation Agent to obtain the Bids for the purchase of the REPS and (b) such other material as may reasonably be requested by the Calculation Agent to facilitate a successful Coupon Reset Process.

(ii) Within one Business Day following receipt by the Calculation Agent of the Dealer List, the Calculation Agent shall provide to each dealer ("Dealer") on the Dealer List (a) a copy of the Prospectus relating to the REPS, (b) a copy of the form of the REPS and (c) a written request that each such Dealer submit a Bid to the Calculation Agent not later than 3:00 p.m., New York time, on the third Business Day prior to the Coupon Reset Date (the "Bid Date"). The time on the Bid Date upon which Bids shall be requested may be changed by the Calculation Agent to as late as 3:00 p.m., New York Time. As used herein and in the REPS, "Bid" shall mean an irrevocable written offer given by a Dealer for the purchase of all of the REPS, settling on the Coupon Reset Date, and shall be quoted by such Dealer as a stated yield to maturity on the REPS ("Yield to Maturity"). Each Dealer shall be provided with (a) the name of the Operating Partnership, (b) an estimate of the Purchase Price (which shall be stated as a U.S. dollar amount and be calculated by the Calculation Agent in accordance with

clause (iii) below), (c) the principal amount and maturity of the REPS and (d) the method by which interest shall be calculated on the REPS.

(iii) The purchase price to be paid by any Dealer for the REPS (the "Purchase Price") shall be equal to (a) the principal amount of the REPS plus (b) a premium (the "Notes Premium") which shall be equal to the excess on the Coupon Reset Date, if any, of (x) the discounted present value to the Coupon Reset Date of a bond with a maturity of June __, 2015 which has an interest rate equal to _____%, semi-annual interest payments on each June __ and December __, commencing June __, 2005, and a principal amount equal to the principal amount of the REPS, and assuming a discount rate equal to the Call Option Treasury Rate over (y) such principal amount of REPS. For the purposes hereof, "Call Option Treasury Rate" means the per annum rate equal to the offer side yield to maturity of the current on-the-run 10-year United States Treasury Security per Telerate page 500 (or any successor or substitute page as may replace such page on such service) not later than 3:00 p.m., New York time, on the Bid Date (or such other date or time that may be agreed upon by the Operating Partnership and the Calculation Agent) or, if such rate does not appear on Telerate page 500 (or any successor or substitute page as may replace such page on such service) at such time, the rates on GovPX End-of-Day Pricing at 3:00 p.m., New York time, on the Bid Date (or such other date that may be agreed upon by the Operating Partnership and the Calculation Agent).

5

(iv) The Calculation Agent shall provide written notice to the Operating Partnership as soon as practicable on the Bid Date, setting forth, (a) the names of each of the Dealers from whom the Calculation Agent received Bids on the Bid Date, (b) the Bid submitted by each such Dealer and (c) the Purchase Price as determined pursuant to clause (iii) hereof. Unless the Call Option has terminated in accordance with the terms of the Indenture, the Calculation Agent shall thereafter select from the Bids received the Bid with the lowest Yield to Maturity (the "Selected Bid") and set the Coupon Reset Rate equal to the interest rate which would amortize the Notes Premium fully over the term of the REPS at the Yield to Maturity indicated by the Selected Bid, provided, however, that if the Calculation Agent has not received a timely Bid from a Dealer, the Selected Bid shall be the lowest of all Bids received by such time and, provided further, that if any two or more of the lowest Bids submitted are equivalent, the Operating Partnership shall in its sole discretion select any of such equivalent Bids (and such selected Bid shall be the Selected Bid). In all cases, Morgan Stanley & Co. Incorporated, in its capacity as a Dealer has the right to match the Bid with the lowest Yield to Maturity, whereby Morgan Stanley & Co. Incorporated's Bid becomes the Selected Bid. The Calculation Agent shall notify the Dealer that submitted the Selected Bid as soon as practicable, on the Bid Date.

(v) Immediately after calculating the Coupon Reset Rate for the REPS, the Calculation Agent shall provide written notice to the Operating Partnership and the Trustee, setting forth the Coupon Reset Rate. At the request of Holders as of the immediately preceding Record Date, the Calculation Agent shall provide such holders the Coupon Reset Rate. Thereafter, the Coupon Reset Rate shall be the new interest rate on the REPS, effective from and including the Coupon Reset Date and shall be established by the delivery of an Officer's Certificate to the Trustee.

(vi) The Callholder shall sell the REPS to the Dealer that made the Selected Bid at the Purchase Price, such sale to be settled on the Coupon Reset Date in immediately available funds.

(7) The Trustee shall also be the Security Registrar and Paying Agent for the REPS.

(8) The Holders shall have no special rights in addition to those provided in the Indenture upon the occurrence of any particular events.

(9) The REPS shall have no additional Events of Default in addition to the Events of Default set forth in Article Five of the Indenture.

(10) Interest on any REPS shall be payable only to the Person in whose name any such REPS are registered at the close of business on the Regular Record Date for such interest payment.

(11) The REPS shall not be subordinated to any other debt of the Operating Partnership, and shall constitute senior unsecured obligations of the Operating Partnership.

SECTION 102. FORM OF REPS. The form of the REPS is attached hereto as Exhibit A.

SECTION 103. FORM OF SUBSIDIARY GUARANTEE. The form of the Subsidiary

Guarantee which shall be executed if required pursuant to Section 1013 of the Indenture is attached hereto as Exhibit B.

excluding June _____, 2005 (the "Coupon Reset Date"), at the rate of _____ % per annum, until the principal hereof is paid or duly made available for payment, whereupon (x) if all of the REPS are purchased on such date by the Callholder pursuant to its Call Option, the REPS shall bear interest from and including the Coupon Reset Date to but excluding June _____, 2015 (the "Final Maturity Date") at the Coupon Reset Rate determined in accordance with the Coupon Reset Process described below, or (y) the REPS shall be purchased by the Operating Partnership pursuant to the exercise of the Mandatory Put by the Trustee on behalf of the holders of the REPS. If the Callholder (as defined below) elects to purchase the REPS pursuant to the Call Option (as defined below), the Calculation Agent (as defined below) shall reset the interest rate for the REPS effective on the Coupon Reset Date, pursuant to the Coupon Reset Process described below. In such circumstances, (i) the REPS shall be purchased by the Callholder at 100% of the principal amount hereof on the Coupon Reset Date, on the terms and subject to the conditions described herein (interest accrued to but excluding the Coupon Reset Date shall be paid by the Operating Partnership on such date to the Holder hereof on the most recent Regular Record Date), and (ii) from and including the Coupon Reset Date, the REPS shall bear interest at the rate determined by the Calculation Agent in accordance with the procedures set forth below. Interest on this security shall be calculated on the basis of a 360-day year consisting of twelve 30-day months. The interest so payable and punctually paid or duly provided for on any Interest Payment Date shall, as provided in such Indenture, be paid to the Person in whose name this security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such interest, which shall be the May 31 or November 30 (whether or not a Business Day), as the case may be, immediately preceding such Interest Payment Date. Any such interest which is payable, but is not punctually paid or duly provided for, on any Interest Payment Date shall forthwith cease to be payable to the registered Holder hereof on the relevant Regular Record Date by virtue of having been such Holder, and may be paid to the Person in whose name this security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to the Holder of this Security not less than 10 days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the REPS may be listed, and upon such notice as may be required by such exchange, all as more fully provided in such Indenture. On the Coupon Reset Date, the Holder hereof shall be entitled to receive 100% of the principal amount hereof from either (i) the Callholder, if the Callholder purchases the REPS pursuant to the Call Option, or (ii) the Operating Partnership, by exercise of the Mandatory Put (as defined below) by the Trustee for and on behalf of the Holder hereof, if the Callholder does not purchase the REPS pursuant to the Call Option.

Payment of the principal of and the interest on this security shall be made at the office or agency of the Operating Partnership maintained for that purpose in the Borough of Manhattan, The City of New York, in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; provided, however, that, at the option of the Operating Partnership, interest may be paid by check mailed to the address of the Person entitled thereto as such address shall appear in the Security Register or by wire transfer to an account maintained by the payee located in the United States of America.

A-2

This security is one of a duly authorized issue of Securities of the Operating Partnership (herein called the "REPS") issued and to be issued under an Indenture dated as of June __, 1998 (herein called, together with all indentures supplemental thereto, the "Indenture") among, the Operating Partnership, AMB Property Corporation and State Street Bank and Trust Company of California, N.A., as trustee (herein called the "Trustee", which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Operating Partnership, the Trustee and the Holders of the REPS, and the terms upon which the REPS are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof, limited in aggregate principal amount to \$_____. Subject to the Call Option and the Mandatory Put described below, the REPS are not redeemable prior to maturity.

For the purposes hereof, the "Callholder" means the Operating Partnership or any of its assignees. The Callholder may at any time assign its rights and obligations under its Call Option; provided, however, that (i) such rights and obligations are assigned in whole and not in part and (ii) it provides the Trustee and the Operating Partnership with notice of such assignment contemporaneously with such assignment.

Morgan Stanley & Co. International Limited, a corporation organized under the laws of England ("Morgan Stanley"), has made a payment to the Operating Partnership on the date hereof, which amount represents a reasonable payment for Morgan Stanley's acquiring the Call Option from the Operating Partnership. To this end, the Operating Partnership hereby assigns all its right, title and interest in, to and under the Call Option to Morgan Stanley and Morgan Stanley hereby assumes all the obligations and liabilities of the Operating Partnership under the Call Option.

The Callholder, by giving notice to the Trustee (the "Call Notice"), has the right to purchase the aggregate principal amount of this security, in whole but not in part (the "Call Option"), on the Coupon Reset Date, at a price equal to 100% of the principal amount hereof (the "Call Price") (interest accrued to but excluding the Coupon Reset Date shall be paid by the Operating Partnership on such date to the Holder hereof on the most recent Regular Record Date). The Call Notice shall be given to the Trustee, in writing, prior to 4:00 p.m., New York time, no later than fifteen calendar days prior to the Coupon Reset Date. The Call Notice must contain the requisite delivery details, including the identity of the Callholder's DTC account. The Call Notice may be revoked by the Callholder at any time prior to 2:00 p.m., New York time, on the Business Day prior to the Coupon Reset Date.

If the Callholder exercises the Call Option, unless terminated in accordance with its terms, (i) not later than 2:00 p.m., New York Time, on the Business Day prior to the Coupon Reset Date, the Callholder shall deliver the Call Price in immediately available funds to the Trustee for payment thereof to the Holders (including, if applicable, the Holder hereof) on the Coupon Reset Date and (ii) the Holder hereof shall be required to deliver and shall be deemed to have delivered this security to the Callholder against payment therefor on the Coupon Reset Date through the facilities of DTC. The Callholder is not required to exercise the Call Option, and no

A-3

holder of the REPS or any interest therein shall have any right or claim against the Callholder as a result of the Callholder's decision whether or not to exercise the Call Option or performance or non-performance of its obligations with respect thereto.

The Callholder may at any time assign its rights and obligations under its Call Option; provided, however, that (i) such rights and obligations are assigned in whole and not in part and (ii) it provides the Trustee and the Operating Partnership with notice of such assignment contemporaneously with such assignment.

Upon receipt of notice of assignment, the Trustee shall treat the

assignee as Callholder for all purposes hereunder. The Callholder may assign its rights under the Call Option without notice to, or consent of, the holders of the REPS (including, if applicable, the Holder hereof).

The Indenture sets forth certain circumstances in which the Call Option shall automatically be terminated.

If the Call Option is not exercised or if the Call Option otherwise terminates, the Trustee shall exercise the right of the Holders (including, if applicable, the Holder hereof) to require the Operating Partnership to purchase the aggregate principal amount of REPS, in whole but not in part (the "Mandatory Put"), on the Coupon Reset Date at a price equal to 100% of the principal amount thereof (the "Put Price"), plus accrued but unpaid interest to but excluding the Coupon Reset Date, in each case, to be paid by the Operating Partnership to the Holders (including the Holder hereof) in immediately available funds on the Coupon Reset Date. If the Trustee exercises the Mandatory Put then the Operating Partnership shall deliver the Put Price in immediately available funds to the Trustee by no later than 12:00 noon, New York time, on the Coupon Reset Date and the holders of the REPS shall be required to deliver and shall be deemed to have delivered the REPS to the Operating Partnership against payment therefor on the Coupon Reset Date through the facilities of DTC. By its purchase of the REPS, each Holder irrevocably agrees that the Trustee shall exercise the Mandatory Put relating to such REPS for or on behalf of the holders of the REPS as provided herein. No Holder or any interest therein has the right to consent or object to the exercise of the Trustee's duties under the Mandatory Put.

In anticipation of the exercise of the Call Option or the Mandatory Put on the Coupon Reset Date, the Trustee shall notify the Holder hereof, not less than 30 days nor more than 60 days prior to the Coupon Reset Date, that all REPS shall be delivered on the Coupon Reset Date through the facilities of DTC against payment of the Call Price by the Callholder under the Call Option or payment of the Put Price by the Operating Partnership under the Mandatory Put. The Trustee shall notify the Holder hereof once it is determined whether the Call Price or the Put Price shall be delivered in accordance with the provisions hereof.

Pursuant to and subject to the terms of a calculation agency agreement, dated as of June __, 1998, between the Operating Partnership and Morgan Stanley & Co. Incorporated, Morgan Stanley & Co. Incorporated (or its successors or assigns) shall be the Calculation Agent. If the Callholder timely exercises its Call Option and the Call Option does not otherwise terminate in accordance with the terms of the Indenture, then the Operating Partnership and the Calculation Agent shall complete the following steps (the "Coupon Reset Process") in order to determine the

A-4

interest rate ("Coupon Reset Rate") to be paid on the REPS from and including the Coupon Reset Date to but excluding the Final Maturity Date:

(i) The Operating Partnership shall provide the Calculation Agent with (a) a list (a "Dealer List"), no later than five Business Days prior to the Coupon Reset Date, containing the names and addresses of between three and five dealers (which shall include Morgan Stanley & Co. Incorporated, Goldman, Sachs & Co. and J.P. Morgan Securities, Inc.) from whom the Operating Partnership desires the Calculation Agent to obtain the Bids for the purchase of the REPS and (b) such other material as may reasonably be requested by the Calculation Agent to facilitate a successful Coupon Reset Process.

(ii) Within one Business Day following receipt by the Calculation Agent of the Dealer List, the Calculation Agent shall provide to each dealer ("Dealer") on the Dealer List (a) a copy of the Prospectus relating to the REPS, (b) a copy of the form of the REPS and (c) a written request that each such Dealer submit a Bid to the Calculation Agent not later than 3:00 p.m., New York time, on the third Business Day prior to the Coupon Reset Date (the "Bid Date"). The time on the Bid Date upon which Bids shall be requested may be changed by the Calculation Agent to as late as 3:00 p.m., New York Time. As used herein, "Bid" shall mean an irrevocable written offer given by a Dealer for the purchase of the REPS, settling on the Coupon Reset Date, and shall be quoted by such Dealer as a stated yield to maturity on the REPS ("Yield to Maturity"). Each Dealer shall be provided with (a) the name of the Operating Partnership, (b) an estimate of the Purchase Price (which shall be stated as a U.S. dollar amount and be calculated by the Calculation Agent in accordance with clause (iii) below), (c) the principal amount and maturity of the REPS and (d) the method by which interest shall be calculated on the REPS.

(iii) The purchase price to be paid by any Dealer for the REPS (the "Purchase Price") shall be equal to (a) the principal amount of the REPS plus (b) a premium (the "Notes Premium") which shall be equal to the excess on the Coupon Reset Date, if any, of (x) the discounted present value to the Coupon Reset Date of a bond with a maturity of June __, 2015 which has an interest rate equal to _____%, semi-annual interest payments on each June ____ and December ____, commencing December ____, 2005, and a principal amount of

\$ _____, and assuming a discount rate equal to the Treasury Rate over (y) \$ _____. For the purposes hereof, "Treasury Rate" means the per annum rate equal to the offer side yield to maturity of the current on-the-run ten-year United States Treasury Security per Telerate page 500 (or any successor or substitute page as may replace such page on such service) not later than 3:00 p.m., New York time, on the Bid Date (or such other date or time that may be agreed upon by the Operating Partnership and the Calculation Agent) or, if such rate does not appear on Telerate page 500 (or any successor or substitute page as may replace such page on such service) at such time, the rates on GovPx End-of-Day Pricing at 3:00 p.m., New York time, on the Bid Date (or such other date that may be agreed upon by the Operating Partnership and the Calculation Agent).

(iv) The Calculation Agent shall provide written notice to the Operating Partnership as soon as practicable on the Bid Date, setting forth, (a) the names of each of the Dealers from whom the Calculation Agent received Bids on the Bid Date, (b) the Bid submitted by each such Dealer and (c) the Purchase Price as determined

A-5

pursuant to clause (iii) hereof. Unless the Call Option has terminated in accordance with the terms of the Indenture, the Calculation Agent shall thereafter select from the Bids received the Bid with the lowest Yield to Maturity (the "Selected Bid") and set the Coupon Reset Rate equal to the interest rate which would amortize the Notes Premium fully over the term of the REPS at the Yield to Maturity indicated by the Selected Bid, provided, however, that if the Calculation Agent has not received a timely Bid from a Dealer, the Selected Bid shall be the lowest of all Bids received by such time and provided, further that if any two or more of the lowest Bids submitted are equivalent, the Operating Partnership shall in its sole discretion select any of such equivalent Bids (and such selected Bid shall be the Selected Bid). In all cases, Morgan Stanley & Co. Incorporated, in its capacity as a Dealer has the right to match the Bid with the lowest Yield to Maturity, whereby Morgan Stanley & Co. Incorporated's Bid becomes the Selected Bid. The Calculation Agent shall notify the Dealer that submitted the Selected Bid as soon as practicable, on the Bid Date.

If an Event of Default with respect to the REPS shall occur and be continuing, the principal of the REPS may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Operating Partnership and the rights of the Holders of the REPS of each series issued under the Indenture at any time by the Operating Partnership and the Trustee with the consent of the Holders of not less than a majority in aggregate principal amount of the REPS at the time Outstanding of each series affected thereby. The Indenture also contains provisions permitting the Holders of specified percentages in aggregate principal amount of the REPS of any series at the time Outstanding, on behalf of the Holders of all REPS of such series, to waive compliance by the Operating Partnership with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the holder of this security shall be conclusive and binding upon such Holder and upon all future Holders of this security and of any REPS issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not notation of such consent or waiver is made upon this security.

No reference herein to the Indenture and no provision of this security or of the Indenture shall alter or impair the obligation of the Operating Partnership, which is absolute and unconditional, to pay the principal of and interest on this security, at the time, place and rate, and in the coin or currency, herein and in the Indenture prescribed.

As provided in the Indenture and subject to certain limitations set forth therein, the transfer of this security may be registered on the Security Register upon surrender of this security for registration of transfer at the office or agency of the Operating Partnership maintained for the purpose in any place where the principal of and interest on this security are payable, duly endorsed, or accompanied by a written instrument of transfer in form satisfactory to the Operating Partnership and the Security Registrar duly executed by the Holder hereof or by his attorney duly authorized in writing, and thereupon one or more new REPS, of authorized denominations and for the same aggregate principal amount, shall be issued to the designated

A-6

transferee or transferees. The REPS are issuable only in registered form without coupons in the denominations of \$1,000 and integral multiples of \$1,000. As provided in the Indenture and subject to certain limitations set forth therein,

the REPS are exchangeable for a like aggregate principal amount of REPS of authorized denominations as requested by the Holders surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Operating Partnership may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith, other than in certain cases provided in the Indenture.

Prior to due presentment of this security for registration of transfer, the Operating Partnership, the Trustee and any agent of the Operating Partnership or the Trustee may treat the Person in whose name this security is registered as the owner hereof for all purposes, whether or not this security be overdue, and neither the Operating Partnership, the Trustee nor any such agent shall be affected by notice to the contrary.

The Indenture contains provisions whereby (i) the Operating Partnership may be discharged from its obligations with respect to the REPS (subject to certain exceptions) or (ii) the Operating Partnership may be released from its obligations under specified covenants and agreements in the Indenture, in each case if the Operating Partnership irrevocably deposits with the Trustee money or Government Obligations sufficient to pay and discharge the entire indebtedness on all Notes (including the REPS), and satisfies certain other conditions, all as more fully provided in the Indenture.

PARENT GUARANTEE

FOR VALUE RECEIVED, the undersigned hereby, jointly and severally with the Subsidiary Guarantors, if any, unconditionally guarantees to the Holder of the accompanying _____% Reset Put Securities ("REPS" SM) due 2015-Puttable/Callable 2005 (the "REPS") issued by AMB Property, L.P. (the "Operating Partnership") under an Indenture dated as of June __, 1998 (together with the Third Supplemental Indenture thereto, the "Indenture") among the Operating Partnership, AMB Property Corporation, and State Street Bank and Trust Company of California, N.A., as trustee (the "Trustee"), (a) the full and prompt payment of the principal of and premium, if any, on such REPS when and as the same shall become due and payable, whether at Stated Maturity, by acceleration,

by redemption or otherwise, and (b) the full and prompt payment of the interest on such REPS when and as the same shall become due and payable, according to the terms of such REPS and of the Indenture. In case of the failure of the Operating Partnership punctually to pay any such principal, premium or interest, the undersigned hereby agrees to cause any such payment to be made punctually when and as the same shall become due and payable, whether at Stated Maturity, upon acceleration, by redemption or otherwise, and as if such payment were made by the Operating Partnership. The undersigned hereby agrees, jointly and severally with the Subsidiary Guarantors, if any, that its obligations hereunder shall be as principal and not merely as surety, and shall be absolute and unconditional, and shall not be affected, modified or impaired by the following: (a) the failure to give notice to the Guarantors of the occurrence of an Event of Default under the Indenture; (b) the waiver, surrender, compromise, settlement, release or termination of the payment, performance or observance by the Operating Partnership or the Guarantors of any or all of the obligations, covenants or agreements of either of them contained in the Indenture or the REPS; (c) the acceleration, extension or any other changes in the time for payment of any principal of or interest or any premium on any REPS or for any other payment under the Indenture or of the time for performance of any other obligations, covenants or agreements under or arising out of the Indenture or the REPS; (d) the modification or amendment (whether material or otherwise) of any obligation, covenant or agreement set forth in the Indenture or the REPS; (e) the taking or the omission of any of the actions referred to in the Indenture and in any of the actions under the REPS; (f) any failure, omission, delay or lack on the part of the Trustee to enforce, assert or exercise any right, power or remedy conferred on the Trustee in the Indenture, or any other action or acts on the part of the Trustee or any of the Holders from time to time of the REPS; (g) the voluntary or involuntary liquidation, dissolution, sale or other disposition of all or substantially all the assets, marshaling of assets and liabilities, receivership, insolvency, bankruptcy, assignment for the benefit of creditors, reorganization, arrangement, composition with creditors or readjustment of, or other similar proceedings affecting the Guarantors or the Operating Partnership or any of the assets of any of them, or any allegation or contest of the validity of the Parent Guarantee in any such proceeding; (h) to the extent permitted by law, the release or discharge by operation of law of the Guarantors from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (i) to the extent permitted by law, the release or discharge by operation of law of the Operating Partnership from the performance or observance of any obligation, covenant or agreement contained in the Indenture; (j) the default or failure of the Operating Partnership or the Trustee fully to perform any of its obligations set forth in the Indenture or the REPS; (k) the invalidity, irregularity or unenforceability of the

Indenture or the REPS or any part of any thereof; (l) any judicial or governmental action affecting the Operating Partnership or any REPS or consent or indulgence granted by the Operating Partnership by the Holders or by the Trustee; or (m) the recovery of any judgment against the Operating Partnership or any action to enforce the same or any other circumstance which might constitute a legal or equitable discharge of a surety or guarantor. The undersigned hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger, sale, lease or conveyance of all or substantially all of its assets, insolvency or bankruptcy of the Operating Partnership, any right to require a proceeding first against the Operating Partnership, protest or notice with respect to such Notice or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Parent Guarantee will not be discharged except by complete performance of the obligations contained in such REPS and in this Parent Guarantee.

No reference herein to such Indenture and no provision of this Parent Guarantee or of such Indenture shall alter or impair the guarantee of the undersigned, which is absolute and unconditional, of the full and prompt payment of the principal of and premium, if any, and interest on the REPS.

THIS PARENT GUARANTEE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK.

This Parent Guarantee shall not be valid or obligatory for any purpose until the certificate of authentication on the REPS shall have been executed by the Trustee under the Indenture referred to above by the manual signature of one of its authorized officers. The validity and enforceability of this Parent Guarantee shall not be affected by the fact that it is not affixed to any particular REPS.

An Event of Default under the Indenture or the REPS shall constitute an event of default under this Parent Guarantee, and shall entitle the Holders of REPS to accelerate the obligations of the undersigned hereunder in the same manner and to the same extent as the obligations of the Operating Partnership.

Notwithstanding any other provision of this Parent Guarantee to the contrary, the undersigned hereby waives any claims or other rights which it may now have or hereafter acquire against the Operating Partnership that arise from

the existence or performance of its obligations under this Parent Guarantee (all such claims and rights are referred to as "Guarantor's Conditional Rights"), including, without limitation, any right of subrogation, reimbursement, exoneration, contribution, or indemnification, any right to participate in any claim or remedy against the Operating Partnership, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, by any payment made hereunder or otherwise, including without limitation, the right to take or receive from the Operating Partnership, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such claim or other rights. Guarantor hereby agrees not to exercise any rights which may be acquired by way of contribution under this Parent Guarantee or any other agreement, by any payment made hereunder or otherwise, including, without limitation, the right to take or

receive from any other guarantor, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such contribution rights. If, notwithstanding the foregoing provisions, any amount shall be paid to the undersigned on account of the Guarantor's Conditional Rights and either (i) such amount is paid to such undersigned party at any time when the indebtedness shall not have been paid or performed in full, or (ii) regardless of when such amount is paid to such undersigned party, any payment made by the Operating Partnership to a Holder that is at any time determined to be a Preferential Payment (as defined below), then such amount paid to the undersigned shall be held in trust for the benefit of Holder and shall forthwith be paid such Holder to be credited and applied upon the indebtedness, whether matured or unmatured. Any such payment is herein referred to as a "Preferential Payment" to the extent the Operating Partnership makes any payment to Holder in connection with the Note, and any or all of such payment is subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid or paid over to a trustee, receiver or any other entity, whether under any bankruptcy act or otherwise.

To the extent that any of the provisions of the immediately preceding paragraph shall not be enforceable, the undersigned agrees that until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to a Holder may be determined to be a Preferential Payment, Guarantor's Conditional Rights to the extent not validly waived shall be subordinate to Holders' right to full payment and performance of the indebtedness and the undersigned shall not enforce any of Guarantor's Conditional Rights until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to Holders may be determined to be a Preferential Payment.

The obligations of the undersigned to the Holders of the REPS and to the Trustee pursuant to this Parent Guarantee and the Indenture are expressly set forth in Article 14 of the Indenture and reference is hereby made to the Indenture for the precise terms of this Parent Guarantee and all of the other provisions of the Indenture to which this Parent Guarantee relates.

Capitalized terms used in this Parent Guarantee which are not defined herein shall have the meanings assigned to them in the Indenture.

IN WITNESS WHEREOF, the undersigned has caused this Parent Guarantee to be duly executed.

The undersigned hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of merger, sale, lease or conveyance of all or substantially all of its assets, insolvency or bankruptcy of the Operating Partnership, any right to require a proceeding first against the Operating Partnership, protest or notice with respect to such Notice or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Subsidiary Guarantee will not be discharged except by complete performance of the obligations contained in such REPS and in this Subsidiary Guarantee.

No reference herein to such Indenture and no provision of this Subsidiary Guarantee or of such Indenture shall alter or impair the guarantee of the undersigned, which is absolute and unconditional, of the full and prompt payment of the principal of and premium, if any, and interest on the REPS.

THIS SUBSIDIARY GUARANTEE SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK.

The validity and enforceability of this Subsidiary Guarantee shall not be affected by the fact that it is not affixed to any particular REPS.

Notwithstanding any other provision of this Subsidiary Guarantee to the contrary, each of the undersigned hereby waives any claims or other rights which it may now have or hereafter acquire against the Operating Partnership that arise from the existence or performance of its obligations under this Subsidiary Guarantee (all such claims and rights are referred to as "Guarantor's Conditional Rights"), including, without limitation, any right of subrogation, reimbursement, exoneration, contribution, or indemnification, any right to participate in any claim or remedy against the Operating Partnership, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, by any payment made hereunder or otherwise, including without limitation, the right to take or receive from Operating Partnership, directly or indirectly, in cash or other property or by setoff or in any other manner, payment or security on account of such claim or other rights. such contribution rights. If, notwithstanding the foregoing provisions, any amount shall be paid to the undersigned on account of any such Guarantor's Conditional Rights and either (i) such amount is paid to such undersigned party at any time when the indebtedness shall not have been paid or performed in full, or (ii) regardless of when such amount is paid to such undersigned party, any payment made by Operating Partnership to a Holder that is at any time determined to be a Preferential Payment (as defined below), then such amount paid to any of the undersigned shall be held in trust for the benefit of the Holders and shall forthwith be paid such Holder to be credited and applied upon the indebtedness, whether matured or unmatured. Any such payment is herein referred to as a "Preferential Payment" to the extent the Operating Partnership makes any payment to the Holders in connection with the REPS, and any or all of such payment is subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid or paid over to a trustee, receiver or any other entity, whether under any bankruptcy act or otherwise.

To the extent that any of the provisions of the immediately preceding paragraph shall not be enforceable, each of the undersigned agrees that until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to a Holder may be determined to be a Preferential Payment, Guarantor's Conditional Rights to the extent not validly waived shall be subordinate to Holders' right to full payment and performance of the indebtedness and each of the undersigned shall not enforce any of its respective portion of the Guarantors' Conditional Rights until such time as the indebtedness has been paid and performed in full and the period of time has expired during which any payment made by the Operating Partnership or the undersigned to Holders may be determined to be a Preferential Payment.

The undersigned's liability (the "Base Guaranty Liability") shall be that amount from time to time equal to the aggregate liability of the undersigned hereunder, but shall be limited to the lesser of (A) the aggregate amount of the obligation as stated in the second sentence of Section 1401 of the Indenture, and (B) the amount, if any, which would not have (i) rendered the undersigned "insolvent" (as such term is defined in Section 101(29) of the Federal Bankruptcy Code and in Section 271 of the Debtor and Creditor Law of the State of New York, as each is in effect at the date of the Indenture) or (ii) left the undersigned with unreasonably small capital at the time its Guarantee was entered into, after giving effect to the incurrence of existing Debt (as defined in the Indenture) immediately prior to such time, provided that, it shall be a presumption in any lawsuit or other proceeding in which the undersigned is a party that the amount guaranteed is the amount set forth in (A) above unless a creditor, or representative of creditors of the undersigned or a trustee in bankruptcy of the undersigned, as debtor in possession, otherwise proves in such a lawsuit that the aggregate liability of the undersigned is limited to the amount set forth in (B). In making any determination as to the solvency or sufficiency of capital of the undersigned in accordance with the previous sentence, the right of the undersigned to contribution from other Guarantors, to subrogation and any other rights the undersigned may have, contractual or otherwise, shall be taken into account.

The obligations of the undersigned to the Holders of the REPS and to the Trustee pursuant to the Subsidiary Guarantee and the Indenture are expressly set forth in Article 14 of the

Re: Registration Statement on Form S-11 in connection with the
issuance of \$350,000,000 Aggregate Principal Amount of Debt
Securities of AMB Property, L.P. (File No. 333-49163)

Ladies and Gentlemen:

We have acted as special counsel to AMB Property, L.P., a Delaware limited partnership (the "Operating Partnership"), and AMB Property Corporation, a Maryland corporation (the "Corporation" and together with the Operating Partnership, the "Registrants") in connection with the registration by the registrants under the Securities Act of 1933, as amended, of \$350,000,000 aggregate principal amount of debt securities of the Operating Partnership (the "Securities"), guaranteed by the Corporation (the "Guarantees") on a Form S-11 Registration Statement, dated April 2, 1998 (File No. 333-49163), as amended (the "Registration Statement"), as filed with the Securities and Exchange Commission (the "Commission"). We also have examined the draft indenture between AMB Property, L.P. (the "Operating Partnership"), AMB Property Corporation, a Maryland corporation, and State Street Bank and Trust Company of California, N.A., as trustee (the "Trustee"), as supplemented by the First Supplemental Indenture, Second Supplemental Indenture and Third Supplemental Indenture thereto (collectively, the "Indenture"), drafts of which have been filed as exhibits to the Registration Statement.

In our capacity as your special counsel in connection with such registration, we are familiar with the proceedings taken and proposed to be taken by the Operating Partnership and the Corporation in connection with the authorization and issuance of the Securities and, for

the purposes of this opinion, have assumed such proceedings will be timely completed in the manner presently proposed and that the terms of each issuance will otherwise be in compliance with law. In addition, we have assumed that the Operating Partnership is a partnership duly organized, validly existing and in good standing under the laws of the State of Delaware, with full power and authority to execute, deliver and perform its obligations under the Securities and the Indenture, and that the Corporation is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Maryland, with full power and authority to execute, deliver and perform its obligations under the Guarantees and the Indenture. In addition, we have made such legal and factual examinations and inquiries, including an examination of originals or copies certified or otherwise identified to our satisfaction of such documents, corporate records and instruments, as we have deemed necessary or appropriate for purposes of this opinion.

We are opining herein as to the effect on the subject transaction only of the internal laws of the State of New York and we express no opinion with respect to the applicability thereto, or the effect thereon, of the laws of any other jurisdiction or as to any matters of municipal law or the laws of any other local agencies within any state. In rendering the opinion set forth below as it relates to the laws of the State of Maryland, we have with your consent relied solely upon the opinion of Ballard Spahr Andrews & Ingersoll, special Maryland counsel to the Corporation, addressed to us and dated the date hereof, and our opinion is subject to any assumptions, exceptions, qualifications or limitations set forth in such opinion.

In our examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals, and the conformity to authentic original documents of all documents submitted to us as copies.

Subject to the foregoing and the other matters set forth herein, it is our opinion that, as of the date hereof:

1. Upon establishment by the Corporation, in its capacity as general

partner of the Operating Partnership (the "General Partner"), of the terms, conditions and provisions of the Securities and due authorization by the General Partner of the Securities for issuance at a minimum price or value of consideration to be set by the General Partner, the Securities will have been duly authorized by the Operating Partnership, and, assuming the authorization, execution and delivery of the Indenture by all of the parties thereto in the form filed as an exhibit to the Registration Statement, and when duly authenticated by the Trustee and duly executed and delivered on behalf of the Operating Partnership against payment therefor in accordance with the terms and provisions of the Indenture and as contemplated by the Registration Statement, the Securities will constitute valid and binding obligations of the Operating Partnership, enforceable against the Operating Partnership in accordance with their terms.

2. Upon the authorization, execution and delivery of the Indenture by all of the parties thereto in the form filed as an exhibit to the Registration Statement, and when the

Securities have been duly authenticated by the Trustee and duly executed and delivered on behalf of the Operating Partnership against payment therefor in accordance with the terms and provisions of the Indenture and as contemplated by the Registration Statement, the Guarantees will constitute valid and binding obligations of the Corporation, enforceable against the Corporation in accordance with their terms.

The opinions rendered above are subject to the following exceptions, limitations and qualifications: (i) the effect of bankruptcy, insolvency, reorganization, moratorium or other similar laws now or hereafter in effect relating to or affecting the rights and remedies of creditors; (ii) the effect of general principles of equity, whether enforcement is considered in a proceeding in equity or law, and the discretion of the court before which any proceeding therefor may be brought; (iii) we express no opinion concerning the enforceability of the waiver of rights or defenses contained in Section 5.14 of the Indenture; and (iv) we express no opinion with respect to whether acceleration of the Securities may affect the collectibility of that portion of the stated principal amount thereof which might be determined to constitute unearned interest thereon.

To the extent that the obligations of the Operating Partnership and the Corporation under the Indenture may be dependent upon such matters, we assume for purposes of this opinion that the Trustee is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization; that the Trustee is duly qualified to engage in the activities contemplated by the Indenture; that the Indenture has been duly authorized, executed and delivered by the Trustee and constitutes the legally valid, binding and enforceable obligation of the Trustee enforceable against the Trustee in accordance with its terms; that the Trustee is in compliance, generally and with respect to acting as a trustee under the Indenture, with all applicable laws and regulations; and that the Trustee has the requisite organizational and legal power and authority to perform its obligations under the Indenture.

We consent to your filing this opinion as an exhibit to the Registration Statement and to the reference to our firm under the caption "Legal Matters" in the prospectus included therein.

Very truly yours,

If the Call Option is exercised in accordance with the terms of the Form of Security and the Indenture, then the following steps (the "Coupon Reset Process") shall be taken in order to determine the interest rate to be paid on the Securities from and including the Coupon Reset Date to the Stated Maturity Date (the "Coupon Reset Rate"). The Operating Partnership and the Calculation Agent shall use reasonable efforts to cause the actions contemplated below to be completed in as timely a manner as possible.

(i) The Operating Partnership shall provide the Calculation Agent with (a) a list (the "Dealer List"), no later than five Business Days prior to the Coupon Reset Date,

containing the names and addresses of between three and five dealers, which shall include Morgan Stanley & Co. Incorporated, Goldman, Sachs & Co. and J.P. Morgan Securities, Inc., from whom the Operating Partnership desires the Calculation Agent to obtain the Bids (as defined below) for the purchase of the Securities, and (b) such other material as may reasonably be requested by the Calculation Agent to facilitate a successful Coupon Reset Process.

(ii) Within one Business Day following receipt by the Calculation Agent of the Dealer List, the Calculation Agent shall provide to each dealer ("Dealer") on the Dealer List (a) a copy of the Prospectus relating to the offering of the Securities, (b) a copy of the Form of Security and (c) a written request that each such Dealer submit a Bid to the Calculation Agent not later than 3:00 p.m., New York time, on the third Business Day prior to the Coupon Reset Date (the "Bid Date"). The time on the Bid Date upon which Bids will be requested may be changed by the Calculation Agent, acting in its sole and absolute discretion to as late as 3:00 p.m. New York time. "Bid" shall mean an irrevocable written offer given by a Dealer for the purchase of all of the Securities settling on the Coupon Reset Date, and shall be quoted by such Dealer as a stated yield to maturity on the Securities ("Yield to Maturity"). Each Dealer shall also be provided with (a) the name of the Operating Partnership, (b) an estimate of the Purchase Price (which shall be stated as a US Dollar amount and be calculated by the Calculation Agent in accordance with clause (iii) below), (c) the principal amount and Stated Maturity Date of the Securities and (d) the method by which interest will be calculated on the Securities.

(iii) The purchase price to be paid by any Dealer for the

Securities (the "Purchase Price") shall be equal to (a) the total principal amount of the Securities, plus (b) a premium (the "Securities Premium") which shall be equal to the excess, if any, on the Coupon Reset Date of (1) the discounted present value to the Coupon Reset Date of a bond with a maturity of June __, 2015 which has an interest rate of __%, semi-annual interest payments on each June __ and December __, commencing December __, 2005, and a principal amount equal to the principal amount of the Securities, and assuming a discount rate equal to the Call Option Treasury Rate over (2) the principal amount of Securities. The "Call Option Treasury Rate" means the per annum rate equal to the offer side yield to maturity of the current on-the-run 10-year United States Treasury Security per Telerate page 500, or any successor page not later than 3:00 p.m., New York time, on the Bid Date (or such other date and time that may be agreed upon by the Operating Partnership and the Calculation Agent) or, if such rate does not appear on Telerate page 500, or any successor page at such time, the rates on GovPX End-of-Day Pricing at 3:00 p.m., New York time, on the Bid Date (or such other date and time that may be agreed upon by the Operating Partnership and the Calculation Agent).

(iv) The Calculation Agent shall provide written notice to the Operating Partnership as soon as practicable, on the Bid Date setting forth (a) the names of each of the Dealers from whom such Calculation Agent received Bids on the Bid Date, (b) the Bid submitted by each such Dealer and (c) the Purchase Price as determined pursuant to

2

paragraph (iii) hereof. Except as provided below, the Calculation Agent shall thereafter select from the Bids received the Bid with the lowest Yield to Maturity (the "Selected Bid"); provided, however, that if such Calculation Agent has not received a timely Bid from a Dealer on or before the Bid Date, the Selected Bid shall be the lowest of all Bids received by such time; and provided further that if any two or more of the lowest Bids submitted are equivalent, the Operating Partnership shall in its sole discretion select any of such equivalent Bids (and such selected Bid shall be the Selected Bid). In all cases, Morgan Stanley & Co. Incorporated in its capacity as a Dealer has the right to match the Bid with the lowest Yield to Maturity, whereby Morgan Stanley & Co. Incorporated's Bid becomes the Selected Bid. The Calculation Agent shall set the Coupon Reset Rate equal to the interest rate which would amortize the Securities Premium fully over the term of the Securities at the Yield to Maturity indicated by the Selected Bid. The Calculation Agent will notify the Dealer that submitted the Selected Bid as soon as practicable, on the Bid Date that its Bid was determined to be the Selected Bid.

(v) Immediately after calculating the Coupon Reset Rate, the Calculation Agent shall provide written notice to the Operating Partnership and the Trustee, setting forth such Coupon Reset Rate. At the request of the Holders, the Calculation Agent will provide to the Holders the Coupon Reset Rate. The Coupon Reset Rate for such Securities will be effective from and including the Coupon Reset Date.

(vi) The Callholder (as such term is defined in the Form of Security) shall sell such Securities to the Dealer that made the Selected Bid at the Purchase Price; such sale shall be settled on the Coupon Reset Date in immediately available funds.

(vii) In the event that the Call Option is terminated in accordance with its terms, the Coupon Reset Process shall also terminate.

SECTION 4. Rights and Liabilities of the Calculation Agent. The Calculation Agent shall incur no liability for, or in respect of, any action taken, omitted to be taken or suffered by it in reliance upon any certificate, affidavit, instruction, notice, request, direction, order, statement or other paper, document or communication reasonably believed by it to be genuine. Any order, certificate, affidavit, instruction, notice, request, direction, statement or other communication from the Operating Partnership made or given by it and sent, delivered or directed to the Calculation Agent under, pursuant to, or as permitted by, any provision of this Agreement shall be sufficient for purposes of this Agreement if such communication is in writing and signed by any officer of the Operating Partnership's General Partner or attorney-in-fact of the Operating Partnership. The Calculation Agent may consult with counsel satisfactory to it and the advice of such counsel shall constitute full and complete authorization and protection of such Calculation Agent with respect to any action taken, omitted to be taken or suffered by it hereunder in good faith and in accordance with and in reliance upon the advice of such counsel.

SECTION 5. Right of Calculation Agent to Own Securities. The Calculation Agent, in its individual capacity, and its officers, employees and shareholders, may buy, sell, hold and deal in the Securities and may exercise any vote or join in any action which any holder of the
